- Prayer & Worship
 - Way Maker
 - Rest on Us
 - Great Are You Lord
- Announcements / Kid Church Dismissal / Greeting Time
- Message:
 - Better: Priorities
- Closing Song
 - Refiner's Fire
- Closing Benediction

SCRIPTURE: MATTHEW 6:25-34; 22:34-40; 2COR. 4:18

PRIORITIZE GOD FIRST

Matthew 6:25-34 occurs in the middle of the Sermon on the Mount. It focuses on our tendency to _____ about things. Jesus gives an answer to dealing with all our _____ in 6:33. We are to seek God _____. In other words _____ God. In making our priorities we should always ask the question: Am I _____ God? But How do we _____ God? We do it just like anything else: we spend _____ and _____ in pursuit of Him. WE also need to know _____ we are looking for so we know when we've found it. When you seek God are you seeking to be like _____?

LOVE COMPLETELY

The only way that we will take the time and the effort to seek God first is by _____ to love Him more than anything else! Matthew 22:34-40 tell us that we need to love God _____.

Loving God should have us thinking about Him _____ and talking about Him to others. Our complete love for God should be the _____ and _____ for each and every day of the year. God meets the needs we have in our lives most fully when we are prioritizing _____ needs in our hearts.

ETERNAL FOCUS

One simple question that we need to ask ourselves when we expend time and energies is: Does this have an _____ focus? It is very easy to spend time and effort on the _____, but difficult to spend time and effort on the _____. This means we must be _____ in giving time and effort to the things of _____.

CONCLUSION

Pray over these questions:

1. What in my life could be reordered/reprioritized? Do I put God first in my life?
2. Have I made time and effort to love God completely? Is Loving God motivating and inspiring me?
3. Am I focused on the right things? Which things am I putting my time and effort into – the temporal, or the eternal?

Notes:

Dec 31st – New Years Eve
 Jan 1st – Happy New Year!
 Jan 8th – Community Dinner
