Family Road Trip – Part 4: Home Sweet Home – Building A Home That Lasts

Weekly Theme

A house is something you purchase; a home is something you build. Build a Christ-centered home by intentionally choosing God's ways, modeling faith, and cultivating His presence.

Main Scripture

Joshua 24:14–15; Matthew 7:24–27; 1 Corinthians 11:1; Deuteronomy 6:4–9; Colossians 3:12–17

Sermon Recap

Every family is building something. Homes that endure are built on obedience to Christ, parents model what they hope their children will become, spiritual decisions are made before crises arise, and the presence of Christ—not the structure itself—makes a home flourish.

Discussion Questions

Children: What makes a home different from a house? How can we show Jesus' love at home this week?

Teens: What values are shaping your life? How can you help create a Christ-centered atmosphere at home? Which example from your parents or leaders has strengthened your faith?

Adults: What foundation is your home being built upon? What spiritual habits need strengthening? What decision should your family make now before facing a future detour?

Personal Reflection

Ask God to reveal one area where your home can better reflect Christ. Commit to one practical change this week.

Family Prayer

Father, thank You for our home. Build our family upon Jesus Christ, the solid Rock. Help us model Your love, teach Your Word faithfully, forgive quickly, and let Your peace rule in our hearts. May our home become a place where Your presence is welcomed every day. In Jesus' name, Amen.

Weekly Challenge / Application
