Job week 7
Here We Go Again
Job 15-31

What was Eliphaz's main message? I'm wise. I'm from the region known for wisdom. What I observe is that God never suffers a person without merit. I have knowledge above the line, and this is it.

What was Bildad's main message? Repent. You've obviously sinned. I have knowledge above the line and this is it. God will function tit for tat God- You can merit suffering, but if that is true, you can also merit grace. It's works based righteousness.

What is Zophar's main message? You deserve everything you got and worse for how you are talking about God. I have knowledge above the line, and this is it.
