

The Restoration of The Covenant Calendar Pt. 36 The Wheel of Appointments.

Because of the concern from some that what we've been sharing borders on Paganistic Astrological influence on my part, I wanted to spend some more time continuing to disprove such nonsensical ignorance, by persisting in our efforts to uncover previously hidden evidence of the Message of the Mazzaroth – I.E. The Zodiac – written in the Heavens and their Testimony chronicled in the Creator's Covenant Calendar which administers their appointments.

Astronomy versus Astrology...

Careful study of both Biblical and Historical evidence proves the fundamental influence that the Study of the Heavenly Luminaries provided the Patriarchs. It is my opinion that Elohiym ordained the observation of the Luminaries from **Gen. 1: 1-19**. I say from verse one, because the heavens are first established there, what follows is a daily Calendrical account - ...*and the evening and the morning were the first, second, third, etc. day...*

Later in verses **14-19** we have the assignment of specific function attributed to both the Greater Light and the Lesser Light, i.e. the stars. Here, their purpose is stated in a nutshell: To divide day from night, for signs, seasons, days and years. You should note: Each of these is associated with chronology specific to the length of a day/night or 24-hours, thus pointing to the necessity of the counting of SIGNS by days, in particular a Dawn-to-Dawn day, (*For those calendar appointments set in the future*). By the way, the word Sign H#226, **אוֹת**, Owth, is rendered simply 'signs' in the KJV here.

However, if we look at its' origin, it literally prophecies of the nearness or approach of someone or something. Thus, we must ask: The nearness of What or of Whom do these signs speak? If, as we presume, they speak of the Redemptive Plans of Elohiym which center around Messiah Yahshua and His incremental appearances detailed *ONLY* in the 360-day Covenant Calendar, perhaps a closer look is needed? In particular, if you consider that the enemy's tactics has always centered around the imitation of those plans and their central figure, as well as, the times when He is expected to be near or soon to approach.

Prophecy In Their Names:

Though we don't have written biblical evidence citing from whence the original Hebrew Names of the Mazzaroth came, we do have precedent for the naming of every living creature upon the earth! (Gen. 2:19). Moreover...

It is my opinion that Adam, after being placed in Gan Eden, was charged with dressing and to keeping it – *LeAvdah U'leshamrah* – language which, without doubt has to do with the Priestly Administration of the Garden of Appointed (*Calendar*) Times that he was charged with. Common sense, therefore, would suggest that he undoubtedly, in keeping with his assignment, would have given names to the stars comprising the Zodiacal Blueprint and its' governing timetable, after which, the Garden was modeled!

Further, we have evidence that the Signs were later noted, as demonstrated in the argument between Cain and Abel over what I contend was a proper Pesach observance. This event is followed by the Flood Account where specific numbers/dates determined by those signs are given that cannot be fixed to any calendar except that of the Creation Covenant Calendar of 360-days!

Nimrod's One-World Government and Religion.

We continue to follow this through the preflood genealogical records, as well as, those taking place after the flood, culminating with the events of Genesis 11:1 where we find another attempt (*No doubt orchestrated by Lucifer's minions*) at the interruption of that original Covenant Calendar: Thus, I contend this information found in the Heavens was known from Adam forward. Can I prove such?

And the whole earth was of one language, and of one speech.

To justify this claim, we must provide a 2nd witness, so, we tie in Ps. 19:1-3 which states: *The heavens declare the glory of Elohiym, and the firmament shows His handywork. Day unto day uttereth speech, and night unto night sheweth knowledge. There is no speech nor language, where their voice is not heard.*

Why the need for this validation?

This Psalm confirms that All Nations at one time knew the Redemption Message detailed in the original names of the Stars. The Names of necessity would derive from their verbal origin. In other words, NAMES define the purposes of the Heavenly Lights. Therefore, we contend, that following the Gen. 1 pattern of

Lucifer, another clear Zodiacal Calendar divergence occurs, set into motion by Nimrods' rebellion at Babel. Look here: **Gen. 10:10**.

Could Nimrod Be The Archetype For The Future Anti-Messiah?

