

Restoration of the Calendar. Pt.29
The Author Of The 364-Day Calendar.

We've built momentum for weeks now, extracting data embedded within the Hebrew text that wholeheartedly confirms the Creation Covenant Calendar – The ONLY TIMELINE – whose 360-day chronology fits every event, date, and Holy Convocation that we've found. Those dates/events follow the precedent set in **Genesis 1** forward while corresponding to the minute details given in such prophetic works as Daniel, Ezekiel, Revelation, and the Gospel accounts; all of which, are shown following the same prophetic patterns found in the Luminaries and their heavenly message.

Moreover, from a purely New Testament perspective, these dates without doubt, confirm information surrounding not only the timing of both John The Baptist and Yahshua's birth, but the circumstances also recorded of Yahshua at age 12, His subsequent 40-days in the wilderness, the chronology of His execution week, His ascension, and much more! With that said, few bother to attempt accessing the truth and instead embrace the error of tradition. It's simply too hard for most. Be that as it may, by way of example, let me share a glimpse of that difficulty!

The latter details of His Crucifixion week are convoluted without question. Especially, when one is not aware that at a minimum; 4-distinct Calendars were being observed – three of which - are still used by Counterfeitors today in an attempt to prove their respective calendar positions.

Those are: #1 the Roman Calendar - differing 6-hours from the Dawn-Day Creation Calendar, #2 the Lunar/Solar - Evening to evening calendar of the Jews - deviating 12-full hours and finally, #3 the Creation Calendar of 360-days – with its' Dawn-Day Start. This is without doubt THE CALENDAR specifically, adhered to by Messiah! Add to those the latest – #4 the Zadok/Enoch perspective regarding a 364-day calendar and once again, you have the makings of a Calendar War! Frankly, it is my opinion that the Enochian Calendar was also being used at that time.

So, how do we uncover the Author - that culprit - hidden among those false timetables who is responsible for their existence?

The Author's Identity.

Previously, we've covered the details of Lucifers' quest to subvert the Plan of Elohiym regarding the Eternal Message written in the heavens. Details regarding his rebellion are found here in Is. 14:13.

For you have said in your heart, I will ascend into heaven, I will exalt my throne above the stars of Elohiym: I will sit upon the mount of the congregation, in the sides of the north.

If you look closely, it is plainly evident that Verse 13's declaration is a direct response to what was written in **verse 12** where **verse 12** is the consequence of those declarations: *How art thou fallen from heaven, O Lucifer, son of the morning! How art thou cut down to the ground, which didst weaken the nations!*

As a result of his fall, we find: ... “*thou art cut down*” (*To the ground*). Please note that phrase inside the quotation marks from the Hebrew text. It is written:

נִגְדָּת, Nig-da-tah. The sentence structure tells us future tense; ‘*you will be cut down*’. However, these combined letters give us a peculiar message hidden amongst the normal syntax. The secreted message reveals two powerful root stems: Neged and Ayat - **נִגְדָּת** and **עֲתָה**.

The Nun-Gimmel-Dalet of root of Neged should be familiar, being first seen in **Gen. 2:18** inserted within the phrase ‘*help meet*’ - *Ezer K’neggdo*. Could Lucifer have held the role of ‘*help meet*’ to Elohiym at one point? Don’t go off on me yet!

This root indicates pre-eminence, to show oneself before others, to be manifest. The second root ‘Ayin-Tav’ gives us the idea of adapting to the time, to do at the proper time. It can denote the time of vengeance or punishment. This indicates that his (*Lucifers*) intent was to manifest himself at the Set Times that he would later counterfeit!

In addition, the Dalet-Ayin-Tav root – Da`at – is also found inside and first seen in **Gen. 2:9, 17** where Adam is admonished to not eat of the Tree of the Knowledge, **H#1847, עֲתָה**, **תְּדַבֵּר**, Da`at. This word has puzzled scholars for generations. Thus, why use it here?

