Read Psalms 43

1

In Ps 43:1-2 it talks about experiencing ongoing suffering at the hands of injustice that seems to have no solution. In addition, the Psalmist feels that God is far away and strangely silent.

Have you ever experienced that before? What do you do in such times? Share.

2

In Ps 43:3-4 it talks about asking for guidance (light) from the Lord through His Word (truth). It also talks about a need for God's presence. Trusting God means learning to wait on Him and seek His face. Have you received revelation from Him in times of seeking Him? Share.

3

In Ps 43:5 we see the Psalmist struggle with emotions even in the midst of declaring his hope in God. Can you relate to this? Personally what is the biggest challenge to having hope in God in such situations? Share.

Close by praying for one another. You can declare Isaiah 40:31 over those in need.
