

Creation Covenant Calendar.
Conquest by Calculation
Pt. 38.

Our last two teachings have had us examining the Biblical figure of Joshua, a man whose role in bringing Israel to their inheritance in Canaan cannot be overstated. As we continue to look into how his life emulates much of what Yahshua's life also echoes, the mystery deepens. Both point to our future exit from a Wilderness Journey that has served to prepare us for mortal combat with an enemy who has had centuries to entrench themselves in the 'LAND'. A Land that rightfully belongs to the House of Israel! That being said, how will we extricate them? Does the Book of Joshua give us instructions?

Joshua's Instructions:

Josh. 1:1-9.

The text plainly tells him that every place where the sole of his foot shall tread, has been, like Moshe, given to him. No man shall be able to stand before him, YHVH will be with him, He will not fail, nor forsake him. However, he must be strong and of good courage in order to observe to do according to all the law. Further, he must not turn from it to the right or the left. (*My condensed version*).

Here, we must ask a couple of questions: What, was this 'Book of the Law' and where was it first written? What does 'turning from it to the right or left' actually mean? With respect, we've proven the Redemption Plan was originally written in the Heavens. Thus, we understand the Sun's course through the Zodiac or Mazzaroth as THE WAY. Therefore, could this statement here be a veiled reference to the Heavenly course as "The Path that must not be turned away from." Do we have biblical evidence?

Take into account, **Ps. 19**, that speaks of that PATH, i.e. the Sun's Course which is known scientifically as the Ecliptic – a precise geometric path that never deviates. On the other hand, the Planets and the Moon drift slightly north or south (*Left or Right*) of this line within an 8-degree band on either side. Thus, the Planets and the Moon are anciently called "Wandering Stars" and move erratically. That said, they CANNOT BE DEPENDED UPON FOR CALENDAR RECKONING! Noting that fact, please consider these words of Yahshua: **Matt. 7:13,14.**

Enter you in at the strait gate: For wide is the gate, and broad is the way, that leads to destruction, and many there be which go in there at: Because strait is the gate, and narrow is the way, which leads unto life and few there be that find it. What is being said here?

Yahshua spoke parabolically on most occasions. A parable uses known Persons or objects as a teaching tool. Is it possible that we've truly misunderstood what He is actually making reference to here? Point of fact...

As stated, the Narrow Way or Ecliptic is the name of that definitive Sun's Path described above. It is an authoritative line from which the Sun never departs, not one degree! On the other hand, The Broad Way is that 16° line, 8 degrees north and 8 degrees south where the Moon and the Planets travel. Unlike the restrictive, precise path of the Gate that is Strait, the Broad Gate/Way is erratic and conflicting!

These two 'choices' or Paths through the Heavenly Ecliptic are the source of every known calendar today. There can be no doubt that Creation's Covenant Calendar – a 360-day chronicle of the Strait Gate and Narrow Path – is clearly espoused from Genesis through Revelation! Why then, or perhaps 'WHO' would embrace another counterfeit found along the Broad Way?

It should come as no surprise that we're commanded to "Prepare The Way" of YHVH. In other words, to turn toward, to turn back to, to mark, regard this specific Way of YHVH! In fact, the Sun-Clothed Woman of **Rev. 12** is seen doing just that! This admonition is found in no less than 3-verses in the Tanach and 4-in the New Testament. Prepare the Way in Hebrew is written: פָּנּוּ-דֶרֶךְ, Panu-H'derek. Ironically, it has a gematria of 360! Let's continue by connecting this back to Joshua.

Note **Josh. 1** **verse 8**.

This book of the Law shall not depart out of thy mouth; but thou shalt meditate therein day and night, that thou mayest observe to do according to all that is written therein: For then thou shalt make thy way prosperous, and then thou shalt have good success.

- Book, H#5612, סֵפֶר, Sepher, writings, a book, a genealogical record. A Commission. It comes from the root Saphar, to count, number, to enumerate. Lastly, it represents a deed or conveyance.

- Law, H#8451, תורה, Torah. I found it interesting (*Though it is said to originate from Yarah, to shoot an arrow*) that the Tav-Resh root gives us: To go round or about. Parkhurst (P.571) infers that the masc. noun form indicates borders or rows of jewels set around the head as a crown. I want you to meditate on that for a moment!

