

Pt. 4 Ezekiel's Wheel within a Wheel:
The Hidden Keys: Alef & Tav!

- VI. It is our contention that the High Priests' Choshen or Breastplate would have been a cyclical, Tabernacle shaped pendant worn upon the breast. Festooned with the 12-Born Day Stones of each tribe and the letters associated with their names, this 'necklace' could very well have provided an elaborate light display as each word from YHVH is transferred or written upon the Heart of the High Priest!

This adds new meaning to **Jeremiah 31:33**.

*But this shall be the covenant that I will make with the house of Israel; After those days, saith the LORD, I will **put my law** in their **inward parts**, and **write** it in their hearts; and will be their God, and they shall be my people.*

Let's delve a bit into the Language of Truth and see what's hidden there!

The highlighted words in Hebrew read: **נתתי את-תורת**, natati ET-Torahti. I will set, ascribe, utter, and assign the Aleph-Tav - My Torah, in their **H#7130**, **קרב**, qerev, midst, hearts, literally in their middle! I will write, **H#3789**, **כתב**, kathav, write, record, inscribe, engrave upon their hearts, **H#3820**, **לב**, lev, heart, [from a form of lavav] so that they become intelligent, regarding what is written - that which encircles, encloses them!

YHVH will write the Torah upon our breasts causing us to understand; to gain intelligence regarding what has been written (above and upon us) that which encircles us! Is it possible as Priests of Elohiym that upon our breasts/hearts will be written the Pure Language – Hebrew as a Choshen of sorts much like this proto-type?

Does this sound far-fetched?

Perhaps, but you've heard it before, only didn't understand what you were looking at! First, let me remind you that both the Ark of the Covenant and the Ark of Noah were facsimiles of ADAM – I.E. The Man with the Torah – The Remnant Seed of YHVH in him! *Please note: **Gen. 6:16**

*A **w**indow shalt thou make to the ark, and in a cubit shalt thou finish it above; and the door of the ark shalt thou set in the side thereof; with lower, second, and third stories shalt thou make it.*

This word for window here is a curiosity. It is used 24 times in the Old Testament and only translated ‘window’ this one time! The word is H#6672, **צִהָר**, Zohar; rendered elsewhere as ‘light’, noon, a double-light, i.e. the sun plus, whatever this device is through whom the light is refracted! It indicates splendor, a shining, to glisten like oil! Zohar has a gematria of 295, the same as *Yeriyah*, a word used to describe the Wilderness tent housing the Ark before the Temple is built. **2Sam. 7:2**.

Now, here’s where your paradigm either shifts or grounds to a halt! Is it possible, in keeping with the Circular Heavenly Pattern – after which the ROUND Wilderness Tabernacle was constructed – that perhaps Noah’s Ark could also have been fashioned in a circular design as well? Remember YHVH is consistent and orderly! He does not change!

Could Our Traditional Ark Design be Wrong?

Please pay attention to **Gen. 6: 15**. *And this **is the fashion**, which thou shalt make it **of**: The **length** of the ark **shall be** three **hundred cubits**, the breadth of it fifty cubits, and the height of it thirty cubits.*

The highlighted words did not exist in the original text. So, let’s examine a few very controversial Hebrew words in **Bold text**.

- Length, H#753, **אָרֶךְ**, `orek, rendered ‘length’ as in linear here. However, the majority of the instances it’s used indicate *the element of time!* To prolong one’s days, to survive after, to postpone or defer anger, to lengthen one’s cords, as in a tent.
- Ark, H#8392, **תֵּבָה**, tevah, defined as a basket or chest. It has the same gematria as Alef-Vav-Tav – Owth, a sign, and monument, a token.
- Three, H#7969, **שָׁלֹשׁ**, shalosh, trans. ‘three’. However, please note the gematria – 630, the same as H#3747, keriyyth, hollowed or dug out – a separation, cutting (circumcision?!). 630 is also the value of Seraphim the Living Creatures at the center of our Teaching!

- Hundred, H#3967, **מאה**, me'ah, rendered 'hundred(s)'. Now, here's where a curious thing happens! Me'ah has the same letters as Cubit – Alef-Mem-Hey, which follows and comes from the root `em – mother! It hints at the threshold as in covenant, the beginning, head or foundation of something!

