

Ezekiel's Wheel within a Wheel
Pt. 2 con't.

Ancient Origins
The Circle Around The Man:

Most theologians agree that the 1st 3-chapters of Genesis are rife with Temple language: This is the Law of First Reference: Since no one questions this as part of the original “pattern” why hasn't the specific form or design construct of the Tabernacle been searched as thoroughly? We will! Look here...

Please take note of **Gen. 2: 8** *And the LORD God planted a garden eastward in Eden; and there he put the man whom he had formed.* The Hebrew word for garden is H#1588, גַּן, gan - taken from ganan meaning to surround, to enclose. The word for eastward is H#6924, קִדְמָה, qadam, to be in front, precede, that which was before! Eden proper literally had the *Garden of Appointed Times as it's central hub!*

If we look back at the word for planted, H#5193, נָטַע nata', to set upright, establish, plant, fix, to strike, it's cognate roots hint at assigning a fixed position, does this sound something like marking a beat or cadence, to a fixed time?

It certainly sounds as if YHVH encircled the Man with time in fixed degrees or increments from the beginning of his original creation! Therefore, Man became a sort of 'Sun/Son Dial' charged with 'dressing and keeping' **לְעַבְדָּהּ וּלְשָׁמְרָהּ** *le'avadah uleshamarah* – to work, labor, serve, to execute, to bring to pass.

The Ayin-Dalet root of Avad, hints at a 'progression of time' - that which he was guarding, observing, watching, preserving, to keep within bounds, marking! Adam was a CLOCK WATCHER! He was charged with keeping up with the progression of time both in the Zodiac above who mark the Holy Convocations and the earthly pattern of time in the Garden!

Why, Because the Manifest Presence of YHVH would show up at those seasons! ***See Gen. 3:8** where Voice Came Walking in the Cool of the Day...the Hebrew word for cool is H#7307, רוּחַ, spirit, wind, breath. However, it also hints at a quarter or point of the compass of heaven! Adam and Chavah – Eve were at the location of the Tree of The Knowledge of Good and Evil, which would have been

situated NORTH in the Garden! From whence is the throne of YHVH! **Ps. 48:2, Is. 14:13.** Thus, Eden would have been a portal between Heaven and Earth – A Ladder ascending and descending perhaps? Where Yahshua would disembark in order to meet Adam and Chavah at His earthly throne! Could Adam and Eve also have traveled upon this “Ladder”?

Gen. 3 reveals the Heavenly Prophetic Pattern!

This scene in Genesis is depicted in the Pattern in the Heavens in the Constellation Decan called Cepheus, in the House of Pisces, located just beneath the North Star – Polaris – at the celestial pole. 1000 years from now, Cepheus will become the True North Star...Cepheus is a compilation of Stars configured as ONE SITTING ON A THRONE RULING OVER THE OTHER 12-HOUSES! His foot is sitting on the Pole star where Drago currently sits **Gen. 3:15.**

Cepheus in Hebrew is Tzemach – The Branch and is paired with Cassiopeia his Queen in Aries. She is depicted as the Captive who is delivered to become the Bride! Yahshua came to do just that in Genesis 3!

By the way, the phrase ‘to dress and keep’ – avad v’shamar are PRIESTLY TERMS! If, according to numerous references, we’re supposedly a Nation or kingdom of priests, then our primary function would concern attending to the God we worship at His set times! It is our DUTY and this requires firsthand knowledge of His schedule! **Ex. 19:6, 1Pet. 2: 5, 9, Rev. 1:6, 5:10**

From Genesis it looks as if Adam was placed in the center of the Circle of Time – After The Pattern of the Heavens – Much like the Sun - in order to do just that - to move in and out of the Cycles of the House(s) while observing the Appointed Times or Convocations! He seems to function like the ‘*hands of a clock*’ - but for what purpose? Remember, Adam is a shadow picture of the first ET – Aleph-Tav!

I propose that a physical body, like ours, bound to the dimensions of time and space that we currently see, originally **would not have limited Adam.** It is my opinion that Adam was able to “time-travel” – i.e. he could enter a portal at a specific time (Holy Convocation – **H#4744**, Miqra) and move without limits.