From the Hebrew definitions, we can surmise then, that this Book of the Law-Torah was actually a documented copy of the Title Deed that would become the Crown of Adam! A Covenant first written in the Stellar Heavens.

After the Fall, provision was made (*By the expectation of the Blood Sacrifice of the Coming Messiah*) for this Crown to be worn by those adhering to the terms of that Eternal Covenant. In particular, those Sons of Elohiym – The Firstborn Sons – who were also the Melchizedek Priestly Administrators of the cycles of that Conveyance and its' appointments which could only be regulated by the Creation Covenant Calendar of 360-days!

Keter Torah – The Source of the Crown!

This isn't some new information. From our previous endeavors we've concluded that the Stellar Luminaries form a macrocosmic Circular Crown depicted in the 12-Zodiacal Houses. No one argues this. Moreover, it is vividly depicted in **Rev. 12** with the Sun-Clothed Woman shown wearing a 12-starred crown! Otherwise known as: The Keter Torah or Crown of Torah! By the way...

Ancient lore tells us the symbology of early crowns often depicted Corona Radiata or rays of the Sun and the stellar cosmos. Now, pay close attention to what follows.

Spiritually, they believed that crown served as an '*Antenna*' – worn at the highest point of the Man's body - in order to effect communication between The Divine Power and Man. Thus, mapping the cosmic order into a unified point visibly acknowledging both the Man's Authority and regulation to reign, on behalf of that Divine Power in the earth.

Against that background, it should come as no surprise that the Vernal Equinox has also been historically referred to as: *The Crown of the Year*! Again, prepare yourself to think outside your religious box and mull over ***Ps. 65:11**.

Thou crownest the year with thy goodness; and Thy paths drop fatness.

How does this Psalm provide context to our study?

- Crownest, H#5849, עטר, Atar. To surround, encircle, to compass about.
- Year, H#8141, שנה, Sheneh, a division of time that repeats in exactness. To do the 2nd time – where the 2nd is the same as the original.
- Paths, H#4570, מעגל, M'agal, a circumvallation, the equivalent word used for the Trench where David found King Saul – in the trenches – the circular encampment of Israel.
- Drop, H#7491, רעף, Ra'aph, to distil or drop down.
- Fatness, H#1880, דשן, Deshen, fat ashes.

We can conclude, from the above, that Elohiym has intentionally designed the Year to renew in the Spring cycle. An act that would coincide with the Pattern of the Heavenly Circle. By following this CIRCUIT a purifying process brings fatness – Deshen. What do I mean by that?

Exactly what are these '*Fat Ashes*'? Definitely NOT ordinary ash, which represents mourning, or destruction. Deshen represents the most choice and desirable portion reserved exclusively for YHVH which, when consumed, left behind the Deshen. It represented a service fully completed and received with favor by YHVH!

Sanctifying the yearly Circle or Tequfah, opens the door to the Favor of YHVH for another year's service completed and another beginning! The result? The celebration of a 360-day Calendar becomes the Deshen – The remains of a yearly sacrifice of obedience and completion of the yearly Priestly Service!

In the same manner, this yearly Circular Path corresponds to the Paths – Magal – of Righteousness found in **Ps. 23**. Accordingly, the Zodiacal Path also reveals to us this '*Path of Righteousness*' in particular as it depicts the Suns'/Sons' eternal course!

Unquestionably, if the Zodiacal Heavens truly depict the message of Redemption – a.k.a. The Covenant Wedding Ketubah – the Eternal Document that we now know as TORAH – then surely they're found conveying, by heavenly illustration, the Rights of inheritance to the Bride and as such collectively are called the '*Crown of Torah*.'

It is the Crown that identifies the ruling power! She is to rule in the stead of Messiah until His return! If true, then every Divine Appointment would incrementally reveal

those terms in the simplest way: By constant rehearsal at set times upon the 360-day Calendar. Here we must ask:

Did Our Messiah Yahshua Wear This Crown?

In our investigation, **Ps. 65:11** above does invariably seem to refer to the Vernal Equinox which always begins anew the Calendar. How interesting that the Ancients understood the importance of this Cyclical Mechanism for keeping time! So much so, that they expected that its' yearly CROWNING would identify the Sun/Son King as He resurrected each year from Winters' darkness!