Without going much farther, it seems more than dimensions are implied here! Perhaps I'll be accused of twisting words to fit my narrative, but they are here nonetheless! You be the judge of this extrapolated definition!

This Ark becomes a picture of the BELLY OF THE MOTHER – a hollowed out place, where for a season, it's occupant(s) are protected, as a monument or Tent-Tabernacle - where multitudes – me'ah, hundreds of hundreds will be birthed!

Do you require secular/scientific confirmation?

British Museum Curator Irving Finkel describes an ancient 4000 yr. old cuneiform tablet discovered giving explicit details of a circular vessel with a 220ft. diameter and 20 feet high sides. It gives precise details of materials, the 'two-by-two' loading of animals! The dimensions describe an area of 3.6 sq. kilometers (2.2 miles), a base Apprx. 38,750 sq. feet!

<http://nypost.com/2014/01/24/4000-year-old-tablet-suggests-noahs-ark-was-round/>

<https://www.telegraph.co.uk/culture/books/10574119/Noahs-Ark-the-facts-behind-the-Flood.html>

If constructed in a dome-type shape, a roof or top covering would be simplistic to add, and in fact the ancient cuneiform text mentions the occupants going “up on the roof” to pray! Thus, could the window described in **Gen. 6:16** have actually been an aperture at the top of the vessel, much like the dome-shaped Tabernacle allowing the Sun to shine inside the vessel, thus giving Noah specific compass readings, and a calendar in order to calibrate his time inside and to reorient him for when the waters dried up - according to the fixed Stellar/Solar positions based on the info conveyed in the Zodiacal Living Creatures? You make the Call!

Further, could this Window have been a portal of sorts into a Spiritual dimension?

Could Noah have communicated with YHVH in some fashion by receiving much more than just rudimentary compass points for navigational direction? He was the first Mariner! Could he have been provided information, verbal messages, dates and time through this Gateway? If Light passed through it, couldn't that light represent the Presence of the Creator or His Word – The Alef – Tav; Urim and Thummim upon the Breastplate of the Ark?

The Hebrew Language is cyclical itself!

VII. Remarkably, the word for Hebrew is Ivrit; it has a gematria of 682, the same as the phrase: **בית הסהר** bayit HaSohar - The Round House! Doesn't this sound a bit like the window in the Ark – the Zohar? A round window of light?

In fact, Bayit HaSohar is surprisingly the name of the dungeon or prison where Joseph was kept in Egypt! **Gen. 39:20,22**. Look at verse **22**: Young's Literal Translation: *and the chief of the round-house giveth into the hand of Joseph all the prisoners who are in the round-house, and of all that they are doing there, he hath been doer;*

OD YOSEF CHAI – JOSEPH LIVES!

Who is Joseph today? Has he been in prison of Egypt? Is he about to be Favored? Will this Joseph be in charge of the ROUND HOUSE? HaSar Bayit HaSohar?

Fact: Joseph's faithfulness got's him promoted to 'KEEPER OF THE ROUND HOUSE'! IS THAT PROPHETICAL? While we are preparing to exit Egypt the House of Joseph is given charge of all those who have been the King's prisoners and he is given charge of the Round House! The Melech Asere! Those bound, hitched, yoked, in obligation of an oath, fastened in any sense to the KING!

The Hebrew word for prisoner here is H#615, אָסִיר, Asere, and it's gematria, 271, is the same as mekurah, meaning birth, origin, ancestry and herayon, meaning childbearing, pregnancy. The Round House – Bayit HaSohar is the place of your ancestry – DNA, your birthplace!

How coincidental that Joseph wore a RAINBOW GARMENT AND DREAMED OF THE 12 HOUSES OF THE ZODIAC! The value of his name – 156 – is the same as OHEL MOED. Tent of the Calendar and Ezekiel!

As we continue, the Hebrew language is expressed in the cycles – circles of life! We see it in the seasons, gestational cycles, and Zodiacal heavens, as well as, the Holy Convocations. **Is. 46:10** states it thus: *Declaring the end from the beginning, and from ancient times the things that are not yet done, saying, My counsel shall stand, and I will do all my pleasure:*

The phrase 'end from the beginning' is reminiscent of "I AM THAT I AM" The Alpha and Omega, the Beginning and the End! Each describes a circle of infinity! So what exactly could the Breastplate with it's Urim and Thummim – The Aleph and Tav have represented but Messiah placing His Tabernacle within Adam? The High Priest of the Earth! By the way, it is said that the Alef and Tav – beginning and end of the Zodiac is Aries and Bethulah! The Husband and Bride!

