1. The Father examines our work

Pastor David Helm,

*“Each of us in God’s family needs to be careful how we live because we all have a Father who is absolutely impartial in His judgments. This truth alone ought to protect us against presumptuous sin. Let me put it to you this way: whenever we begin thinking, ‘Oh, I can do this and get away with it. God will forgive me. After all, God is my Father and therefore my Friend,’ we are on dangerous ground.”*
