

## Restoration of the Calendar Pt. 25-b con't.

### Calendar Dates, Sacred Geometry and Harmonic Frequency

How indeed, does this relate to the Creation Covenant Calendar? The above phrase Ezer K'neggdo - עֶזֶר כְּנֶגְדּוֹ – (*Just coincidentally?*) has a value of 360. Likewise, in simple terms the factors of 360 represent the gestational cycle of the ADAM which was intended to be regulated by those Divine Appointments - Mind you - set ONLY on the 360-day Calendar! Perhaps one should take into account that Nikola Tesla said the numbers 3-6-9 held the keys to the universe! Those numbers can be found in the diameter of the Sun, the earth, moon, time, gestation, geometry, etc.

We see that 360 - pattern in **Gen. 1:1-2** where the Light of the World – The Seed – The DAWN – the initial LET THERE BE LIGHT – which at present had no form or BODY - of necessity is divided from the Tohu V'bohu – waste and desolation - upon the earth. Please consider this ancient text carefully.

Let's take a sidebar for a moment...

Every mathematician acknowledges the influence of '*Sacred Geometry*', though they may not acknowledge its connection to Creation's Calendar. There are nevertheless, indisputable connections of 3,6, 9 to our 12/60 based math system as well as, their relation to music and geometry. For instance, many ancient instruments were tuned within the A Chord=432 Hz range. Again:  $4+3+2=9$ . If we take the Creator's Calendar of 360-days, the  $360^\circ$  of the Circle and look closely at other geometric figures the relationship is uncanny!

For instance: The circle, triangle, square and pentagon, always add up to the same numbers when the angles of degrees in a particular shape are considered. In the triangle, the sum of its' 3-interior angles is always 180, for the Circle and Square we have 360. The pentagon? 540. The hexagon? 720, the heptagon is 900, and finally the octagon is 1080. The next number would be 2160 (*Remember that one?*) the interior angles of a cube as well as, the diameter of the Moon. Have you noticed that every number and their individual factors adds up to 9? Again, what was the original gestational cycle of the Adam? 9-months of 30-days for 270 days!  $2+7=9$ . (*Author's opinion*).

Obviously, the relation between YHVH's Creation Covenant Calendar, sacred geometry and musical frequencies cannot be overstated! **It is this author's opinion that one of the major reasons for DIS – EASE is the current 365.24 calendar year whose rotational cycle is askew from that of the original 360° - 360-days of Creation** which is clearly demonstrated in the Covenant Calendar that was designed to keep the Healing Frequencies that are literally resonating in HIS GARMENT - in total balance! Resultantly, as an antidote, I firmly believe we are admonished to: *Put on Yahshua – Romans 13:14, to put on the garment of Praise...Is. 61:3*

With all due respect, wouldn't the Calendar we keep serve therefore, to garment us with the Image of Messiah that is unerringly found in the heavens?

### The Garment of The Heavens?

**Gen. 1:4** *And Elohiym saw the light, that it was good: And Elohiym divided the light from the darkness.*

- Divided, H#914, **בָּדַל**, Badal, we know this word means to divide, separate, to make a distinction, but is it possible that it also hints, that as Elohiym removed Light from darkness – **light having frequency, frequency having sound** – that He also removed from darkness the healing frequencies inherent in the Priestly Garment depicted in the heavens' light that literally resonate with MUSIC? By the way, Badal's value = 36; 3+6=9.

\*Note the root stem of Badal: Bet-Dalet, H#906, **בָּדַל**, Bad, a word seen in **Ex. 28:42** and translated as LINEN – THE PRIESTLY GARMENT! By the way, who were the Singers of Israel? The Priests! What were they clothed with? Linen. Did Elohiym possibly remove or distinguish the LIGHT – MUSIC - AS BEING THE PLACE – THE GARMENT - OF THE HIGH PRIEST - from that of the darkness who's purpose would be to stifle the lying sounds coming from the realm of the counterfeit?

