

EZEKIEL SERIES PT. 5
Ezekiel's Wheel Within a Wheel:
The Round Priestly Breastplate.

- I. The visions of Ezekiel, in particular the Wheel Within the Wheel are rife with prophetic insight in many realms. We've discussed the relation to the 360-day calendar, the Round Tabernacle, Noah's Ark, The Round Breastplate and other connections. But, we must ask ourselves: "What purpose does each have and how will they effect our future?" Could the role of the High Priest be a collective or 'BODILY' ministry conferred to a Remnant by Messiah?

Will the revelation of the above Wheel coincide with the release of a Divine Mandate to those who are seeking the Truth and expose the fanatical push toward construction of the 3rd Temple, which will not be ROUND, the Gregorian Calendar that is not Abba's timepiece, the Manifestation, Release and identification of the True PRIESTHOOD as opposed to the influence of the Romanish, Edomite counterfeit system upon which, the Whore of Babylon will ride?

These are epic, chilling revelations and will violently expose the chasm between opposing views and challenge us like no other season in history. Each of these deserves its' own consideration, yet, in keeping with our text I want to zero in on the possibility of a True Remnant Priesthood within the framework of Ezekiel's Wheel – in order to see how it will help reveal their identity!

That being said, before we get too far, I want to stress that it is my opinion Lucifer would have been the First High Priest of both realms: Heaven and Earth! Perhaps a closer look here will bring perspective.

In order to sustain our position we contend the following two well-known texts; **Is. 14** and **Ezekiel 28** speak toward this former Being who evidently held this lofty position prior to his exile. **Ezekiel 28: 13 – 19** describes his created status Spiritually and Physically as 'Perfect'. *Note vs. **15**:

Thou wast perfect in thy ways from the day that thou wast created, till iniquity was found in thee.

The Law of First reference (the occasion of a words' first usage) reveals a connection to his having been perfect – [H#8549](#), תמיים, tamiym, at his creation

(Tav being Covenant - a mark, and he, “The marked one”; while Mem-Yod-Mem is the word for water) and as such, the condition of his Perfect Creation is inextricably connected to the controversial events found in **Gen. 1:1,2**. The Covenant Upon The Waters!

Here, in Genesis the contrast between a Perfect Creation and its’ later desolate and wasted description is seen. Both Hebrew words tamiym-perfect and Bara’-created - indicate the subsequent Tohu V’bohu – Waste and Desolate condition of verse **2** occurred after the events revealed in **Ezekiel 28** and are arguably, thus linked to the allegorical demise of this “Fallen One”!

By the way, Mayim has a gematria of 90, the same as H#3199, **יָכִין**, Jachin, to stand firm, be established. This is the name of one of the columns before Solomon’s temple facing east. These 2-columns point back to the 2-trees within the Garden, and the 2-Pole stars of our previous conversation, each vying for control over entrance into the Cyclical Doorway of the Heavenly Realm! The number 90 is also the value of Melek – King and H#642, **אֶפְדָּה**, `ephuddah, the feminine form of ephod or breastplate.

As an aside, it is interesting to note that the Hebrew word Bara’ can also point toward something polished, or made smooth, which innocuously connects us to the stones of the Choshen. Ironically, in the original Hebrew text of both **Is. 14** and **Ezekiel 28**, the Person named as wearing the breastplate – and referred to in the KJV as ‘Lucifer’ is not seen. On the other hand, in **Ezekiel 28** the “King of Tyrus” is allegorically used as a reference. This Hebrew word for Tyrus is H#6865, **צוּר**, a rock or stone, it can indicate to show hostility, to be an adversary.

Could Tyrus-Lucifer have become the ENEMY of the Polished Stones – The LIVING STONES UPON THE CHOSHEN OF ADAM? This Round Necklace, like the Rainbow, the Tabernacle, and the 360-day calendar, was the eternal SEAL of YHVH upon His Remnant Priesthood Seed and the Promise to restore them to Gan Eden! *Note the following...

Isaiah 14 uses the Hebrew word H#1966, **הֵילֵל**, Heylel, in the sense of brightness, rendered “*Light-Bearer*”, after which the KJV supplies “Lucifer”. Curiously the name of the Levitical High Priest, Aaron, H#175, **אֶהְרֹן**, is somewhat similar, being translated “*Light-Bringer*”. The Hebrew language reveals a powerful, yet subtle difference between Bearer and Bringer!

