

MONEY TALKS: CONTENTMENT

1 TIMOTHY 6:6-10

IF WE ARE HONEST

We believe we would be more content with just a bit more money.

WE TEND TO BELIEVE

We all think that we are the exception to the rule.

IT'S A FACT OF LIFE

More money doesn't lead to a life with less problems.

IF MONEY COULD TALK

A little contentment is itself a big blessing.

SEEING THE BLESSING

1. Contentment guards you against self-inflicted grief.
2. Contentment leads you to love what you have more than what you don't have.
3. Contentment has the power to redefine your riches.
