

## Devarim – Words

Deut. 1:1 – 3:22

7/22/23.

- I. This Parsha is full of convoluted, mind numbing questions that have remained unanswered for millennia. It addresses several key elements of Israel's past after their leaving Egypt, yet overlooks others. For instance, we're given the reason why Moshe is denied entrance into the Promised Land (*He struck the Rock?*) that is much different from that purposed in Parsha Chukat in Numbers (*The Sin of the Spies?*). We're also shown an oft-overlooked bit of logistical information as well. The Parsha begins by citing the location of Moshe's final dissertation to Israel as they prepare to cross the Jordan River into the Promised Land. It is in fact, in the vicinity of Mt. Horeb where the Commandments were given and we're told it is only 11-days from here to the Promised Land. This means that Israel has come full circle: 40-years of wandering has brought them back to their beginning!

Before moving further, let's examine the title of our Parsha: Devarim – דברים a plural of the root Dabar.

- Debar, [H#1697](#), דבר, a speech, word, and a case. It indicates to set things in a row, to arrange in order, as a shepherd leads his flocks. To bring into order and to subdue. It can also connote the laying of snares or plotting against someone. It would seem that Moshe is doing just that: Setting in order the House of Israel as preparations are made to transition across into the Promised Land.

As we investigate the unfathomable depths of the word DEBAR we must first acknowledge that it speaks plainly of Messiah and His redemptive works. Without such knowledge one cannot come to the Father. In fact, Yahshua Himself declared, *"I am the Way" ...No one can come to the Father but by Me...* that being said Moshe also indicates that the Debar would have both a heavenly and earthly presence as a witness testifying for or against us! Therefore the heavenly witness in the Zodiacal Constellations or Mazzaroth, which is translated as 'Way', seems to substantiate the same. In fact, Yahshua is often called the Nazarene, which has been mistakenly associated with a city or town called Nazareth. No proof of existence has ever been found! The truth is Yahshua the Nazarene could just as easily read: Yahshua the Mazzaroth. In fact, both Gesenius and Fuerst in

translating Mazzaroth (In Job) agree that it's root comes from Nazar, the 'M' being changed to 'N' which is allowable in Hebrew. Nazar means to encircle, in other words, a cyclical – not linear – WAY road or order! Thus, we must lend credence to the following else we prey to the devices of the enemy, which has sought to distort the Message of the heavens! Therefore...

To begin, I would like to look at the timing of this event which, according to **Deut. 1:3** took place during the 11<sup>th</sup>-month of Shevat and lasted 37-days with Moshe dying in the 12<sup>th</sup>-month on Adar 7. Though the text doesn't give explicit dates for his death it is easily calculated from the 30-days of mourning, 3-days of waiting to cross and finally, crossing on Nissan 14 – Passover. The above may seem as mere detritus in the overarching context of this narrative, but the timing of the event occurs during the Month of Aquarius! This is noteworthy, in particular, since Moshe died on the same day – Adar 7 – that he was born on 120-years prior! Let's examine these key overlooked elements:

- Shevat, H#7627, **שבט**, defined as 'A rod' and found in **Zech. 1:7**, its' value of 311 is the same as the Hebrew word for Man – Ish. Shevat occurs during the constellational sign of Aquarius the Water Bearer, and the ONLY SIGN picturing a Man – Ish - bearing a picture of water upon his shoulders. Again, this is rather apropos considering Moshe is called "*The One Drawn Out Of The Water or The One From Whom Water Is Drawn!*" This euphemism hints that Moshe, also like Yahshua, was prophetically known as a well or water source. Is it possible that the Sign of this Month was prophesying of the coming birth and death of Moshe who would also fulfill the same shadow picture of the birth, death and subsequent resurrection of Messiah?

It should also be mentioned that both Shevat and Adar are mentioned in Zechariah and Esther respectively. This is interesting since each was contemporary with Daniel and he is the Prophet to the Nations in the Last Days! *What days, if not the 'Dawning of the Age of Aquarius'?* Especially since we are in the last vestiges of the sign of Pisces at present, with some arguing that Aquarius began at the spring equinox of 3/21/21! It is worth noting that Aquarius's sign is said to govern Mass Communication! Let that sink in while you view what is surely the international SIGN of communication!