This is seen in the well-known ancient Babylonian festival of Akitu held immediately after the Vernal Equinox where they would either crown a new king or renew the mandate of the current king.

What am I saying here? *Get ready to have your traditional perspective exploded!*

Roman Tradition

If one looks closely at ancient Roman religious symbology what we're seeing is this archaic Edomite religious ceremony being confirmed in the Crown of Thorns plaited and pressed onto Yahshua's head by the Roman guards! Have you ever asked why? Exactly what was being prophetically set into motion by these Pagan soldiers?

Their creation of a crude Pagan Diadem expressed the very Sun's rays mentioned above and was clearly intended as a political parody of a Greco/Roman Coronation meant at mocking the "*King of the Jews*", a.k.a. the Solar King, The Sun/Son of God! Whom they called Sol Invictus! But whom we know as Yahshua, The Light Of The World! You'd think that was no longer being rehearsed. However, every week many Purported Christians fervently celebrate Sol-Invictus Day – Sunday. The Venerable Day of the Sun.

Continuing, their Coronation rituals for a legitimate ruler had forever involved a strict political script. One in which the prospective ruler would be clothed with a purple robe and granted a Roman Triumph – a spectacular religious parade through the streets. They would shout Hail the King throughout, placing a crown upon his head and a scepter in his hand. Lastly, their culture required a balance to the praise lest the new ruler become haughty. Thus, they would revile him with lewd mocking and insults. They followed this to the letter with Yahshua! Mocking and spitting upon Him.

Today, both the Romans – Edom – Esau - with their Solar Calendar, midnight-to-midnight reckoning of the day and the Jewish Lunar/Solar evening-to-evening calculation still stand as a constant mockery of the Calendar sanctioned by its' King and Creator – Yahshua! How important was Yahshua's stance against both Calendars?

Unquestionably, the importance of the Populace keeping this Roman or Lunar counterfeit Calendar explains why the religious authorities always seemed RABID in their efforts to kill Yahshua for His actions (*Or, lack thereof*) during their Feasts! In particular because He always flaunted the Calendar He kept where the Holy days were based upon a 360-day cycle!

Remember: Evidence abounds where at age 12, and throughout the Gospels, in particular in the book of John where we see evidence of His challenge to their Counterfeit Holy Days. Why was this such a point of contention?

The High Priest's control of the Calendar was the ultimate tool of religious and economic power, dictating when the Nation closed shops, traveled and when they paid temple taxes! Therefore, Yahshua bypassed the Sanhedrin's sovereign control!

Therefore, if indeed, these Luminaries reveal the Creation Covenant Calendar, which regulates the Keter Torah – The Crown of Torah - then this Cyclical Timetable would also suffice as a 360° - 360-day Crown upon the heads of those who embrace it today. Considering this, we must acknowledge: This crown is far more than a Royal Ornament depicting or identifying the occupant of a Royal Office!

As I'm writing, the Levitical system's current restoration - coupled with the PAPAL – ROMAN sanction will once again, set another war into motion against the Creation Covenant Calendar in just a short period in front of us! It will prove to whom you give your allegiance – to whom you acknowledge as worthy of the CROWN! This Crown will identify the House of Israel, the Seed of Abraham, The Bride of Messiah, The Sun-Clothed Woman!

But, what could its' hidden objective be? Here, we must stop and ask? Were the Ancients right in what they believed to be its' purpose? Do you recall?

To serve as an antenna?
What Exactly Is An Antenna?

A device that transmits and/or receives electromagnetic frequencies, which convey information allowing Adam Kadmon – Original Man – to serve as the spiritual bridge – focal point – antenna – between Elohiym and the Earth! Thus, as originally intended, Adam's Crown would literally serve as a type of LIGHTENING ROD in the earth!

It is an established fact that you can create a wearable radio antenna system (*Crown*) allowing you to hear certain VLF sounds from Lightening, Stars, etc. Actually, some would say that I'm guilty of wearing a TIN-FOIL HAT – CROWN! How much more should we be able to HEAR THE VOICE OF ELOHIYM?

[<https://space-audio.org/sounds/EarthWhistlers/ewhist.html>]

With what we've shared thus far, our setting here, does indeed seem to point toward a Circular Heavenly Crown representing a Deed or Conveyance that must be repeated, read, declared out of the mouth of Joshua, just as it had Adam, Abraham, Jacob and Yahshua! As the Antenna of Elohiym on the earth, each earthly PRIEST was simply repeating what he's hearing! *See **John 5:19, 8:28, 12:49,50** Look at verse **49**.

