## **Bible Prophecy Update – April 4, 2021**

### ***Coming to A Head***

**JD Farag**

Good morning on this Resurrection Sunday, and welcome to our live stream. As you noticed, we're starting early, and there's a reason for that. I want to welcome those of you that are joining us today. On Sunday mornings, we have two services, the first is the Prophecy Update, which we're going to do today, and then the second service is usually our verse-by-verse study through the Bible. Today, of course, we are going to have the Resurrection Sunday sermon during the second service, and that will be livestreamed at 11:15 a.m. We'd encourage you to join us. I've titled this year's sermon "Go Back to Jesus."

What I want to do today on this Resurrection Sunday is to talk about why we all need to get back to Jesus, the true Jesus, by the way, the true Jesus of the Bible. That's what I want to talk about for this year's Resurrection Sunday sermon. Also, for those of you online watching the update on YouTube and Facebook, we would really encourage you to go to [JDFarag.org](http://JDFarag.org). The reason is that the update, in its uncensored entirety, will only be available for viewing on the site. If you don't mind, we're going to get right to it; a lot to get to today.

I want to do today for the update, and I'm going to say it this way because I need to talk with you. I don't want to, but I need to talk with you about how everything happening in the world today is now "Coming to a Head." By that, I mean it's reached a point of crisis so serious that even now that which was planned long ago is being implemented as we speak.

While I realize this is a pretty ominous way to start, the fact of the matter is Bible prophecy tells us that this is exactly how it will all end in the end. Please know that I would rather be devoting both services, not just the second service, to a Resurrection Sunday sermon. However, events of prophetic significance are moving so fast, too fast, and every day counts. And that's why I discerned from the Lord that we're to talk about this today. Would you agree with me that now is the time to get Jesus to people and people to Jesus as soon as possible? The time is at hand.

Before we get started, what I'm going to talk about today certainly has the propensity to create fear, which is why I want to do something a little bit different and begin today's update with a prayer. If you would, please, join me. Loving heavenly Father on this Resurrection Sunday, this one day of the year when the entire world in some measure is cognizant of the resurrection, we are assembled here together today joined with those watching online as well today. Lord, we want to hear what the Spirit would say to us, Your church.

We want to ask You to speak clearly so that we can hear and have ears to hear. Lord, please, you've not given us a Spirit of fear, but of power and of love and of a sound mind, disciplined mind. So, Lord, we want to ask you for the Holy Spirit, as only You can, to settle our hearts, quiet our minds, and focus our attention so that we can hear You speak into our lives that which You want to say to us today.

Lord, thank You in advance for what You're going to do and for blessing everyone here and all of those who are online. Especially those who are really struggling, really hurting, riddled with fear and uncertainty and doubt, I pray that You would settle their hearts today. Minister to us, we pray in Jesus' name. Amen and amen.

I will begin by drawing your attention to a prophecy found in the Book of Revelation and the well-known chapter of Chapter 13. I would encourage you to turn there and join with me and kind of be at the ready. Here, John writes about two beasts, one coming from the sea known as the Antichrist, and the other from the earth known as the false prophet. In this prophecy, John describes the Antichrist as a political leader and the false prophet as a religious leader.

Now I'm keenly aware that this might sound like and seem like an oversimplification, but these two leaders work in concert together, one with the other. In so doing, they are granted all the power and authority and especially control over every tribe, every tongue, and every nation on earth. This is

during the seven-year tribulation. However, it's the Antichrist that will demand and receive worship under the threat of death for those who refuse.

Now join with me, beginning in verse 15 of Revelation 13. John, by the Holy Spirit writes, "The second beast was given power to give breath to the image of the first beast so that the image could speak [the image] and cause all who refuse to worship the image to be killed. It also [verse 16] forced all people great and small, rich and poor, free and slave, to receive a mark on their right hands or on their foreheads so that they could not [listen] buy or sell unless they had the mark, which is the name of the beast or the number of its name. This calls for wisdom. Let the person who has insight calculate the number of the beast, for it is the number of a man. That number is 666."

Fast-forward to Chapter 20, if you would please turn there; I want to read verse 4. Now, John in the revelation is allowed to see at the end of the seven-year tribulation. He says what he saw in verse 4 of Revelation 20 was thrones.