This is where things get interesting! The root of Heylel, is from halal, to praise vocally, to speak with confidence, it indicates the condition prior to their individual fall where Heylel and Adam and Chavah (Eve) could literally procreate – without the limitations of the current flesh - by speaking the WORD of Elohiym thus, bringing offspring instantly into existence! Could this same power be inherently connected to the Message of the Choshen-Breastplate?

Conversely, the root of Aaron, which comes from haron, the condition of being pregnant, i.e. carrying, bringing, incubating the Seed, indicates an *after-the-fall*, physiological change whereby the WORD or SEED is released into the womb and endures a 9-month gestational cycle before being born! This seems to hint again at **Gen. 1** and the Covenant upon the Waters!

Hold on to your seats! Everyone acknowledges that Aaron's breastplate held 12-stones, representing the 12-Months, 12-Zodiac Houses, 12-Sons of Israel. Yet, **Ezekiel 28:13** describes the Chosen/Breastplate of Tyrus, Heylel as containing only 9 of those!

Let's stop and think here: 12-stones, 12-months equals 360-days (12x30) - 9-stones, 9-months equals 270-days (9x30) a difference of 3-months or 90-days. 270 is the value of **הסהר**, HaSohar (Remember the Bayit HaSohar – Round house?) and **נכר**, nakar, meaning to recognize or fail to recognize, to hide one's identity, to fool, a disaster or calamity, to be a foreigner or stranger!

270 days equals 9-months, the gestational cycle of the Woman, the Womb of Water, darkness, which awaits the Zera or Seed of Light! Zera, **H#2233**, **זרע**, has a gematria of 277, the same as **H#5828**, **עזר**, `Ezer, as in 'Ezer K'negdo' the Help Meet! Heylel, Adam and Chavah, had the 9-Stones prior to their Fall enabling them to procreate by Speaking His WORD and the Sign-SONS would Follow!

This phrase 'Ezer K'negdo' literally means the One Who is Conspicuously Round In Front – I.E. Visibly Pregnant – In Order To Declare, Tell, Publish, To Make The Seed Manifest In Front! This puts a new spin on **Mark 16:17a – 20** *And these signs shall follow them that believe... and they went forth, and preached every where, the Lord working with them, and confirming the word with signs following. Amen.*

The Root comes from a copulative form indicating 'to walk the same road'. It is cognate with Alpha (Aleph) and Keleuthos (The Road) If we walk the Aleph's

Road – Way, the Zodiac or Cyclical Pathway our UNION with Him will result in our being IMPREGNATED or ROUND IN FRONT!

After the Fall, their physiology, their Tohu V'bohu, waste and desolate condition required their physical Union for procreation! This forced YHVH to clothe them with Skins – The Same as the Round Tabernacle - **כתנות עור** – Kethoneth Owr - Coats of Skins.

The gematria of this phrase is 1152, the same as: **והארץ היתה תהו ובהו** Veh'arets hayitah tohu v'bohu! And the earth was without form and void:

Is it possible that the extra 3-stones have to do with the vibrational frequencies necessary for the sustaining of life outside the Edenic Circle? Could Heylel, Lucifer's intent have been to prevent the Remnant from returning to that Round House – The original Ohel Mo'ed? In other words, the enemy seeks to hide your true identity and the identity of the ROUND HOUSE – OHEL MO'ED - so that you cannot avail yourself of the miraculous, instantaneous manifestation of YHVH's spoken Word!

Perhaps a look at the gematria of 360, the number of degrees in a Circle, the Calendar, etc. would add clarity? It happens to be the value of H#4900, **מסך**, masak, mesek, meaning to prolong, to delay, to pull someone out of a specific location, it can indicate a price, a value acquisition, a container for seed, a bag.

Let's take a short aside here...

- II. The Hebrew word Masak/Mesek is first seen in **Gen. 37:28** describing how the DREAM OF THE WAY – THE PRIESTLY REMNANT OF JOSEPH would be scattered, prolonged, deferred, postponed, to be sown - after he had been thrown into a Cistern, the dry, round pit!

Curiously, he is later prophetically thrown for the 2nd time-future time - into the ROUND HOUSE OF THE KING AND MADE ITS' KEEPER! Remember, he had only just been shown the Message of the Stellar Luminaries, the Heavenly Tabernacle that he arrogantly revealed to his brothers!