For one, it carries the most powerful evidence of intimacy. The same intimacy that is frequently highlighted in the UNION between Husband and Wife – again, the Ezer K’neggdo – help meet. However, we see now, it was first used here to describe the

relationship available between Elohiym and His original Created Beings – both physically & spiritually – and in particular, for our study – Lucifer himself! Thus, the seriousness of this definition hints at his (*Their*) crime being Adultery, again, whether spiritual or physical. This act amounts to a SPIRITUAL TREASON! In other words: A PROFANANTION OF HOLINESS! With that in mind, let's take a short road trip here: A simple FYI to help you understand Lucifers' judgment...

Lucifer and The Priesthood:

From our studies, it is clearly, Scripturally demonstrated, that Lucifer held a unique office. Evidence suggests, as the representative of Elohiym he must have functioned in some sort of priestly role. Taking this into account...

Please consider the following three verses:

Lev. 21:9 *where the daughter of the priest who profanes herself by whoredom or adultery is to be burned with fire.*

Next, look at **Matt. 25:41** *Then shall He say also unto them on the left hand, “Depart from Me, you cursed, into everlasting fire prepared for the devil and his angels.”*

Rev. 20:10 *And the devil who had deceived them was cast into the lake of fire and brimstone, where the beast and the false prophet are; and they shall be tormented day and night for ever and ever.*

This confirms the serious judgment regarding the offense of Lucifer, meriting his being cast down to the ground. I found it interesting, that ADAM AND CHAVAH were also guilty of this same offense, yet the atoning work of Yahshua provided for His taking their penalty as the Adulterous PRIESTLY Bride upon Himself. Hence, **Matt. 26:39** where Yahshua speaks regarding the Cup that is set before Him to drink. This cup finds its' origin in **Numbers 5** and the Bitter Waters of Jealousy test given to the adulterous bride! Back to our word Da'at...

As we look further, if we break the Root stem of Da'at apart: Dalet is the door, it represents the Threshold, the Place of the Altar, the eternal Portal allowing access – Travel - the Back and Forth, in and out opportunity given Creation at the Set Times! Let me add here that every SET TIME originally involved the placement of an ALTAR! Tread lightly for the next few minutes!

We can't think of altars today without thinking of something being sacrificed upon it. However, this wasn't always the case! So, exactly what purpose did the Altar originally serve?

The Ancient intent of the Altar BEFORE THE FALL was one of a TABLE where Husband and Bride demonstrated their Union! The joining of two families! Hence, from the Fall, the Bride was unclean and could never sit at that table again without someone/something dying in her stead! The two families were forever estranged from one another! Until, the coming of Messiah! Consequently, there's no more need for a Blood sacrifice to renew the FAMILY UNION! That Altar of DEATH is now the Table or Altar of Life – the Throne of the KING'S FAMILY! As we continue to look at Da'at...

The Hebrew letter Ayin, pictures the EYE, the womb or gateway to the Body, represented by the Holy of Holiest where the Altar -Table – Throne resides, and is accentuated by the Dalets' back and forth movement. Thus, examining, experiencing, having full understanding, intimate awareness.

Before moving on, look at the gematria of Nig-da-tah – נִגְדָּתָה: It is 527, the same as H#300, **אַחֲרִישָׁהָר**, Akh-ee-shakh'-ar, *My Brother of the Dawn!* Which is exactly what Lucifer is called in Is. 14:12 *Helel Ben-Shakar!*

STOP!

I want you to allow yourself to delve deeper into the intimate situation this word creates. DAWN! It signifies firstfruit, a birthing, a being born again, intimacy! Lucifer rejects this encounter! This title infers the DAWN as a THE PLACE where intimacy – relationship is renewed between Husband and Bride! A constant reminder of renewal!

Let me also remind you that, as a result of his actions he, Lucifer, is described as '*fallen from heaven*'. Here, we've established the heavens as housing the Luminaries and as such, clearly demonstrating the Redemption Plan of Elohiym. Lucifer is now said to be '*fallen*' from there. Fallen, as in being forcibly removed.

- Fallen, H#5307, נִפְלָא, Naphal, most of the time it is used to indicate the condition of falling, to lie down, sink, to decay, be cast forth, to be lost in reckoning, to desert, to be an enemy, to fall upon another violently. This is

why the offspring of the Sons of The Fallen Angels and daughters of Men are called '*Nephylim – Fallen Ones*'.