He says, "And I saw thrones, and they sat on them and judgment was committed to them. Then [notice the distinction, he delineates here] I saw the souls of those who had been beheaded for their witness to Jesus and for the Word of God who had not worshiped the beast or his image and had not received his mark on their foreheads or on their hands. And they lived and reigned with Christ for a thousand years." This is the Millennium, that Kingdom Age.

John is writing here about those who in the seven-year tribulation will refuse this mark, and as such, they will refuse to worship the image of the beast and receive this mark. It will cost them their lives, and they will be martyred. Now we affectionately refer to these as the tribulation saints, not the bride. The bride of Jesus Christ is raptured prior to the seven-year tribulation.

We see that distinction here in just this one verse, in verse 4, because John is writing about two groups of people. The first is us who sit on this throne, and judgment is committed to us. Then he says, in addition to them, I also saw the souls of those who did not worship the beast, the image of the beast, nor did they receive the mark in their foreheads or on their hands.

The reason I wanted to start out this way is that we can surmise from the specificity of this particular prophecy certain conclusions concerning the mark of and the worship of the beast. I would suggest that first and foremost, it would presuppose that there is in place the needed technology in order for this prophecy to be fulfilled.

Furthermore, this technology would need to be connected to a global economic system in order to control all financial transactions for everyone on earth to buy and sell. There has to be a technology in place. I'm personally of the belief that said global technology is no longer near. Rather, it's already here and even now being instituted.

If you kindly allow me to, I need to talk to you about this and specifically how this is happening for the remainder of our time together today. In order to do that, we'll now, at this time, end the live stream on YouTube and Facebook and redirect you to [JDFarag.org](http://JDFarag.org) if you're not already there.

For well-nigh one year now, I have taught about the many Bible prophecies and quoted many sources that document this coming one-world government, one-world economy, and one-world religion. I've also presented much in the way of evidence that COVID-19 is the explosive in the controlled demolition of the global economy. Not only was COVID-19 engineered to crash the economy, but it's also engineered to collapse governments and unite world religions.

I would submit that this is already happening and will ultimately be accomplished under the banner of what's known as "The Great Reset" from The World Economic Forum. The Great Reset will be just that, a reset. It will be a reset of the global economy by way of cryptocurrency vis-a-vis blockchain technology and a subsequent universal basic income, UBI.

## **Bible Prophecy Update – April 4, 2021**

### ***Coming to A Head***

**JD Farag**

By the way, parenthetically, let me say the trillions with a “T” dollar, think about it: try to count to 10,000. If you're anything like me, and I suspect that you are, I would fall asleep at about probably today 350 before I even got anywhere close, just to put it in perspective - trillions of dollars!

This is by design. They're going to reset the global economy, and they're crashing it. As one so aptly said it: COVID-19 is the pin that pops the bubble. It's just a matter of time, and it was all by design. This is what's coming: a universal basic income where everybody is given a specified amount. This, of course, is subsequent to the reset of the global economy. It's a one-world digital economy. Once the global economy is reset and the universal basic income implemented, it will be predicated upon what's known as a social credit score system.

Right about now, this is probably as good of a time as any to just say to you that the enemy does not want you to grasp what it is that I'm talking about today. Whoa, Pastor JD, it's Resurrection Sunday! Dude, can't you give us a break? "No!" Thank you; you guys are so gracious.

I'm telling you right now, I mean, it's already here. I don't know how long ago now. It's all a blur. I was talking about this and saying it's coming. I cannot say that anymore. It's not coming anymore. It's already here - now. Okay, what is this? Well, God's given you an intellect. You have a God-given intellect to be able...

Listen, let me say it like this. If I can understand this, I promise you, you can understand this. I am not the sharpest knife in the kitchen drawer. I barely graduated high school, not proud of that. I'm not being disrespectful to those that have furthered their education. But I graduated high school by the hair of my chinny chin chin, literally, actually, that's not hyperbole.

In other words, if I can grasp this, so can you. Okay? Don't let the enemy start getting your mind to wander, and like, whoa, this is way over my head. It had better not be way over your head because it's coming to a head.