Furthermore, Joseph literally means “Do it Again”. Therefore, from the time of the Exile of Joseph until his Remnant Seed inherit the Promise is one full Circle or Revolution. A “Do it Again” fulfillment! A full-Cycle! Ezekiel seemed to know something about this, because of His Wheel within a Wheel. *The wagon wheel*

travels 3.14159, or pi times it's diameter to complete one revolution. The circumference of a circle – 360 degrees can be found by multiplying radius x PI!

Incidentally, this Cistern was situated at Dothan, H#1886, דתנ, translated as “Two Wells”. The 2-letter root stem being: Dalet-Tav meaning law or edict and is related to da`at, knowledge. By adding the suffixed ‘Nun’ it diminishes the root. I.E. diminished knowledge.

What happened between Joseph being thrown into the 1st round pit – by his brothers I might add - and the 2nd? Here’s a clue: Dothan has a value of 454, the same as H#2368, חותם, chotham, a seal or seal-ring worn as a necklace upon the breast! This word means to seal up, set a seal upon, to shut, complete, to make an end, close up!

It seems the message of the Zodiac was given to Joseph yet, his brothers attempt to circumvent and prolong the Message of the Dreamer and like Joseph’s 2nd time in the pit, the message was secreted away until the appointed time to set the King’s Prisoners free!

Further, if he is initially thrown into the first pit of ‘Diminished Knowledge’ out of jealousy by his brothers, is it possible that those same *BROTHERS* were complicit in throwing Joseph into the pit of religious ignorance and helping to keep him there? Fast-forward into the future and the Brothers are still attempting to keep Joseph in ignorance of His Birthright and Priesthood!

Let’s get back to this Heylel Being...

- III. Two verses in **Ezekiel 28: 13, 14** bear a bit more scrutiny in order to understand the Original design and importance of the Priestly Choshen or Breastplate.

Thou hast been in Eden the garden of God; every precious stone was thy covering, the sardius, topaz, and the diamond, the beryl, the onyx, and the jasper, the sapphire, the emerald, and the carbuncle, and gold: the workmanship of thy tabrets and of thy pipes was prepared in thee in the day that thou wast created.

Thou art the anointed cherub that covereth; and I have set thee so: thou wast upon the holy mountain of God; thou hast walked up and down in the midst of the stones of fire.

For the purpose of our study, I want to look at them in reverse order. Verse 14: There are several key words to examine.

- Cherub, H#3742, כְּרוּב, rendered angelic being, guardian of Eden. In fact, many scholars agree this same class of “Beings” would have been seen accompanying the Wheel Within A Wheel of Ezekiel’s vision. Not coincidentally, the gematria of 228 is the same as Etz Chayim – Tree of Life, The Eternal Menorah or Light of Heaven, of which, HaSatan attempts to counterfeit.
- Covereth, H#5526, סָכַךְ, sakak, to fence in, shut in, encircle, to cover, protect or defend. It is the root of Sukkah or Sukkot! The picture of the Cyclical – Round Tabernacle of Intimate Appointments!
- Walked, H#1980, הִלַּךְ, halak, to walk, to be conversant with, in. To exercise, follow, to and fro. Halak has a gematria of 55, the same as the word Kallah, to hold, contain, restrain, destroy, waste. Yet, it can hint at to be stable, firm, a bride or spouse.
- Stones, H#68, אֲבָן, eben, stones, from H#1129, banah, to begin to build, as in a family name, to produce offspring, repair, build again, to erect a house. It implies the stone used as a plummet for dimensions, etc. Eben has the same gematria (53) as Gan – garden and Oholibah – “My Tent-Tabernacle in her”!
- Fire, H#784, אֵשׁ, `esh, has a value of 301, the gematria of Menorah – the eternal Flame or Lamp of YHVH!

It seems the original Office of Heylel was that of protecting, defending the Priestly Role of the BRIDE while the Eternal Flame – SEED whom YHVH planted in Her would begin to build the Kingdom of Priests – The House or Living Stones Tent/Tabernacle!

Verse 13 gives specific details of the 9-stones adorning Heylel’s breastplate. For reference, the Choshen of Aaron has 3 conspicuous additional stones not seen here. The 9 listed in Ezek. 28 are: Sardius, topaz, diamond, beryl, onyx, jasper, sapphire, emerald, carbuncle; additionally gold is added. Zahav H#2091, זָהָב, that which shimmers, to be oiled, glisten. Curiously, it has the same value (14) as Chagag; to celebrate the cyclical Festivals, to whirl or dance in circles.