Lastly, I want to call your attention to Naphal as a Noun. ***Ps. 58:8** *As a snail which melteth, let every one of them pass away: Like the untimely birth of a woman, that they may not see the sun.*

This verse in context refers to the wicked. Note how Naphal is related to the Untimely birth or ABORTION of the seed - though it is here rendered with a slightly different vowel sound: Nephel.

Putting all the above definitions together we can conclude that Lucifer once held a very intimate position among the '*Stars of Heaven*'. He is even likened unto the DAWNING OF THE DAY. Epitomizing the Birthing of Creation! Lucifer, Son of the Dawning! He literally was the Poster Child of the Dawn! However, he engages in treasonous actions, thus, effectively, he is INTENTIONALLY (*By Elohiym*) aborted from his place in the heavens along with those hosts that fell with him! Now, consider what follows...

As we look deeper, the above phrase: **נִגְדָּעַת**, Nig-da-tah rendered '*To the ground*' as we've shown, carries the same root as the phrase Ezer K'neggdo – '*Help Meet*' - Ironically, that phrase has a gematria of 360 – hinting that the UNION between Adam and Ishah, was solely established to not only regulate the SET TIMES – but, those same SET TIMES were imposed to regulate the gestational cycle – optimum ovulation - of the Bride and the Seed! Therefore, as surely as he was '*cut down to the ground*', his, Lucifer's own seed would forever be cut off from the Creation Covenant Calendar and the eternal cycle of life that it governs!

Now! On that basis - you now know why Lucifer immediately sought to inject his seed into creation! You can literally see this in **Genesis 3 & 6** and numerous other places where the FALLEN ONES are depicted! Considering that fact, we must conclude; the intent of Creation and Reproduction was for the express purpose of reproducing - duplicating exactly after one's kind! (**Gen. 1:11**) This Law of Genesis insured an incorruptible lineage! Here, let me take you a bit further...

For our study, there's another word with the 360 value, whose root you'll again, be familiar with, it is H#8145, **שָׁנֵי**, Shay-nee, rendered – 2nd - where its' use intends: To do again, reiterate, renew, to repeat over and over to confirm that purpose. This is why you have the luminaries set into the heavens to regulate the SIGNS,

SEASONS, DAYS AND YEARS – H#8141, **שָׁנָה**, Shaneh. The Set Times assigned to Signs and Seasons and Years must always follow the same pattern or gestational cycle, produce the same lineage - else a counterfeit is now introduced! This is important to consider as each of the Days of Creation are given numeric assignment.

*Note:

Naming-Numbering The Days Of Creation:
Names are prophetic.

- First, H#8345, Day, **יְהֹוָה**, this word comes from the root Yachad, to unite, make one, united together, in Union. The word picture painted here is of the Yod – the Seed – walled or fenced off, Chet - from Creation – but a door, Dalet is placed in that wall to allow the UNION! The gematria of 22 lends itself to the 22 letters of the Aleph-Bet and Creation!
- We have Day 2 Shay-nee above. To renew, do again, in order to confirm a purpose.
- Third, H#7992, Day, **שְׁלִישִׁי**, Shleshi, from shlosh, indicating the 3rd in a continuation. Parkhurst (P.534) hints that the original intent of Shlosh was in keeping with the numbering of the other days wherein a specific act was set into motion on those days. Therefore, Shlosh seems to infer to rule, directions because on the 3rd day the heavens began to dispose or rule accordingly.
- Fourth, H#7243, Day, **רַבִּיעִי**, Revi'i, translated as 'fourth' here, but from the root Rabah, H#7250 indicating to lie down with, to lie flat, to have intimate relations with. To gender.
- Fifth, H#2549, Day, **חַמִּישִׁי**, Chamisi, translated as 'five', however, this word hints at to array or set in order, to marshal in battle array. To set in order or prepare for multitudes or hosts.
- Sixth, H#8345, Day, **שְׁשִׁי**, Shish-shee, sixth. The Shin-Shin root give us 'to be brisk, active, full of a prideful joy'. It also is the root of the Hebrew word for linen, the priestly garment. This seems to prophecy that in the 6th day the Priestly Sons will once again be garmented in preparation for the Sabbath Millennium!
- Seventh, H#7637, Day, **שְׁבִיעִי**, Sheb-ee-ee, seventh. The root implies to swear, to take an oath.