Let's talk about these social credit scores. What is that? Do you know how you have a credit to be able to buy? You have to have a credit score in order to qualify for a loan. Well, that's what this is. Only it's not a credit score to get a loan. It is a credit score to get anything. It's a social credit score that is determined by one's compliance with and acceptance of the global governance and requirements.

One's compliance will be monitored by Artificial Intelligence (AI) mass surveillance, and then it'll be enforced by way of a digital identification. This digital identification is the verification and authentication used to determine one's vaccination. Are you with me? It gets worse. If one has not received a vaccination, their social credit score will drop. They will be penalized, rendering them unable to buy, make purchases, and even gain entry into businesses.

Lest you write this off as science fiction or conspiracy theory, let me hasten to say that it's already here by way of a vaccine passport. Actually, the first vaccine passport in the United States came to New York two days ago on Friday, and it's known as the Excelsior Pass.

Back on Friday, March 26th, The New York Post published a report saying quote, "The program, dubbed the "Excelsior Pass," is an app that will allow New Yorkers to prove their vaccination status or recent history of a negative COVID-19 test." Hang onto that. I want to come back to that because right now, it's - "or."

"...in order to gain entry to events and businesses, Governor Cuomo announced in a news release Friday. "Similar to a mobile airline boarding pass, individuals will be able to either print out their passes or store it on their smartphones using the Excelsior Pass Wallet App." That should trigger those of you that are familiar with cryptocurrency. This is a digital wallet.

## **Bible Prophecy Update – April 4, 2021**

### ***Coming to A Head***

**JD Farag**

"Each pass will have a secure QR code [They are already getting us conditioned and programmed for this QR code] a secure QR code, which participating businesses and venues can scan using a companion app to verify proof of COVID-19 negative test results or proof of vaccination. Major venues such as Madison Square Garden and the Times Union Center in Albany will begin using the app on April 2nd." That was Friday.

"Excelsior Pass will expand to smaller arts, entertainment, and event venues," Cuomo's office said. "The app launched after two pilot demonstrations held in recent weeks will use [listen] blockchain technology and encryption to ensure the health information is stored securely." Yeah, right. Oh, come on, Pastor, this is New York. Well, aloha. According to Travel Pulse, a vaccine passport may be coming to Hawaii as early as next month, mid-May.

Here's a quote, "Government officials in Hawaii aren't speaking, not on the record anyway, but a vaccine passport to visit the state could be ready by May and announced as soon as this week," according to the Honolulu Civil Beat. "Unofficially, the publication says there are signs that a passport is on the way."

Lieutenant Governor Josh Green, who serves as the state's COVID-19 liaison and who helped develop a program that lets people skip a 10-day quarantine by getting a negative test, said that while there's, quote, "No official date, he thinks a vaccine passport for travelers to Hawaii could be in place by May 15th."

Common Pass, the firm working to develop Hawaii's passports, said in an e-mail to the Civil Beat that quote, "We have some news that corresponds to your query going out next week. Common Pass is one of several entities, including the International Air Transportation Association, that are developing vaccine passports that would prove that the person carrying the document had been vaccinated."

Translated: If you haven't, you can't do anything. You can't go anywhere, you can't buy anything, and you certainly can't come to the Islands. Common Pass: It should be noted that Common Pass vaccine passports come from none other than The World Economic Forum and is the key component to the aforementioned Great Reset.

For those who are interested, we've talked about these vaccine passports in the Prophecy Update back on February 21st, titled "Coming Soon." We have all of the links online, and for those of you here, you can go to the website, and all of these links are provided.

It should also be noted that The World Economic Forum founder, Klaus Schwab, and his "Great Reset" is what he dubs "The Fourth Industrial Revolution." Back in May of 2019, Klaus Schwab explained what the Fourth Industrial Revolution is in a video posted by the Chicago Council on Global Affairs.

Here's what he said, and I quote, "What the Fourth Industrial Revolution will lead to is a fusion of our physical, our digital, and our biological identities." In other words, this fusion will lead to transhumanism.

