## GOING BACK TO SCHOOL

BY: CALVIN TRAPP

To be honest, I am excited to go back to school, but I am also a little scared. I am excited to go back, because I am starting high school so that means new opportunities and some new experiences. Playing high school sports is something I am really excited about for the competition and the opportunities that I will have. I can also start taking classes that will help me learn more about digital animation and game design which I am passionate about.

On the flip side of that there is a lot to be scared about going into high school, like if I will be able to handle the work? Are my friends still going to be my friends? Will I make new friends? Will I make the sports teams? While I am scared of these things, I will not let them control the way my high school journey goes. Prayerfully God will direct my path in the way He wants me to go!

## RHEMA MEMBER SPOTLIGHT: SIS. DANIELLE PORCHEA

BY: CARL DEIDRICK PARROTT, II

Hello Rhema Church Family, it's Deidrick here with the member spotlight. The member spotlight goes to Sister Danielle Porchea! Sis. Danielle was born in Cary, North Carolina and raised in Fuquay Varina, North Carolina. She came to Rhema by relocation and by following her husband, Minister Brandon Porchea who was already attending the church. She helps out in the Youth Department with the GLO and FLIC classes. She is also a part of the church's planning committee. The planning committee helps plan events for our church. Sister Danielle has two children, a beautiful girl named Brielle and a handsome son, Brendan. She grew up in the church and has been involved ever since. She says: "Even from a young age I've always genuinely loved coming to church". Her husband is one of our very own musicians. Sis. Porchea's favorite hobby is shopping! She is also currently working on her master's degree to become a Clinical Mental Health Counselor. In conclusion, Sis. Danielle Porchea is a big asset to the church! Thank you, Sis. Porchea, for everything you do here at Rhema!

# BIBLE BOWL KAHOOT CHALLENGE

By: Daimon Adams, Jr.

Philippians 4:13

Isaiah 41:10

Welcome to the Kahoot Challenge to test your bible knowledge. The Kahoot Bible Bowl is a trivia game for all ages, to wrap up & review topics to test and see if you have been paying attention. This game is annual and is held every year at Rhema and/or virtual.

For the people that may have questions on how this game works, we use the Kahoot app, which is simply a multiple choice game. This makes it more fun and interactive than a test or quiz and it's hands-on using technology; completely FREE of charge!

Every year a new team wins, and it's always up for grabs. This is one of the games our Bishop can't cheat on unlike musical chairs or bingo, LOL! The questions are based upon the objectives from lessons learned during our monthly School of Wisdom classes, held every Sunday morning. The teams are always even and you never feel like the other team may have an advantage.

To prepare for the end-of-year competition we are offering a challenge every edition of our newsletter, based upon age group: GLO, FLIC, TLC and Adults. This edition we're giving the FLIC class a chance (3rd-5th graders). If you'd like to play complete the mini review Kahoot challenge using the link provided for a chance to win the 1st place prize gift card!

Best wishes and hope to see you @ Rhema for the big turn out (Stay tuned for details)!

This link is for grades 3rd-5th grade ONLY, please enter players full name when playing or you will be disqualified. Deadline is Monday, August 1, 2022 at 5:00 pm.

# ADAM and EVE

The serpent (Dewl) tempted eve to disobey God

Then eve made adam eat it

Adam and eve were God's first human creation

How eve was made

- GEN 2:22

And the rib that Lord God had taken from the man, He made into a woman and brought her to the man.

GOD was mad at adam and eve and He banished them

*FROM THE YOUNG ADULT PERSPECTIVE***'YOUNG N' HOLY'****BY: MARCUS MCNEAR**

**This past Sunday at church I understood exactly what Bishop was preaching about. He was speaking about how even though things may not be going the way you expected them to go, it doesn't mean you need to panic or start worrying about any situation that may come your way.**

**Different situations may cause you to react a certain way, but it's up to you on how you handle it. Personally, I must learn how to listen and be aware of when God is speaking to me, so I can know how to move in certain situations. I'm appreciative of the fact that my mom had me going to church from a young age, because that instilled the word in me.**

**I take everything that I've learned and apply it to my life now. I enjoy going to church and continuing to learn the word. I don't go to church every Sunday, but I always find my way back home. I have my own way of praising God and I'm content with that.**

## “We Still Need Our Fathers”

From the beginning of time, man was strategically created and designed by God with purpose. In Genesis 1:27, the scripture tells us that God created man with instruction to have dominion or authority over everything He created in the earth and to cultivate and maintain the Garden of Eden. In other words, man was given important responsibilities. And just as man was a vital part in the beginning, the same remains true today.

In honor of this past Father's Day, I want to appreciate our fathers and remind them that despite the false perception in our world, they are valuable and needed. Fathers, do you realize that God assigned you the amazing task of being the foundation of the family? There is no family without you. You are the source of seed even before manifestation. God created you first to not only be the leader and the head, but to help maintain the family; to not be a dictator, but a cultivator. Whether you believe it or not, your role is to bring out the best in everyone under your authority. It's sad and unfortunate how society is trying to redefine you as effeminate and insignificant, but please be reminded that you are your son's model of what real manhood is, and your daughter's model of how a woman should be treated and handled. Our community, family, and churches are in better condition when you stand up and be the leader that God has intended you to be. So, allow God to lead you as you lead the family.

Thank you, Fathers, for your love, support, and all of the sacrifices that you make for your family. Thank you for being positive role models. We love you and need you.

His Daughter,

*Camesha L. Parrott*