It is worth noting that the value of the integers: $1+2+3+4+5+6+7=28$. The value of the Hebrew phrase: H'Chayah – The Living. It is also the number of the total letters in **Genesis 1:1**. 7-words, 28 letters. As we've shown before, the mystery of PI – 3.14

is embedded in this verse! Thus, the '*numbering system*' was prophesying of Creations' intent!

As we look further at the Hebraic definitions where the Name of the Day is installed, we remember that Names becomes PROPHECY SET INTO MOTION! Therefore, each day conveys a message within the overall prophecy of the whole Creation Message. What then, is said? From our definitions of the Names/Numbers of the Days...

We can see that Elohiym intended to provide a doorway into Creation where He could become ONE – **Echad** - with His Bride! Thus, confirming His eternal plan and purpose that would be renewed – **Sheneh** - daily, weekly, yearly. This pattern would confirm those eternal, heavenly directives and would begin to set in order – **Shloshi** - that plan, demonstrating His intentions to be intimate – **Revi'i** - with His Bride in order to produce SEED after HIS KIND! He prepared for multitudes – **Chamisi** - of Sons with brisk, active, and prideful Joy – **Shish-shee** - preparing them for a Melchizedek – King - Priestly Rule. Finally, upon completion, He SEVENS HIMSELF – **Sheb-ee-ee** - pledging Himself completely - even to the giving of His Life for those Sons!

Thus, from the institution of the 24-hour daily Sheneh, to the Weekly 7 days Sheneh, the Yearly Sheneh, and ultimately, the Millennial Sheneh Week, we see a consistent pattern who's renewal serves as a constant reminder of His Redemption Plan for those SONS OF ELOHIYM that is wholly encapsulated in the Creation Covenant Calendar!

The Calendar And The Priesthood.

From these Hebrew Word studies, it should not be hard to grasp that the Calendar regulates the Divine Appointments: I.E. those intimate Marital encounters where Elohiym would choose to manifest Himself with His Bride. Moreover, those appointments were placed under the administration of that same Bride whose highest calling was/is to oversee their proper calculation and their compulsory attendance – in order to remain in that custodial office!

The Law of First Reference: Eden, The Garden of Appointed Times.

Again, from our previous teachings, we've concluded that the Garden of Eden was an extremely unique place. Without doubt, it served as the original pattern of the

Tabernacle's Holy of Holies – the Inner Sanctuary – upon the Earth where Elohiym would manifest Himself at those set times. *Note...

- Gan, H#1588, גָן, the definition tells us that Gan indicates an enclosure, a private, fenced-off place within Eden proper. It carries the idea of itself being a shield, an instrument of protection, a covering place, the borders of which were to be maintained by Adam! Moreover, this place would reflect the message written in the Stellar Luminaries – The Heavens.

Figuratively and practically then, Gan's purpose was solely for the bride. As such, does this also infer that the Purpose of GAN EDEN - in its' role as the Maqom or Place of Divine Appointment, – Divine Appearance – literally became a means of protection, insuring that the Creation Calendar would serve as a covering, a safe house if you will, for the BRIDE? Look at this familiar verse. See if, with what we've learned, that it now seems even more powerful!

Proverbs 18:10

The Name of YHVH is a strong tower: The righteous runneth into it, and is safe.

- Name, H#8034, שֵׁם, Shem, a Prophetic Declaration representing a Person, place, or thing. It is also the singular form of Heavens – Shamayim –as such, it indicates placement, the setting upon or to something. Adam was Placed in Gan Eden to administer, the NAME – synonymous with, THE HEAVENS.
- Tower, H#4026, מִגְדָּל, Migdal, a tower, pulpit, a RAISED BED! The root, Gadol, hints at a twisting together in Union!

