CELL DISCUSSION QUESTIONS

31ST JULY 2015

QUESTIONS:

1. Being conscious of the spirit realm and having the awareness that we are to live according to the spirit will give us a great advantage in facing life challenges. Share how you, as a spiritual person, are applying this awareness into your daily life? (Eg, when you are facing a financial difficulties, when your children are rebellious, when you are facing office politics....)
2. Being spiritually minded is to lean our thoughts and thinking pattern towards the Word of God. How can we have a greater inclination towards the God's word, and what are some challenges and obstacles we faced?