Pictured here is a screenshot from The World Economic Forum's website titled "What is transhumanism and how does it affect you?" Quoting, "Transhumanism is rooted in the belief that humans can and will be enhanced by the genetic engineering and information technology of today as well as anticipated advances such as bioengineering, artificial intelligence, and molecular nanotechnology. The central premise of transhumanism, then, is that biological evolution will eventually be overtaken by advances in genetic, wearable, and implantable..." Implantable! Did I say implantable? "...implantable technologies that artificially expedite the evolutionary process."

Time does not permit today to explain what is behind this, but Satan is the master counterfeiter. They are trying to counterfeit eternal life by way of this transhumanism because if you really think

## **Bible Prophecy Update – April 4, 2021**

### ***Coming to A Head***

**JD Farag**

about it, these people have so much money. The one thing they don't have with all of that money is the assurance of eternal life. So, what are they going to do? Oh, they're going to come up with this.

By the way, this artificial intelligence, I believe it's demons that are giving them this "other world" intelligence because there is no way that man possesses this kind of intellect. Artificial intelligence are demons that are providing these demon-possessed people this information with the promise, which goes back to the garden. Again, time doesn't permit, but I think you know what I am talking about.

Think about this: For those of us that are born again of the Spirit of God that have received the gift of eternal life that Jesus paid in full for on the cross. We have what they don't. Yeah, but they have all this money. That's the problem. They want it without God, and is that not what the serpent said to Eve in the garden? Nothing new under the sun. It's just repackaged. The same lie is repackaged.

These people honestly believe these demons and the doctrines of demons that have deceived them and cause them to believe that they can actually live forever, and that is what this is about. They don't need God. Hath God said?

In his book, "Covid-19: The Great Reset," Schwab states, and I quote, "When confronted with it, some industry leaders and senior executives may be tempted to equate reset with restart, hoping to go back to the old normal and restore what worked in the past. In short, a return to business as usual. This won't happen because it can't happen. For the most part, "Business as usual" died from, or at the very least was infected by, COVID-19."

Here's a quote from his chapter titled "Redefining Our Humanness" subtitled, "The better angels in our nature... or not." Quoting, "Psychologists point out that the pandemic, like most transformative events, has the ability to bring out the best and the worst in us. Angels or devils: what is the evidence so far?" Then he goes on to make the case for "merging man with machine." Schwab expounds on this in his book, "Shaping the Future of the Fourth Industrial Revolution." By the way, we have links, PDF files of these books online.

Here's what he said, quote, "Fourth Industrial Revolution technologies will not stop at becoming part of the physical world around us. They will become part of us. Indeed, some of us already feel that our smartphones have become an extension of ourselves. Today's external devices from wearable computers to virtual reality headsets will almost certainly become [here's that word again] implantable in our bodies and brains." Is everybody okay? Why are you looking at me like that? I'm just quoting this.

"Exoskeletons and prosthetics will increase our physical power, while advances in neurotechnology enhance our cognitive abilities. We will become better able to manipulate our own genes and those of our children. These developments raise profound questions: Where do we draw the line between human and machine? What does it mean to be human?"

I suppose the question now becomes - how does the Fourth Industrial Revolution tie into the COVID-19 vaccine passports? Now, again, I would just humbly ask that you use your God-given intellect to concentrate and not let the enemy distract your mind, so you miss what I'm about to say here, okay?

You'll forgive me for what may sound like an oversimplification. But it seems that this vaccination verification will somehow link mankind to this artificial intelligence and surveillance technology that already exists and has already been implemented.

I'll take it a step further and suggest that this vaccination verification is a guise, a ruse to get the operating system to work in humans with what Moderna calls their "software of life." Like with an operating system and software, it's a program that has been programmed to program. I know that

## **Bible Prophecy Update – April 4, 2021**

### ***Coming to A Head***

**JD Farag**

it's deeply profound. Is that not what our computers do? We have computer programs that are programmed to program.

That's what this is: They're reprogramming, they're editing, they're altering, they're changing the human DNA. MRNA, messenger RNA, Moderna, modify RNA, MOD-ERNA? Man and machine will be programmed, merged, if you will, into a digital platform, which not only alters humans but also totally controls humans. It doesn't just control what humans can buy or sell. It will literally control the transhuman brain - and even thoughts." You can do your own research. Again, if I can find this, you can find this.