- Nimrod, **H#5248**, **נִמְרוֹד**. In the past we've simply accepted this word as meaning Rebellion. But, we must ask; rebellion from or because of what? Remember, rebellion against one authority, means subjection to another.

If we trace the root **נִמְר**, Namar, in its' noun form, it is usually associated with the Leopard, particularly because of its' spots. But, let me clarify: A Leopard is called Namar because the word infers to be spotted. In keeping with that, the ancients connected the word Namar with the Stars because they viewed the universe as '*SPOTTED*' with stars.

For confirmation we find the feminine form of the root in **Numbers 32:36** with the name of a city called: *Beit Nimra*. (*Perhaps Beit Nimrod – House of Nimrod? The Spotted House?*) This place according to Parkhurst [P.324] got its' name from idolatry associated with Star Worship! Thus, in retrospect, **Genesis 11** seems the first earthly test case of the worship of the Stars!

In retrospect, names were either prophetic or given to describe previous action. Considering that, we must deduce that he is given this name at birth and thus NIMROD'S name prophesied of his future. If so, why name your son '*SPOTTED*' - like the heavens - if the study of the heavens' message were not paramount to those early patriarchs?

Please consider: How can one, who surely must have had a super intellect, worship an inanimate object? Or, did Nimrod know something we don't?

What Pray Tell Is Hidden From Us?
Does One Worship The Marionette or The Puppeteer?

This evidence points towards Nimrod's future rebellion - as seen being born from his perversion of the Message of Redemption found in the Zodiacal Heavens - which culminates with the Tower or Planetarium of Babel's construction. We must ask: If one rebels against YHVH, then to whom does he turn in worship?

Further, the rebellion of Babel seems to launch a future preventative countermeasure, where we find YHVH confounding the language and scattering the people upon the face of the earth. Only ONE group – The Shemites – retained the original names and message of the stars and their 360-day Calendar! When was that understanding lost? Or, was it entirely?

Nimrod – Who or What Was He and Why?
Calendar Manipulator!

From our earliest studies we've established the first attempt at subverting the Creation Covenant Calendar as being attributed to Lucifer. *See **Is. 14**. This results in the Tohu V'Bohu condition of the Earth where that rebellion originated. Further, we see more evidence of the same pattern found in **Gen. 3** where The Serpent – Nachash – seduces Adam and Chavah to part ways with the Calendar that Adam oversaw! Both instances seem to involve a compromise of the Intimate Place accessed at the Divine Appointments. *[Please see previous teachings...]*

YOU MUST REMEMBER: THE CALENDARS' PURPOSE IS TO REGULATE GESTATIONAL CYCLES! Today, in consideration of that, we could also call the calendar cycles - the timing method – planning the optimum time for conception!

Once again after the event of **Gen. 3**, the Offspring of Chavah and the Nachash – Cain – becomes involved in a calendar dispute that devolves into the aforementioned murder of Abel. Subsequently, prior to the flood, the earth is filled with more of the offspring of those Fallen Ones – Giants or Nephylim – whose purpose seems again, to pervert the Calendar of Appointed Times. Are you noticing a Biblical recorded

pattern or precedent that happens every time the Calendar is perverted? The Fallen Ones show up! Oh, that only happened in antiquity and isn't relevant now...[Sarcasm mine]

Why Should The Proper Calendar Matter?

The Creational Covenant Calendar is the only means of reckoning whose specific cyclical purpose can be likened to the spinning of a combination lock where its' tumblers must align in order to open the door! This open door becomes the PORTAL OR GATEWAY through which YHVH would appear! Perhaps akin to the forming of a transport device capable of moving Beings between the Spiritual realm and the physical? Recall Jacob's ladder and the Angels ascending and descending?

What did Yahshua mean here? *"Verily, verily I say unto you, hereafter ye shall see heaven open, and the angels of God ascending and descending upon the Son of Man."* **John 1:51** Clearly He associated His presence in the earth – both coming and going – with Jacob's ladder opening at the Prophesied Time! But, what if Fallen Angels gained access to this portal?