Could then our Creation Covenant Calendar, also literally be a musical scale of sorts, where each Holy Convocation serves as the Selah, H#5542, **סֵלָה**, which seems to indicate a pause of reflection, while the note is accentuated? Its root indicates a Balance, to weigh something out! Is it also possible that Praise and Worship becomes the garment worn by the Melekzedek – The King and Righteous Priest - and every NOTE – a DIVINE APPOINTMENT – a timed beat that echoes the heavenly chorus at Creation's inception? Is it also possible that our current musical scales which are diverse from the ancient Solfeggio notes also tend to please the flesh and crown the flesh's' King, he, who is none other than the LYING ONE! In particular, if one does

not walk carefully in the SPIRIT – RUACH, H#7307, רוּחַ, and not after – the flesh!  
Is that an absurdity?

Look carefully below...

\*Note Gen. 2:21b ...and He took one – ECHAD - of his ribs, and closed up the flesh instead thereof.

Don't forget that word Echad, from whence we get Yachad, a root in which we found actually indicating a HARMONIC COLLECTIVE BALANCE - where each individual lends his/her own particular note in the song of creation. Following that line of thought, were the Man and Woman created to function in a unified manner just like those collective Stars, The Sons of the Morning? \*Look next...

- Closed up, H#5462, סָגַר, Sagar, to shut, but also to deliver up, surrender, to imprison. Ironically, it is also translated 'pure' in several instances. YHVH ELOHIYM knew that outside of the UNITY – ECHAD - PURE – HOLY Harmonic Balance of the BIBLICAL, Marital relationship (*Where ONE man - ONE woman are garmented in the likeness of Messiah and His Bride, an event clearly depicted in the heavens*) that THE BODY OF ADAM – IN CONJUNCTION WITH the DNA OF MAN – HIS RIB – THE WOMAN – would cause the Man's flesh to produce a discordant, cacophonous, Tohu V'Bohu sound to be inserted once again into the Earth and Man's flesh would become a place of imprisonment!

This is reflected in Gen. 3! Not surprisingly, the Creation Covenant Calendar in the heavens clearly reveals the Redemption Plan long before this event occurred in the Earth!

I found it interesting that Sagar has a gematria of 263, the same as the phrase: *Adam Betzlemenu – Man in Our image*! This is seen in Gen. 1:26 where the collective UNITY of the ELOHIYM is the subject being copied. The replica - the ADAM – man and woman – must function in like manner – IN HARMONY – UNITY in order to be an exact duplicate or Sheneh!

Additionally, this same verse in chapter 2 speaks of a deep sleep falling upon Adam while this supposed surgery takes place. Have you ever considered: Adam is a Spiritual Being and a deep Sleep as being necessary, doesn't seem to fit here? Intrigued? Look closely.

- Deep Sleep, H#8639, תרדמה, Tardemah, translated by the KJV as ‘*deep sleep*’.

According to Parkhurst, there are two distinct roots in this phrase: #1. Tav-Resh, Tor - to go around or about, to twirl or twist. (*360° in a circle*) The ancients gave attribution to this definition by the name given to their god THOR, indicating ‘*THE HEAVENS IN CIRCULATION*’! Additionally, we have #2. Damah – an equable or exact SHANEH – a duplicate image formed: As in the mind. What??? Could the KJV be wrong and instead of this deep sleep, YHVH is actually carving, etching, SKULPTING the bodies of Adam and Ishah according to the Cyclical 360° panoramic pattern depicted in the Stellar Luminaries! The Creation Calendar literally follows that engraving whereby, the Divine Appointments - in Unison – form the FIGURE OF THE LAST ADAM to the most minute detail! By the way, Those Counterfeit Calendars – who’re they modeling for you to emulate?