Gold is the setting, I.E. the fixture upon which the stone(s) are contained! Thus, representing the cyclical Festivals which, like the Zodiac or Round Tabernacle, becomes fixture upon which the 12-Stones, 12-Tribes/Months/Signs rest!

Most scholars arrange the breastplate stones in a rectangular fashion in 4-rows of 3-stones similar to the following: with the 3rd row containing the missing stones of Heylel-Lucifer.

<https://agapegeek.com/2010/11/20/the-riddle-and-the-puzzle-in-the-bible-of-the-missing-row-on-satan's-breastplate/>

If, as we contend, the Choshen/Breastplate was Circular in design, the stones' arrangement would have represented the face of a clock: 1,2,3,4 etc. with stones 7,8,9 missing.

The Following is debated, but most Scholars agree
The 3-additional (7,8,9 order) stones of Aaron's Choshen are:

Jacinth – Yahweh's **Name** and authority – the tribe of Gad. Possibly Turquoise Blue similar to Tekelet, the Blue Fringe color.

Agate – the tribe of Asher – to restore **life**, to return to Yahweh to do **Teshuvah**. Possibly Gray.

Amethyst – to join closely, or to have **unity** – the tribe of Issachar. Possibly Purple. *Color Source: Midrash(Bamidbar Rabbah 2:7).*

Let's look at their Hebrew names:

1. Jacinth: Possibly ligure (Ex. 28:19) H#3958, **לשם**. The root is uncertain. However, the Lamed means toward, like, for; while Shin-Mem, Shem is name. It has a gematria of 370 equal to Ayin-Shin – Esh, the name of the Great Bear – Ursa Major constellation containing the Big Dipper and Polaris the Pole Star!

2. Agate: H#7618, שבו, shebuw, it is related to shavah, captive, to take or lead away. It hints at fragmenting, broken in pieces, a flame. The Shin-Bet root means to return.
3. Amethyst, H#306, אהלמה, `achlamah, shares the root with H#2492, חלם, chalam, to bind firmly, restore health, be strong, to dream, hence ‘dream stone’. It’s gematria is 84, like that of Yadah, to know, have intimacy with and damam, to be silent, struck dumb, to be destroyed. Its’ Chet-Lamed root hints at defamation, to profane. Is it possible that this specific stone relates to Issachar’s ability to discern the times in order that Israel would know what to do?

Joel 2:28 says *And it shall come to pass afterward, that I will pour out my spirit upon all flesh; and your sons and your daughters shall prophesy, your **old men** shall **dream dreams**, your young men shall see visions: **Zaqen Chalam***

Chalownm. Zaqen, normally rendered as ‘Old’, actually means bearded, mature, an elder who is Bearded like a lion! Chalam means to bind firmly, in order to restore to health the prophetic!

Is it possible that these 3-additional stones point the wearer towards the restoration of the Name-Shem and its’ prophetic connection to the Redemption of the Remnant? This of course, implies a regeneration of the SEED-LINE, a return to the DNA of EDEN that can only be accomplished by also reorienting the Calendar, thus restoring the Understanding of the Way-Zodiac – revealing TESHUVAH – HOW TO RETURN to intimacy, rather than the fragmented, broken way of the Captive Bride whose womb (MEM) was profaned – chalal!

Why are the Breastplate Stones Important?
The Rocks Cry Out???

- IV. It is an established fact that certain rocks are crystalline in nature producing vibrational energy sometimes referred to as the Piezo Electric Effect. This relates to the electrical dielectric charges in quartz crystals that when stimulated by mechanical pressure or alternating electrical voltages causes the crystal to vibrate. It is readily known in such areas as: Television, radio, mobile phones and medical equipment such as ultra-sound diagnostics and therapies.

The crystals both transmit and receive! Ironically one method for sending or receiving frequencies is to ENGRAVE THE CRYSTAL, much like a phonograph record, C/D’s, DVD’s, etc. Hence, the importance of engraving each breastplate

stone with specific Hebrew letters-musical notes-numbers-electrical current! *See **Jer. 31: 31-33**. The Torah will be written in our hearts! Written, H#3789, **כתב**, kathab, has a gematria of 422, the same as **בֵּישׁ עַם** Am Yashav, the People Return!

