

Nitzavim 9/9/23
You Are Standing!
Deuteronomy 29:10–30:20

- I. Based on where we are on YHVH's timetable amid our efforts to "Come Out of Her My People", this Parsha's title once again proves timelessly Prophetic to our Generation! Let's step right to it and see what He reveals!

In this 51st Parsha of the year, we find Moshe giving some final instructions to Israel just prior to entering the Promised Land. It is also important to remember that Nitzavim is read just prior to the Holy Convocation of Yom Teruah – The Feast of Trumpets and the end of the Month of Elul. Each of these figure prominently in unveiling the Truths hidden in this parsha that emphasizes Teshuvah and Standing, the Coronation of The King as well as, the Status of His Bride!

Therefore, it is not merely coincidental that Day 1 of the Re-Creation began on Elul 26 of the 6th month and Adam is created on Day 6 of Re-Creation on Tishri 1 of the 7th month! I find it exhilarating to think that here we are 6000-years later on the cusp of another Yom Teruah which could literally be the final rehearsal for the Crowning of The King and the implementation of an ETERNAL STATUS CHANGE for His Bride! This year's 7th month festivals are going to reveal who is committed to the keeping of the Sanctity of the Moedim and more than likely, who will literally and physically access their inheritance as we COME OUT OF EGYPT – BABYLON! Especially Sukkot! Because that is the first stop of Israel upon their exodus!

Frankly, Sukkot is the hardest convocation for most and it exposes the heart, because it forces one to exit the societal norm, rid oneself of all the excuses to get out of their comfort zone, and learn to get along in a community in preparation for Kingdom Inheritance! Sukkot is the festival that clearly demonstrates personal and community STANDING! With that said, Nitzavim – Standing takes on a whole new form! In fact, if you add the value of Sukkot – 486 to that of Nitzab to stand – 142 = 628 a total that gives you בכורת, bechorath, First Born! The One with standing in the house! So....Let's get started!

What exactly is Standing and Why is it important?

- Nitzavim, **נִצַּבִּים**, from the plural of H#5324, **נִצַּב**, Nitzab, and translated here as ‘to stand’, to station oneself, to be appointed, to set or put, to place over something.

From our Western mindset we simply assume it’s indicating a group who’re currently in an upright position before Moshe. That is a simple enough explanation, yet it also connotes a courtroom position! We have bantered this word about on several occasions of late, but perhaps a return visit is necessary?

This term ‘Standing’ is of paramount importance to us as it encompasses a Party’s right to make a lawful claim or to see judicial enforcement of a right! It also determines his/her ability to bring suit in court. Again, as a United People – The Remnant of Elohiym - we are now exiting Babylon and presuming to access an inheritance that heretofore has been usurped by the World’s Powers and is only now being restored to those who have acquired this STANDING. This term must become synonymous with not only our ability to grasp the Foundational expectations of accessing Messiah’s Kingdom, but to come to terms with the idea that doing so means dispossessing those Giants opposed to our inheriting the Promised Land!

There’s an even more intriguing root found in Nitzab; the Tzade-Bet stem, giving us words that convey the idea of a means of transportation as well as, to be mustered into military service wherein we find YHVH Himself being referred to as YHVH Tzebaoth – The Lord of Hosts! I.E. The LORD OF STANDING! In fact, this is the first Being whom Joshua, upon surveying Jericho, encounters upon crossing Jordan! Should Joshua and Israel not have had that Standing, this Captain of the Hosts – Standing waiting at Jordan’s boundary would have been against them!

Continuing, if we parse this differently than merely ‘to stand’ the Nun prefix of Nitzab indicates a future tense ‘we will’. Therefore, this present Standing condition of Israel implies that their agreement to the Covenant and Oath will serve as a vehicle to transport them to a higher STATUS where they will become the Hosts – Army of Elohiym! For what purpose you might ask? To enforce His Will – His Standing in the earth! Similar to Adam’s being fruitful, multiplying, subduing and having dominion! Perhaps also **Ps. 110:1, 1Cor. 15:25, Heb. 10:13** becomes a bit more clear where Messiah is told that He would sit at the Right Hand of Elohiym until His enemies are made a footstool for His feet!