- Ladder, H#5551, סלם, Sullam. This word is used only once there in **Gen. 28:12**.

It's meaning is obscure, yet Parkhurst [P.354] suggests it may have been a plural word indicating STAIRS OR STEPS! Perhaps the stairs of the ancient Sundial similar to the one in Hezekiah's day? This wholly supports the concept of The Son of Man appearing at foreordained, specified times written upon the Creation Covenant Calendar in the heavens!

Ironically, the same letters can give us: H#5566, סמל, Semel, an image, idol. A likeness. It is only used in reference to the warning against building an image of a Fallen god – a Counterfeit Messiah - who might also access that ladder!

Listen Carefully to what follows!

Could we then assume the attempt at the perversion of the Creation Covenant Calendar was always undertaken as a means by which, the Fallen One(s) could gain access to those interdimensional portals or gates - ladders? Gates that should open only to YHVH? Talk about Timing Method gone awry!

Have you considered? Every End-Times Scholar predicts the appearance of myriads of Fallen Angels and their Nephylim sons prior to and during the Tribulation? If so, are there future gates that will be opened for them? This is frightening especially when we learn Who opens them! *See **Rev. 9:1-11**...What is their purpose for being allowed into the earth one final time? Can we prophecy against them, use our faith to keep this from happening? Emphatically – NO!

Jude 1:6 *And the angels which kept not their first estate, but left their own habitation, He hath reserved in everlasting chains under darkness unto the judgment of the great day.* *Note also **2Pet. 2:4**.

- Unto, **Gk#1519**, Eis. It implies that they have been held - only to be released at the entrance into the judgment of the coming tribulation!
- Judgment, **Gk#2920**, Kree-sis, a separating, a trial that determines justice.

These Beings will have a King over them called – Apollyon/Abaddon – The Destroyer! His purpose? To execute judgment upon those who do not have the Seal of YHVH in their foreheads. Is this merely a Tattoo? Or, is there a viable explanation as to what Sets these people apart? Further, this Mark will stand starkly opposed to the Mark of the Beast! Could this Mark or Seal hint at evidence of The Creator's DNA – just like NOAH? If so, when, how and where is that DNA accessed?

Yahshua evidently saw what was coming and began to prepare His disciples for a future – war between the Seed lines! For context, before looking at what Yahshua said, let's examine the first prophecy of this ensuing war.

Gen. 3:15

And I will put enmity between thee and the woman, and between thy seed and her seed; it shall bruise thy head, and thou shalt bruise his heel.

Gates Of Hell...

Matt. 16:18.

And I say also unto you, That thou art Peter, and upon this rock will I build My church: and the gates of hell shall not prevail against it.

Gates (*Portals?*) were the place where authorities met to discuss strategy! This historical location of this place was known for the insertion of the Fallen Seed into the earth and Yahshua is here, emphatically speaking of a future insertion! WHY?

Take note: The context here centers around the acknowledgment by Peter, that Yahshua was indeed, The Messiah, Son of the Living Elohiym! This OBSERVATION – Not Peter - became the Foundational Stone upon which, the church was built! He wanted the disciples to know the genuine Son of Elohiym as opposed to the sons of god(s)! How so?

Most think this alludes to an expression for the realm of the dead, and that Yahshua was assuring His disciples that physical death would not permanently defeat them. But, was that all?

Again, Panyon or Banyan was presumably the place at the headwaters of the Jordan River located at the base of Mt. Hermon where the Watchers were said to have descended! He's prepping them for the battle over their DNA! This scenario occurred as Israel crossed over Jordan and the waters – SEED – Fallen Ones from Mt. Hermon were cut off from the Waters – Seed below – Man! Israel is charged with the literal destruction of that Seedline in Canaan!

While on the subject, at the time Matthew was written, the Greeks worshipped the god PAN – A half man, half goat chimera – a Satyr! Hence, the name of this place: Panyon or Banyan. This is where the phrase “*Pandemonium*” comes from! Latin for: Pan – All and Daemonium – demons! Thus, the ‘*Place of all Demons*’ – their origin!