[Using phone icons created by kornkun - Flaticon](https://www.flaticon.com/free-icons/using-phone "using phone icons")

Moreover, Daniel specifically reminds us of a future time when the conglomeration of the 10-Toes Kingdom will arise whose inhabitants are part IRON – Immortal and part Miry Clay – Mortal - a clear reference to the comingling of the Serpent’s Seed who’re also known as Nephylim or Gibborim that Moshe is warning about in this prophetic rehearsal! Gibbor, [H#1401](#), גִּבּוֹר, has a value of 205, the same as Adar. *(Could the handheld cell phone have been a precursor to crystal diodes/chips inserted into the body where you can both send and receive and view messages? The AI becomes the Iron or Immortal planted within you! BTW...it’s already being done)*

Back to our study...

There is another interesting observation as well, considering that Moshe strikes the Well or Rock the 2<sup>nd</sup> time out of which he was to draw water for Israel and subsequently, and according to many, is denied entrance into the Promised Land!

- Adar, [H#143](#), אָדָר, rendered ‘*glorius*’, but can also indicate to expand, to be wide, to swell out as in the belly! This name is mentioned in the book of Esther and is connected to the zodiacal sign of Pisces where two fish are found interconnected. Please bear in mind this is the 12<sup>th</sup> month and just before Passover, which falls on the 14<sup>th</sup> of Nissan the 1<sup>st</sup> month during the Sign of Aries, or Teleh (The Ram) in Hebrew!

It’s worth noticing that Moshe was both born and died during this 12<sup>th</sup> month at the age of 120. This is not an accident. We should remember this connection to [Gen. 6:3](#) and the statement that YHVH’s ‘*spirit would not always strive with Man, for that he also is flesh: ...yet his days shall be an hundred and twenty years*’. Take note where we find the phrase ‘*...yet his days shall be...*’ from the Hebrew בִּשְׁגָם, beshagam, from the root [H#1571](#), גַּם translated as ‘*moreover, also, etc.*’ The value of beshagam equals 345, the same as מֹשֶׁה, Moshe. Therefore, this verse could read *Moreover, Moshe’s days shall be 120-years!*

Based on this ephemeral connection to the insertion of the Seed of The Fallen Ones into the womb of the Daughters of men here in [Gen. 6](#) and this fleeting, yet hidden reference to Moshe, one must ask what is being communicated?

Could this be a prescient warning that these final words – Devarim – of Moshe are somehow pointing to other events wherein those same Nephylim or Fallen Beings having inserted their seed into the earth will be cut off once again? For arguments' sake is it possible that Moshe saw this 2<sup>nd</sup> 'resurrection' of the Nephylim Seed and their attempt to counterfeit the Living Water or SEED of Elohiym and thus, strikes the Rock, acting out their destruction, rather than allowing YHVH's plan to come to fruition? *Hold your thoughts here and press forward a bit...*

There is also hidden here a link to the 120<sup>th</sup> Yovel or Jubilee; a period of 6000yrs. (120x50) That being said, as the Outcasts are being gathered for the Greater Exodus this 12<sup>th</sup> Sign of Pisces is said to open ones eyes to the origin of Creation helping to find ultimate salvation. It is the sign most associated with dreams, visions and prophecy! Likewise, even those who follow the Pagan New Age Movement and its' esoteric religious 'Babylonian Mixing' agree that we are *at the Dawning of the Age of Aquarius!* As such, being the ONLY MAN Figure in the Zodiac - Aquarius The Water Bearer is the GATEKEEPER TO THE ZODICAL MESSAGE! How appropriate that it opens the doorway to Nissan – Aries and the Coming Lamb Slain Before The Foundation Of The World! Lamb – Zeh in Hebrew has a value of 12!

