

Positioned for Glory Part 2

Read John 9:1-7

-Today I want to start with the line of thinking- Sometimes, God puts us in situations and puts us in places that we don't understand, but at the end of our story, and at the end of your chapter, God gets to glory. **Change your perspective during problems**

-Jesus healed differently, because this guy was different.

-Jesus did it different because the problem was different.

-The difference is in the length of his condition. He was blind from birth. His whole life.

-You're different because your issue is unique to you at that moment.

-We feel like that too....

That nobody understands what I'm going through

-You're built different and it's a different season, but there was one that understands

-The only one that could understand was the only one that could stop and help him in this situation.

-But hear this pastor- I'm telling you right now, there's One that understands and help is on the way. **He can solve it.**

-And even when you can't see, you can hear... The blind man couldn't see Jesus but he could hear Jesus speaking. You don't have to understand, Sometimes you get different problems, so you can find a different way to rely on God.

-Your miracle might look different than somebody else's

Isaiah 43:18-19

-Forget the former things; do not dwell on the past. See, I am doing a new thing! Now it springs up

I'm looking for the new thing
I'm expecting the new thing
I'm waiting for it to spring up