*Remember this word ‘feet’ as it carries with it the lawful idea of STANDING!

What and Who is Standing in our Parsha and Why?
Let's answer the 'Why' first.

Deut. 29: 12-13 tells us: *That thou shouldest enter into **covenant** with YHVH thy Elohiym, and into His **oath**, which YHVH thy Elohiym maketh with thee this day: That He may establish thee today for a people unto Himself, and that He may be unto thee Elohiym, as He hath said unto thee, and as He hath sworn unto thy fathers, to Abraham, to Isaac, and to Jacob.*

The 'Why' is easy. The purpose for Israel's Standing was to enter into the Covenant and the Oath of YHVH. This proviso is related innately to a Wedding Contract. As such, this was a specific and peculiar opportunity that had clearly been previously afforded to Abraham, Isaac and Jacob and it looks as if the present group is currently NOT PRIVY to the same. Else, why offer? Remember their Fathers died in the Wilderness because they refused this same presentment.

However, there is a distinct anomaly found later in **verse 15** that has kept the Sages scratching their collective heads for millennia. Though Israel at this presentment seems to have not been privy to the Covenant and Oath and are now being offered the chance, with those conditions. (See verse **14**) However, verse **15** seems to include an offer to additional participants: *But with **him** that standeth here with us this day before YHVH our Elohiym, and also with **him** that is not here with us this day:*

Please note the English word 'him' above. It is italicized in the KJV and not found in the Hebrew text. That being said, the Hebrew text says '*with the Alef-Tav standing here with us this day*' ...and also with the Alef-Tav that is not here with us this day. This is a rather perplexing text...

Let me state that the Rabbis (They would take this position in order to deny Yahshua as the Alef-Tav) and most other Scholars believe this was meant to include the Strangers standing currently with them as well as, those generations whose seed was in Israel's loins and yet to be born. In order to be consistent with the translation first seen in B'reshiyt – **Gen. 1:1** this seems hardly a good answer for the appearance of that distinct Alef-Tav in my opinion. Though, I do believe a reference to future generations to be true, however a more intriguing, but hidden possibility exists! By the way, a severe warning to those standing follows the above statement and includes those future generations should they choose to disavow this Covenant and Oath. (Note verse **20**)

In view of that, Scholars have pondered the legalities of placing obligations upon future generations who have not consented at all. Why, then, such a strong statement? Perhaps the hidden clue above will lend an answer to both our questions!

It would seem that the Being represented by the Hebrew word Alef-Tav provides the evidence. For all that, could He be standing currently with them and at the same time, not be standing with them? Puzzling? Is it possible that we have a Prophetic declaration of exactly who's cutting the Covenant and the Oath with Israel, just as with Abraham, Isaac, and Jacob? Is He – The Alef-Tav - **STANDING** with them this day - The One Who Walked between the Pieces and was offered in the stead of Isaac and the same who appears to Jacob at HaMakom – The Place?

Could this Alef-Tav represent Yahshua the Messiah would had been physically present throughout the Wilderness journey (The Rock who followed them) and still also point toward Him coming in a Fleshly Body in the future, i.e. *'not with us today...'* in order to purchase their ultimate redemption and restore their inheritance? Could this warning truly have been about rejecting the Fleshly, bodily offering of Messiah to come? It seems that Israel rejected His offer of Marriage at the first Sinai encounter and perhaps this is a warning to future generations. We've answered the 'Why' from above, now let's answer...