This site and it's cult was known for fertility worship. Pan and Baal are often intertwined, phallic-like gods of fertility, and many historians and scholars believe that BAAL is the deified version of NIMROD! Baal was also the god of power and success. So, what does this mean to the Believer today?

Fertility Worship? IN THE CHURCH?

Isn't that the True Purpose of Astrology – the worship of the Fallen Ones? The preparation for intimate insertion of the Serpent's Seed? The worship of the Fallen Deities represented by those stars? **Gen. 3** sets the precedent! Lucifers' – a.k.a. the Serpent's method has not changed!

But wait! We don't participate in Astrological pagan worship in the Mainstream Christian Church! What about ISHTAR – THE QUEEN OF HEAVEN? The goddess of Venus, symbol of life and death, love and war. She's also known as EASTER!

What about the prosperity gospel adhered to by most televangelists? Pagans had transactional fertility cults that curried favor by their gifts to that deity. What about child sacrifice that has always been consistent with fertility worship directed towards such gods as Molech and Ashtoreth – a.k.a. Ishtar?

Is it possible that by allowing public schools to instruct our children, electronics to babysit them, sexual promiscuity at the expense of the family structure that we're in effect sacrificing tomorrow's children?

What about the absence of Biblical fathers? Moreover, many of those males who are present find themselves emasculated and encouraged to be more feminine, all the while the Biblical Family grows extinct! While Baal – Nimrod - the State becomes the Husband/Father!

By the way, 70% of women undergoing abortions today self-identify as Christian! Lastly, where did this PANDEMONIUM occur? Is it possible that we opened doors to their lustful violation? Is it possible even a slightly off calendar could have dire consequences? Oh, not convinced?

What about the COUNTERFEIT SUNDAY SABBATH AND OTHER 'HOLY DAYS'?

BIBLICAL PROOF?

Let's look here...

Is. 14:13 *For thou hast said in thine heart, I will ascend into heaven, I will exalt my throne above the stars of Elohiym: I will sit upon the mount of the congregation, in the sides of the north.*

- Sit, H#3427, יָשָׁב, Yashav, The place of constant, known, calculated return – Shuv. To dwell with as in marriage.
- Mount, H#2022, הָרַ, Har, rendered 'Mount' as in to loom up, it is the root of Harah – to be pregnant!
- Congregation, H#4150, מוֹעֵד, Mo'ed, appointed time, place, meeting. A set time.

The Hebrew text hints at Lucifer's intent to assault the Stellar Heavens for the express purpose of establishing himself as the Seed-Bearer who would visit the Bride at the appointed Times – LITERALLY – THE TIMED INTERCOURSE. Cycle tracking, rhythm method!

What About This Serpent of Gen. 3?

- Serpent, H#5175, נחש, Nachash. The word has a unique message attached to its' gematria: 358 – the same value as Messiah! Why mimic Him? Indeed!!!

Why? If not to counterfeit Him? The definition of Nachash is one associated with observing attentively, subtly. To auger, observe meticulously some natural phenomena. This amounts to setting a snare. The predator watches with painstaking and patient care the actions of its' intended victim. Could the calendar you keep, including the day you set aside weekly for worship including those holy convocations, be susceptible to this method of counterfeiting – perhaps introducing you to **A I** – artificial intelligence – ALLIEN INSEMINATION?

All This May Seem Harmless Now, But, Ask Yourself WHY?
If Spiritual Doors Open At The Wrong Time/Date
Who Gets Invited?

The ancients connected the events of the KJV '*Serpent*' in Gen. 3 with the idea of the serpent's eye being mystical, seductive, hypnotic. In fact, during ritual worship of the pagan gods PAN - Bacchus or Dionysus (*The gods of wine, theater, religious ecstasy and ritual madness*) participants would often handle or crown themselves with serpents shouting '*Eve, Eve*'. In classic mythology they would often wear leopard (*Namar – Nimrod*) skins. These participants were known for ritual sacrifice to Dionysus "*The Eater of Raw Flesh*". WHOA! We went too far here right???

Did You Know?