This verse adds emphasis to the whole mindset being cultivated by the Creation Account where Adam is given an opportunity to be twisted into or united into the DNA of Elohiym at every Divine Appointment!

Back to Gan Eden...

- Eden, H#5731, אֶדֶן, though translated as 'delight', the root tells us that this delight was cultivated, or accessed, by means of the root – Ayin - Dalet – which conveys time - whether past or future as well as, a witness. The suffixed Nun transfers the idea of a seed planted, while representing both faithfulness and the reward of faithfulness! If I put these two definitions Gan and Eden together, I have...

GAN - GARDEN

A fenced-off, fortified place for the Bride, where she is protected and prepared for the administration of and the personal, intimate benefit package contained in the Creation Covenant Calendar of intimate times. Her faithfulness in attending will result in the reward of receiving the SEED of ELOHIYM that she would become witness of. She is delighted to run to this Exalted Bed of Intimacy, where she will be twisted together – MADE ONE – with her husband! This is her SAFE PLACE!

Doesn't there seem a consistent thread or theme to these Creation Chapters?

In confirmation, the first mention of this word Tower is first seen in Gen. 11:4 where Nimrod builds a Tower, Migdal – in order to worship those same stars – who individually and collectively were declaring the Name - emblazoned upon the heavens! In his (*Nimrods*) case however, it was in his role as servant to Lucifer the Counterfeit. Here, Nimrod is found following the pattern of the Serpent/Nachash a.k.a. Lucifer who originally sought to usurp the role of King and Priest upon the earth rather than Adam who was created to function in the stead of YHVH!

Interesting Side Note:

When we look at the gematria of Nimrod, H#5248, נִמְרָד, it is 294, which, is ironically, the same as Melchizedek! Was Nimrod attempting to circumvent the Appointed Times and insert himself into the Priestly Role of their Administrator? Remember, it was within this Creational Office that Adam functioned in his role as 'TimeKeeper' in Eden! Yet, he (*Adam*) is also...

Adam, The Tiller Of The Ground...

We find Gen. 2:5,8 telling us that Adam's responsibility was to till the ground.

- Till, H#5647, עֲבָד, Abad, to work, serve, to keep or observe religious acts of worship. The word itself carries the idea of Priestly service.
- Ground, H#127, הָאָדָם, when first seen it is called 'The Ground' – **הָאָדָם** – H'Adamah. The value of the phrase is 55. Curiously, this is the same value as **בְּגַן** – B'gan - The Garden, as well as Halak – to walk together and be conversant and interestingly - Kallah – to finish, complete, a Hebrew euphemism for Bride! (Remember: Yahshua remarks: *It is finished* – Kallah).

Once again, the connections are far too visible to deny the Purpose of the Gan Eden, much less, the role of Adam who would till the ground – H’Adamah – of the garden – H’gan! All, while preparing to Walk – halak - in Union with YHVH as the Bride – Kallah, the Finished One! The GENUINE...NOW WE HAVE...

The COUNTERFEITER:

Hopefully, you’ve seen, thus far: That Lucifer is without doubt, the preeminent Counterfeiter. He attempts to circumvent the Creation Covenant Calendar and its pattern of intimacy where Sons of Elohiym were/are to be produced. Therefore, he also produces counterfeit SONS, who themselves will engage IN Luciferian Chicanery throughout the ages that they may continue to propagate their lineage!

We see this in Nimrod. But, was he the first ‘*man*’ to do so? *Note: From our previous teachings we’ve examined Cain and his beginning in **Genesis 4:1** *And Adam knew Chayah his wife; and she conceived, and bare Cain, and said, I have gotten a man from YHVH.*

I want to call your attention to the last phrase: ...*gotten a man from YHVH.*

- Gotten, H#7068, תַּנַּח, Qanah, to acquire, create,
- From, H#854, תַּנַּח, Et. Alef – Tav? Now, you’ve seen a derivative of this word countless times. However, it is my opinion that this is in keeping with the mystique of the Counterfeiter here. Because this is not the same word first seen in **Genesis 1:1** Where we have the sentence structure give us: The Alef-Tav direct object.

