

OVER IT

This Is Not What I Hoped For

Proverbs 13:12

LIFE

“Over it” happens.

OVER WHAT

The realization of my life does not match the expectation for my life.

THE CONNECTION

There is an unbreakable connection between the object of your hope and the outcome in your heart.

- The objects of our hope are built on longings of our heart.
- Addressing our longings requires a shift in our soul, not simply our situation.

HOPE TO GET OVER IT

Switch the object, switch the outcome.

- Ultimate hope is not psychological, it is theological.

SOUL WORK

1. Own your part.
2. Remember your identity.
3. Guard your tendency.

LIFE THAT HAS LIFE

Misplaced longings always lead to being over it, so be sure you long for something that can deliver.
