

Sunday Morning

In Community Groups on Sunday mornings, our desire is to help you build a strong foundation of biblical understanding and truth for your child and family.

An email sent to you from Ministry Grid allows you to access the "At Home" site. You will see what your child learned that week and suggestions on going deeper. You can choose a once-a-week family devotion or expand and do activities and projects. Start simple. Plan what day of the week you will do a family devotion and stick with it. Then as you are more comfortable or have opportunity, expand to the suggested activities.

Wednesday Night

Our Wednesday Night Voltage worship is all about practical application to biblical truth. In other words, how is the Bible relevant today?

In an effort to help you teach your child independent Bible study, a personal, age appropriate, devotion sheet is sent home each week. Additionally, it can be downloaded from our LHBC Children's Ministry Facebook page. There are 4 days of God time devotions they can do on their own or with your help. They are based on the week's lesson and help them to search the scriptures to go deeper.

As an encouraging incentive, we have the Power Store. When five completed and parent-signed devotions are turned in, your child may choose an item from the store.

PARENT CUE

Parent Cue is a great app that can be downloaded to your phone or computer.

Once downloaded, you will set up a quick profile for each of your children.

The app gives you access to videos and lesson points, questions to ask to follow up on the lesson, prompts to start Christ-centered conversations and much more!

You will also receive reminder prompts regularly to remember to make every day count.

MORE!

The Kids Sermon Notes each Sunday have a question to start conversations about the message that was preached. It's a great way to engage your children in the car ride home or around the lunch table.

Ask to join our LHBC Children's Ministry Facebook page for info, updates and more.

If you are not receiving text messages from me, please let me know and I will sign you up for our regular messaging updates.

Don't forget to stop by the Parent Resource Center in the Powerhouse lobby. I will text you alerts when we add new material.

Please reach out to me any time if I can help in any way. Thank you for allowing me the privilege of partnering with you!

Screen Time Needs to Be Redeemed

- Kids spend over 5 hours each day on digital devices, and 74% play video games regularly.
- Fundamental perspectives on truth, morality, purpose, and faith are firmly in place before the age of 13.
- 50% of kids who grow up in church do not believe life has purpose and 90% do not believe the Bible is relevant.

Young minds and hearts are being shaped by video games and screen time. Redemptive solutions are needed.

Kids' Time Each Week

4-10 hours with family

1-4 hours in church

35-50 hours with digital devices

Lightgliders is the Fun, Redemptive Solution

Lightgliders is a digital platform of Christian faith, fun, games, and community for kids ages 6-12.

- Fun games, videos, and activities for kids
- A multiplayer online game with character customization, missions, and events
- A biblical worldview curriculum with weekly Bible-based lessons and reflection questions
- Safe, ad-free screen time accessible on computers, tablets, and smartphones
- Weekly parent and leader resources to encourage meaningful conversations