As we look further, the root of DAMAH is Dam – blood. Having said that, I believe what is now blood was once Light. Moreover, isn’t it intriguing that Blood moves through the body in a CIRCULAR MOTION! In addition, blood responds to laser light stimulation by emitting high frequency sound waves that contain information specific to that individual and the overall health of his body! This is interesting since Elohiym created the Body to function based on electrical activity. Your Brain functions, as well as, your blood, like an electrical current - moving cyclically, in pulsating wave patterns that are wholly related to PI – 3.14 – where  $2\pi = 360^\circ$ ! Am I making sense or is this an exercise in futility?

Could the 360-day calendar, based on that electrical current symbology, [*Where current suffices as a means of TRAVEL for information/current/frequency*] function as a SPIRITUAL INFORMATION HIGHWAY where every Selah – Pause – Divine Appointment gives us access to the ORIGINAL VOICE OF CREATION? Much like ‘*The Voice Walking...*’ of **Gen. 3:8**. What about **John 10:27**? *My sheep hear my voice, and I know them, and they follow me.*

- Hear, Gk. #5456, Phōnē, rendered hear as voice, but also indicates a sound, tone, musical instrument! This is the same Greek word in the LXX used in **Gen. 3:8** describing the ‘*hearing – SHEMA - of the Voice walking*’...moreover ADAM AND ISHAH ARE NOW ALIENATED FROM THAT VOICE! Shema indicates to hear intelligently, obedience, to give your ear to a NOTE!

- Walking, H#1980, הלך, Halak, rendered 'walking' here. However, it also points towards direction, while hinting at a manner of life, the continuation of an action or its' increase. Please consider the root stem: Hey-Lamed. This root carries a couple of intense definitions. To move, quickly, violently (*Not wickedly, but fiercely, ferociously, vehemently!*) but also to irradiate, to shine as a light body! This WALKING VOICE, This LIGHT BODY moved with a ferocious, forceful SHINING – releasing SOUND – A THUNDERING SHUDDER – To articulate a lowing or bellowing shout! This was a combination of dreadful grief and howling anger released upon seeing the Fallen Condition of the Man and Woman! Yet, the Voice moved to respond with Redemption!

Watch what happens next!

- Shema, H#8085, שמע, to hear by ear, to proclaim, a musical term, to publish. This word was attached to what was once a highly esteemed office where one was tasked with the proclamation of the KING'S WORD! For example, we have Benaiah, who had a name among 3-mighty men of valor. As a result, because he could hear correctly, King David set him over his guard, H#4928, משמעת, Mish-mah-ath, admission, obedient ones, the HEARERS!

Is it possible that amidst the cacophonous, relentless NOISE being produced by the Tohu V'Bohu lies of the enemy, that we've been disconnected from the ability to hear properly? Perhaps reattaching the EAR – THE 360-DAY Calendar – to the Kingdom – Malchut, shown us in John 18:10-11 is more prophetic than we figured? Malchus was the High Priest's servant! This is conceivably, a picture of Levi being cut off and Melekzedeks' servants once again – those having 'Ears to hear' being inserted into office!

If that's not enough! Science has proven that the earth itself has a specific harmonic frequency. If we acknowledge that the heavens and earth were each separate, yet conjoined witnesses, then the earth should resonate with the same Frequencies associated with the Stellar Luminaries, catalogued and demonstrated only on the 360-day - Creation Calendar's divine appointments which are nothing short of the HEALING – RESTORATIVE FREQUENCIES inherent in Elohiym's' original words of Creation found in Gen.1:1 which, again, have a conclusive, undeniable relationship with PI  $\pi$  3.14 and thus, an ostensible connection to a cyclical – 360-day calendar!

In addition, if we note the ancient Hebraic Time method where there were 24-hours, 60-minutes and 18-HELAKIM or 3 1/3 seconds in a minute, then the ancient Solfeggio frequencies are precise 11<sup>th</sup> harmonics of the same earth's vibrational symphony!

Shall We Continue?