What and Who is 'Standing'

- II. As we've addressed before, this encounter like the original Mt. Sinai experience, was an actual proposal of Marriage presented by YHVH, which I believe to have been none other than Yahshua! If you recall the aforementioned reference to Abraham, Isaac and Jacob, Israel is reminded of each having been presented this same Covenant and Oath. In every one of their Lawfully presented court cases, this same Being here at present was the **ONLY ONE WITH STANDING** and His marriage proposal here, like that of the Patriarchs, comes with an elevation of Status for Israel to include this Standing. If they accept, then both He and those standing and those who will later accept His proposal (To include you and I) occupy the same **STATION, POSITION, RANK, STANDING** and **STATUS** as He does and are charged with representing Him in that Position while He awaits His return! Need more evidence?

1John 4:17 *Herein is our love made perfect, that we may have boldness in the Day of Judgment: Because as He is, so are we in this world!*

- Boldness, Gk.#3954, parresia, free and fearless confidence. The deportment by which one becomes conspicuous or secures publicity! Yahshua became the Agent who, acting on our behalf, restored our STANDING in the earth and should give us a fearless demeanor and way of life that would cause us to be noticed as ONE OF HIS!

Again, as we proceed, using Abraham as a reference point, we find he is told: *Arise; walk through the land in the length of it and in the breadth of it; for I will give it unto thee.* (**Gen. 13:17**) further, in **Deut. 11: 24** Israel is told basically the same: *Every place whereon the soles of your feet shall tread shall be yours...*

The use of the word ‘walk’ above isn’t lost on us because of Brittney’s teaching a couple of weeks ago. It’s the Hebrew word, H#1980, הלך, halak, to walk and be conversant with another. Interestingly, the Sages often render it as ‘The Law’. Because just like the Greek word Parresia, One’s walk should naturally reveal the Torah – Word!

Please note: If you style Halak backwards - Kaf-Lamed-Hey you get the Hebrew word for Bride! It is first seen in this context in **Gen. 3:8** where the Voice – Once again the Manifest Presence – is about to encounter Adam and Chavah. I believe it would have occurred at this same 7th month festival of Yom Kippur on the 10th following Adam’s creation. At the time, there was no need of a ‘Blood Covering’, and most forget that Yom Kippur is also the Day that the Yovel is announced as well as, the day for the Wedding Mikveh! This is the reason that I believe Yahshua arrived to establish Adam and Chavah’s Standing in the earth, only to find that the Nachash – Serpent had already beguiled them!

Moreover, against this background, later in verse **14**, a prophetic word is spoken to the Serpent-Nachash stating that *he is cursed above all cattle and the beasts of the field; upon thy belly shalt thou go, and dust shalt thou eat all the days of thy life:*

The following may seem farfetched to some, however, please note two interesting facts regarding the Serpent – Nachash: #1. He had clearly walked upright originally, else why be cursed to ‘go upon his belly’? #2. He coerced Chavah – Eve to eat forbidden fruit – Seed. Thus, his previous STANDING –

STATUS as Regent upon the Earth had obviously been taken from him earlier at his own fall, which results in his attempting to subvert the collective Standing of Adam and Chavah!

*Note the word translated as ‘go’ [H#3212](#), יֵלֵךְ, yalak that is linked to his belly – [H#1512](#), גָּהוֹן, gahon, to burst forth, or break out as a baby from the womb. The normal word for the woman’s belly is beten. Though Gahon indicates that which is twisted – perhaps a DNA helix? Ironically, there’s another powerful warning in [Lev. 11:42](#) regarding ‘*whatsoever goeth upon the belly and whatever has many FEET*’.