For I have not spoken of Myself; but the Father which sent Me, He gave me a commandment, what I should say, and what I should speak.

Is it possible that Yahshua, Joshua, Moshe, Jacob, Abraham, Adam and a host of others could also hear times and dates as well as, direction based upon the calculations associated with the 360-day Calendar? Further...

Do you suppose that those who form Revelations' 'SUN – CLOTHED' Woman – The Bride - should know about this crown, expecting to wear the same? Will we be able to hear precise times, dates and directions for when our next wilderness journey of 1260-days begins?

(Rev. 12:6) Remember, she has a PLACE prepared for her; Place– **GK#5117**, Tophos, also seen in the Septuagint in **Gen. 28:11** as the Greek equivalent for the Hebrew MAQOM! The very location where Jacob placed the CROWN of Stones upon/around his head! Look at the next word:

- Prepared, **Gk.#2090**, het-oy-mad-zo, a word indicating the oriental custom of preparing the WAY OF A KING! *Panu H`derek – 360!*

When we read this, our perceived self-image doesn't allow us to truly understand! We think she's preparing the way for the Coming King, yet it says she has a way prepared for her - HER WAY – SHE'S THE REGENT who's way has been prepared for millennia and written in the Stellar Heavens! What?

Her way has already been prepared? By whom, where? The Zodiac – The Way – The Path of Righteousness!

Proof of The Biblical List of Crowned Ones Is Impressive!

Now, look at **2 Tim. 4:8** *Henceforth, there is laid up for me a crown of righteousness, which YHVH, the righteous judge, shall give me at that day: And not to me only, but unto all them also that love His appearing. (Paul, the Apostle)*

- Appearing, Gk.#2015, E-pif-an-i-ah, appearance. From Epi to shine LIGHT UPON and Fan-ee-oh, to bring into the light. This is also speaking of those who're looking for His 2nd Coming – this Crown will shine light upon the timing of that appearance! They will know!

By the way, the individual who set the pattern for the coming Anti-Messiah was Antiochus Epiphanes – translated as: The Manifest – or Appearing God. Antiochus asserted his as a divine right to rule and project supreme political and religious authority! Regarding that....

***NOTE AI had this to say: Controlling, reshaping and enforcing a specific calendar is one of history's most potent methods for projecting political and religious authority. In antiquity, time was inseparable from theology. Whoever controlled the calendar controlled when people worked, worshipped, and which gods they honored!**

Antiochus didn't just target the temple – he targeted the calendar. By royal decree he outlawed the observance of the Sabbath and the Jewish new moon! This pattern is doomed to repeat itself! It is my opinion that the zealous Jews and their brothers calling themselves Hebrew Roots, Messianics, will be devastated when the next Antiochus Epiphanes – The Anti Messiah proclaims a NEW CALENDAR CONSTRUCT! I personally believe it will be the Enochian – Zadok 364-day calculation!

Rest assured! There will be a calendar war, THE **AVATAR** KNOWN AS Israel is RIGHT now positioning themselves as a WORLD POWER in order to implement

their lunar/solar calendar. In the midst of world chaos, the Anti-Messiah – in the mold of Antiochus - will establish a PEACE ACCORD and the great triad of Religions: Roman – Jewish – Islam will agree on what I believe will be that 364-day calendar for Peace's sake!

Let's take a short aside here to consider again that crown of righteousness in CONTEXT of what we've learned thus far. In other words, what exactly, was this Sepher H'Torah – This Crown! Was it merely a book or set of scrolls? Or, could it truly have been a Calendrical reference, as a reminder to Joshua, of a Title Deed whose details were written in the Heavenlies above his head? A cyclical Creation Covenant message in the Stars, that could only be enumerated within the confines of the Creation Covenant Calendar?

Too far-fetched? Have you ever seriously considered wearing such a device? You've said you would! What??? But, NEVER until today, did you truly understand what that entailed!

The Whole Armor of YHVH

Eph. 6:17

And take the helmet of salvation, and the sword of the Spirit, which is the word of YHVH.