The Phrase "I AM THAT I AM" אֱהִיָּה אֲשֶׁר אֱהִיָּה, and its gematria are intriguing. The combined value of Ehyeh – Ehyeh = 42, the same as Emmah, Mother or the Hebrew word for cubit! The middle word Asher – that, which, was, will be, is the root of ISRAEL and means to go straight! This is a word picture of ISRAEL IN THE WOMB OF YHVH! This is the shadow picture of the Round Tabernacle!

As we continue, were there just 2 of the 22 Hebrew letters within this round Priestly breastplate pouch or is it possible that all 22-Hebrew letters, represented by the Alef-Tav were included? Remember, Scripture clearly states that His word is Light and His word is Truth! **Ps. 119:105**.

Additionally, if the Priests are truly speaking His word as Oracles, then **Is. 8:20** emphasizes the same! If you read the following 2 verses, it seems these wizards and those with familiar spirits, in their perversion of the Message of the Zodiac will look to the Stars for answers for themselves...

*To the law and to the **testimony**: if they speak not according to this word, it is because there is no light in them. And they shall pass through it, hardly bestead and hungry: and it shall come to pass, that when they shall be hungry, they shall fret themselves, and curse their king and their God, and **look upward**. And they shall look **unto the earth**; and behold trouble and darkness, dimness of anguish; and they shall be driven to darkness.*

- Testimony, **H#8584**, **תְּעוּדָה**, from Ayin-Vav-Dalet, to return, repeat, surround, go round, encompass!

Ex. 28:30 tells us that while Aaron bore the Urim and Thummim upon his heart that simultaneously, he bore the judgments – Mishpatim – the process or procedure for litigation, exoneration, legal cause, vindication, execution and sentencing also upon his heart. Hinting that the Urim and Thummim rendered that verdict in some fashion!

Another interesting purpose of the Urim and Thummim is found in both books of Nehemiah and Ezra, leaders instrumental in the return of the Exiles to the Land. In each of the these cases a specific leader named **תרשתא**, Tershatha, (**Ezra 2:63**, **Neh. 7**) declares that no exile whose genealogy cannot be proven may eat of the Most Holy things, until the priest with the Urim and Thummim stands-**H#5975 עמד**, to stand, arise, appoint, ordain, to cease, stop, be established.

By the way, the combined gematria of Nehemiah and Ezra is 391, the same as **H#3444**, **ישועה** – do you recognize the True Deliverer or Salvation of the Exiles that are now being gathered? Yeshuw`ah!

The word seen above, Tershatha has the same root letters as Genesis – B’reshiyt. Is it possible that the Urim and Thummim represent the DNA of Creation and as such, when this Most Holy thing is consumed, will offer proof of your DNA and inheritance in Israel? The Most Holy Thing – Manna – Living Word – Torah – Messiah?

Isn’t it also interesting that a place existed where the lineage of those entering the Tabernacle was checked against a registry? We would know it today as Golgotha – known as the place of the skull – which is actually a misnomer! It indicates a skull as in “Head Counting” – the polling place!

The root of Golgotha – galal, indicates to roll, that which is round, a circle! Yahshua finished the Work of restoring the Circle of the Heavens, the Calendar, the Round Tabernacle, and the Right of Inheritance at this ROUND PLACE! Could Golgotha be at the gate of Eden? Oh, in case you’re skeptical, this would also have been the location of the Altar where the Red Heifer is sacrificed, call the Miphqad gate.

If you remember **Gen. 3: 24** the gate to Eden called the ‘Way’ – דרך, Derek, has the same value as Miphqad – 224, the Gate where the heads are numbered, the Red Heifer burned! Remember, the word Zodiac means ‘The Way’, Yahshua said He was ‘The Way’. Were Ezekiel’s Living Creatures revealing to him the avenue to return to Eden? You make the Call!