Once they get the operating system downloaded into your body and brain, they can update it, which is why by the way, they continue with these additional jabs, as they call it. Don't you hate that, by the way... It's like, "Update is available," remind me tomorrow. The update is available... Do you notice how they don't give you the option of don't ever remind me again?

My son Elias who is very computer savvy, said to me one time, "Those updates are not for you: they're for them. They update your computer, and they put in "backdoors" so they have complete access to all of your data." That's what they're doing. They want your data. They want your data.

It's all going to be linked to this central system, and they can actually download whatever they want into your brain. They can download new memories into your brain once they have the operating system installed. I was preparing and praying, a lot of praying this week for today. I thought, Lord, I know this is heavy again, when is it not. But all the more reason to get to Jesus as quick as you can.

I listen to a lot of experts. I watch a lot of videos, and the common denominator with a lot of these well-intentioned experts is that they all say we need to do something. We need to stand up and take back and fight. And I think to myself: Wait, I don't see in here where that happens. What I see in here is where this happens. Actually, I want to talk more about that Second Service. It's for this reason that they will mandate this vaccine passport. Think about this: You have to have this for anyone to have any hope of doing anything.

On Monday, The Epoch Times published an article quoting former Clinton advisor Naomi Wolf who stated that mandatory COVID-19 vaccine passports would be the quote, "...end of human liberty in the West if this plan unfolds as planned."

Quoting, "Vaccine passports sound like a fine thing if you don't understand what these platforms can do." Wolf told Fox News, "It is not about the vaccine, it is not about the virus. It's about your data. Once this rolls out, you don't have a choice about being part of the system. What people have to understand is that any other functionality can be loaded onto that platform with no problem at all." Wolf said, "Such data can be merged with your PayPal account, with your digital currency," adding that, "Microsoft [of course] is already talking about merging it with payment plans."

Wolf noted that it happened in Israel, "and six months later, we're hearing from activists that it's a two-tiered society and that basically activists are ostracized and surveilled continually. It is the end of civil society, and they're trying to roll it out around the world." "It is absolutely so much more than a vaccine pass. I cannot stress enough..." I want you to listen very carefully to this quote. "that it has the power to turn off your life or turn on your life, to let you engage in society or be marginalized."

Going a step further, Wolf likens such plans to the Chinese Communist Party's surveillance of its population and promotion of a "social credit score." "How does the CCP keep a billion people under the thumb of a totalitarian regime?" she asked? "The CCP can find any dissident within five minutes, and that can happen here literally within months."

**JD Farag**

"The thing underpinning all of this is, what are you going to use it for?" said Melinda Mills, Director of the Leverhulme Centre for Demographic Science at the University of Oxford, according to the Wall Street Journal. "Is it for international travel? Is it for getting a job? Is it for buying milk?"

This Fox News political cartoon of the day says it all. It was sent to me by Michelle Meiring, who's an online member all the way from Taiwan. She writes, "Hi, Pastor JD, you probably received tons of messages with this link, but just in case, I'm sending it on to you as well. On March 21st, your Prophecy Update was entitled "The Devil Is in the Details." Check out today's political cartoon on the Fox News website."

It's important to understand that this just didn't come about overnight. This has been planned for what is believed to be decades. I actually personally believe that this has been in the planning for well-nigh 100 years, a century. I am also of the belief that these plans were set in motion over 10 years ago, and it was decided that 2020 would be the year to actually execute it. The truth of the matter is "the plan," as it were, is to first reduce the population in order to control the population, bringing the population into "Lock Step."

Enter this report from the Rockefeller Foundation and Global Business Network that was produced; get this, 11 years ago, back in May of 2010. The report bears the title of "Scenarios for the Future of Technology and International Development."

What follows are quotes from pages 18 and 19 [again, the link is available] under the heading of "LOCK STEP, A world of tighter top-down government control and more authoritarian leadership with limited innovation and growing citizen pushback."

As I quote some excerpts from this report, keep in mind that it's actually a script. It's a script that simulates future scenarios that they have planned to execute and chief of which would be a global pandemic.

Listen as I quote: "In 2012, the pandemic that the world had been anticipating for years finally hit." Stop right there. We weren't anticipating it until you started producing movies out of Hollywood programming us to anticipate it.