- Helmet, Gk.#4030, Peri-keph-alaia. An encirclement of the head: Helmet – Crown! It derives from a compound of Peri – around. From this we get perimeter the Circular border. We have Peri (*Whose root is from Peran, the Septuagint equivalent of ABAR – To Cross Over*) and Kephale, to seize or control the Head, to be lord or master.

Joshua and Israel epitomized the Abar'im – Abraham – **אברהם** – the Ones Who accessed/crossed over and embraced the Perimeter's Circle! Abraham was first called a Hebrew – Ivri – Because he was One Who Encircled His Head! Just like Jacob!

- Salvation, Gk. #4992, Soterios, the sum of benefits, to be redeemed from all earthly ills. The Hebrew word for Salvation – H#3444, **ישועה**, Yashua. This word is the root of both Yahshua and Joshua. Moreover, the text here in Ephesians comes from **Is. 59:17a** from which it evidently was quoted!

Incidentally, chapter 59 closes with the same promise made to both Moshe and Joshua!

For he put righteousness as a breastplate, and an helmet of salvation upon his head...

Without doubt, the Ones Whose Heads Are Encircled (*Encircled by what?*) are those who have controlled their heads, those who crossed over! In obedience to that, Joshua – Israel put on the same CROWN – HELMET THAT IDENTIFIED THEIR MASTER! Yahshua! Clearly the relationship between this crown and the Cyclical Creation Covenant Calendar cannot be denied! *Note Is. 59:21.

Verse 21: *As for Me, this is My covenant with them saith YHVH; My spirit that is upon thee, and My words which I have put in thy mouth, shall not depart out of thy mouth, nor out of the mouth of thy seed, nor out of the mouth of thy seed's seed, saith YHVH, from henceforth and forever!*

Thus, the idea of a Crown or Helmet of Salvation cannot be purely a New Testament principle can it?

Stones – Crown Around The Head?
Where Did We First Hear This?

Genesis 28:11 tells us: *And he (Jacob) lighted upon a certain place, and tarried there all night, because the sun was set; and he took of the stones of that place, and put **them for** his pillows, and lay down in that place to sleep. [**Bold words** not in Hebrew text]*

- Stones, H#68, אבן, Eben, stone, from H#1121, בנה, banah. To begin to build as in a family name. First seen in Gen. 2:22 where Elohiym took the Rib of Adam to banah – build the woman!
- Place, H#4725, מקום, Maqom – Place. The Sages teach this is also one of the Names of Elohiym – The Place. This Place is an earthly extension of the Heavenly Place as exemplified by the Ladder.

The root of Maqom – Qum – hints at this being the Standing Place or Place of construction, fabrication! The Mem attached both to the front and at the end points toward a womb process leading to birth. This word is prophesying of something being formed, built, constructed in this womb. Let's continue...

- Pillows, H#4763, מראשות, Mera'ăšôt, this word is translated as 'pillows' in the KJV, yet should have been rendered: Head place, at the head, around his head.
- Sleep, H#7901, שכב, Shakav, to lie with sexually. To rest. Curiously, the root stem – Shin-Kaf – carries the idea of stopping, an appeasement, to placate or satisfy. While the Bet indicates a House.

As we dissect these words doesn't it seem, as we've built our conversation around Joshua, that he, like Jacob here in Gen. 28:11 is being told to take the Torah – first written in the Heavens – and place it around his head like a crown? This would be a prophetic declaration of the future SEED of ISRAEL!

The Keter Torah was in fact – The Crown of Torah. Moreover, this crown would naturally be of a 360° construct whose daily application would serve as a reminder of the Heavenly Crown of Stars, whose 12-houses form both the grammar and chronology - numbers – Vocabulary and Timing – of that Calendar - associated with that Covenant!

In fact, Ps. 90:12 reveals this connection! *So teach us to number our days, that we may apply our hearts unto wisdom.* This entire chapter deals with man's longevity in comparison to the eternal Elohiym! The Psalmist declares that acquiring the knowledge necessary to number one's days brings a crown of wisdom or direction!

In fact, Prov. 4:9 confirms: *She (Wisdom) shall give to thine head an ornament of grace: A crown of glory shall she deliver to you.*

*Compare another confirmation of the Torah as a crown.