We've clearly understood that keeping the wrong calendar alienates us from the Presence of Elohiym – He, who instituted those divine appointments – in a cyclical pattern - for the express purpose of meeting with His Bride. But, is it possible that the ramifications are far more alarming than previously thought? Could keeping a counterfeit calendar subject CREATION to an amplified CURSE? In other words, could the discordant frequencies associated with a calendar that is out of TIME – OFF BEAT – subject the Earth, animals, men - to a much higher incidence of disruption leading to Earthquakes, volcanoes, mammoth storms, mental, physical disease, social unrest? Just to name a few! Perhaps, a revisit to the TOHU V'BOHU – WASTE AND DESOLATION described in **Gen. 1:2**?

Should I cite a prototype of that Creation Garment?

Were you aware that the Ancient High Priestly garments were made from pure Linen, a fiber made from the flax plant that has a frequency of 5,000 Hz? It is known to resonate with the aforementioned electromagnetic field of the earth, while protecting against UV exposure, controls body temperature, etc. Moreover, what about the following?

*I hear you, what effect if any, does what I wear have on my body's health? Could the Creation Calendar be considered a garment to wear?*

I found it interesting that another one of the words used for garment, H#3847, לבש, labash, has a value of 332, the same as the Hebrew phrase: יצר יהוה – Yatzar YHVH – Formed YHVH. The first instance of this verb occurring is in **Gen. 2:7** where YHVH Elohiym forms Adam from the Adamah. Adam becomes the garment chosen by Elohiym in which, to physically manifest Himself in the Earth. Therefore, the substance from whence Adam's body is taken should resonate with

the same electromagnetic frequency. However, as a result of the FALL (Gen. 3:17b) we have the following statement:

*...cursed is the ground for thy sake; in sorrow shalt thou eat it all the days of thy life.*

- Cursed, H#779, אָרַר, Aror, to lay or put a curse upon. Pay close attention here. The root stem is the Alef-Resh, the root of Owr – light. Was there perhaps an inimitable alteration of Light's frequency, the resulting effect also subjecting the Adamah – ground to a severe restriction of its capabilities to produce for the Man? We do know that the physiology of the Light Being called Adam was indeed changed as well!
- Ground, H#127, אֲדָמָה, Adamah. The root stem here is DAM – Blood. While the Hey suffix lends it a feminine quality, as in 'the womb'. Previous studies have shown that Blood is light that has been slowed down, its' frequencies diminished – made much lower than the original light source. Mark that statement. LOWER FREQUENCIES?
- For Thy Sake...H#5668, עָבוּר, Awboor, from Abar, meaning to cross, transit, to be alienated, pass into other hands. It also indicates because of, on account of, in order to.

From this extrapolation, we can gather that the Ground-Adamah – the frequencies inherit in its' original womb – were subjected to a physiological frequency change, where its' life-giving powers were transitioned into a source that would not offer the full benefit of its' Creation powers to the now Carnal – Flesh of Adam. Instead, like Adam, the Ground would be alienated, itself diminished until such time as the Manifestation of The Sons of Elohiym – THESE SONS WERE THE ABARIYM - HEBREWS! Thus, the lowering of the EMF – electromagnetic field surrounding the Adam has/had a direct effect on his physiology!

In fact, a popular treatment using MAGNETIC INFLUENCE – called Transcranial Magnetic Stimulation is being used to change the flow of electricity in the brain, thus manipulating behavior! The 'benefits' are touted internationally, while, alarmingly, no one mentions the adverse side effects, in particular, their long-term consequences! Yet, we're assaulted by them daily in the form of: Power lines, Internet systems, both wireless and hardwired, home electrical wiring, smart meters, smart tv's, microwaves, radio/microwave towers, and on and on! Look closely at the next verse! Here the Apostle Paul seems to be referring to what happened in Gen. 3:17b.

**Rom. 8:19.** This verse reads: *For the earnest expectation of the creature waiteth for the manifestation of the Sons of Elohiym.*

- Earnest expectation, Gk#603, apok-a-rad-okia, anxious and persistent expectation!
- Waiteth, Gk.#553, ap-ek-dekh-om-ahee, assiduously and patiently waiting for!

