

Shavuot - Pentecost

5/22/21

Lev. 23: 15-22.

I. This is a unique and holy Convocation in that its existence is predicated upon a 50-day season called the 'Counting of the Omer'. Thus, before addressing Shavuot, let's look a bit closer at this specific period and why it's crucial to accessing your Yovel or Jubilee!

- Sefirat HaOmer, **ספירת העומר**, Sephirot HaOmer - is a phrase taken from 2 important words: The first is H#5608, **ספר**, Saphar, which does indicate to count or take a reckon of something, yet it also indicates to recount or rehearse, and to scribe, speak or tell out loud. Further it points toward a military scribe charged with keeping the muster rolls or accounts of his fighting men! Its' gematria equals 340 and is the same as that of Shem, the Name.

It is interesting to note the root stem of **ספר**, the Samech-Pey which points to a threshold as in a Covenant, it is cognate with the Shin-Pey root indicating the lip as a border or threshold. This leaves us with the Resh, which indicates that which comes behind or after. In other words, the Covenant of your Lips will follow after you! This could be interpreted as "The Covenant at the End of Days". Indeed, your words count and are eternal!

Additionally, if we rearrange the letters it can form the word **פרס**, paras, an interesting word meaning to split or divide that also happens to be the name of the Nation called Persia – Iran today. *Mark this down for later...

- Our second word is H#6016, **עמר**, omer, and is rendered a sheaf, or heap, a dry measure. On the other hand, it can indicate to manipulate, to deal tyrannically with someone, to subdue, to treat as a slave. We are soon going to see the Anti-Messiah revealed as the most tyrannical of all dictators! Believe it or not, it will be the spoken words of the Masses that enthrone him as illegitimate king!

In summation, Omer is cognate with Amar, to say or speak and in particular it indicates the words of ones' mouth! Could he (The Anti-Messiah) make a future proclamation during the Shavuot Season as a Counterfeit to the giving of Torah?

With this extrapolated definition, this Counting of the Omer Season gives us insight regarding: The Captain of the Hosts – The Military Scribe and the muster rolls of those Fighting Men that He’s keeping count of! This is a season of order, a training for Warfare for those under the Standard of His Shem – Name! Those who’ll be trusted to handle the logistics of a true Jubilee release!

It is also a season that takes the measure of those who’re easily divided, manipulated and those who would take advantage of others. It is the Season of Words! Therefore, it is either the Season of purification or defilement. It is the season of release or enslavement and either one is predicated upon the words coming out of our mouths! This is part of our “Coming Out of Babylon”!

We know that Israel was formally given the Torah or Wedding vows at Shavuot, but if the definitions of these words are true, then is it possible that they already knew those terms and the 50-day season was a time of rehearsing, counting, considering beforehand, both their words in response, as well as, the Words of YHVH?

A. Now, this is about to take a WEIRD TURN HERE! Brace yourselves!

Many of us are anticipating a soon to be ‘*season of release*’ called The Jubilee: Which is another name for Shavuot or Pentecost, the Biblical convocation of 7 Sevens or 49 Shavua or weeks followed by the 50th day wherein all those held in slavery and in debt and all who had lost their inheritance are restored! This Jubilee or Yovel is also seen every 49-years +1 = 50 years!

One should note the connection here to the Sabbath which is the eternal KEY that sets the precedent for the way we consider or count the 7th day, week, month, yearly or millennial cycle! We often look at the 7th day as the end or culmination of the week. Frankly, many view the Torah or law the same way, as ending or culminating with the coming of Messiah who is literally the Torah of the Sabbath or Sabbath of Torah walking among us! He, the Torah, and these Convocations are not LINIER – instead they are CYCLICAL - AND THUS, DO NOT END!

These cycles of 7’s or Sabbaths, like Yahshua - became the embodiment or incarnation of the previous 6-days, weeks, months, millennium, etc! The Sabbath becomes the Redeemer – The Emancipator – The Jubilee or Shavuot - for the created works of the previous days! Like Yahshua, these Sabbaths function outside of time becoming both the end-goal of the previous days – their future - and their birthing as well – that is their past!