Aquarius is associated with the Planet Uranus and seems to represent the condition of the Believing Community in the coming 42-months of Great Tribulation in these Last Days as it is the Coldest and most dim planet with the Sun shining on its South Pole for 42-years and then its' North Pole for 42-years. This Cold condition results in Uranus being said to have 'a Heart of Stone', mentioned by **Ezek. 36:26.** *A new heart also will I give you, and a new spirit will I put within you: And I will take away the stony heart out of your flesh, and I will give you a heart of flesh.* It is also the Planet that speaks prophetically of the fall of the Titans or Nephylim in Greek mythology!

Now, please consider the number 120 again especially in view of our question above regarding the insertion of the Nephylim Seed into the earth. 120 is the value of several words found between H#4537-H#4539 each representing the gematria shown in variations of **מַסַּךְ**, masak, mesek; to mix, mingle, fully mixed, a covering, screen, curtain or MASK! During the recent Planned-Demic (Sic) could the agenda of the Powers That Be somehow relate to the hidden LIVING Nano Particles found on the Nasal Swabs and intertwined in the 'surgical masks' that were then inhaled or deliberately inserted into a waiting host? Did you even

wonder why they spent a fortune on those products simply to throw them away; knowing that empirical scientific data proves the masks did not work? Moving along...

Truth Is Found In The Heavens:  
Back to our Signs.

While the order of the aforementioned Zodiacal signs may seem irrelevant to some, it is uncannily connected to a statement made by Yahshua in **Mark 14** and **Luke 22** where, when preparing for the Passover He sends two men – representing the 2 houses – *Pisces the Fish* – who are instructed to look for a Man bearing a pitcher of water – *Aquarius the Water Bearer* – before *Pesach - Aries* begins! Can you see the parallel? *Yahshua, the Melchizedek Rock Who Followed Israel In The Wilderness* – is about to be struck by the SAME HOUSE OF LEVI that Moshe belonged to! Moshe strikes this Rock the second time when instructed to only speak to it! It should also be a sobering thought for our generation since we contend that we are the Body of Messiah, because the Powers That Be are going to attempt to strike that Body worldwide once again! Most believe this is why Moshe is denied entrance to the Promised Land! But, was it - Take note of **Heb. 6: 4-6**...

*For it is impossible for those who were once enlightened, and have tasted of the heavenly gift, and were made partakers of the Holy Spirit, and have tasted the good word of YHVH and the powers of the world to come, if they shall fall away, to renew them again unto repentance; seeing they crucify to themselves the Son of Yah afresh, and put Him to an open shame!*

If this verse were true, and many consider the 2<sup>nd</sup> striking of the Rock to represent 're-crucifying Yahshua' then Moshe would seem to fall into that category, yet he is seen on the Mount of Transfiguration and referred to numerous times throughout both Tanak and the New Testament! Was not being allowed into the Promised Land his eternal banishment? What's going on here? What really happened? Maybe there's a powerful hidden message in Moshe's actions?

It is my opinion that Moshe's behavior was a prophetic rehearsal of what Israel would later do to their Messiah – I.E. striking the Rock the 2<sup>nd</sup> time – Indeed, his Life was a living example of Yahshua! For instance: Moshe is touted as the Author of Torah – In the Beginning was the Word - Torah – Yahshua! Both were drawn out of the Water and each likewise, became a source of Water for Israel! It is my contention that both died for Israel with Satan not being allowed to claim the body of either. *Moshe's eyes were not dim neither his natural force abated!* **Deut. 34:7**

Pay attention here: *Yet Michael the archangel, when contending with the devil he disputed about the body of Moshe, durst not bring a railing accusation, but said, YHVH rebuke thee!* **Jude 1:9!** If Moshe's actions were so reprehensible, why bother to hide the body?

Instead, could the 'Death' of Moshe, which of necessity prevented his entrance to the Promised Land, foreshadow the Death of Messiah? Please consider that the Jordan River is also known as a dark river that flows into the DEAD SEA. The Translation/Transition of Elijah WHO DID NOT DIE and recorded by Elisha occurs here. For emphasis, once again, from our Heavenly source, inside the constellation of Aquarius the Water Bearer we find him pouring His water vessel out with the resultant stream forming a RIVER whose constellational sign is called Eridanus! This, river portrays the Jordan River and is itself a demarcation line between Death (*The Wilderness*) and Life (*The Promised Land*). In fact, Eridanus translated, as 'the river of judgment' is quite similar to the Hebrew rendering of Iyr-Dan – Jordan! The Descender or River of Dan – judgment!