The doubling of the inference of waiting expectantly seems to powerfully hint that there is a future day where the BOTH ADAMAH and THE SONS OF ELOHIYM WILL BE RESTORED! I contend, that condition of return is related to the restoration of the Creation Covenant Calendar, at which time, both Adamah and Adam will begin to experience a cyclical, rhythmic harmonic renewal that will culminate in the climatic return – Whereupon, the SUPOENA of the Last Adam - whose return TO THE EARTHS' COURT will set into motion their full restoration because of PROOF OF HIS LAWFUL REDEMPTIVE PURCHASE OF BOTH AT HIS APPEARANCE!

Am I suggesting that the restoration of the Creation Covenant Calendar is going to advantageously affect those keeping its' divine appointments in a curative manner? While the rest of the Nations are subjected to an increasing bombardment of negative electro-magnetic frequencies?

I May Be Way Off Here – But, I Think So.

However, Can I Prove It?

Note:

...*Except the days be shortened...* **Matt. 24:22** we must ask ourselves what did Yahshua intend by this reference? Most assume it to indicate that the tenure of the days allocated for judgment is cut off, but, we must ask: Could this also be acknowledging the horrific physical and mental calamities that will befall the Nations in the Last Days and how a recalibration - shortening - of Earth's days to 360 will destroy the Cacophonous, discordant, Tohu V'bohu vibrations of the 365.24 counterfeit Calendar? Just like in **Gen.1:2**? By the way, these are those same electromagnetic frequencies that the Powers That Be are bombarding you with daily in a condensed form!

In addition, if the heavens literally are rife with the melodious harmony from the vibrational frequencies of the Stellar Luminaries as has been proven scientifically, is it then possible that those same musical frequencies when played in true worship with the Ancient Solfeggio scales, could possibly manifest the PRESENCE OF

ELOHIYM - in other words – LITERALLY REVEAL THE GARMENT OF THE KING IN OUR MIDST? Oh, NO! He's gone off his rocker now!

Could this reimplementation of the 360-day Calendar  
HASTEN THE MESSIAH'S RETURN???

Could the Creation Calendar of 360-days possibly set into motion a countermeasure or antidote for the constant bombardment of Chemtrails, Electro-magnetic frequencies, Cloud Seeding, HAARP, 5G and every other counterfeit vibrational resonance that has been birthed out of the LOINS of LUCIFER? Yes, the Musical Scale and its' healing Solfeggio frequencies that is the Creation Covenant Calendar does seem to demonstrate the same ability to weave the Garment of Messiah that we are admonished to PUT ON! By the way, the ancient word Solfeggio literally implies the ability to read and sing music at sight. Could the 'SEEING' of the Creation Covenant Calendar restore the harmonic balance of Natures' chorus? Could it enable us to spiritually, if not physically, put on the Garment of Messiah? **Gal. 3:27, Rom. 13:14.**

What? Music and Weaving are related?  
\*Note the illustration below!

The longitudinal or left to right threads represented by the lines and spaces form the Woof, while the vertical notes crossing the lines represent the Warp.

A PERCEPTION CHANGE.

Here, in **Gen. 1:2** we are informed that DARKNESS was upon the face of the DEEP – **H#8415, תהום, Tehom!** From the root Hey-Mem, it conveys the idea of an uproar, a tumult, an inarticulate noise. Tohu V'bohu is the result of DISHARMONY! The intended creation notes are being counterfeited! Watch what follows!

We've been taught that this darkness was evil, however note the ancient origin of its' definition: **H#2822, חשך, Choshek**, which the KJV renders simply 'darkness, obscurity', a secret. I must caution you to reconsider your previous concept of this darkness. If this is indeed the result of Lucifer, then why are these actions being hidden, obscured, made a secret? Wouldn't Elohiym want Satan's efforts exposed?