He was the original Time Traveler! Skeptical? We have Biblical records of those limitations after the Fall being suspended and a man doing just that! Enoch, Moshe, Elijah, Yahshua, Paul and Phillip!

If each of these men “*seemingly broke the laws of physics*” by transcending normal time/space boundaries in order to accomplish the vision given them isn’t it entirely plausible that the Future potential for catastrophic events may require individuals and perhaps even companies of people to be moved out of harm’s way into the sanctuary – Tabernacle of YHVH’s Appointed times in much the same manner?

Isn’t it also possible that a Counterfeit “Serpent-Messiah-Temple” would look to intervene at this same venue to compromise the Plan of YHVH? It happened in Genesis 3!

Matt. 24:22, **Mark 13:20** *And except those days should be shortened, there should no flesh be saved: but for the elect’s sake those days shall be shortened.* Mark says “except the Lord shortened”. This is not speaking of shortening, curtailing, abridging, pruning of the 24-hour day, but rather, the days - cumulative, i.e. the year.

It is my considered opinion that the Circular Tabernacle Pattern, the alignment of the Stars, their incremental association with specific Holy Days all reveal the Plan of the Creator to once again provide for His People a venue [Time and Place] in which to have access to Him for intimacy, Worship, Protection, etc. It is highly probable that the return to a 360-day calendar will be the device that allows for the Outcasts of Israel to be afforded protection at certain times much like what we read in the apocalyptic details of **Rev. 12:14**.

And to the woman were given two wings of a great eagle, that she might fly into the wilderness, into her place, where she is nourished for a time, and times, and half a time, from the face of the serpent.

This is the same woman a few verses earlier appearing clothed with the Sun, the moon under her feet, and having a crown of 12 stars. This is none other than the constellation Virgo-Bethulah! Curiously, this sign occurs quite often during the month of Tishrei and Rosh Hashanah – the Festival of Trumpets! Followed by 10-days of AWE leading to Yom Kippur – the Day of Covering – Hiding – Protecting!

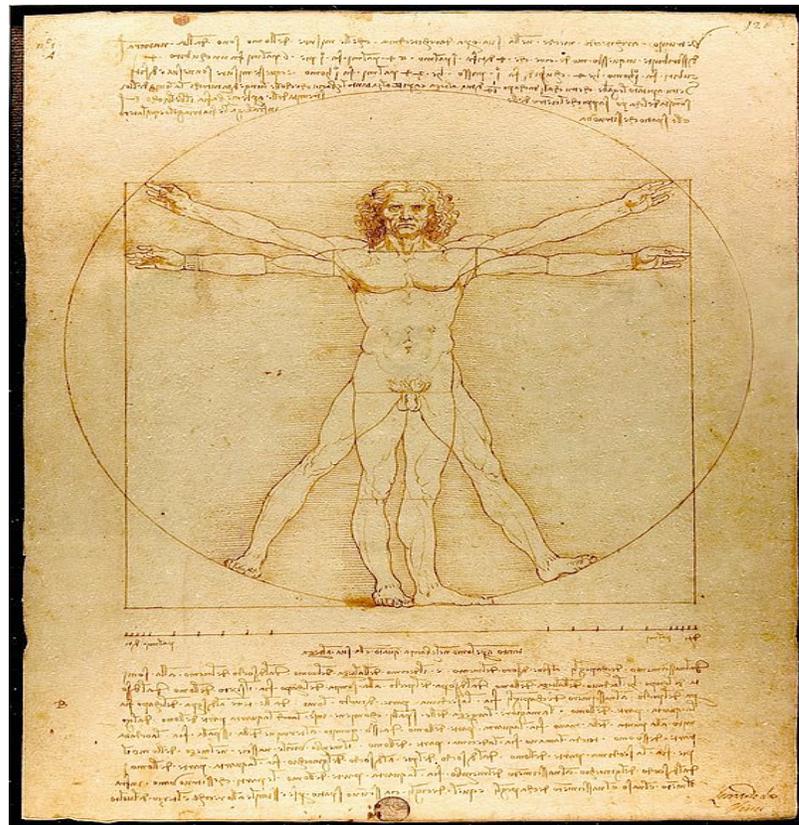

Incidentally, the Half-Torah portion read during this season includes Zechariah’s thermonuclear war description in **Zech. 5:9** where the word translated ‘two women’ could also be rendered TWO FIRES with wings like a stork!

