Revelation should not generate fear or craziness but faithfulness and courage.

BE CAREFUL

The best tools become useless or dangerous with ignorance.

DIFFERENT TOOLS IN THE BOX

We recognize not all writing is to be read the same way.

GETTING IT RIGHT

Knowing what you are reading is important to knowing what it is meaning.

WHAT YOU ARE READING

Letter - not to us, but for us.

Prophecy - windows of the Lord's work that drive obedience.

Apocalypse - imagery to ignite our spirit.

DESIRE

Our church would be healthier at the end of this series because we learned and applied the lessons from these seven churches.