In fact, here in **Genesis 4:1** this is the first time this usage of #854 is seen and though styled the same, it is actually, a contracted form of H#579 תַּנְחַ, and indicates to encounter or approach in order to seek occasion to quarrel. **It conveys the idea of lamenting or mourning the effects of that quarrel!** I believe this to have been an intentional MISTRANSLATION of the ALEF-TAV! So, what does this portend?

We know the outcome; Cain is the first born of the Nachash – Serpent Seed comingled with the woman. He kills his brother over an argument regarding Pesach! Scholars agree that the phrase in **Genesis 4:3** ‘*And in the process of time it came to pass*’ is associated with the timing of Festivals. I found it interesting, though I can’t

prove it, that Cain appeared first: Is it possible that this was the first rehearsal of the Execution of Messiah Yahshua, where Cain appears at a time determined by the MOON'S SLIVER – a 12 hour offset from Abel's Dawn Day Calendar? It is a fact, that Lucifer used the phases of the moon to circumvent the Creation Covenant – Dawn Day – Calendar! We are told that YHVH had *respect* unto Abel's offering.

- Respect, H#8159, שָׁעַת, Sha'a, translated here as regard, to behold, however Parkhurst (P. 543) hints that the word actually meant to set fire upon! Fire literally consumes the offering of Abel? Moreover...

Cain is told: If you doest well, shall you not be accepted?... *doest well...* is written in Hebrew H#3190, יָתָב, yatav, the root of which is Tov! To properly understand what Tov means we need to see where it is first used: Gen. 3-5 where LIGHT is separated from darkness and called both TOV and YOM – Good and Day! If you understand the original intent of Tov, it was a noun applied ONLY when the object it was assigned to was functioning in its' original intended creation!

Could YHVH have been schooling Cain regarding the DAY's beginning at Dawn and the festival calendar?

Cain Kills Abel...

Here, I want us to move slowly and carefully. Look at the text that declares: *And she again bare...* The phrase; '*and she again*' is from the word H#3254, יָסַף, Yasaph, to add, increase – to do again. The two-letter root here is the Samech-Pey root that transfers the idea of a concave or hollow place, a basin or place to '*catch blood*' at the THRESHOLD! However, this is also the same as the name given JOSEPH! Now, in the Hebrew this Samech-Pey root doesn't occur as a verb, though all Hebrew words do express action. Therefore, it hints at '*to sap, to undermine, something that rots, withers, decays.*'

If you listened to Shepherd John's teaching then you know that Abel, H#1893, הַבֵּל, carries the idea of '*to exhale, evaporate to pass away like a shadow*' (James 4:14 *that appears and vanishes*). Could this have alluded to Abel's having marked the Shadow prior to observing Pesach? Would Chavah have named him Hevel – hinting at the fact that her tete-a-tete with the Nachash, undermined the Creation Covenant Calendar and – the intimacy with the Voice who walked at the Cool – Dawn of the Day? Watch what follows...Brace yourself...

Abel The Firstborn of Adam!

I may lose some of you here, but it is my opinion that Abel was the son of Adam, while Cain that of the Nachash. *[Heteropaternal superfecundation a scientific term for twins in the womb from two separate fathers]*

Hence, the lament of Eve that she has initiated a quarrel with YHVH by bearing Cain. She is no dummy – like Adam – she has an intellect far superior to anything we can fathom. Thus, they would have known the prophetic implications of her childbearing - with respect to **Genesis 3:15-20**! She knows that One from her womb is to be a Melchizedek – Messiah who will restore the Kingdom and the Creation Covenant Calendar that administers it – while simultaneously set into war with the Seed of the Serpent!

On that premise...

The Hebrew text reveals: Abel is to be the - **נָסָפֵה** – YASAPH – JOSEPH - ONE WHOSE BLOOD IS SHED UPON THE THRESHOLD! He epitomizes the Eternal Life that had once been theirs and now, he will exhale – Hevel - the remnant of that LIFE! Neither he, nor his parents would ever inhale that life again while in a fleshly body! That's her thoughts.