This woman in **Rev. 12** is brought into the Wilderness – B’midbar – the House where the Word is Wombed – where she has a place prepared – the Gk. Word used, hetoimazo, means a Road leveled in advance for her passage! Interestingly,

Zodiac translates also as ‘The Way’, The Road! She will be nurtured, supported, strengthened. This word comes from the Gk. Trope - meaning a turning or revolution of the heavenly bodies - for 1260-days, 42-months! Again revealing a 360-day calendar!

Initiating this original pattern, Adam, like the Sun (Ps. 19) would move into and out of, a new “Zodiacal House” at each 30-day PRIESTLY cycle! Hmmm? The Torah illustrates this picture of The Tabernacle Man laying upon the earth while being circumscribed by the Heavenlies in the person of Adam, Isaac, Jacob, Messiah and the Wilderness Tabernacle. Curiously, many of the learned men of antiquity also considered this “Tabernacle – As a Man Within a Circle”:

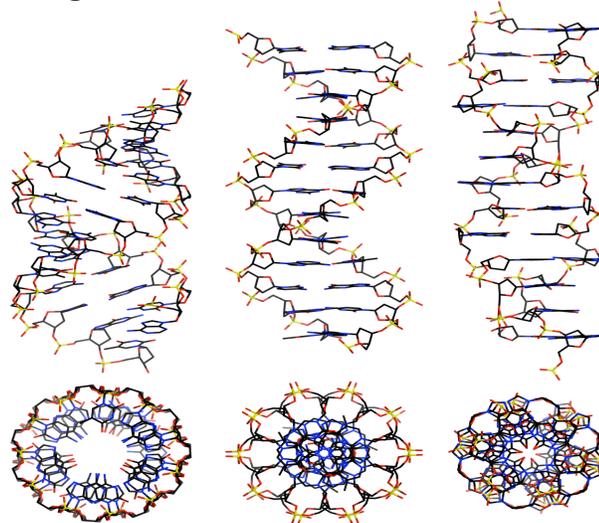

DaVinci's Vitruvian Man:

Leonardo is clearly illustrating Vitruvius De Architectura 3.1.3, which reads: *The navel is naturally placed in the centre of the human body, and, if in a man lying with his face upward, and his hands and feet extended, from his navel as the centre, a circle be described, it will touch his fingers and toes. It is not alone by a circle, that the human body is thus circumscribed, as may be seen by placing it within a square. For measuring from the feet to the crown of the head, and then across the arms fully extended, we find the latter measure equal to the*

former; so that lines at right angles to each other, enclosing the figure, will form a square.

One of the more famous illustrations of the *Man Within The Circle* - is that of Jacob who flees his brother to arrive at the Place – H#4725, **מקום**, this was not an ordinary place, but, THE PLACE – I believe this was the location of Gan Eden! Here he has the dream of the ladder, which was literally a DNA HELIX! *Note their structure from the top view! Wait? Is that a Wheel?

By Mauroesgueroto - Own work, CC BY-SA 4.0,

The Hebrew of **Gen. 28:11's** account tells us Jacob took **מאבני**, m'ebeni – stones of the Mem - womb – the loins of that place and put them for his pillows, H#4763, **מראשות**, merashote: Mem – is womb, to encircle; He encircled his head with the stones: What stones?

The root of merashote is cognate with reshiyt – the Beginning or Head, from the same root as B'reshiyt – In The Beginnings! Was Jacob being shown the blueprint of Eden, the Message in the Heavens that would be confirmed in the earth through his seed? Does DaVinci's illustration look eerily familiar?

To add further confirmation. Upon awakening Jacob travels to the land of the people of the east [The Garden was EASTWARD in Eden] where he encounters 3-flocks of sheep lying by a well with a stone upon it. Jacob opens the well and

waters the sheep of Rachael. This is simply astonishing! Jacob represents Aquarius, Deli, the Water Bearer; The Flocks represent Cancer or Klaria – the Sheepfold and Rachel – Virgo or Bethulah the Virgin!