Let's examine the 3 stones:

- Amethyst: These facts are proven in treating various forms of hypertension (anxiety, panic) and hypotension (depression, chronic fatigue). Further, Amethyst derives its' color from Manganese deposits. This trace mineral helps in formation of bone, connective tissue, blood clotting, sex hormones, metabolism, thyroid function, blood glucose levels and neutralizes free radicals. Deficiency results in: heart ailments, blood pressure issues, muscular contraction, bone malformation, poor eyesight, hearing loss, memory loss, infertility, osteoporosis, and much more!

Amethysts are said to protect the wearer against “negative” energies, reducing stress, fear and producing SHALOM, tranquility.

- Agate: Though they have some of the same healing properties as amethysts, agates are said to help alleviate bitterness and promote forgiveness, they help eliminate emotional pain, generating a sense of freedom and of being refreshed, renewed.

It is said they bring grounding and stability. Comprised of Silicon Dioxide, a mineral which aids the body in detoxification (Perhaps removing that bitterness mentioned above?) It alkalizes the body neutralizing the acidity that promotes all disease. It heals, restores, hair, nails, teeth, promotes wound healing and regenerates skin, while also reducing plaque accumulation in the arteries and restores the mucosa in the respiratory tract.

- Jacinth: Said to instill wisdom, this stone is a barometer of health, its' luster fading as health deteriorates. Its' color is disputed but, based on the correlation to the Greek description in **Rev. 9** it seems more likely to have been the ancient Carbuncle, a.k.a. ‘anthrax’ due to its' glowing ember - red streak color. It is thought to protect against plague, wounds and injuries and promotes spiritual growth. Curiously, the 200 million army of **Rev. 9:17** are said to wear breastplates of fire, Jacinth and brimstone.

Many Critics will pooh-pooh this information as irrelevant, Pagan or New Age in origin, yet, the same narrow minds employ their use on a daily basis in cell-phone and other electronic devices! Which devices have the proven ability to emit EMF waves in powerful forms, that can alter DNA, kill plants, insects, humans, they are currently being used in war-fare technology.

They can modulate and manipulate weather, mimic the human voice, understand it, and frankly the same technology is being used in the Hadron Collider which many scientific voices believe has already opened the Spiritual Portals around the earth and yet their original source the crystalline stones themselves have no merit in the Believing Community? You make the call!

- V. It is therefore no accident in my opinion, that we see Messiah making a powerful reference to the Crystalline Stones crying out as seen in **Luke 19: 36-40**. Here, the text reveals the triumphant entry of Yahshua into Jerusalem to the clamorous adulation of the disciples and others in attendance, whereupon, the Pharisees solicit Him to silence and rebuke them. Yahshua then makes this statement:

And he answered and said unto them, I tell you that, if these should hold their peace, the stones would immediately cry out.

This was during the Traditional parading of the Lamb for sacrifice for the Nation. The Levites would line either side of the street and wait for the signal of approach in order to break into Praise and Worship at the entrance of the Lamb! Yahshua came in from the opposite direction and stole their thunder! Literally fulfilling the message, we believe inherently *written in the Crystalline DNA of the three MISSING STONES!*

FYI - Anias and Caiaphas led these Levites: Their names are defined respectively as Anias – YHVH has favored, Caiaphas – The Comely Stone! These two bought from the Roman government, the coveted role of the High Priest and were found masquerading jointly as the COMELY STONE WHOM YHVH WOULD FAVOR! THE FOUNDATIONAL STONE OF MESSIAH!

I contend, the restoration of the Breast Plate stones points toward the Revealing of the Lamb, Yahshua - The Word of YHVH – Now deposited into the Remnant Kings and Priests! Those, whose sole mission or purpose when read in **Luke 4:18,19 (Is.61)** seems to follow the same healing pattern in the frequencies of these 3-stones! Before we go further, could “Revealing the Lamb” be akin to having the

DNA of the Creator inseminated into the Womb of the physical, spiritual, mental and perhaps TABERNACLE OF THE BRIDE who has been TOHU V'BOHU FOR 2-Days, 2,000 years! **Hos. 6:2** After two days will he revive us: in the third day he will raise us up, and we shall live in his sight.