Cain, on the other hand also knows the prophecy! Like Josephs' brothers, he is no doubt angered and frustrated at Abel for '*flaunting the Priesthood*' in front of him! I am convinced that Abel is killed, with Cain daring him to resurrect from the dead in order to fulfill the Messianic prophecy! Much, like Joseph and later Yahshua! Now, you know why Abel's blood cries from the ground and Yahshua's blood speaks of better things than that of Abel's!

The Counterfeit Legacy Continues...

After Abel is murdered, Cain is exiled into the land of Nod, H#5113, **נָדָد**, Nod, translated in the KJV as 'wandering', a vagrant. The original root hints at shaking the head, to nod at in contempt, the wagging motion of babbling lips. A removal on account of legal uncleanness, the reward given to an adulteress! Cain seems to launch a historically recorded effort – in his niddah, adulterous, state – to malign, or slander contemptuously the Creation Covenant Calendar associated with the Messianic Seedline that he thinks he has eradicated. How and why would I say this?

Cain's Firstborn...

If you spend a minute dissecting the family tree of Adam shown you in [Genesis 5:1](#) you'll note: Cain is NOT MENTIONED! Moreover, backing up to [Genesis 4](#) we see an interesting counterfeiting effort that seems to follow the Redemption Plan and the Creation Covenant Calendar attached to it!

Cain's Lineage

Enoch
Irad
Mehujael
Methusael
Lamech

Adam's Lineage

Enos
Cainan
Mahalaleel
Jared
Enoch
Methuselah
Noah

For the sake of time, we can't look too deep at the prophecy inherent in these two distinct columns. But it has to do with the specific timing of the Flood in Noah's day. From our standpoint, no other calendar except the Creation Calendar of 360-days, can fit the dates given in Genesis – in particular – those cited regarding the flood. If the flood account fits then I submit, all dates prior – including '*born day information*' would have to do the same. However, as with all counterfeit systems, there seems to be an entirely different way of calculating that time, as the names in [Chapter 4](#) (*Cain's lineage*) suggest! *Note the following...

A compilation of [Chapter 5](#) names gives us:

Man (*Adam*) Appointed (*Seth*) Mortal (*Enosh*) Sorrow (*Kenan*); The Blessed God (*Mahalalel*) Shall Come Down (*Jared*) Teaching (*Enoch*), His Death Shall Bring (*Methuselah*) The Despairing (*Lamech*) Rest (*Noah*)". Man is given mortal sorrow. The Blessed YHVH shall come down, discipling. His death shall bring the despairing, comfort – rest.

Chapter 4: Enoch (*Teaching*) Irad – the KJV has it; '*fleet*', or wild ass, but it's from a root meaning to isolate, keep apart, segregate. Mehujael – (*Smitten by Elohiym*) from a root meaning to wipe out, blot out or exterminate. Methusael – (*Who is of Elohiym*) The Mem-Tav root is said to indicate a man, but is also the root of the word for Death – muwt. Lamech – (*Powerful-Despairing*) The KJV isn't sure of this

meaning. But the Mem-Dalet root hints at 'to measure', as in dimensions (*Of time?*) to measure exactly, and also a garment!

This lineage first propagated by ENOCH the Son of Cain, teaches to isolate, to keep apart, and exterminate, the dimensions of the SET TIMES associated with the Priestly Garment which is none other than – the Melchizedek Priesthood and the Creation Covenant Calendar of 360-days! Why do I say this? It is substantiated just a few verses later!

Then Men Began To Call Upon The Name Of YHVH...

Genesis 4:26 tells us that at this time, according to the KJV – *then men began to call upon - worship the Name of YHVH?* Intentional mistranslation in my opinion to obfuscate the genuine!

But, is this really what the verse says? Remember our word association with the NAME – SHEM – and the Heavens and the Gan Eden earlier? To access the NAME also means to access what it's applied upon. The Heavens, Gan Eden, The Calendar!