What we're seeing is Prophetic! Aquarius the Water Bearer symbolizes the Living Water, the Living Seed planted into the Virgin and producing the Flock! This was a prophetic declaration of the Zodiacal Signs confirming the encounter at THE PLACE WHERE JACOB SAW THE DNA OF THE LIVING WATER – WORD which would become his promised Seed!

How ironic that we're now about to enter the "Age of Aquarius", where the Bride will deliver the Sheepfold to the King!

This is quite intriguing, since Jacob not only copied the pattern and slept, shakab, to rest, to lie with sexually, but later set up a memorial pillar, [H#4676](#), מצבה, Matstsebah, Mem = womb, origin, while the root Tzav, indicates HOST – as in host of heavens, further, the two-letter stem Tzade-Bet indicates a vehicle of transportation! COULD JACOB HAVE SEEN THE WHEEL WITHIN THE WHEEL EVEN BEFORE EZEKIEL???

Let's do a bit of etymological detective work here. We know the definition of Jacob, [H#3290](#), יעקב, right? Heel catcher, supplanter, etc? However, a more thorough examination points at the Qof-Bet-Bet qavav, root stem, which hints at being elevated, a mound, an arched vault, an erected tent!

Was he, like Adam, like Messiah intended to be the Man depicted in the Elevated Tent in the Arched Vault of Heaven – The Ohel Mo'ed – The Man in the Tent of Appointed Times – The Man in The Written DNA of the STARS? This Tent of Meeting is circular not rectangular or square! Why is this important?

The Qof-Bet-Bet is revealing! The Rabbis say that Qof depicts a Monkey, as in Monkey see - monkey do. ***The Qof means to imitate, to copy, while the Double bet indicates the 2-houses! Jacob's purpose was/is to expose the Counterfeit that is dividing the 2-Houses of Israel!*** Could this Circular Pattern in the heavenlies, the Circular Tent in the Wilderness, the 360-day calendar, the cyclical restoration

of the Festival Appointments, the Restoration of the CYCLICAL DNA LANGUAGE OF YHVH – HEBREW, ALL be keys hidden until this season in order to expose the counterfeits within this latter day House of Israel?

DID YOU KNOW – I’LL BET YOU DIDN’T!

Let’s take a short aside here: The Government Styles Manuel, which sets standards and procedures for Script – legal and/or otherwise, states that any word, phrase or symbol set apart from the page by Brackets [] parenthesis () *italics* or a square is said to NOT EXIST on that page legally!

What does this say for the Square/rectangular pattern of the 3rd Temple? Does the God of that temple not exist? Call me Conspiratorial if you want, but, Truth will stand scrutiny – the counterfeit requires none!

Let’s Return to the Message of the Pattern in the Circle of Stars.

- IV. **Gen. 1: 14-18**. The luminaries were created to divide day from night and for signs, seasons, days and years, to rule the day and night. I want to call attention to several key words: But, first let me stipulate that the Moon is NOT A LUMINARY – It has no light of it’s own! *Note verse **16**: And God made two great lights; the greater light to rule the day, and the lesser light to rule the night: *he made* the stars also.

The Hebrew word for light is ma’owr, [H#3974](#), מֵאוֹר, and can be singular or plural. Also, the English italicized words ‘*he made*’ are not in the text. The Hebrew literally reads: va’ET-haMa’owr haqatan, lemmeshalote halailah vET hakowkaviym!

The Hebrew word for ‘lesser’ is [H#6996](#), קָטָן, said to originate from the Qof-Vav root, which hints at lesser in size, remember the Qof-Vav root of Jacob, Yaakov? It means to duplicate, copy! The Moon had no light, so the Stellar luminaries would supply the duplicated, copied image in the Tent or Vault of the heavens. That same root indicates a thread for measuring, a circle, zone!

From a practical point of view of the above, if you place a punch in the center of any project, with a thread tied to it and a marker attached to its' end you will describe a circle!