The 7th Millennium Shavuot!

- II. In fact, we're also awaiting the 120th jubilee since Adam's creation! We not only look forward-future to this day, but this day was the prophetic birth – past - of the Sons of Elohiym, setting in motion our ultimate SHAVUOT – OUR SHUV – future - RETURN TO THE KINGDOM long before Yahshua's execution!

Pay attention to how Shavuot is written: **שבועות**: If we break it apart we get Shin-Bet, **שב** to return, the Vav appended shows possession, hinting at 'his return'. This leaves us with Ayin-Vav-Tav, **עות**, which is cognate with Alef-Vav-Tav **אות**, a sign or seal set upon something. In fact, **Exodus 31: 13** says that the Sabbaths (Plural) are a Sign – **אות** a seal between YHVH and Israel throughout our generations!

Further, were we to take the **ועות** ending, which implies plurality to Shuv, **תועו - שב**, but which is also the plural of **עוד**, as seen in Mo`ed, we would have an appointment, a meeting, to be appointed! These cycles of 7 testify – they are literally the SEAL or Signet applied to creation reminding us of His Promise to return and, that we had an appointment with Him - a destiny (Which is future) guaranteed us before Adam fell! We are to return in rehearsal on a weekly Sabbath basis!

In addition, the value of **עות** is 476, the same as H#4444, **מלכישעו**, Malchishua, King of Wealth, King of Return as well as, H#4456, **מלקוש**, Malqosh, meaning the latter rain which falls during the spring harvests of Shavuot! Can we expect our King to visit us again at a future Shavuot - Mt. Sinah event where He writes the terms of the Covenant upon our hearts (**Jeremiah 31: 31, 32**) as juxtaposed to the simultaneous release of a false Covenant by the Counterfeit Messiah to those who would worship him?

Further, the 120th Jubilee has the same gematria as H#4150, **מועד**, Mo`ed: Again, being an appointed time or place, a season, sign or signal. If we dissect the word, the Mem indicates waters, as in a womb, followed by the Vav, which is a unique letter. It represents a hook or connector, to fasten or secure something and of course, represents the Broken Man, Messiah. Interestingly, though the Vav is supposed to be a securing mechanism or guarantee, it is where it's MISSING in the text of Torah that get's the most attention!

One notable place is **Genesis 2:4** discussing the generations – תולדות, towledote of the heavens and earth. From this time forward in speaking of those generations, the Vav is missing until the book of **Ruth 4: 18** where her son Obed is born and a recital of King David's' generations - towledote are once again seen in the lineage of Tamar and Judah's son פריצ, Peh'rets, translated as a breach, to break or divide!

Ironically, Ruth is connected to Shavuot! It is said she came to Israel at Shavuot and with her marriage to Boaz, begins the lineage of King David whose life ends on Shavuot! Thus, a cyclical Kingdom is pictured during this Season! There is a peculiar anomaly in Ruth. Every verse of 85 total verses begins with a Vav – ו – except for 8 – the number of new beginnings. $85 - 8 = 77!$ 85 is the value of Kiceh – the Throne!

It is this same word Perez who is called “The Breaker” and shown depicted in the Zodiacal Heavens setting free Andromeda – The Chained or Enslaved Bride! It is during the Sephirot – HaOmer in which this breaking occurs! While at Shavuot She receives her wedding Ketubah, that Promised Inheritance from the Jubilee of Creation which are the terms of her Emancipation from the curse!

ספר - פרס - פריצ
Perez – Paras – Saphar

- III. As we discussed each of the above we found their relationship intriguing! The first two indicate a breaking, a division, and a breach, as in between bloodlines while Saphar indicates the Covenant that comes after. As we said early on, Paras was the ancient name of the Persian Empire associated with Esther, Haman and Purim and today comprises the Nation of Iran who seeks to annihilate Israel. Interestingly, Iran is presently awaiting the arrival of the 12th Imam Mahdi, the Islamic Messiah!