Let’s look back at the phrase in Ezra, where the Priest stands up with the Urim and Thummim, specifically, at the root Ayin-Mem in the above word amad, to stand; which can indicate a period of time, a duration of time, generations: The Dalet indicates a doorway! Is this hinting that the restoration of the Circular Tent of Meeting, Ohel Mo’ed, Tent of the Calendar of Appointed Times, will present a doorway or portal which will reveal the DNA of those in attendance?

Could this be prophetic of our day and the restoration of the Circular Tabernacle, The 360-day calendar, and the Round Choshen-Breastplate with the Urim and Thummim, the Alef and Tav inside?

Is this Alef and Tav a viable puzzle piece today?

- A. If you note, the Aleph was originally depicted as an “OX Head”. The Ox or Bull associated with Taurus, the Bull and the decans of the House of Joseph

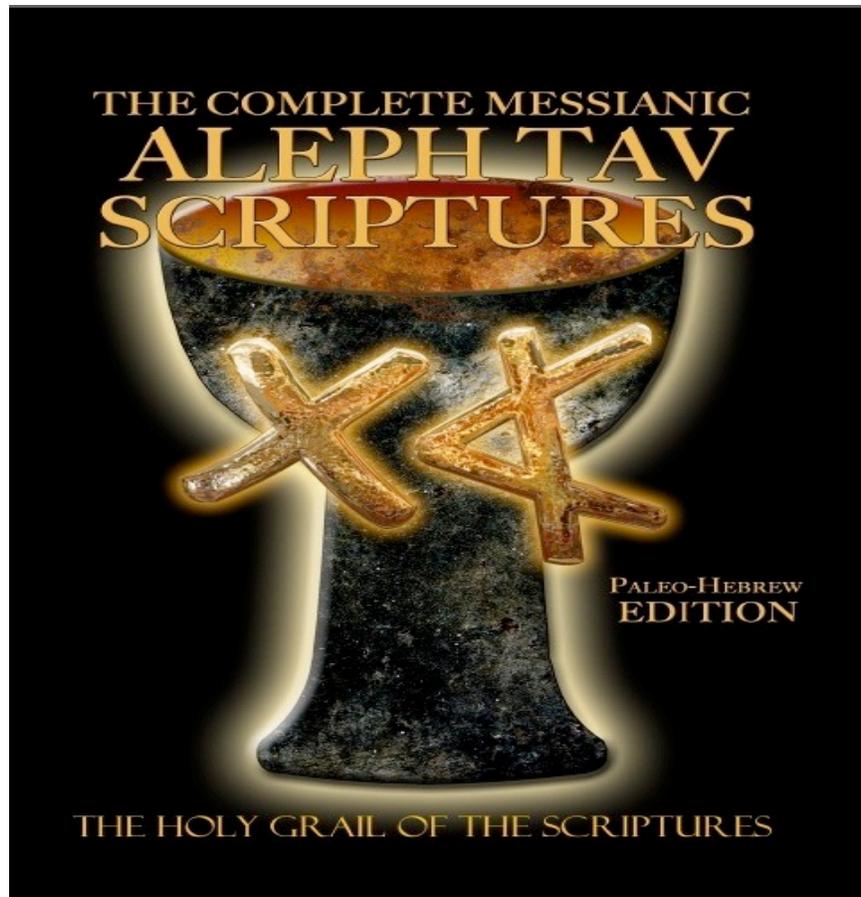

(Ephraim, Manasseh, Benjamin) aligned on the West side of the circular Tabernacle

This unique latter form - not coincidentally – the children of darkness more often wiser than the children of light - resembles the Masonic compass and square supposedly used by the architect of Solomon's temple, *which we contend would have been circular in construction!* Further, the Tav takes the form of the 4-cardinal points of the compass! If we follow a straight angle toward the East we find the House of Judah, connected to the Lion-Leo (Judah, Issachar, Zebulon).

The orientation of the Alef & Tav could serve as a "Pointer" or Clock Hands - depicting angles or Houses of the Zodiac as well as, the 4-cardinal points of the Compass – North, South, East and West representing the Eagle/Dan/North, The Man/Aquarius/Reuben/South, The Lion/Judah/East, and The Aleph - Ox/Joseph (Ephraim, Manasseh, Benjamin) West!

Thus, the Aleph depicts both 45 & 90-degree angles while the Tav includes the circumference of 360 as well as 45 & 90 & 180 degrees! $45 + 90 = 135$ $1 - 3 - 5 = 9$. Together, both form a square within a circle, much like DaVinci's Vitruvian man drawing we saw earlier!