The phrase: "After two days" - **יחינו מימים ביום** Yihchenu M'yomiym B'yowm has a gematria of 282 and is seen in **Gen. 1: 10** after the 2nd Day **ולמקוה המים** uwl Miqveh h'mayim: At The gathering together of the Waters! Miqveh, from qavah, means ordering activities around an expected future event! It indicates a line for measuring as in **Ps. 19: 4** the measuring line of the Stellar Luminaries or Zodiacal Heavens!

Mayim – Mem, chaos or :**Womb with the YOD or SEED of YHVH deposited in it**! The waters are no longer Tohu V'bohu in the 3rd day! We are living in it NOW! This is the DAY OF THE LATTER RAIN THE MIQVEH OF LIVING WATERS! It is no accident that Yahshua exited His Wilderness journey on the 10th of Tishri – Yom Kippur – The Day of the Wedding Miqveh! Here are His Promised Vows to His Bride!

The Spirit of the YHVH is upon me, because he hath anointed me to preach the gospel to the poor; he hath sent me to heal the brokenhearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised, to preach the acceptable year – Yovel or Jubilee of the YHVH.

You can see the importance of these 3 missing stones if we add the combined value of their Hebrew names: Leshem, Shebuw, Achlamah = 762. From this we get the value of the phrase: **תשבני**, Teshvehni – You Shall Not Return and **עצמות יוסף**, Etzmoth Yoseph – Bones of Joseph!

It is also the value of: **ולהבדיל בין האור ובין החשך**

Uwlhavdil bein h'owr uvein h'choshek: *And to divide the light from the darkness!* This phrase is seen in **Gen. 1:18** where the stellar luminaries are set in the heavens to divide light from darkness!

This is an intriguing statement! Did you know that it is a repeat of **Gen. 1:4** where Elohiym speaks light into being and segregates it from darkness? With one

difference, from this time forward, it is the stellar luminaries who serve as אֹת – owth, signs, proof, That, Which (He) who is to come – They remind us of Torah, The Word, who from now forward will divide Light From Darkness! Owth has a value of 401, the same as יִשְׁעֵיהוּ, Yeshayahu, Isaiah – YHVH IS SALVATION! It is the Salvation – Redemption Plan of YHVH – Messiah in the FLESH that separates light from darkness!

Erroneously, the focus has been on this division! Can division be good? What actually happened was a New ‘forming’ out of a formless - Tohu creation and a new ‘infilling’ out of an empty - Bohu one! AND ELOHIYM SAW THAT IT WAS GOOD – [H#2895](#), טוֹב, most often rendered ‘good’, it hints at being fertile, ready to receive seed. What was good? THE WORD BECAME FLESH IN A TOHU V’BOHU BODY!

Ironically, Tov’s gematria – 17 – is the same as הוּג, huwg, a circle, a vault specifically a circular horizon. To inscribe or build into a circle! Is it possible that YHVH – Elohiym separated Seed here - from the Womb – Darkness - much like in [Gen. 1:28](#) ‘Male and Female created He them’ only to separate ‘them’ and form and fill them? This puts ‘Divide’ into a different perspective...Let’s look. Is it possible that Heylel – Lucifer did not have the ability to procreate except while the Tohu V’bohu condition existed?

Did Heylel, Adam, Chavah have the ability to speak word into flesh, producing, procreating without the need of a male-female physical body? Can the Missing Breastplate Stones, which reveal restore the EDENIC – DNA also restore that Power? You Make the Call!

Pay attention to these verses: Matt. [12:43-45](#). *When the unclean spirit is gone out of a man, he walketh through dry places, seeking rest, and findeth none. Then he saith, I will return into my house from whence I came out; and when he is come, he findeth it empty, swept, and garnished. Then goeth he, and taketh with himself seven other spirits more wicked than himself, and they enter in and dwell there: and the last state of that man is worse than the first. Even so shall it be also unto this wicked generation.*

The highlighted words from their Gk. Roots indicate: #1. To be at leisure, a vacant office, to possess in the sense of wearing. #2. To draw or drag, as in before the judge. To choose by vote. #3. To set in proper order, adorn, garnish. It is used with

the ornament or arrangement of the Stars. To order government or a constitution. To receive obtain, care for.