It is worth noting that Iran, איראן, in Hebrew comes from a word, איראל, Ariel, (https://www.chabad.org/kabbalah/article_cdo/aid/2922351/jewish/Iran-and-its-Jewish-Connection.htm) meaning “lion-like” as in the counterfeit “Lion of Judah”. It is highly plausible that the Covenant of Peace will coincide with the 3rd-Temple construction, just as the ancient Persian King Cyrus gave permission to rebuild and coincide with the enthronement of the False Messiah, initiating the Time of Jacob's Troubles.

Cyrus comes from an Persian word Kuros, meaning Sun or 'like the sun', i.e. the Sun god. (*Plutarch*) Further, [Karl Hoffmann](#) has suggested a translation based on the meaning of an [Indo-European](#) root "to humiliate", and accordingly "Cyrus" means "**humiliator of the enemy in verbal contest**". Words/Amar/Omer are indeed powerful! https://en.wikipedia.org/wiki/Cyrus_the_Great

This Last Days attempt, like that of Haman's, is designed to enslave the Bride and destroy Israel. However, YHVH will intervene and the ensuing events will finally expose to the world, those Outcasts of Israel who will know their true lineage and their Husband King – Messiah!

This Islamic Mahdi could possibly masquerade as the King of Kings, setting himself up as the object of worship. It's worth noting the gematria of **אֵאִיר**, Iran 262, is the same as **וּדְבָרִים** u'davar'm – and words!

Please see the following former Persian/Iran Flag emblem of the Lion with the Sword and Crowned Sun.

*Remember the above word **סַפַּר**, Saphar, to speak out loud, to rehearse also, as stated earlier, can be written as **פָּרַס**, paras, to break! Once more, this is etymologically the same as **פָּרַץ**! We must ask ourselves then, what is being broken 'off' of us during this Omer count if not the Curse of words? What is being restored if not the opportunity to enter the Sabbath – Shavuot of the restoration of the Ketubah of Promised Words at the Wedding Consummation?

Could this season also be a time for the cleansing of the mind from habits or mental patterns formed from generations of bondage caused from the cursed OMER – the Bundled Sheaves or Words spoken either by our forebears or us?

Curiously, the 50-days of counting correspond to Adamah, the Ground! The name of the Mysterious Kingdom of Heaven from which Adam was created! The Adamah – Kingdom on earth was profaned because of the bloodshed of the fall; the subsequent Niddah condition of the Bride required a season of cleansing from defilement in order to restore the Kingdom to come! Could our words be a form of blood-guiltiness causing a Niddah condition making us unable to be intimate with the groom?

In confirmation, following the pattern of the release of the Bride as she endures this season of ‘Breaking’ she is brought to Mt. Sinai at the 50th-day for her wedding! Therefore, Shavuot or Pentecost is a celebratory anniversary of our (Israel’s) receiving the Wedding Ketubah or Torah and subsequent marriage under the Chupah or Cloud Canopy at Sinai to the Manifest Presence our Husband of Israel!

The terms of His Wedding vows were so intimate that they were written with His own hand. **Ex. 31:18** ...*written with the finger of Elohiym* - *Note the Hebrew phrase **כתבים באצבע אלהים** katavim b’etzvah Elohiym has a value of 723 whose simple value is 12 as in 12 sons/tribes (7+2+3) and when looked at in reverse 327 gives us H’berim, **העברים**, The Hebrews!

As we continue to look at Mo`ed, the Ayin-Dalet root is quite telling! Remember, every Hebrew word has a blessing and a curse within it, depending on the relationship with the Creator! **עד** is no different. It can indicate eternity as in time, and to be a witness. Yet, it also hints at the menstrual cycle, a season of ‘cleansing’ based upon the cycles of SEVENS the SABBATH!