*Note the Aleph and Tav pictured below!

3 calendars? 360-364-365 Which one do we use?

- B. The Earth makes 360 degrees rotation around its axis in relation to the distant stars in one “sidereal day”. However, in relation to the sun, due to the earth’s orbital movement, it rotates on its axis a bit more than 360° per (solar) day. This way in 1 year the Earth makes 1 extra rotation in relation to stars. However, we define our 24-hour “day” relative to the Sun, not relative to the Earth’s actual rotation. It seems the axial relation is out of sync with the 24-hour days comprising the solar 365.24-year.

From our study thus far we can conclude that we’ve had several calendar changes from Genesis forward and in fact, at least 2 other events not yet mentioned that would have necessitated the same: The account of Joshua and the Sun and Moon standing still and the counter-clockwise miracle of the Sun-dial in Hezekiah’s day, the 8th century B.C. Both are well documented in secular history as well as Biblically! (We simply don’t have time to delve into these here)

It is also worth noting that based on Ezekiel’s revelation and his obvious connection to both Daniel and the Book of Revelation (which reveals the same Living creatures) and the specific time frames mentioned: 42-months, 1260-days, 3 & 1/2 years, that a return to the cyclical 360-day calendar seems likely!

Furthermore, Yahshua remarks in both Matthew and Mark: “...except the days be shortened no flesh should be saved...but for the Elect’s sake...**Mt. 24:22**, **Mk. 13:20**. Why would this return to a 360-day calendar be necessary? Both Disciples answer! *Then if any man shall say unto you, Lo, here is Messiah, or there; believe it not.* Shouldn’t that be the ultimate purpose of the Calendar of Appointed Times?

Though many may pooh-pooh the validity of the Book of Enoch, it is worth noting that in chapter 80: 2-8 Enoch mentions some interesting things that may find merit in the days ahead:

2 And in the days of the sinners the years shall be shortened,
And their seed shall be tardy on their lands and fields, And all things on the earth shall alter, And shall not appear in their time: And the rain shall be kept back And the heaven shall withhold (it).
3 And in those times the fruits of the earth shall be backward, And shall not

grow in their time, And the fruits of the trees shall be withheld in their time.

4 And the moon shall alter her order, And not appear at her time.

5 [And in those days the sun shall be seen and he shall journey in the evening on the extremity of the great chariot in the west] And shall shine more brightly than accords with the order of light.

6 And many chiefs of the stars shall transgress the order (prescribed). And these shall alter their orbits and tasks, And not appear at the seasons prescribed to them.

7 And the whole order of the stars shall be concealed from the sinners, And the thoughts of those on the earth shall err concerning them, [And they shall be altered from all their ways], Yea, they shall err and take them to be gods.

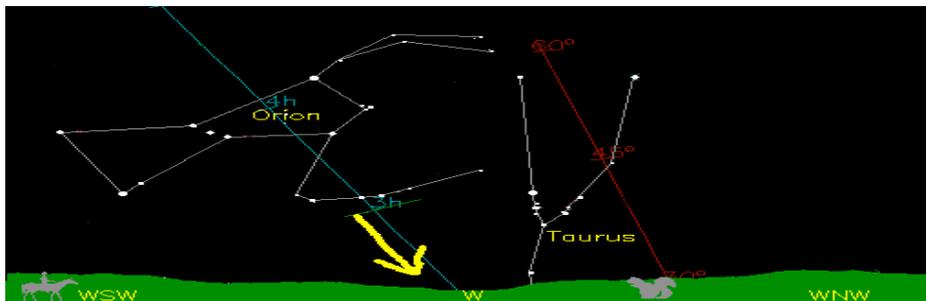

8 And evil shall be multiplied upon them, And punishment shall come upon them So as to destroy all.'

It is our contention that Enoch was prophesying to and - about the DAYS OF NOAH and the coming Flood where the 364-day year would change to that of a 360-day.

If this causes the listener to pause, doubting the veracity of these statements, Please remember the words of Messiah Yahshua who seems to be quoting Enoch or is at least familiar with his words. Why? Because what He is revealing is the precession of the equinox during its' yearly trek!