The Ancients who participated in cannibalism believed eating the flesh of an enemy directly transferred that enemy's power – life into the one consuming! Consuming Flesh is literally the DNA being transferred from one host to another! Science has only recently proven the ability to laterally transfer DNA from non-mating species! To most this is abhorrent! So, the Predator watches your habits to find a non-threatening way to seduce the Believer who ordinarily would avoid his approach! Not convinced? You're simply too spiritual, 'tuned in', too aware to be fooled?

Then maybe you will let this sink in: What about the Words, frequencies, GMO foods, 5 – 7 G electronics, Data Centers, vaccines, and the list goes on! You are what

you eat – akal – consume - physically and spiritually! **Pro. 18:21** *Death and life are in the power of the tongue: They that eat of it shall eat the fruit thereof!*

Words were originally designed to transfer DNA! Adam and Chavah were created to reproduce by speaking – creating! Scientists have proven that DNA can be reprogrammed by our own words. Moreover, certain frequencies have been proven to alter DNA as well. Are we so naïve as to assume that GMO pertains only to ingestible food products, meats? Why do you suppose they're doing this? You've went too far now Preacher!

CRISPR

(Clustered Regularly Interspaced Short Palindromic Repeats) is a powerful, precise biotechnology tool used by scientists to edit DNA in living organisms.

We're Too Spiritual! Lucifer Would Never Gain Access To The Mount Of The Congregation Today.

STOP! Just look at many modern Church Services! They're rife with theater, religious ecstasy and ritualistic programs *(What Pagan gods were known for that - PAN - Bacchus or Dionysus)* that fool even the most committed Believers! Why insert this here unless this type of atmosphere could potentially make its' participants susceptible to seduction? Just ask the first SEDUCED COUPLE – Adam and Chavah! Right place at the wrong time, with the wrong Being!

In addition, Bacchus worship is directly associated with Secret Societies and College Fraternal organizations! These organizations use hidden dates that are added to the calendar in order to create a sacred boundary between the mundane world and the internal life of their Order. *(AI)*

By the way, Freemasonry legend states that Nimrod, King of Babylon was the First Grand Master. <http://theoldcharges.com/chapter-12.html>

Each of the above has been historically related to the keeping of an alternative Calendar, and whether the individual was aware or not doesn't matter! The True Church Must not be found keeping the same Calendar as the world! Satan himself created it and subsequently used the open doors at his will!

Again, we must ask why? What possible effect could this have on your Calendar and perhaps your future?

Let's Look Closer.

Point of Fact: The story of Nimrod is rife with efforts to subvert the NUMBERS AND LANGUAGE as well as, the Holy Days ASSOCIATED WITH THE MESSAGE OF THE STARS! Could this have involved a deliberate attempt at GENECITC MODIFICATION, an overt attempt at corruption of the Numbers or Frequencies inherent in the proper alignment of the Covenant Calendar? The same is happening now! We Must Wake Up from our slumber!

This counterfeit attempt at accessing the Timing of the portals - known to be open between Heaven and Earth - would follow as the Creation's Covenant Calendar language is massaged. This effort is a direct attempt in effect to defile the HOSTS' of the CREATOR'S DNA – His Word – Light? Who are/is this host? The Bride! Does this sound far-fetched?

Let me remind you: We have Biblical evidence wherein THAT FACT IS DEMONSTRATED BY THE ALTERATION OF MAN'S BIOCHEMISTRY which produced the perversion of the SEEDLINE found in **Genesis 3, 6** and afterward.

Suppose for arguments sake we compare the possibility of the twisting - GMO – genetic modification - of the human genome and compare that to what we know about Noah's perfect generations before and after the flood! **Gen. 6:9** Don't worry, we're going somewhere with this!

- Perfect, H#8549, **תמיים**, Tamiym. The word means generational integrity – I.E. no Nephylim Seed as mentioned in **Gen. 6:1**.

Incidentally, Tamiym is the same root as that of the 2nd of two interesting objects in the Priestly vestment: #1. Urim – Lights - which served one purpose, to illuminate the #2. Thummim - Oracles or Words – whose light never failed! Noah then, must have had a residue of the LIGHT of Creation's DNA – still within him!

