

*Faith Community Sunday*  
***Our Community Our Call God's Provision***

**Growth Group Questions**  
**Sunday May 29th, 2022**

1. What is one thing from Faith Community Sunday that stood out to you?
2. In Acts 2:42 we see the Disciples breaking bread together. We encourage you as a growth group to break bread together and share communion.
3. As we saw in Ruth and we also see in Acts 2 community is an important part of life. What are some ways that we can work to build our community?

4. In Acts 3 we see Peter stop and look at the man and really engage with him. What would it take for us to stop and really look at a need? How does knowing someone and knowing their story affect how you may be inclined to help them? What can we do to open our eyes more to the needs of those around us?

5. In the story in Acts 3:1-10 we see a beggar at the gates of the temple and we see that he was there daily. How does Christ's example of loving others inform how we interact with people who are in need? How would we react to someone begging at the doors of the church?

6. It seems that there is no formula to healing in scripture and not everyone in scripture is healed. What different methods do you see in the bible of people being healed? How do we live in the tension of asking for healing and being ok when healing doesn't happen?

7. People see miracles as a means to the end of faith and clearly Jesus doesn't see it that way. In Matthew 16:4 Jesus says we are a wicked generation who need signs and wonders to believe. Everybody wants to see a miracle and feels like they need a miracle to believe, but the shininess wears off. What is it that sustains our faith?
