

REMAIN

Hebrews 10:19-25

Clay Wesley

Part of Summer 2025

October 2, 2026

The Lord wants you to remain...

The Lord's desires are always paired with His provision.

If we are not securely set in the truth of Jesus's supremacy, we will drift into the danger of the world's currents.

We begin to drift the minute we become untied to the anchor.

You can either neglect your salvation or nurture it.

SMALL GROUP QUESTIONS:

What is one everyday warning sign (like a check engine light or road sign) that you're glad exists?

Why do you think it's so easy to "drift" spiritually without even realizing it?

consistent study and meditation are vital for spiritual growth.

When you feel distant from God, what is usually the first indicator for you?

When you drift away, you might notice a lack of inner peace, increased stress, or a sense of disconnection from your purpose. It often leads to feeling empty or easily influenced by daily demands.

What is one habit (like reading the Bible, praying, or being with other

believers) that helps keep you close to Jesus?

Is there an area of your faith where you need to pay closer attention right now? What would that look like practically this week?