On that basis, Parkhurst says (P.177) that this ancient root means to refrain, to impede action, to restrain. The sentence structure hints that Darkness is THE RESTRAINER! In other words - He – It - covers over the tumultuous shouting – the DEEP – Tehom – the matrix of waters where Lucifer's declaration (Is. 14) has caused the earth to resound with a conflicting and confusing tumult! This confusion gendered by Lucifers' Words – HIS SEED - cannot be allowed to enter the Womb! Elohiym moves, by the Ruach to stop it!

The gematria of Choshek is 328, the same as H#6162, עברון, Arabon, a deposit given as a pledge or evidence that something is going to be done. By the way, did you note the Ayin-Resh-Bet root of EREV – the place of mixing where darkness always gives way to light? Hence...

We must guard the womb of our minds! Rom. 12:2 *And be not conformed to this world: But be ye transformed by the renewing of your mind, that ye may be able to prove what is that good, and acceptable, and perfect, will of Yah!*

Since darkness is the subject here, the idea being conveyed is that DARKNESS is being instituted to restrain the TOHU V'BOHU – i.e. the Luciferian Lies - from spreading! This darkness will then be upon, H#5921, על, upon, according to, on account of, on behalf of, together with, on the basis of. Darkness came on behalf of the H#8415, תהום, TEHOM - DEEP!

This words' root hints at a great, distracting noise! Darkness covered over the discordant lying frequencies that brought waste and desolation! What we have here is a picture of Gen. 3 where the enemy once again attempts to insert his lying seed into the Adam and Ishah! Yet, YHVH uses that same womb to birth HIS OWN SON! He hides His plan in the darkness! Just as He sent His Son down into Egypt! It is also my opinion that the supposed 400-years between Malachi and the Gospels known as the DARK AGES were a rehearsal of the same in anticipation of the DAWNING OF THE LIGHT OF THE WORLD – YAHSHUA! While serving to cover the womb, protecting it until the SEEDING takes place!!

Tohu V'Bohu has a gematria of 430, the length of Israel's bondage/slavery. This value of 430 is the same as the Hebrew word Nephesh, H#5315, נפש, The soul or seat of one's emotions; what we commonly associate with our brain. Ironically, as we continue to relate the Calendar to music, at the right frequency music can cause a persons' neurons to fire in new ways that expose that person to the formulation of

communication pathways that can repair damaged or diminished brain function. In contrast, music is also able to adversely affect the mind to the point of mind control! Could the Creation Covenant Calendar begin to restore the diminished Mental, Spiritual and Physical capacity of YHVH's People – while the counter intuitive '*knowledge shall be increased*' lies of the enemy - seems to have literally '*dumbed down*' the masses, effectively enslaving them in Unison!

[<https://news.utdallas.edu/health-medicine/neuroscientist-music-research-2022/>]

Let's look a bit further...

Darkness upon the Face...

- The Face, H#6440, פָּנִים, Paniym, face, presence, in front of, to the front of, this root conveys the idea of turning to look in order to prepare for someone who is coming! That someone is being hidden inside the darkness of the Tehom – deep! Ironically, the gematria of Tehom is 306, the same as ISHAH – אִשָּׁה! In addition, 306 is the value of Ve`Ruach Elohiym – The Spirit or Breath of Elohiym! Remember: Breath connotes Word being released – which in turn reveals the procreation or release of Elohiym's seed into the womb! 3+6=9.

Here, hidden in an overlooked place is a powerful attestation to the Heavenly Pattern where instead of focusing on the negative – The '*without form and void - Tohu V'Bohu*' - we have the PROPHECY OF THE MESSIAH BEING BORN OF A WOMAN! The Creation Covenant Calendar is the KEY! The only Calendar that can accurately reveal the exact timing of His Conception, His Birth, His life experiences, His death, burial, and Resurrection is the 360-day, Creation Covenant Calendar!