As we attempt to wrap our heads around this, it seems he is indeed denied access to the inheritance. However, could Moshe instead, become the SEED – Like Yahshua - PLANTED FOR THE GENERATIONS TO COME representing those future outcasts being exiled! \*Note the similarities: In his stead two men – Joshua and Caleb representing the two Houses Ephraim and Judah respectively - follow the Pattern given by Moshe and fulfill the sign of Pisces! They will lead Israel to the Jordan in a trial run depicting the *One Out Of Whom The Water Flows – Aquarius The Water Bearer* – that is later typified by their immersion into the Waters of the Jordan River just prior to crossing into the land and celebrating Pesach! This is an exact repeat of Yahshua's words in Mark 14:13, Luke 22, etc.

### The Prophetic Analogies are Uncanny!

- II. It seems everything that Moshe is setting in order here – *Literally acting out* - in Devarim points to the coming of Messiah – The Water Bearer – and His subsequent death, burial and resurrection! In fact, Yahshua's forbears - Joshua the Son of Nun (Nun means FISH as in Pisces) and Caleb (Judah) - pantomime this eternal crossing of The River of Life/Death – Jordan – a rehearsal that could only be effectually demonstrated by A Prophet Like Moshe – Yahshua who would cross from death to life and become the first to Access the Promised Land! It is time now for the Combined House of Joseph/Ephraim and Judah to make preparations to cross the final time!

## I Understand The Skepticism, However...

Please note the crossing area at Jordan: **Joshua 3:16** *That the waters which came down from above stood and rose up upon an heap very far from the city Adam, that is beside Zaretan: And those that came down toward the sea of the plain, even the salt sea, failed, and were cut of: and the people passed over right against Jericho!*

There are several key words that we must examine else we miss the prophetic significance of all that Moshe is doing!

Take note of the phrase; ‘which came down’ - in Hebrew H’yiradiym - the root being the word H#3381, ירד, yarad, to go down, descend, be prostrated, to bring down. It literally indicates to go down for a drink of water! Now! Pay attention because this phrase is also the source of the Name of the river Jordan, H#3383, ירדן, Yarden, translated as ‘The Descender’ or The One Who Goes Down and becomes the Source of Living Water! Now you understand why Yahshua declares on the last day of the Festival of Sukkot – “If any man thirsts, let him come unto me and drink”!

Stop!

- III. If this message had indeed been written in the heavenlies since creation. Then the Enemy would have known the role this ‘River of Life’ was to portray, at least in a figurative sense. However, He/They might not understand the Spiritual significance, nor its’ analogy being fulfilled in Yahshua. Suffice it to say that Mt. Hermon was the original location where the FALLEN ONES came down – yarad! Why this location? Did they foresee that what was written in the Constellations would actually be manifested in the life of a BEING demonstrated in the heavenly narrative of Eridanus/Jordan whose life was rehearsed in this ancient heavenly scroll?

Could they somehow of hoped that their own eternal damnation could be alleviated by immersion into this ‘Eternal Fountain of Youth’ illustrated in the heavenlies by Eridanus and on the earth by Jordan in advance of the Coming Aquarius, The Water Bearer? Or, was there’s a more sinister effort to insert their SEED of DEATH into the only hope of a resurrected life offered to MAN-ADAM?

One must understand the literal, corporeal significance of this water source. From the Physical realm today the Jordan is a tangible RIVER OF LIFE! It is still the

most important source of water for Israel, Jordan, Lebanon, Palestine and Syria and in fact, many believe it was the reason for the 6-days war in 1967. Also, once again, don't forget that it's headwaters rise at the foot of Mt. Hermon.