At the same time, where we have the Hebrew word gahon for belly we’re presented with an unusual styling: It has an enlarged VAV in its’ midst. The Sages contend this letter is the middle letter of the Torah, i.e. in it’s belly or womb. However, coupled with the admonition against ‘whatsoever goeth upon the belly’ – it seems to hint at an affront to YHVH in the form of an enlarged Seed in the womb who’s DNA is twisted, hence the warning, and for all intents and purposes, points us back to [Gen. 3](#), [Gen. 6](#) and other instances of Nephylim offspring. This seems consistent with the first usage in [Gen. 3:14](#), which is followed by another unique prophecy in verse [15](#). Before going there, have you noticed the connections being made between Standing and the words ‘Walking, feet, and that which is inside the womb’? Could these words all point toward a specific Status, Standing or Position, based upon the placement of ones’ feet?

There does seem to be a powerful connection as emphasis is placed upon walking, feet, etc. where both the Patriarchs and Israel are shown. Maybe the following verse helps.

And I will put enmity between thee and the woman, and between they seed and her see; It shall bruise thy head, and thou shalt bruise His heel. Verse [15](#).

The word for heel in the above verse is [H#6119](#), עֵקֶב, `aqev, indicating the hinder part of the footprint and is renown specifically, as the root of Jacob, Y’aqob. The root actually hints at ‘*He Who Comes At The End*’. We know the relevance here to Jacob and Esau, the former who catches the heel of Esau before he crushes his head, however, the prophecy first relates specifically to Messiah – The Seed of The Woman – versus the Seed of The Serpent – the Fallen Ones or Nephylim! Both of who would vie for control of the Womb of the Woman and the Right of Sonship!

It is also interesting to look at `aqev styled backwards: **בִּקְעַ**, bekah, indicating a half-shekel, the price of redemption for every man twenty years old – 20 is written with a KAF – Footprint! This seems to indicate that the House of Jacob, once redeemed, becomes the Agent of Standing as the Firstborn - for the Remnant who is coming out of Babylon – Egypt!

Taking this into account, it is not an accident that Sonship and Birthright and Inheritance are genetically linked somehow to placement of the FEET! In fact, irrefutable evidence exists in fulfillment of the above prophecy (See Jim and Penny Caldwell – Splitrock research) of Israel etching an outline of their feet at Mt. Sinai and many other Wilderness locations explicitly and LAWFULLY claiming title to the land. In some cases there are rock etchings using a shorthand form of the Paleo-letter Kaf (Palm of the hand, sole of the foot)! It is also interesting to note that in the same areas are several footprint shaped enclosures that are multiple acres in size! The letter Kaf symbolizes authority and ownership throughout antiquity!

Now, let's return to the earlier statement made to Abraham in **Gen. 13:27** *Arise; walk through the land in the length of it and in the breadth of it; for I will give it unto thee.*

- Length, H#753, **אָרַךְ**, `orek, length, to extend, stretch out. It also hints at length of life, longevity.
- Breadth, H#7341, **רוֹחַב**, rokhab, (Rahab) breadth, width, spacious, to become or make one large, wide.

One should note the 4-compass points being implied here: North, South, East, West. This would also have mirrored the 4-Stations of Israel around the Wilderness Tabernacle forming a circular pattern of the overarching Stellar Luminaries! Moreover, note the gematria of Orek – 221 and Rokhab – 210:

221 is the value of H#2250 **חבורה**, Chabburah, to stripe, bruise or wound as in **Is. 53: 5!** 210 is the value of several interesting words: Such as Horeb and Dor meaning generations, to pierce with thorns, while Horeb has the same root as Chabburah above! Do you see why YHVH took them to the Twin Mountains of Horeb and Sinai? To reveal to them the One Who Whose Feet – Heel Would Be Bruised in their stead! By the way, ‘stead’ is another word for position, station or standing!

If we drew the above length and breadth as lines on a chart without encircling them it would give us the picture of the ancient Paleo Tav or a depiction of Yahshua upon an execution stake with His arms extended over the earth! Why is this important? Because the Land was laid out in the form of a Man and Abraham as well as, Israel would trace His outline – form – literally walking as He walked upon the earth! Remember the definition of Halak and its’ Greek counterpart Parresia? To Walk as the TORAH or WORD – YAHSHUA upon the earth! In all good conscience, that is exactly what STANDING is!

