

Faith @ Work

CONNECT GROUP DISCUSSION QUESTIONS

11TH

MAY 2018

The Workplace is the place where trade and service are performed; it is essentially the place outside our church or Sunday activities.

Main Points:

- God created work and called us to work (Gen 1:28, 2:15)
- God calls us to do our best at work (Col 3:23)
- Our Work is worship unto God. The word "Avodah" (Hebrew) is used in the word worship (Exodus 8:1) and work in the Old Testament (Exodus 34:21)
- There is no sacred secular divide: we are ALL Priests or Ministers (1 Peter 2:9)
- Jesus spent > 92% public ministry in Workplace

Workplace includes: Arts, Business, Church, Digital media, Education, Family, Government and Politics.

CGQ 1 |

We have had a very eventful week in the field of government and politics. Change has happened in our land! How can we get involved in government and politics individually and in co-operation with other groups in ensuring that for the future:

- Our country becomes a better place for us and our children
- The Education Standards of our land improves
- The Government is more efficient and not corrupt
- Businesses can grow more freely with less corruption and hurdles

Prayer: Every one of us has a part to play! Pray together for Malaysia and the new federal government that they too will chart with transparency, accountability, trustworthiness and fairness. Pray for Sabah!

CGQ 2 |

Helga shared that for her company and work, God enabled her business to succeed until she began trusting in her own skills only for business decisions which later led to big losses. She learnt again the meaning of Proverbs 3: 5-6 in a painful way.

Share what Proverbs 3:5-6 means to you and how this verse can help you in your daily workplace in business decisions, in people relationships, in planning, in negotiations, etc.