As we continue, the next word of importance in **Josh. 3:16** is: The city mentioned as 'Adam' - one of the Hebrew words for Man, along with 'Ish' whose value of 311 connects us to the 11<sup>th</sup> month of Shevat, a.k.a. Adar where our Parsha begins! Adam is followed by the mention of Zaretan, **H#6891**, **צרתן**, though translated as distress, it comes from the root Tzredah, meaning to pierce or puncture. This indicates that the waters were parted and Israel is about to go INSIDE THE PIERCED ADAM! In other words, like Moshe, placed in the Clift of the Rock – that eternal wellspring that also followed them in the wilderness! In addition, the value of Zaretan is 740, the same as **H#5618**, **ספרת**, sophereth, 'writing', something inscribed! This indicates that Yahshua became the WRITING – in other words, what was written in the heavenlies literally was transcribed in and upon Him!

Perhaps now, a better understanding of **Ex. 33:22 - 23** is in order? *And it shall come to pass, while My glory passeth by, that I will put you in a clift of the Rock, and will cover thee with My hand wile I pass by: And I will take away My hand, and you shall see My BACK PARTS: But My face shall not be seen!*

Why was it that Moshe, when place inside the Clift of THE ROCK – THAT SAME WATER SOURCE – he was able to see the Back Parts of YHVH? Those Back Parts, **H#268**, **אחור**, Achor, indicating back as in the hereafter of time, that which was to come! The Clift, **H#5366**, **נקרה**, Nekawrah, was a crack or long piercing, perhaps an elongated stripe? Much like **Is. 53:5**...with His stripes...**H#2250**, **חבורה**, Chabburah – stripe, strokes on the skin! Could those stripes have literally formed lines of a Torah Scroll written upon His back which Moshe was allowed to see...! Was it possible that Moshe saw **Is. 61:1-2**, which Yahshua quotes in **Luke 4:18**?

*The Spirit of Adonai YHVH is upon Me; because YHVH hath anointed Me to preach good tidings unto the meek; He hath sent Me to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound; To proclaim the acceptable year of YHVH, and the day of vengeance of our Elohiym; to comfort all that mourn.*

Can you see the implications here? Liberty to captives, prisons open to the bound, proclaiming the YOVEL – JUBILEE of YHVH and lastly, the Day of vengeance? Vengeance upon whom? He is speaking of the Power of His Resurrection releasing those held by DEATH!

From what we've seen above, the Jordan seems to be a physical shadow picture on earth of the Living Waters or Aquarius – The Original Adam – depicted in the heavens, He who in like manner, would become the source of Israel's water, much like the rock or well in the Wilderness!

Before we proceed, we need to remind ourselves of **Genesis 3** where the Original Adam who was indeed the source of Waters (Seminal seed) for all mankind saw his DNA become corrupted by the insertion of the Fallen Seed into his lineage. Now, back to the preceding paragraph. If you remember former teachings, Mt. Hermon is thought to be the place where the FALLEN ONES – YARAD – OR DESCEND into the earth-Adamah-adam! How ironic that they choose this location which would become the headwaters or source of Jordan's water. I contend this would have been an Edenic recapitulation!

If so, then this becomes a powerful typology of Yahshua Himself! He literally claimed to be this source of heavenly and earthly Living Water, which was again shown narrated in the Festival of Sukkot or Tabernacles on the Last Day where the Water Libation was poured out before the People! \*See **John 7:37-39**. The interesting thing is that the Enemy sought to kill Him not understanding that death could not hold this Last Adam because there was NO SERPENT'S SEED IN HIM! Now you understand the following back in **Josh. 3:16** ...*where the waters from Mt. Hermon stood up in a Heap (H#5067, נַד, Ned, translated 'heap' but, from the root Nud, it indicates to wander, be agitated, disturbed, to flee, etc.) and failed and were cut off!* Instead of Yahshua being cut off by His death, His resurrection forever damned the Seed of the Serpent!

Perhaps you recognize this root נַד from **Gen. 4: 16** *where Cain went out from the Presence of YHVH and dwelt in the land of Nod, on the east of Eden.* It is my contention that not only was Cain the 1<sup>st</sup> of the Adamic line to demonstrate the Serpent's lineage, but the Place called Nod would have been in proximity to this crossing of Jordan where the Waters – Seed of the Fallen Ones Rise Up In Anger and agitation being disturbed at the potential of their seed being cut off!