In a related manner, could these two – Urim & Thummim – serve as a physical representation of the Greater and Lesser Lights set in the Heavens, which were used as the pattern given Aaron the High Priest? The same blueprint – in the Mazzaroth - which Adam – The First High Priest - was called to place over his heart, as the eternal source of truth and its' revelation!

Could that Light be directly associated with the “*Light of the World*” responsible for illuminating the LIGHTS of the heavens – the Ma’owr found in **Gen. 1:14**? Remember, Light is synonymous with the DNA Of ELOHIYM – THE MANNIFEST WORD – FREQUENCY – VIBRATION! Could this Light literally form an AURA – surrounding, sealing, marking the Saints of YHVH as depicted in **Rev. 9**? By the way...

A new study explores the idea that DNA can sense faint electromagnetic signals from space and that this sensitivity may influence the genetic mutations that drive aging and evolution <https://thequantuminsider.com/2026/04/29/study-proposes-dna-might-measure-cosmic-time-through-quantum-mechanics/>

Please Consider:

At the level of physics, vibration means the repetitive movement of particles around a certain equilibrium position. At the level of life, it is a rhythm that keeps the whole in harmony. The heart beats, blood flows, the brain oscillates in electrical waves. Although we are not usually aware of it, our body is constantly in motion – it vibrates with billions of small movements that together create the energy of life.

Vibration is not only about movement, but also about information. Each rhythm carries a certain frequency, i.e. the number of vibrations per second. Could each Holy convocation on the Covenant Calendar also be measured as vibration – weekly, monthly, yearly, etc.?

I’m Thinking of Good Vibrations...

It is the frequency that determines the character of the vibration – low frequencies feel dense, heavy and slow, while high frequencies are soft, light and fast. In nature, these frequencies intertwine and form an infinite network of mutual relationships. When two vibrations meet, they can strengthen, weaken or unite – this is called resonance. What if one Vibration is counterfeit, tainted, off, what effect does that have on the object aimed at?

Our body reacts in the same way. Every organ, every cell and every DNA molecule has its own natural vibration – its rhythm of life. DNA, which carries genetic information, it is not only a chemical structure, but also a perfect antenna. Its spiral shape allows it to receive and transmit electromagnetic waves. Scientists in the field of biophysics have described that DNA vibrates in the range of several thousand hertz and responds to light, heat, magnetic fields and sound frequencies.

When DNA is in harmony, the body regenerates naturally. When the vibration is disturbed – by stress, toxins or electromagnetic smog – the information in the cells is transmitted irregularly. The result can be fatigue, tension or loss of vitality. So, vibration is not something “*extra*”, but the very way cells communicate and keep life in balance.

If the Creation Covenant Calendar’s vibration is disturbed, i.e. where one keeps a forged Divine Appointment does the BODY (*OF MESSIAH*) experience that loss of vitality?

Interestingly, even the cells themselves emit light – so-called biophoton radiation. These are tiny quantum flashes that arise during biochemical processes. Each cell not only vibrates, but also shines.

Perfect In His Generations?

Noah without doubt kept the 360-day Creation Covenant Calendar! This timetable was/is responsible for regulating the frequencies associated with the LIGHT CYCLES of the Divine Appointments that are depicted in the Stellar Luminaries! These are responsible for the opening and closing of the gateways or portals giving access to the DNA of Creation. This mechanism was provided alone as the means to resuscitate Man after the Fall! For this reason, it seems plausible that the Creation Covenant Calendar was instrumental in ensuring that Noah kept his bloodline pure – perfect - Tamiym! By the way...

Did you happen to note the value of Tamiym? 490. This is directly related to **Daniel 9:24** and the ‘*Seventy – Sevens*’. Most Scholars associate this with the season given to Israel to atone for sin and to usher in everlasting righteousness. Is it possible that it also pertains to the Perversion of the Adamic Bloodline that occurs because of DNA manipulation? Could that manipulation be set to coincide with counterfeit intimacy occurring at COUNTERFEIT APPOINTMENTS on a Corrupt Calendar? We know that Daniel espoused a 360-day Creation Covenant Calendar. By the way, 490-is the value of the phrase: מִפְּרִי קַיִן Mipri Qayin, The Fruit of Cain!

