

CELL DISCUSSION QUESTIONS

6TH NOVEMBER 2015

BRIEF SUMMARY

Rev. Rod spoke of the following:

- It is not God's plan to cause anyone to be sick or poor
- It is always God's will for everyone to be healed
- It is our faith that determines whether we receive our divine healing
- It is through faith that we can appropriate God's healing power

But in all these, God is sovereign. He heals and chooses when and in what way. Scriptures referred to: John 10:10, Prov 4:20-22, Matt 18:19, John 8:32, Acts 10:38, Luke 5:15, Matt 4:23, Matt 8:2, Luke 7:7 and Mark 5:25-34

DISCUSSION QUESTIONS:

- Do you believe that God heals people today? Why or why not? How do we know God still does healing today?
- Share about any experience you may have had with sickness and healing:-
 - i) Have you ever prayed for someone to be healed? What happened? Or
 - ii) Have you ever been sick or injured and had someone pray for you to be healed? Or
 - iii) Have you heard of anyone being healed supernaturally?

Jesus has completed his part, He died for us, He has forgiven our sins and by His stripes we were healed.

So when we say we can't get healed, our words are already talking for us. (If we say I hope, I'll get better or maybe, I'm not sure, I'm not worthy). These are all negative. We need to BELIEVE when we ask God and talk the talk of faith. Thank you for my healing, speak positive words, rebuke Satan, stand firm until the manifestation comes.

End with praying for each other or someone you know to receive healing.
