## Sermon Summary (5 minutes)

This week, Pastor Anthony explored what it means for God to be "glorious" and why God desires glory. Using Job's story and the concept of gravity as an illustration, we learned that:

- God owns everything and does everything for His glory
- Glory means "weight" — the thing with the most gravity in our lives
- When anything other than God has the most weight in our lives, we become miserable and demanding
- God's desire for glory isn't narcissistic — it's loving, because He is the source of all goodness and joy