Quote, "Even the most pandemic-prepared nations were quickly overwhelmed when the virus streaked around the world. The pandemic also had a deadly effect on economies: international mobility of both people and goods screeched to a halt, debilitating industries like tourism, and breaking global supply chains. Even locally, normally bustling shops and office buildings sat empty for months, devoid of both employees and customers. The pandemic blanketed the planet. [2010!] "

The United States' initial policy of strongly discouraging citizens from flying proved deadly in its leniency, accelerating the spread of the virus, not just within the US but across borders. However, a few countries did fare better - China in particular.

During the pandemic, national leaders around the world flexed their authority and imposed airtight rules and restrictions, from the mandatory wearing of face masks [2010!] to body temperature checks at the entries to communal spaces like train stations and supermarkets." Wow! How did they know? Because they did it. "Even after the pandemic faded [listen to this] this more authoritarian control and oversight of citizens and their activities stuck and even intensified.

In order to protect themselves from the spread of increasingly global problems - from pandemics and transnational terrorism to environmental crisis and rising poverty - leaders around the world took a firmer grip on power. At first, the notion of a more controlled world gained wide acceptance and approval. Citizens willingly gave up some of their sovereignty and their privacy to more paternalistic states in exchange for greater safety and stability. Citizens were more tolerant and even eager for

**JD Farag**

top-down direction and oversight, and national leaders had more latitude to impose order in the ways they saw fit.

In developed countries, this heightened oversight took many forms: Biometric IDs for all citizens, for example, and tighter regulation of key industries whose stability was deemed vital to national interests. In many developed countries, enforced [keyword, enforced] cooperation with a suite of new regulations and agreements slowly, but steadily restored both order and importantly economic growth." It's all about the economy, stupid, right?

Dare I say that what I just read reads verbatim with everything that's happening today, and not only that, it's even foretelling what happens next. What do you mean? Well, did you catch it? Enforced cooperation with regulations all under the banner of restoring the economy that "we" crashed in the first place. Restoring, resetting; would that be a better word? I think so.

Well, this brings me full circle to the aforementioned idiom of "coming to a head" such that everything is now coming to said prophetic head. That's why it is, by the way, that I don't have permission to stand up here as is my privilege to do every Sunday and just talk fluff and tell you what you want to hear, what your ears are itching to hear. I want to hear it too. Everything's going to be okay. Everything's going to get back to normal. The vaccine is here, hallelujah. That was bad, wasn't it?

I was just thinking about this today, this morning when I got up early. Solomon writes in Ecclesiastes that with much knowledge comes much sorrow. We have a secular saying for it. It goes like this; I know you've heard it: Ignorance is bliss. I mean, the more you know, the more grief and sorrow you have because you know what this is, and you know what's coming, and so what are you going to do? Are you going to stay quiet? Okay. Maybe you're going to fight back. Okay.

How about this? How about sound the alarm that Jesus is coming. Because the Bible says so, that this is how it's going to end in the end. You don't have to be a rocket scientist to realize that when you see all of this, and you connect the dots with prophecy in the Bible.

I mean, can I say it like this? I don't mean to be snarky; being snarky comes easy for me, but how can you not see it? How do you not see that? We're almost done; just bear with me. Let's step back for just a moment from the proverbial tree to see the bigger prophetic forest. Can we do that just really quick? Okay.

I've just shared with you some very technical information about the technology and how it's already in place to track and surveil and control every human being on the planet. Right? So much so that the technology will determine by way of this social credit score whether or not you can buy food today.

Because you see if you're in China right now, and by the way, we have people in China. If you jaywalk? Jaywalk! Your score - boom! If you call somebody with a low score? Your score - boom! Now, you go out to buy groceries, and you have to use this system to buy. They look at your score, and they say, well, you don't qualify because your score is too low. Because you've been penalized. What did I do? Oh, it's what you didn't do. You didn't post on social media pro-government posts.

Again, if I can do this, you can do this. Believe me when I say that to you. I would encourage you to go online and search "Chinese social credit score." It'll show you this graphic - things you can do to increase your score and things you don't want to do to reduce your score because you live and die by that score. They will turn off your life, as Naomi Wolf says.

