### Dr. Lee Brand Jr. Weekend Speaker

Dr. Lee Brand Jr. grew up in Nettleton, MS. He surrendered to the ministry in 1997. Dr. Brand earned degrees from Mississippi State University and Mid-America Baptist Theological Seminary. He served as the Senior Pastor of Beth-el Missionary Baptist Church in Starkville from 2002-2019, overseeing much of its growth and ministry development, including campus outreach at Mississippi State and missions partnerships in the Philippines and Uganda. He currently serves as the Vice President and Dean of Seminary at Mid-America Baptist Theological Seminary. Dr. Brand is also the First Vice President of the Southern Baptist Convention. Dr. Brand is married to his wonderful wife, Tiffany. They have 5 children. The Brands reside in Southaven and attend Desoto Hills Baptist Church.

## November 12-14, 2021

SENDesoto is an intentional weekend that will mobilize our church family to serve within our community. Opportunities to serve are in partnership with established local ministries that we have worked with in the past. There are opportunities to serve for all age groups and all ability levels: all age adults, families, students, and kids. Think of this as a local mission trip!

In our Christian life, we must not separate the Great Commission (Matthew 28:18-20) from the Great Commandment (Mark 12:29-31). Our goal is to serve our community, while looking for opportunity to engage people and families with the Gospel.

Pray about how God would have you to be involved during this weekend. Because of our commitments to our LEAD PARTNERS, we must fill up the priority projects before the secondary projects will become available.