Each cycle’s end presents a relationship that provides an opportunity for conception! If the Shabbat is the end of the blood cleansing, restoring the ability to be intimate and conceive, then Shavuot is 7-times the Seven of Sabbath – **Leviticus 23: 15** ...says seven Sabbaths shall be complete: **H#8549**, **תמיים**, tamiym, to complete, restore, integrity, wholeness, without blemish, innocent; Shavuot restores the Bride to her intended condition of integrity and wholeness that she originally obtained in the first Sabbath of Creation! Restoring her intimacy with the King!

Yet, as we write this, many are in relationships that are toxic! The Counting of the Omer is the season for examining who you’re in intimate fellowship with! In other words, knowing those that ‘labor’ among you! Labor could imply those who are

pregnant and birthing! Many are carrying the offenses and burdens – the children of curses - of others, those are sheaves of Tares that need to be thrown down and cut off! Please note **Matthew 13: 40** *As therefore the tares are gathered and burned in the fire; so shall it be in the end of the world.*

- Tares, GK. #2215 ziz-an-ee-on – known as a bastard wheat seed. It is called a ‘Darnel’ and referred to agriculturally as “Wheat’s Evil Twin”. In big enough doses it can kill. Some actually eat the seeds to get a dizzy, off-balance, sickening effect, in other words, to get high. Further, it’s Latin name – L. Temulentum, comes from a word meaning ‘drunk’.

It is also called a “Mimic Weed” and looks and behaves so much like wheat that it can’t live without Mans’ assistance! In order to survive, it has to be harvested, stored and replanted every season! The Tares are there because of our ignorance, negligence or intentional planting. Finally, one of the plant’s interesting effects is that *ingesting it affects vision and speech*. Tares are words that once spoken – ingested, eaten, begin to mould and shape the people around you and your circumstances! Therefore, if we don’t save their seed, and replant it again it will die!

<https://www.atlasobscura.com/articles/wheats-evil-twin-has-been-intoxicating-humans-for-centuries>

Let me give you an example of how our words affect us! Proverbs 6:1-3

Most will be familiar with the 2nd verse, but have misinterpreted the message!

*My son, if thou be surety for thy friend, **if thou hast stricken thy hand with a stranger, Thou art snared with the words of thy mouth, thou art taken with the words of thy mouth.** Do this now, my son, and deliver thyself, when thou art come into the hand of thy friend; go, humble thyself and make sure thy friend.*

The context here has more to do with than simply vouching for another’s credit. Further, it also does NOT condemn all forms of cosigning or offering help to another in need! To the contrary, it actually speaks toward risky deals where the ‘friend’ has entered into an obvious high-risk agreement.

Now, stop for a second: Notice that in verse 1 the italicized word ‘if’ was added. Leaving it out is powerful! Making the verse read – My son, if you’re cosigning for a friend who has taken on a high-risk gamble then you have evidently given your hand to a stranger! In other words, ‘You don’t know this guy like you think

you do'. The context proves that your 'friend' isn't capable of normal business practices not being able to manage his finances and has gotten himself in deep trouble!

The next verse says; "humble yourself." Stop the false piety, thinking that you have an obligation to help someone who cannot or will not help him or herself and do whatever it takes to get out of that situation and **MAKE SURE YOU KNOW WHO YOUR FRIENDS ARE!**

I felt inclined to randomly take the numbers used for illustration in the teaching above and add them together. Here is that prophetic word!

$50+49+120+476+7+340+723+327+12 = 2104$, the value of Pro. 11:9 *An hypocrite with his mouth destroyeth his neighbour: but through knowledge shall the just be delivered!*

Shavuot is the Season of remembrance! The season of counting, considering, and the contemplation our words, the words spoken over us by others, and most importantly, the Promised Words of Torah! You are literally a 'Sack of Words', a container filled with either curses/tares or blessings wheat and you've been brought to the place where you can now become a lifted up offering – a Tamiym Sacrifice - to the Most High!

Shabbat Shalom!