- Then, H#227, זָה, Awz, at that time, in that case. I found it interesting that this adverb is used in **Ruth 2:7** as a reference to the Dawning of the Day – literally - **מָאֹז הַבָּקָר** – Me'awz H'Boqer. Incidentally, The Alef Tzade root could also have just as easily been rendered: Ayin-Tzade – as in The Strong One or The Male Goat or Ram for slaughter!
- Began, H#2490, חַלֵּל, Chalal, to profane, defile, pollute, desecrate sexually!

This lineage cannot profane YHVH's name without a profanation of His Character, His Calendar citing expectations of intimacy, and defaming the Covenantal Relationship of that intimacy! In effect, amounting to ADULTERY – whether spiritual or otherwise! *See our notes earlier in this teaching!

Remember the entire premise of the Creation Covenant and its' Calendar was/is to attend the Divine Intimate Appointments whereby, the opportunity to Reproduce After His – Elohiym – YHVH's Kind – I. E. to propagate the Name should occur! To Name a Man or a thing is to PROPHESY to or upon – to convey to or upon – that entity! Adam originally only had to Prophesy or speak in order to re – produce creation! A literal Sheneh! Naturally, his son Seth would follow suit!

The Genuine Lineage...

Seth Names His Son...

At this critical juncture in history, we have introduced: The new FIRSTBORN OF ADAM - Seth – the H#8352, **שֵׁת**, translated as; Compensation or substitute; which is simply another way of saying: To produce another of the same exact kind – a Sheneh or exact duplicate. This root is first seen in **Genesis 1:1** in the phrase: B'rashiyth – Bara – to create and **שֵׁת** - Shiyth – to Garment!

Adam is following the Pattern of Creation! Attempting to RESEED the EARTH with Sons of Elohiym! Their gestational cycle has always been regulated or '*timed*' by the Creation Covenant Calendar of 360-days!

Yet, the Counterfeit Lineage of Cain, through his first born – Enoch – a.k.a. ‘*The Teacher*’ [What may I ask was he known for teaching] launches a campaign to defile or pervert that SAME LINEAGE OF ELOHIYM – YHVH - The Strong One or RAM Who Comes and thus, the Calendar of Creation! **הַבָּקָר** – Me’awz H’Boqer. This could literally read: *The Strong One who comes at the DAWN!*

Remember: This Enoch is a counterfeit of Noah's grandfather – Enoch! Resultingly, one must be genuine, the other counterfeit! I'm not making this up, the evidence is here! Accordingly...

It is my opinion that this once again, initiates the insertion of the Fallen One's Seed, of whom, Cain and subsequently – Enoch – would both have consorted with! The Book of Enoch, though it touts its' author as Righteous, also depicts its' Enoch as an INTERCESSOR on behalf of the Watchers. ASK YOURSELF WHY? WHAT CAUSED HIS EVIDENT AFFECTION FOR THEM?

Though he does supposedly pronounce at his return the judgment of YHVH upon them. It is my opinion that this Fallen Enoch would have perpetuated the Counterfeit Calendar of his Father Cain, his grandfather the Nachash, his relatives the Watchers! NOT THE CREATION COVENANT CALENDAR! WHAT????

I do not believe that *the* Enoch – Grandfather of Noah - of Genesis 5:18-24, who walked, H#1980 **הָלַךְ**, Halak, to walk in agreement with YHVH - wrote the popular 364-day Counterfeit Book and Calendar! Why?

Halak has a value of 55, the same as H'Adamah and B'gan: The Ground and The Garden, thus, lending credence to his having privy knowledge not only of the floods' timing (*HE PROPHECIES THIS IN HIS SON METHUSELAH'S NAME – At his death the flood comes*) which occurred in the 600th year of Noah! It stands to reason, if every date regarding the flood and every other Appointment detailed in Genesis only fits the Creation Covenant Calendar of 360-days, then this ENOCH – Grandfather of Noah – Would have taught the Truth.

In conclusion, there are multiplied dozens of examples of dates that only fit this calendar. The choice remains for those who entertain this data: Genuine or Counterfeit? Which do I choose?

Shabbat Shalom!