Prov. 1:8,9. *My son, hear the instruction of thy father, and forsake not the law – Torah of thy mother. For they shall be an ornament of grace unto thy head, and chains about thy neck.*

- Ornament, H#3880, לוייה, Livya, a wreath or diadem! The same word for ornament in Prov. 4:9. This word derives from H#3867, לווה, Lawvah, to join, to borrow. To bring into debt. Hold your finger here, because we're coming back to look closer.
- Grace, H#2580, חן, Chen, Favor by obedience!

- Chains, H#6060, **עֲנָק**, Anak. A necklace. Also, a strangling chain. To choke. The same word as in the name as the most infamous of the NEPYLIM in Canaan – The Sons of Anak.

Here, stop for a second. This word is prefixed with the Hebrew letter VAV – **וְעֲנָקִים** – V'anakiym. The Vav serves as a conjunctive and though most often translated as 'AND' context has always determined how we translate this. Therefore, it can also indicate 'OR' and as such makes much more sense.

- Neck, H#1621, **גֶּרְגֵּרוֹת**, Gar-gher-ote, the neck, but also indicates to drag off roughly, to saw across the neck, to make gargling sounds in the neck as if being choked.

What are these instructions of the father and the Torah of your mother? Which, if obeyed become an ornament of Grace, yet, if disobeyed become chains about one's neck! This is consistent with the definitions found in the other words in the text. Watch what follows...

Notice the word Lawvah, from which we get LEVI? What's being shown us here? Lawvah infers bringing into DEBT! Is it possible, had Levy been obedient, that the Favor of Torah would have continued to Crown them. However, Levi – led by Aaron – fails at obedience with the Golden Calf, bringing Israel into a debt that they had only recently been freed from in Egypt!

Resultingly, their disobedience became a chain about their necks. In fact, the most common Hebrew word for NECK is H#6677, **צוֹאֵר**, Tsav-vawr, and would have better suited the idea of a necklace around the neck. Instead we have ANAK – The name of the Principal Nephylim in Canaan! Why this word choice? We have to ask...

It is my opinion that the Golden Calf incident was a deliberate attempt – led by Aaron – to revert back to the Egyptian Cattle Gods – Apis and Hathor – part of the Ancient Nephylim Cult worship. Israel later confronts the earthly Giant guardians of that system in Canaan – the Anakim!

As a side note: We're led to believe that 3,000 offenders from the other 11-tribes were killed while Levi is blameless! But, was he? We know Aaron, who was from Levi, was guilty!

Though Levi rises up at Moshes' instructions, to kill those offenders who drink the gold that had been ground into powder/dust and then mixed with water (*Which according to Numbers 5 was the BITTER WATERS OF JEALOUSY TEST FOR THE BRIDE*) contrary to the Jewish opinion, I don't believe Levi was innocent! In fact...

Ex. 32; 27, 29. They are told to kill the obvious offenders whom I believe according to the Sotah – Jealousy test - would have had a distended bowel. The text of verse 27 tells us: Those were to include their brothers, companions and neighbors. Furthermore, VERY SPECIFICALLY Verse 29 indicates that Levi had to consecrate themselves AFTERWARDS *because of killing their Sons and Brothers!* What am I saying...

I believe this has been deliberately hidden to whitewash the Tribe of Levi in order to secure their office as Future Priests! This hides their role then and in the future, will obfuscate their deliberate efforts to one last time subvert the Creation Covenant Calendar! The pattern is consistent and without doubt, this Golden Calf incident led to an attempt at the institution of another FALSE CALENDAR dedicated to the Gods of Egypt!

This is not pleasant to all those who espouse a return to the Levitical system, their 3rd Temple and animal blood sacrifice. However...is this the truth? Do we need more proof?

Ezekiel declares: *The Levites forsook YHVH causing Israel to go astray. Consequently they are demoted to servitors in the Sanctuary. They shall NOT APPROACH ME TO SERVE ME AS PRIESTS...* Ezek. 44:10-13!

How do we reconcile what seems a demotion - with the current feverish efforts to reestablish the Levitical Order and a subsequent return to animal blood sacrifice? What about the 3rd Temple whose system demands a LUNAR Calendar? Is Levi once again covertly entertaining a Golden Calf? Did you know the Lunar Crescent marking on the sacred Apis Bull directly connects it's birth and death and resurrection to the moon's cyclical nature of time?