As mentioned early on, Standing implies where one places the sole of the foot, and now, it doesn’t sound quite as odd does it? Especially knowing that Abraham is told wherever the sole of his foot treads upon the land that he will be given it...Think about this: If he’s to be given it, then at present he doesn’t own it. Further, it is a fact that this area was consistent with the location of Gan Eden. So, what we have is the **LAND BEING RESTORED TO ITS’ RIGHTFUL OWNER!** The Remnant will possess the gates of their enemies and soon!

For added emphasis, consider the story of Ruth and Boaz. He wasn’t her nearest kinsman and had to wait until that man had the opportunity to redeem her and her inheritance, to which he declined. In consideration of this, **Ruth 4:7b** tells us of an intriguing ritual where: *...Concerning redeeming and concerning changing, for to confirm all things; a man plucked off his shoe and gave it to his neighbor and it was a testimony in Israel!*

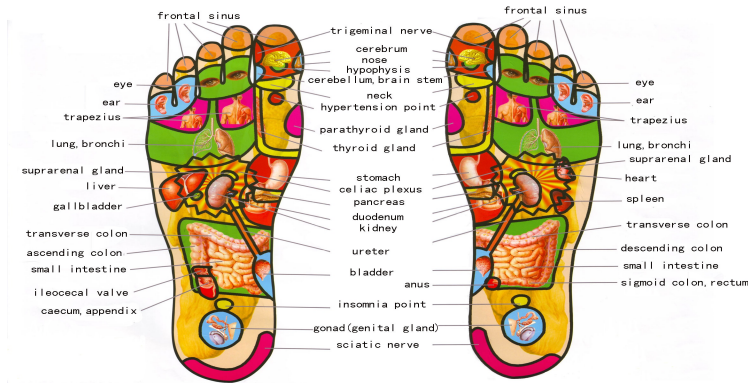

- Changing, H#4171, **מור**, moor, to alter, exchange, to remove. It has the Mem-Resh root indicating rebellion hinting all the way back to the first rebellion of **Gen. 3**. Additionally, it is the root of Tamar – the woman who restored the lineage of the House of Judah reversing the rebellion and redeeming the House! That same root is seen in Yahshua’s mother’s name: Miryam!
-

How apropos that Elohiym would choose the very vessel that had first been bruised by the Serpent as the womb from which the Sovereign of the Universe would come and restore what the Cankerworm has eaten! Cankerworm – H#3218 in Hebrew, ילק, yeleq, has a value of 140, the same as the Hebrew word for Threshold – Soph – the place where the feet cross over into the House and establishes Standing! Notice the root stem: Qoph-Lamed as in Qowl, voice! The Yod as a prefix indicates ‘My Voice’. The enemy attempted to circumvent THE VOICE Walking – Halak as the Torah carrying a presentment to the Adam, now, that Voice is once again speaking to the Last Adam – The Body of Messiah and we are crossing over – Ivrit – the Threshold to restore what the Cankerworm has eaten! The Hebrew word for eaten, H#398, אכל, akal, to consume, has the same value as a variant of אדום, Edom, the land of Esau – ROME! Esau – Rome is the central figure masquerading as Jacob and possessing Jacob’s Standing! That is about to change! Put that in your POPE and smoke it! [Sic]

In reality, suffice it to say that the restoration of this standing has to do with **Gen. 3** and the attack upon the heel of the foot of the seed of the woman and could this attack be in its’ final stages upon the earth as we speak? Why mention heel and seed together if the Heel is not the instrument of destruction or attempted destruction of that Seed? Skeptical? Then pay close attention...

Why The Heel?

- III. If you study the Torah, there are many references to the Foot and it’s euphemistic relationship to the Male genitalia. Perhaps Ruth and Boaz come to mind, where she ‘uncovers his feet’. Moreover, it is a well-known fact that sections of the foot mirror different areas of the body. For instance, look at the following Foot Reflexology Chart: You’ll find that the area of the heel pertains to the Sex organs.