Matt. 24:37 *But as the days of Noe were, so shall also the coming of the **Son of man** be.*

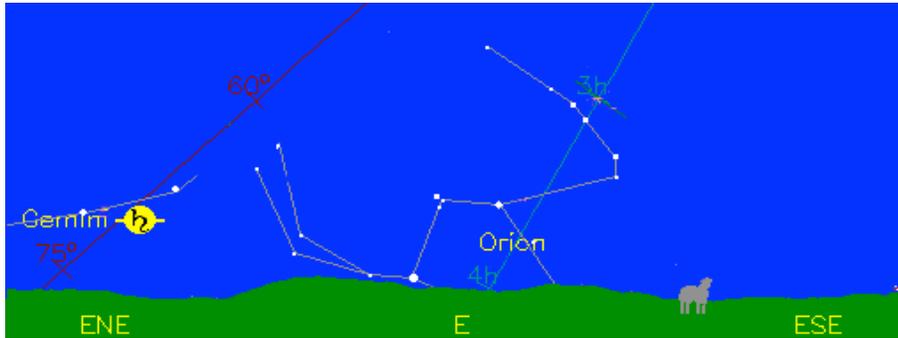

Who is this 'Son of Man'?

In the 1st century at 12/21 at midnight, when the sun is darkest and cannot give up its light, the Son of Man – ORION – can be seen descending to the earth! 1 month later, it disappears. At this same time, during the Festival of

Hanukah – The Feast of Lights, Yahshua the Light of the World was conceived!

Further, 3-days later, after his disappearance in the West, Orion ascends in the East!

The Pattern.

VIII. It is without question the Heavens are the pattern of the Tabernacle plans given to Moshe, as well as, the source of the Hebraic Calendar. What remains hidden and purposely, I might add is whether that pattern can be applied to the Wilderness Tabernacle and the Priestly vestments and can they, as such be viewed as a mechanism for Divine Information, Divine appointments, future protection, sustenance, a possible vehicle for inter-dimensional travel, etc?

If Moshe deviated from this 360-degree template and designed a square or rectangular Tent of Meeting - where lies the proof? The KJV and traditional views have been purposely pointed in the wrong direction in order to accommodate the agenda of those who have usurped the role of PRIESTLY TIME-KEEPERS! If Moshe in fact, followed the Circular Design why has it been hidden and what does this mean for the square/rectangular 3rd Temple proposed by the Zionist Movement in Israel?

Could they be found aiding and abetting the coming Anti-Messiah and his kingdom and will seek to wear out the Saints! *Note the word phrase 'wear out' in [Dan. 7:25](#)

- Wear out, [H#1080](#), בלא, bela. This Bet-Lamed root is seen in Babylon – confusion by mixing – and the Hebrew word for flood –

Mabbuwl – seen in Rev. 12 where a flood issues out of the Mouth of the Dragon! Bela has a gematria of 33, the same as Gimmel-Lamed, the root of Gilgal, Golgotha, Galilee – and it means a circle, a mound, to roll away.

Bet indicates the HOUSE, Lamed-Alef means NO! These accomplices of the Anti-Messiah will say NO to the Building of the House of YHVH – The Tabernacle of Living Stones!

So, to continue in our pursuit of the True Tabernacle Pattern – The Wheel Within the Wheel, let's examine a few clues starting with the builder: Bezaleel. **Ex. 31:2** *See, I have called by name Bezaleel the son of Uri, the son of Hur, of the tribe of Judah:*

- Bezaleel, H#1212, **בצלאל**, translated “in the shadow or image of EL”. The letter Bet hints at a house, specifically a tent. While the root Tzade-Lamed indicates to cover, hide, darkness, image, a shadow! He is the son of Uri. Gematria equals 153 the same as: Beni Elohiym!
- Uri, H#221, **אורי**, rendered ‘light’, My Light, fire, revelations. It is the root of Urim! It gives direction as in the East where the “Light” arises!
- Hur, H#2354, **חור**, poorly translated as “hole”, its’ root means to be white, pale, to be made clear, evident, splendid, noble. A hole, aperture, an eye socket.

The Tent whose image/pattern will reveal the Perfect Light Who Rises (from the East) clear and splendid to the eyes of the Sons of Elohiym!