Did Adam-Chavah vacate their office, failing to wear the Priestly Breastplate, which assured proper order of the Constitution of YHVH they were entrusted to care for? They were afterward-naked [H#5903](#), עירם, eyrom, naked, to be subtle, crafty, to be made bare. Bare, bereft of what? Eyroms' gematria is 320, the same as *Ebeni Nezer, My Consecrated Stones!*

Further, the Hebrew for Divide is [H#914](#), בדל, badal; meaning to make a distinction, *especially from things previously mixed not necessarily in a bad way!* The gematria is 36, the same as Ohel – Tent – Tabernacle!

36 is also the value of אלה, Eleh, to covenant with, make a sworn oath, a Constitution - a terebinth or long-lived memorial tree, [H#6086](#), עץ, `ets, from `atsah, which can mean to close the eyes, shut the door, and it also hints at knowledge, advice, a plan, a backbone! If we're not careful we'll shut our eyes, closing the door to the backbone of the Cyclical Plan of Redemption typified in the Round Heavens, Round Tabernacle, Round Breastplate!

Curiously, Eleh is also the root of אלהים, Elohiym! Again, this is interesting because Darkness is first seen in [Gen. 1:2](#) 'upon the face of the deep' at the same time that the Ruach Elohiym is upon the face of the waters: Tehowm – deep versus Mayim -waters?

Ironically, Tehowm has the same root as תהו, Tohu – without form – which connects us to days 1-3 of creation where the Waters, Light, Day, Night, Land, Seas, etc. were given 'bodily' FORM – and afterward, they are then filled! Much like [Gen. 2](#) where Adam's body is formed out of Tohu and Ishah's body is filled after being empty – Bohu!

She is Ishah, and is not called Eve – Chavah until [Gen. 3:20](#). Chavah means to explain, interpret, from a root stem indicating a riddle or puzzle and also indicating a vault, circle, the circular horizon a tent! But her body is now Tohu V'bohu again so Adam makes the LAST PROPHETIC EDENIC CREATIVE DECLARATION CALLING HER THE TENT WHO WILL REVEAL THE ANSWER TO THE RIDDLE OF CREATION!

The Stellar Luminaries and the Breastplate Stones, in particular the 3-missing from Heylel's Choshen, seem to add a certain function now missing in the ADAM - like the Ishah – The Woman – Bride – The Help Meet – עזר כנגדו, `Ezer k'negdo.

Ayin indicates a well, womb or repository, while Zayin-Resh means seed. Ezer's root hints at girding, a surrounding. The Kaf prefix speaks of like, as, toward; While neged speaks of that which is in front, in the sight of, before the eyes, indicating a mirror image.

Each illustration points at a form needing to be filled, a BOHU - a womb prepared with Seed, the Host would gird, surround and protect that seed becoming the Mirror Image of the One Whom She Stands Before! The Bet-Hey root forms a personal pronoun indicating 'In Her'. The suffixed Vav means 'mine', his, belonging to HIM! Bohu has a value of 13 – the same as Echad – If we are not Echad with Him we are in a waste and desolate condition! תהו ובהו, The value is 430, the years of Exile!

How fascinating that Ezekiel 23 mentions 2 daughters, 2 women who committed whoredoms in their youth: Samaria-Ephraim-Aholah, H#170, אהלה, 'Her Tent' and Jerusalem-Oholybah, H#172, אהלהיבה, 'My Tent In Her'. Ohel The unused verb אהל ('ahal) appears to have described the formation [out of Tohu] of a deliberate and artificial societal hub for the explicit purpose of exchanging thoughts and forming language and cultural expressions. Derived noun אהל ('ohel) describes a place where minds merge. [A filling what is empty Bohu] Abarim Publications.

HEYLEL AND OHEL BOTH HAVE THE SAME ROOT LETTERS: It seems we've lost the TENT OF HIS MEETING – THE ROUND TABERNACLE OF HIS PRESCENCE IN OUR MIDST REPLACING IT WITH A SHINING COUNTERFEIT, NO LONGER CAPABLE OF SPEAKING HIS WORD INTO FLESH!

Therefore, it is no wonder that the gematria of `Ezer k'negdo is 360! The Woman was separated – Badal – from the ADAM – the Light, she represented the Darkness the Womb, who must be filled by the Zera – Light! Without the Supernatural Miraculous frequencies of the 3-missing stones, whom do we resemble? WHO DO WE PROCREATE AFTER – WHO IS IN OUR TENT - Heylel or Yahshua the TRUE LIGHT!