Is it possible that we've overlooked a deeper, hidden reason for the Serpent attempting to bruise the heel of the Seed of the Woman? FYI, if one does proper research on the Execution of Yahshua on the Stake, you'll find that He suffered 2-distinct forms of capital punishment. The obvious: – Crucifixion. However, He also was STONED. The areas that were most often targeted during the stoning according to ancient texts were the Head and Groin! Again, why?

Could there be a covert effort to usurp the Inheritance of Adam – Israel by destroying their claim to Sonship – Birthright, thus nullifying their claim of STANDING OR STATUS regarding inheritance? Again, why the feet?

While meditating on this for a minute, recall that we've been speaking about the significance of the Birth Certificate for weeks here at RemnantManna United! This document is the primary source of evidence that your inheritance, i.e. your STANDING as a LIVING MAN has been nullified and a 'Strawman' a Wizard of OZ Scarecrow – a dummy corporation – one without brains has been created and in need of an agent to act on its' behalf!

Consequently, you should now ask: 'Why is the Baby's heel pricked and blood along with a heel print placed on that same document? Could this blood ritual or blood sacrifice be tied to ancient mystical elements meant to magically control the bloodline of the Woman's Seed and to perhaps ensure a blood pool from which to draw DNA that might be used to not only harvest DNA to create their monster hybrids, but perhaps to incubate a certain SEED from the Serpent to facilitate the birth of the ANTI – MESSIAH? Ask about Dorothy's ruby red slippers and why she would click her HEELS together saying we're not in KANSAS anymore! It's about the corporation and blood sacrifice! In addition...

The underlying theme of the Wizard of Oz was that of a battle of world bankers and fiat currency against the yellow brick road – gold standard! That same plot exists as we speak, only this time digital currency in the hands of AI will attempt

to complete the defrauding of the World! The Remnant must be identified! This is the reason for the collective effort to identify and eliminate as a threat the Seed of the Woman, just as in Moshe's day and Yahshua's! This Remnant will rise up to STAND against this counterfeit OZ – the root of Boaz, the Strong One Who Comes! Want more proof?

Ask yourself: Why are the Freemasons launching a MYCHIP program for your child, which, by the way, also collects DNA for added security!

[<https://expose-news.com/2023/08/06/why-are-freemasons-collecting-child-dna/?cmid=efbb787e-a011-49cd-8c9d-ad964ec0c273>]

Moreover, why are most Hospitals either connected to Freemasonry – Shriners, or Catholicism? 30% or more of all births happen in a Catholic hospital.

[<https://communitycatalyst.org/resource/bigger-and-bigger-the-growth-of-catholic-health-systems/>]

Look at the symbol for the International Shriners below. Formally known as the Ancient Arabic Order of the Nobles of the Mystic Shrine. Does that look like an Egyptian Pharaoh to you? The Shriners built a Temple in Pittsburgh, Pennsylvania that became the birthplace of NETWORK TELEVISION on Jan. 11, 1949. Jan. 11th is a pagan holiday to Carmenta, the goddess of women's health, birthing and prophecy! Carmenta is also a Latin term for 'speaking-in-tongues'. The sacred grove of Carmenta is the most ancient sanctuary in all of Rome! Ironically, her prophecies were in song form. Don't fall for the charismatic praise and worship that is coming from many of today's supposed Gospel mills! Many are being swayed by the enemy and are tools in his employ!

There are too many layers in the lies that most are living unknown to themselves that we cannot cover them all here. Stay tuned for more revelation here at RemnantManna United and remember the following!

Therefore take unto you the whole armor of YHVH that you may be able to withstand in the evil day, and having done all, to STAND! Eph. 6:13.

Shabbat Shalom!