Therefore, the Heavens Prophecy that out of this womb of Darkness the Light of the World would be born! This is the pattern of Creation! The DAWN STARTS THE DAY! The same can be said for the Sun being placed in the Womb of the heavens! The DARKNESS or WOMB keeps the destruction from spreading until the GREAT RESTRAINER OF THE HEAVENS IS BORN AMONG MEN! The pattern in the heavenlies is demonstrated in the body of the woman – where the DNA of creation is knit or woven in her womb!

**Ps. 139:13** *For you did form my inward parts, You didst knit me together in my mother's womb.*

By the way, this Hebrew word for knit is interesting. It's H#5526, סַכַּךְ, Sakak, rendered as 'to hedge about, to fence in, TO WEAVE TOGETHER!' This just happens to be the root of Sukkah or Sukkot! The 7<sup>th</sup> month festival pattern where the Husband and Wife – Bride and Messiah – are woven together in intimacy! Therefore...

I find it no accident that each of the Holy Convocations is placed specifically on the calendar in order to fit the gestational cycle of that same woman! Could this also represent the UNIFORM MUSICAL COURSE OF THE HEAVENS where from the A-CHORD through each successive chord, we have depicted the optimum time for ovulation – the 15<sup>th</sup> of the 1<sup>st</sup> month, progressing through each cyclical pattern in the 270-days (*The author's opinion of the original gestational term*). Indeed, the Calendar simultaneously points toward the Warp and Woof written in the Course of the Sun through the Stellar Luminaries! Each Zodiacal Sign correlating to a specific month, while also relating to 1 of the 12-tribes.

Now you understand Gen. 15:5 and why Abraham is told: *And He brought him forth abroad, and said, look now toward heaven, and tell the stars, if thou be able to number them: And He said unto him, so shall thy seed be.* Abraham is being shown that the pattern woven throughout the heavens will become the Garment of his family if he can tell, H#5608, סָפַר, Saphar, count, recount, relate, number, shew forth, to inscribe, those stars! Now, look at this word stars:

- Stars, H#3556, כּוֹכַב, kokab, Defined as Star, but it's from a root indicating to pierce through! This word indicates the message of the execution of Messiah, yet it also points toward the Warp/Sun – the transverse THREAD who would pierce through each of the 12 – houses of Israel - the Woof or vertical thread whose BLOOD/DNA represented by the Constellational Signs would be inserted into the womb of the Woman and thus, become the redemption price of the whole House!

In confirmation, note how the above Gen. 1:2 'without form' is written – תְּהוֹ – Tohu, which is the same word for Tehom-deep yet, without the MEM or Womb! Though the darkness would subsequently birth the Light - without a womb for the seed, there is no procreation! Whether in the physical or soulful realm! This is why homosexuality, lesbianism, bestiality are all an abomination: Because there is no man's seed being placed in a woman's womb! If this is allowed to continue, society as we know it, we will once again literally experience the same TOHU V'BOHU – WASTE AND DESOLATION AGAIN!

This is why it is imperative that we understand the pattern of the DAWN'S LIGHT and how it became the initial seed deposited into the darkness – the womb of Creation! Moreover, this is confirmed through the numbering system of the 12-months of 30-days for a 360-day-years - Calendar of Creation depicted in the luminaries. The fact that Abraham was told to SAPHAR – COUNT the stars and their strategically placed locations is consistent with the natural weaving process where numbers are used for counting the warp and woof threads! Every stage of the gestational cycle depicted in the Heavenly Calendar is clearly enumerated and consistent with that of the woman as the baby is woven to maturity in the womb!

This is the initial pattern of the first Ezer K'negdo – the SEED must HAVE A WOMB! THE BEGINNING OR SEEDING was, by design, originally placed into the womb of Creation, written in the Stellar Heavens, and subsequently witnessed in the earth as the Light – Seed is formed in the Womb of Darkness! That pattern is seen throughout Torah. For example:

#### Jacob Prophecies:

Jacob prophecies over Joseph in **Gen. 49:25** in confirmation of the above blueprint:

*Even by El, the El of thy father; who shall help thee; and by the Almighty, who shall bless thee with blessings of heaven above, blessings of the deep that lieth under, blessings of the breasts, and of the womb:*

Here the word deep – Tehom - is connected to another unique word for Womb – H#7356, רַחֵם, Racham. Parkhurst translates this as: To surround closely, enclose, to embrace. The idea again is one cyclical in nature – i.e. 360°. The choice of Racham here is no accident. If we simply rearrange the letters to form H#4279, מַחַר, Machar, we have a word that indicates: In time to come, as in 'TOMORROW – DAWN'! This connection prophecies of the DAWN START TO THE DAY!