By the way, Apis was an Egyptian rendering of Taurus – The Bull. I found it interesting that Easter Sunday – which based on their calculations always occurs the first FULL MOON following the Vernal Equinox – can by times take place in the Sign of Taurus! NOT ARIES – which is truly the Month beginning the year and its' start is always signaled on the 360-day Creation Covenant Calendar - the Day after the Shadow is Marked at the Vernal Equinox where the Sun/Son enters Aries! Talk about Wandering Stars!

From this, we can also surmise that Levi's failure brought about a לווה - Lawvah – a DEBT that must be paid. Thus, causing them to NOT be able to completely eradicate the Nephylim. Thus, Israel had to wait 40-years until Joshua sets the Creation Covenant Calendar into motion again!

This Book - Sepher of The Law?
Must be Attested to by two Witnesses.
Heaven and Earth.

Before we settle this, I want you to look as close as possible to **Gen. 15:2** where we have the promise made to Abraham regarding his future generations. We know what Elohiym had already prophesied to Abram all the way back in Chapters **12 & 13**.

This brings us to chapter **15** and what has been a controversial text for millennia. We have the initiation of a conversation between YHVH and Abram in a vision. You must admit that Abram was himself a PRIEST AFTER THE MELCHIZEDEK ORDER! Therefore, he would be well acquainted with the details of the 360° - 360-day - Creation Covenant Calendar and the Redemption Plan written in the heavens.

And Abram said, Adonai YHVH, what will thou give me, seeing I go childless, and the steward of my house is this Eliezer of Damascus?

The tone of this conversation has intrigued scholars for generations. First, the facts prove this man is born in the House of Abram. Further, Scholars agree that Abram had never been to Damascus! Now, if Abram looked forward in FAITH to the coming of Messiah as told us in **Gal. 3:16**, he definitely knew a temporary Priesthood would one day be set into motion until the coming of Yahshua.

Thus, rather than being seen as begging, rather, it seems Abram is in a mocking way, reminding YHVH his current situation and what will befall Israel in the future without Divine intervention. Many Scholars concur.

What you will see next, rest assured of the following: The KJV will not show you the Prophetic Declaration being made. Moreover, no Jewish scholar will admit it either. Look here:

- Steward, H#4943, **משק**, Meseq, Parkhurst (P.300) indicates that the ancient word meant thorns that tear, lacerate. To pierce.
- Eliezer, H#461, **אל-יעזר**, El – Helps Me.
- Damascus, H#1834, **דמשק**, Here the KJV pulls a rabbit out of their hat. Abram had raised this man in his house! He had not been to Damascus. Now, the root of Damascus - Meseq, has the two-letter stem: Shin-Qof, to push forwards, to drive, superintend.

Moreover, we have the Dalet-Mem indicating DAM – BLOOD!

It seems Abram is telling YHVH that unless He gives him a son to fulfill the BLOODLINE requirements, that death will continue to reign in his house generationally! A THORN – an alternative Priesthood - THAT WILL TEAR HIS HOUSE, PIERCING IT, will preside over it, AND WILL DRIVE THE HOUSE TO BLOOD SACRIFICE!

By the way, this is also the first time the word Saphar/Sepher is seen here in **Gen. 15:5**. Where, Abram is told: *And He brought him forth abroad, and said, look now toward heaven, and tell – Saphar the stars - if thou be able to number – Saphar - them: And He said unto him, so shall thy seed be.*

- Stars, H#3556, **כוכב**, Kokab, translated stars, yet it carries the idea of something Round, rolling or shining! It is first seen in **Gen. 1:16** where the Greater Light and lessor Lights – Kokab are tasked with: Giving their Light –

i.e. conveying their message upon the earth and dividing day from night, signs seasons, days and years!

Here, we have our FINAL witness that the Heavens not only CROWNED THE HEAD OF ABRAHAM, but, enumerate the Redemption Plans that, of necessity, chronicle the genealogy of the House of Israel who at the END DAYS WILL FINALLY BE CROWNED! Those plans are without doubt, from Creation's inception cyclically regulated by the Creation Covenant Calendar!

Will you now place the helmet – CROWN – of YAHSHUA – Upon your own head - as the final piece of the Armor of YHVH necessary to stand against the Enemy of the Crown?

Shabbat Shalom!