The above phrase can be translated as:

And the lesser light(s) the stars, to rule the night! The sun rules the day, the stars the night! Note the word for rule, H#4475, מְשָׁלָה, which is rendered rule here, though it comes from mashal, to make like, to assimilate, a similitude, also a parable! This is confirmed in **Ps. 19** above! These stars convey a parabolic message in the similitude of the Sun/Son revealing His Covenant Purpose while also revealing the time frame or circular calendar for these Covenant events to occur!

Thus, a massaged calendar, counterfeit Tabernacle design or any such change may affect the Message; those who are able to attend the appointments, as well as, expose both the Genuine and Counterfeit in attendance at those specific dates! Or, perhaps even disguise the event or message until an appropriate time!

This makes the arguments over the Calendar issue frivolous without knowing if the specific one we adhere to is correct! Is it??? Has there ever been a calendar change and if so, perhaps a future one? How would such affect the Believing Community?

At least 4-yearly cycle calendar changes in History with another coming!

- A. Most people get uncomfortable when discussing this possibility, yet both Biblical and ancient historical records detail such changes. Note Daniel's comments: **Dan. 1: 21-22** *He changes the times and appointed moments. He reveals the deep and mysterious things...* **Is. 46:10** *Declaring the end from the beginning and from ancient times the things that are not yet done, saying, My counsel shall stand, and I will do all my pleasure!*

It is my opinion (Though not a casual one) that a Calendar change took place in the interim period between **Gen. 1:1, 2** and **1:14**. It is here that Creation in Perfection previously, is now said to be "Without form and void" (KJV) תהו וְבוהו Tohu v'bohu in Hebrew.

This phrase has a numeric value of 430 - a very familiar number! In this capacity it is related to Nephesh – נִפְשׁ, those that breathe, live. Curiously, when the letter Nun is added as a prefix it indicates, incomplete action: As in 'we', we are, we will, while the Pey-Shin root hints at wickedness and direct rebellion against YHVH!

Further, 430 is associated with the years between the offering of Isaac and the Pesach Lamb delivering Israel from death in Egypt! The very date given for the peculiar change in Israel's calendar... *this shall be the beginning of months...* **Ex. 12:2!**

It is rather amazing to note that this 430-years time frame was a well-known number revealed in **Ex. 12: 41**. How was this possible? **Gen. 15:5** makes it very clear that Abraham was shown the message in the Stars and perhaps even the number of years leading up to that change! Otherwise, how could Abraham have known that the Precession of the Equinox would change from that of Taurus the Bull to that of Aries the Lamb? Pharaoh being translated as “Bull – House” while Aries indicated the Shepherd who is coming?

2nd Calendar change?

Further, 430 is the total sum of the years of exile for both Judah (40) and Israel (390) in **Ezekiel 4:1-6**. They are exiled from the Sabbath – the Calendar of YHVH! Now, remember Yahshua, who is the Lord of the Sabbath, declares that *Sabbath was made for man* (**Mk. 2:27**) and as such, is instituted immediately after creating Adam - an event that seems to indicate that a calendar change is implemented to account for the structure of a 7-day Sabbath!

This is after **Gen. 1:14**, which reveals the Sun, Moon and Stars are created to regulate the **מועדים** - Moedim, which only fits a 360-day, 12 months of 30-days calendar. These Moedim are cyclical appointments. The root stem of moed comes from Yod-Ayin-Dalet, which can indicate to espouse a Wife, it is also the root of Eden, the garden of cyclical, appointed times! Yet, a change seems to take place after Adam's Body is created in **Gen. 1**.

Look at **Gen. 2:1**: **וַיִּכְלֹ הַשָּׁמַיִם וְהָאָרֶץ וְכָל-צְבָאָם:**

V'yikalu hashamyim veh'arets vekal-tsavam – Thus the heavens and the earth were finished, and all the host of them.

The key word to examine is Kaf-Lamed, kal; which can mean all, to finish, complete, but also to hinder, restrain, a cessation, to hold back something, to be prepared or made ready for someone. This is followed immediately in verse two where the Sabbath and the Stellar ‘Hosts’ are introduced as that RESTRAINING FORCE! The Sabbath would help to regulate the calendar from this time forward

in what seems like a 364-day year, 28-day lunar cycle. Thus, this calendar was made ready for the Sabbath!