How do they know? Because you're connected to the system. They have their operating system in you, on you, and they track you, and they know you more than you. They know everything you do, everywhere you go, whoever you talk to; they're listening, by the way. Boy, you just do something wrong, and you're done. That's already here and coming to Hawaii.

Then you go to the Word of God, and you read that during the seven-year tribulation, there's going to be a system in place that will control every human being enforcing this system by some technology implantable, presumable implantable, in the forehead or the forehead and then instead of your phone... It makes you want to throw your phone away, doesn't it? They're already conditioning us.

A while back, I into the bank; thank God for my son. He said to use the app because all you have to do to deposit the check is take a picture of the front and back, and then you don't even have to go in the bank. I was like, oh, thank you. I wish I could get spicy ahi poke that way, but you can't - yet.

But the last time I went into the bank, I mean. You walk up, and here is this guy, uniformed. Sir! What? Over there. What, what did I do? Stand in front of this thing. I am like, that's the mark of the beast! It scanned my forehead! In order to do a financial transaction at the bank, I had to be scanned. Oh, I guess it was to take my temperature. Come on! I didn't mean to get that demonstrative.

Do you get the point? What we're told in the Bible will happen? It's happening. What does that mean? It means Jesus is coming, and the rapture is going to happen sooner than any of us could possibly imagine or expect.

By the way, just so you know, this is the first Resurrection Sunday that I've ever done a Prophecy Update in well-nigh 15 years now. The same thing with Christmas. Christmas, and Resurrection Sunday, I would not do a Prophecy Update. I'd just have a sermon; today was the first time. I think you know why now - because of what's happening now. It's coming to a head now.

This is why we do these updates, and this is why we end with the Gospel, the good news of Jesus Christ, and the simple ABCs of Salvation, on this day - Resurrection Sunday - of all days. What is the good news? The good news is He is risen! He was crucified, buried, and He rose again on the third day, and He's coming back again, soon and very soon-one day. That's the good news, the Gospel of Jesus Christ.

What are the ABCs of Salvation? A simple childlike explanation of salvation. The A is for admit or acknowledge that you're a sinner and that you need the Savior. Romans 3:10 says, "There is no one righteous, not even one." Romans 3:23 tells us why. It's because "All have sinned and fall short of the glory of God."

Romans 6:23 is interesting because it starts off with the bad news first and then has the good news. Are you ready for the bad news? The bad news is: The wages of sin is death. We've all been sentenced to death. We were all born sinners, which is why we must be born-again, Jesus says. That's the bad news. We've all sinned, and the penalty is death. But here's the good news: "The gift of God is eternal life in Christ Jesus our Lord."

Here is how it works; bear with me. So, we have been sentenced to death; bad news—you kind of ruined my day. You ruined my week, my month, my life basically if you sentenced me to death. But here comes Jesus. He says, "I'll go to your death in your stead."

Picture the scene in this courtroom of eternity with the Judge of the universe, and you're entering your plea, guilty. Now the Judge says, "Well, now we're going to enter the sentencing phase," and he sentences you to death. It's the death penalty, and then into that courtroom of eternity walks a man, no ordinary man. This is the God-Man, Jesus, the Christ. He says to the Judge of the universe, "Hold everything; stop right there. I will go to their death in their stead." And the Judge turns to you and says to you, "Did you hear that? "Good news, your debt has been paid. You're free to go." That's what the word Gospel means. That's the good news.

The B is for believe in your heart that Jesus Christ is Lord. Romans 10:9 says, "If you believe in your heart that God raised Jesus from the dead, you will be saved."

The C lastly is for call upon the name of the Lord. Or as Romans 10:10 says, "If you confess with your mouth Jesus is Lord and believe in your heart that God raised him from the dead, you will be saved," and here's why. "For it is with your heart that you believe and are justified, and it's with your mouth that you confess and are saved.

Then lastly, and I want to direct this to anybody watching online, if you've never called upon the name of the Lord - today is the day. What a great day to be the day of your salvation. Romans 10:13 says, "That all who call upon the name of the Lord will be saved." I implore you if you've never called upon the name of the Lord, believing in your heart, confessing with your mouth, acknowledging your sin before Him and your need for Him, I implore you today to make the most important decision of your life for eternal life.