Look back at **Josh. 3:16** and the word describing how the waters ‘Failed’ **H#8552**, **תמם**, Tawmam, to be complete, finished, at an end, destroyed. Next these ‘waters’ are cut off, **H#3772**, **תרכ**, kawrath, to cut down, cut off, behead, eliminate, and cut a covenant. Though unseen by many, this is the single most powerful prophecy regarding the cutting off of the Serpent’s Seedline in the Tanak!

Jordan, The Miracle River.

- IV. For emphasis, let’s review the statement Yahshua makes in **Luke 4:18-19** where quoting **Isaiah 61** He reveals: *The Spirit of YHVH is upon me, because He hath anointed Me to preach the gospel to the poor; He hath sent Me to heal the brokenhearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised, to preach the acceptable year of YHVH – The Yovel!* Can we tie this to our story?...

What most fail to remember is that this remarkable incident occurred after 40-days in the wilderness which also took place immediately after His Mikveh in the Jordan River by John! It is here in the MIDST OF THE RIVER OF LIFE that Yahshua is first identified as “*The Beloved Son of YHVH*”. What happens is a lawful demonstration or precedent being set wherein Yahshua willfully submits His life typifying His death, burial and later, resurrection, it is this born-again or 1<sup>st</sup>-Born demonstration that generates the above response of YHVH!

Throughout antiquity, the idea of immersion or a Mikveh symbolized the death, burial and resurrection of those participating. All Israel is Mikvehed during the crossing of the Yarden – Jordan, like the previous generation crossing the Red Sea. That generation rebelled and perished, much to the chagrin of those who espouse ‘*once saved always saved*’.

Another benefit noted of Jordan is that it is the ONLY place mentioned where one was cleansed of leprosy! **2Kings 5:10**. Furthermore, it is mentioned in **Gen. 13** where Abraham is separated from Lot, **H#3876**, **לוט**, rendered ‘*covering*’, as in a veil, to cover over or hide a secret. His name indicates that it took a separation of the Flesh – Lot from Abraham – Lot chose the cities of the plain where the Nephylim dwelt (Sodom, Gomorrah) while Abraham crossed OVER JORDAN a dying to the flesh rehearsal – by FAITH becoming the SON OF ELOHIYM – and paving the way for Abraham to receive the Melchizedek appointment in the following chapter of **Genesis 14!**

This opened the doorway for the coming Promised Seed, setting the precedent for He Who Comes to access this very Jordan – River of Life - and cross into the Promised Land that Israel is now camped beside, only He did it spiritually as well! Of necessity, it became the Place of required rehearsal where John restored the Melchizedek Priesthood at the baptism of Yahshua, ensuring that one of Pure Seed was once again occupying the role of Melchizedek King and Priest! Following that sequence, Yahshua became the only one who, instead of instructing the Leper to Mikveh in Jordan, touched Him in His role as the River of Life! Why is this significant? Leprosy is a disease associated with Lashon ha'ra, an evil tongue or DEAD SEED! Words were the Seed of Creation! Hence, the reason that Moshe has the Leprous hand healed, not as a sign to Pharaoh, but a sign to Israel of One Who Would Come whose words-seed could once again heal and restore!

How does this effect our generation? Masses of humanity have already been raped in a worldwide, Pandemic whose guise was nothing more than a genocidal effort to eliminate any PURE STOCK of the House of Israel! If we believe that a Greater Exodus awaits us, then we only have an 11-day journey to this same crossing spot in Jordan. Only those Sons of Elohiym will cross! The plagues have only begun, your assignment, should you chose to accept it – is to guard yourself – Spirit/Soul/Body from anything that would compromise your DNA! Learn how to literally and spiritually DETOX your body of any foreign genetic material!

The King is Coming! **Rev. 22:17** *And the Spirit and the Bride say, COME! And let him that heareth say, COME! And let him that is athirst COME! And whosoever will, let him take the WATER OF LIFE FREELY!*

SHABBAT SHALOM!
