1) What does praise mean to you? Is your view of praise similar or different to what was preached? Has it changed?

2) Praise is powerful because God "dwells" in the atmosphere of His praise and His rule is established in our lives. Have you experienced the power of praise in your life? Share.

3) We tap into the power of praise by choosing to invite His presence, align with His will and purposes and gather with His people. How can we cultivate a lifestyle of praise so that the choice of praise becomes natural to us regardless of our situation? What would that look like for you?