In addition Enoch confirms to us that the calendar in use at that time was a 364-day Solar year, which would have fit perfectly with a 28-day lunar cycle and a 7-day week! Let's look here a minute....

Enoch: The Genuine and the Counterfeit!

- B. The first time we see the name Enoch is in **Gen. 4:17** in the counterfeit lineage of Cain! The name of his first born son is revealed as H#2585, אֶתְ-חֲנוּךְ, Et-Chanowk. The value of Chanowk is 84, the same as the Hebrew word Yadah – to reveal, to make known, to make oneself known or to reveal oneself as! He is the counterfeit Alef-Tav!

His name means to train, initiate, discipline. To make a formal beginning, install. We know he was to introduce the Anti-Messiah! Interestingly the gematria of ET-Chanowk = 485, is the same as: מִקְדָּשֵׁי אֵל – EL's House or Tabernacle! Could the Mark of Cain and perhaps the Mark of the Beast be connected to a counterfeit Tabernacle, Festival Cycle? You decide!

It is worth noting that Enoch's father Cain, built a city, H#5892, יֵעַר, [an encampment guarded by a watch: A keeping of time, one who watches or calls out the time] in NOD, the place of wandering, on the east-side of Eden, the Garden of appointed times! The Nun-Dalet root hints at rebellion, to incite, harlotry, and uncleanness!

The word for Holy – Kadosh – is only one vowel different from Kadash, a temple prostitute! Wait who's selling the bodies for Temple service, which includes keeping the Holy Appointments?

It is also interesting that Cain was attempting to affect a counterfeit keeping of time on the EAST SIDE of the Circle or TABERNACLE OF EDEN!

Now, the 2nd or righteous Enoch is introduced as the 7th from Adam in **Gen. 5:18**.

His father is named H#3382, יָרֵד, Jared, meaning to go down, to decline in prominence. Will the 364 Solar year of Enoch's day decline or diminish in size?

Thus, the two names Jared – Enoch indicate that something is about to be revealed that will cause another to decline in prominence! Is it the Enochian Calendar? Enoch dies at 365, (4-years before the birth of Noah) living 300 years after the

birth of Methuselah, who lives 9-6-9 years and is 3-6-9- when Noah is born, while the flood begins in Noah's 6-0-0 year! Hinting at a 360-degree, cyclical calendar?

Consider how manageable a calendar if YHVH did indeed institute one with a year of that many days. 360 is divisible by many numbers including those especially helpful (in bold, even today) for calendars and timekeeping: **2, 3, 4, 5, 6, 8, 9, 10, 12, 15, 18, 20, 24, 30, 36, 40, 45, 60, 72, 90, 120, and 180.**

A year of 360 days is reasonably divisible even by the 2 equinoxes, 2 solstices, four seasons, 12 months, etc., 24 hours in a day, 24 time zones of 15 nominal degrees each, 60 minutes in an hour, and 60 seconds in a minute.

Did Enoch pass the info regarding a calendar change to Methuselah who passed it to Noah?

How interesting to look at Noah's grandfather's name: Methuselah, [H#4968](#), **מתושלה**, a compound word from Mem-Tav, from a root meaning 'when', how long, an extension or space of time, and Shin-Lamed-Chet, shalach: to send, shoot forth, give over, to inform by messenger. One who deals with skins, flesh, i.e. tent coverings? Would another change take place at his demise?

- C. Interestingly, the root shalach is seen in the Hebrew word for Table found in the Tabernacle Holy place; Table – Shulchan, **שֻׁלְחָן**, the Table of shewbread.

This table would most likely have been round itself as it held the lechem hapaniym, a.k.a. The Bread of Faces – it is a known fact these loaves were baked in a Circular Design with each loaf possibly sitting at 12-1-2-3, positions around the table, in order to form a timepiece or clock face! 12-loaves representing the 12-tribes in their position around the throne or celestial body! Like the Zodiac Signs!