Nimrod – I’ll Be Back.
How?
Gene Splicing?

In order to properly understand what transpired with Nimrod we must forensically examine **Gen. 10**. This context is wholly concerned with the generations of the sons of Shem, Ham and Japheth. The Hebrew text lists mankind's normal reproductive cycle. Until **verse 8**. *And Cush begat Nimrod: He began to be a mighty one in the earth.*

First, I want to insert a caveat: Though most translate Cush as meaning 'Black', there's absolutely NO Consensus regarding the word's origin! Further, it has nothing to do with being cursed. That said, Cush begets Nimrod. Here's where the context changes! He (*Nimrod*) began to be a mighty one...

- Began, H#2490, **חָלַל**, Chalal, to profane oneself sexually. Its' meaning is one of violence, deliberate and perverted. It indicates that Nimrod is in the process of becoming something that he was not born to be!
- Mighty One, H#1368, **גִּבּוֹר**, Gibbor, a Giant.

Can You See This Happening Today?

This is the first recorded genetic self - modification! The first Transhumanist! Pay attention! Chapter 7 of the Book of Jasher says Nimrod put on the garments of skin that had belonged to Adam and Chavah. Two things here. This could literally be a garment given to them by YHVH that would serve as a cloak of sorts, or this could reference the Skin as the vehicle of their choice that resulted in their physiological change after encountering the Nachash!

It is my opinion that Nimrod chose the latter! To have an encounter with the Nachash similar to Adam and Chavah and thus become Transhuman or a Nephylim! Here's where we must slow down. Either the Seed of the serpent must lie dormant in the DNA – which would then disqualify all those it's found in - or one must, at some point, open the door for that source to have access.

Is it possible that by entertaining the Fallen Ones while worshipping them, a process that must open doors that were closed during the flood, that Nimrod simply altered the Calendar to do just that? By the way, worship is always described – even by Believers – as intimacy with the One being worshipped!

The Mighty Hunter

The evolution continues. After his physiological changes, Nimrod demonstrates the Character of the Nephylim. **Gen. 10:9** *He was a mighty hunter before YHVH: Wherefore it is said, Even as Nimrod the mighty hunter before YHVH.*

- Hunter, **H#6718**, **ציד**, Tsayid, this word implies to catch or ensnare. The root stem Tzade-Dalet, hints at becoming an adversary. This action became part of his rebellion, and he flaunts it before – Panim – in the Face of YHVH. Hunting animals would NOT have fostered rebellion, but hunting MEN as a Nephylim would have!

Ancient historical and Jewish records say that Nimrod introduced Cannibalism into the earth during his reign of terror! Nimrod did not eat Man's flesh because he was hungry! Why then? What does this have to do with our future?

The Life Of The Flesh...

Lev. 17:11 *For the life of the flesh is in the blood...* Blood carries DNA, the frequency of LIFE! Nimrod harvested Men and took their life in the most vile ways, while ingesting their blood filled with adrenaline. Adrenochrome is not new! Adrenaline is oxidized epinephrine!

The repercussions of our failing to guard our Bloodline – Generations – will be eternal! The Battle is set! The opponents reading themselves! The Enemy has developed a myriad of ways to attempt to deliver his DNA, become aware, don't become afraid!

Abba has provided the House of Jacob – Israel with the Stones/Stars to encircle his head and the Sullam – Ladder – of the heavens as the means to identify and catalog your DNA! The Creation Covenant Calendar is being restored for you and your generations!

As we conclude – this message is being sent to equip the Sons of Elohiym! I leave you with **Dan. 11:32**. *And such as do wickedly against the covenant shall he corrupt by flatteries: But the people that do know their Elohiym shall be strong and do [exploits is not in the original]*

YOU SHALL BE STRONG AND DO!