Furthermore, the numeric value of the two words Racham and Machar is 248 – the same as that of Abraham! He who became the Melchizedek Priest charged to represent the Creation Covenant Calendar of 360-days. This was only accomplished after his coming out of Ur of the Chaldees! For clarity, let's examine this phrase to see how it fits into our study.

- Ur, H#218, אֹר, Owr, rendered flame, light. This city was the center of MOON worship in Abraham's time.

- Chaldees, H#3778, כַּשְׁדִּימָה, Chasdima. This word has puzzled scholars for years. I contend it is not simply a noun, rather a PHRASE! The Kaf prefix indicating to be like or for. This leaves us with H#7708, שִׁדִּים. Siddim. This word is first seen in Gen. 14:1-3 where the Slaughter of the kings takes place in the general locale of Sodom, Gomorrah, Admah, Zeboiim, and Zoar, all of which are located in the VALE OF SIDDIM!

### Valley of What or Whom?

The KJV translates the word simply as: Field or plain. Yet, Parkhurst (*P.518*) connects the word to the Shin-Dalet root found in Shaddai – defined as the ‘*Pourers forth*’ - in other words, the source of blessings. As you can see the FALLEN ONES counterfeited the meaning of the True El Shaddai! Moreover, Babylon or Chaldea was the known source of MOON WORSHIP CONNECTED TO ANCIENT NEPHYLIYM DEITYS who had NO light – life of their own (*Just like the Moon*) yet attempted to garner worship through this counterfeit – CALENDAR!

Let me explain and perhaps you can see the message of Genesis 1 and Is. 14 all over again! Was it a coincidence that YHVH chose the exact timing of extracting Lot out of Sodom and Gomorrah to coincide with the Spring Convocations at the VERNAL EQUINOX which launch the gestational cycles inherent in those Festival Celebrations, while at the same time creating a TOHU V’BOHU situation in Sodom in order to eradicate the Seed of Lucifer once again!

Invalidate the Message by Counterfeiting the AGENT of that Message.

Lucifer knew he could not destroy the message; thus, his efforts have been directed toward the fabrication of an identity that would be accepted as the source of that message. Thus, claiming it as his own, his authorship would then validate the LIES causing the Serpent’s Seed – The Fallen One(s) – The Nephilim - to once again be inserted into the WOMB OF ADAM’s OFFSPRING! His method has not changed! He intends on inseminating the womb just as in Genesis 1, Genesis 3, Genesis 6 and afterwards! Are we speaking simply of a Giant Offspring or is it probable that this interjection of his lies exposes his seed line as being far more extensive in the earth?

Is it possible that exposing the lies of the Counterfeit Calendars also sheds light on Lucifers’ original Manifesto – Is. 14:13 - *For thou hast said in thine heart, I will ascend into heaven, I will exalt my throne above the stars of Elohiym: I will sit also upon the mount of the congregation, in the sides of the north!*

Clearly the message intended by Lucifer was one of counterfeiting the Gestational Cycle, i.e. the Calendar, in order that he might appear at the time of intimacy in the place of YHVH. The evidence of this has been clearly shown us in the events of **Gen. 3**. Where he masquerades as the LIGHT BRINGER. Please note: **2Cor. 11:14,15** *And no marvel; for Satan himself is transformed into an angel of light. Therefore, it is no great thing if his ministers also be transformed as the ministers of righteousness; whose end shall be according to their works.*

In conclusion, as painful as this may be...