There is one more Tabernacle article that I believe to have represented the ROUND – CELESTIAL Tabernacle in the heavens and that is the MENORAH with its 7-branches representing the 7-visible planets and 7-primary colors of the Rainbow as seen in Noah's day! If we number the knobs, flower and bowl on each branch the resulting 12-3-6-9 clock face is visible!

source: <https://owlcation.com/humanities/The-Word-of-God-Illustrated-in-the-Menorah>

Enoch instructs Noah regarding a 360-day year.

- V. As we continue, from what we've seen above, Noah seems to have been well informed regarding celestial events, calendars, timekeeping, etc. The flood, H#3999, **מבול**, seems the catalyst for the return to a 360-day calendar here in **Gen. 6:17**.

I found it fascinating that the gematria for Mabbuwl (78) is the same as the Hebrew word, H#1552, **גלילה**, gliylah, the name of the Circular boundary or district around Ezekiel's temple! Gliylah, contains the root galiyl, to roll away, a circle, it is also the physical root of the place where Yahshua began His ministry - Galilee!

Mabbuwl also contains the root Mem-Vav-Lamed, muwl, to cut off, circumcise! This is consistent with the 364-day year being circumcised by 4-days! $4 \times 24 = 96$. 9 & 6 represent the living numbers [3-6-9] and the west-east orientation of the cardinal compass!

This idea of a change to a 360-day calendar seems substantiated by Noah's use of the 'Numbered' months in **Gen. 7:11** (2nd) **Gen. 8:4** (7th) and **Gen. 8:5** (10th). And in **Gen. 7:24** where the waters prevailed upon the earth a hundred and fifty days (5 months from the 2nd to the 7th month) of 30-days! Now, here is where it gets interesting! Remember it is in **Ex. 12** where YHVH changes the order of the months, the 1st month becoming Nissan, the 7th being Tishrei. However, here it's the opposite!

Gen. 8:4 speaks of the Ark resting on Mt. Ararat on the 7th month, which would have been Nissan (1st month in **Ex. 12**) and the 17th day, corresponding to the Festival of First fruits occurring 3-days, the 17th, after the Crucifixion of Messiah on the 14th of Nissan! Incidentally, Ararat is translated as: The Curse reversed!

Gen. 8:5 tells us the Ark rested until the 10th month (3rd month in **Ex. 12**) on the first day when the tops of the mountains were visible. The Hebrew word here for Top, is **H#7218**, **שָׂרָא**, rendered top or head and is also translated "Dog-Star" in **Job 38:13,15** another name for Sirius, which would have been oriented against the mountain top as a reference point for Astronomical observation! Sirius being the brightest star in the heavens and the only star with a fixed 365.25-day calendar for a reference of the recently renewed 360-day!

If not convinced yet, Noah is given a specific sign of this 'renewed' Covenant Calendar of 360-days in **Gen. 8:22** where he is told: *While the earth remaineth, seedtime and harvest, and cold and heat, and summer and winter, and day and night shall not cease.*

This speaks to the 2 cardinal equinoxes of spring and fall and the 2 solstices (Summer-Winter) as well as, the regulation of the day's length! How so?

The four corners of the Earth are connected to the directions north, south, east and west, as well as the fixed signs of the Zodiac associated with these directions, which are Scorpio, Taurus, Leo and Aquarius. These "Signs" are also depicted as the "Faces" of the four Seraphim before God's Throne, these four fixed Zodiac signs representing all of God's heavenly Creation.

Additionally, these four corners are tied to the four elements: earth (Taurus), air (Aquarius), water (Scorpio) and fire (Leo); the four seasons (circa 4000 BC): spring (Taurus), summer (Leo), autumn (Scorpio), and winter (Aquarius); the four phases of the moon (full, waxing, waning, and new), the four divisions of the day

(dusk, midnight, dawn, and noon), and to reiterate, the four major phases of the Sun found at the two equinoxes and solstices every year!

If we understand the heavens then as a Circle, these '4 angles' represent 90 degrees each of a 360-degree circumference. Again, you see the '3-6-9'.

This is extremely convincing given that **Ex. 12** tells us YHVH changed the order, if not the calculation of Israel's calendar! For what purpose? It was necessary in order to enable CONSTRUCTION OF THE CIRCULAR OR DOME TABERNACLE! How so?

Stay Tuned For Part 3!

Shabbat Shalom!