For several months now, we have been sharing these testimonies from all over the world, and if you don't mind, I just want to share two today with you. This first one writes, "Hello Pastor Farag and team, my wife and I look forward to all your sermons each week here in Upstate, South Carolina and are glad we found you some time ago.

My wife and I wanted to put up an ABC billboard. Once I contacted the sign company, my heart sank when they informed me that it was about \$4,000.00 for one sign for a year! We only had a small amount to donate. The lady at Dixie Signs asked me what business I was trying to promote, and I said I simply wanted to bring more people to Jesus.

She said her family owns the business, and they're Christians. They would enjoy helping us promote Jesus to others. Yeah, praise the Lord! And to please e-mail her a design. I asked how exactly she would help, and she stated if we covered the cost of making the vinyl banner and installation, they'd waive all rental fees! She even said they'd move them around to reach more people over time, as they always have billboards not being used.

We were then able to afford two billboards! They have now been up for a couple months on very busy roads. We give all the glory to Jesus Christ for this happening, for without Him, it simply wouldn't have. We thank Jesus, you, and your congregation so much."

This second one, you're not going to believe this. It comes from Debora Hulett, who writes, "Pastor JD, we love you and pray for you." Thank you, by the way. We have been watching you for many years. The time we have all been talking about is here. Our son is a doctor in the Army, stationed with his family in South Korea.

He was out on a bike ride today and met a Korean man who shouted out to him in broken English: "Vaccine bad!" [Applause - It gets better, wait.] "Jesus is coming soon! Rapture!" They stopped to have a Powerade together and talk more. The man was showing our son your videos on his phone!" South Korea! I tell you, I just marvel.

We were talking about this - one last thing. I haven't used one last thing yet, right? We're almost done. We were talking about this Thursday night. The greatest thing I ever did, actually, the only thing I ever did was to stay out of God's way. Let Him do what He wants to do and not try to help Him out. Like God needs our help.

It's like God saying, just stand back, just stand still, which is hard for some of us, right? You know who you are. And behold the salvation of the Lord - watch Me now! What I'm going to do and let me do it.

I know it's adorable when our kids want to help us out, but isn't it true that when they do, it takes us 5 hours to do what we could have done in about 20 minutes? Oh, it's so adorable, "Oh, Baba, can I help, oh please?" Okay, fine. Then you realize you just sentenced yourself to a much longer time period in order to accomplish what you could've accomplished had they not helped out.

I think how much more so are we like that with the Lord. The Lord wants to do exceedingly abundantly, above and beyond anything we could ever have thought or imagined if we just would but let Him and stay out of His way so that at the end of the day, He alone is the one that gets all the glory.

Well, at this time, I'm going to have my daughter, Sabia, come up with Jeanne Mau for the closing song, special music on this Resurrection Sunday, "The Old Rugged cross." [Music] On a hill far away, stood an old rugged cross The emblem of suffering and shame And I love that old cross where the dearest and best For a world of lost sinners was slain So I'll cherish the old rugged cross Till my trophies at last I lay down I will cling to the old rugged cross And exchange it some day for a crown [Singing lyrics in Hawaiian] So I'll cherish the old rugged cross Till my trophies at last I lay down I will cling to the old rugged cross And exchange it some day for a crown I will cling to the old rugged cross And exchange it some day for a crown. Happy Resurrection Sunday!

Why don't you all stand? Let's pray. Would you join me, please? Father in heaven, how is it that we could ever thank You enough for what You did for us, paying in full that cross, to purchase us with Your shed blood in our stead, then going to the grave, and then rising again, defeating death and the grave with the promise that You would come back. If it were not so, You would not have told us that You go to prepare a place for us in Your Father's house where there are many mansions and that You're going to come back and take us to that place that You prepared for us so that where You are, there we may be also. Lord, thank You for the Resurrection.

For anyone watching or anyone here, Lord, please, you know their hearts; You see their hearts. We only see their outward appearance. If they have never called upon You, believing in You, I pray that today that they would make the most important decision of their lives while there still time for eternal life. In Jesus' name. Amen and amen.

God bless you! Have a blessed Resurrection Sunday the rest of the day! God bless you.