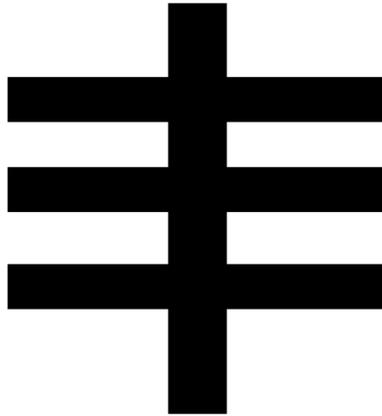

Does this appellation matter? It does if the Tabernacle was circular in design! Further, if an opening is provided in the top of the tent dome, it would have allowed for the detailed keeping of a minute-by-minute circuit of the Sun through the 360-degree Heavens [**Ps. 19**] and a yearly reckoning through the months or houses of the Zodiac as well!

Additionally, it would allow for the alignment of the luminaries at fixed points to establish Azimuth and elevation, to provide for exact navigation and to determine location in the Desert!

I found it also intriguing that the Prophets Amos and Isaiah speak of the future restoration of the Tabernacle of David rather than a 3rd Temple construct. Both use a Hebrew word different from tent-ohel, referring to it as a Sukkah, [H#5521](#), סכּה, which interestingly has the value of 85, *the same as the word Ephod!* Now, how can Sukkah be used to infer a circular pattern, when it is defined as: a booth or hut?

First, Samech is a mystical letter - it's ordinal value is 15 (1+5=6) while it's gematria is 60 hinting at the sacred numbers 3-6-9 and the 360-degrees of the Circle! The origin of the ancient pictograph is disputed. Some say it had a thorn-like look:

By Ch1902 - Own work, Public Domain,
<https://commons.wikimedia.org/w/index.php?curid=3853286>

The Samech later evolved into its' modern circular design. Spiritually, Samech represents a support, a cycle, a round of years or recurring seasons. It hints at the beginning and the end of a life cycle:

Hence, it follows the NUN – life and is itself followed by the Ayin – The eye. *To see the cycle of life!* If the Samech is completed circumscribed by a Circle, the center vertical line could represent North-South, and longitude while the 3-horizontal lines represent an latitudinal east to west orientation: The center being at 0 degrees, the equator and the hemispheres or Poles at 90 degrees!

The Samech in the word Sukkah represented the marriage chamber, the intimate place for the cycles of life to be renewed! This is the very purpose of the gestational cycles of the Divine Appointments clearly delineated on

the Sacred Calendar inscribed by the Tent of Divine Appointments – Ohel Mo'ed!

As noted above, The Hebrew word for seasons is *moed*. It means appointed meeting. Its root *yaad* is more revealing in light of the frequent scriptural references to Yahshua's coming being likened to a wedding feast. *Yaad* has within its definitions to appoint for betrothal and/or for marriage.

Therefore, the Fixed Zodiacal Points representing the Spring and Fall equinox and the Summer and Winter Solstice depicted by the 4 Created Beings depicted by Ezekiel's Wheel Within a Wheel would seemingly play an important role in the foreordained intimate DIVINE APPOINTMENTS of Messiah and His Bride!

Just as He Himself – The Light of the World – is conceived during the Festival of Lights which takes place at the Winter Solstice Dec. 21st – Aquarius – The **Man**/Water bearer, we would see His cousin, John The Baptist – The Last of the Kohanim – being conceived at the Summer Solstice June 21st – Leo – **Lion** 6-months earlier!

This would put their births at the opposite Points of the Zodiac during the Spring Equinox 1st of Nissan – Sign of Taurus, the **Ox** (John) and Tishri, the Fall Equinox 23rd of Sept. – Sign of Scorpio/**Eagle** (Yahshua). This makes 9-months of 30-days = 270-days from Solstice (Sun Stop) to Equinox (Equal Night) and with a lunar cycle of 30-days the full moon occurring on the 15th resetting the gestational cycle!

The Moedim or Appointed Festivals follow the same Gestational or Menstrual Cycle! Thus, the Zodiac becomes a celebration of the birth, life, and death of the Sun/Son!

Winter Solstice 3 months/Dark days/New moon/menstruation
Spring Equinox 3 months/Waxing Moon/Pre-ovulation
Summer Solstice 3 months/Full Moon/Ovulation
Fall Equinox 3 months/Waxing Moon/Pre-menstrual
