Bible Prophecy Update – May 30, 2021

What Is the World Coming to?

JD Farag

Good morning and welcome to our Sunday morning service. On Sundays, we have two services. The first of which is our weekly Bible Prophecy Update, and the second service, which will be live at 11:15 a.m., Hawaii time, is our verse-by-verse study through God's Word. We're currently in the amazing Book of Hebrews, and Lord willing, today we will complete Chapter 2. I am going to be talking about why it is that we as Christians so easily, and perhaps more importantly, unnecessarily backslide. So, that will be at 11:15 Hawaii time.

Also, for those watching online via YouTube or Facebook, we would encourage you to go directly to JDFarag.org for the uncensored entirety of today's update. If you do that, we would encourage you to do that now; you will need to click on the Livestream there on the homepage and take it seamlessly to the Livestream. That way, it's uninterrupted and seamless. So let's get to it.

Today's update is such that I will need to humbly ask you to bear with me. I'm going to talk about, and Lord willing, answer the question of "What is the world coming to?" While this is a message of hope that I pray will be an encouragement to you, please just hang in there with me until the end. Would you do that?

Please know that the main purpose of today's update is two-fold: First, as with all the updates, it's to get Jesus to people and get people to Jesus ASAP. Second, it's to equip you, the saints, for the work of ministry and the building up of the body of Christ in these perilous times in which we're living while we occupy. Busy about the things of God, as we watch for, eagerly wait for, the rapture of the church of Jesus Christ. However, let me hasten to say that today's update, in particular, is only for those who have ears to hear what the Spirit is saying to the church today.

If you kindly allow me to, I will start with God's Word and answer this question of what the world is coming to with two words. And you know with these two words are, right? The end. We know this is the end because the Word of God tells us what will happen before it happens, so when it begins to happen, unbelievers will believe, and believers will look up. God in His Word has told us in advance what the world will be like, look like at the time of the end vis-à-vis Bible prophecy.

Listen to what Jesus said; it's recorded in John 13:19. He said, "I am telling you now before it happens so that when it does happen, you will believe that I am, who I am." The I Am. John 14:29, Jesus said, "I have told you now before it happens so that when it does happen, you will believe."

Luke 21:28, one of my personal favorites. Jesus speaking, "Now when these things begin to happen, look up and lift up your heads because your redemption draws near." One need look no further than to the Book of Revelation to know what some of these prophecies are that Jesus says will begin to happen at the time of the end.

One of the prophecies we're told will happen is that at the time of the end, the Antichrist will deceive the entire world, and not only will he deceive the entire world, but he will also be given authority to rule over the entire world. The prophecies are that he will be given power and authority to rule over a global religion, a global government, and a global economy.

We see all three in Revelation Chapter 13, beginning in verse 4, where we have the global religion. "So, they worshiped the dragon who gave authority to the beast, and they worshiped the beast saying, "Who is like the beast? Who is able to make war with him?" Verse 7, Revelation 13, this is where we see the global government. It is elsewhere, but right here. "It was granted to him to make war with the saints..."

Not the church; we affectionately refer to them as the tribulation saints after the rapture, in the tribulation. The rapture happens before the tribulation. This is in the tribulation.

"It was granted to him to make war with the saints, and to overcome them and authority was given him [listen] over every tribe, tongue [language, hang on to that] and nation." He will rule overall. The authority was given to him. That is global government, global economy, you know this well.

I will just read verses 16-17 in Revelation 13. "He causes all, both small and great, rich and poor, free and slave to receive a mark on their right hand or on their forehead and that no one may buy or sell except one who has the mark or the name of the beast, or the number of his name." This is a global economic, financial system, and without this mark, you'll not be able to buy or sell or do anything.

Now we have a rather serious problem that we need to discuss concerning... Well, it is not really our problem. It's actually their problem, but we need to discuss it. How will all of this actually happen and be implemented on a global scale? Because what we just read and what we know to be true in the Word of God is that this is on a global scale, the whole world, all nations, all! Free or slave, rich or poor, doesn't matter, everyone, no one unless they have this mark.

How pray tell are they going to actually do this? I mean, in order for all of this to actually happen, it would seem like there would need to first be a global crisis unparalleled in human history. You'll forgive me for what I think would be deemed a firm grasp of the obvious, but said global crisis is now in operation at "warp speed." And it is for this reason that this world is coming to the end ex

I want to expound on this, but in order to do that, we will now end the Livestream on YouTube and Facebook, and if you are not already there, we will direct you to the website.

If you don't mind, I want to start with a question. The question is this: Do you really believe that there is in play today a satanic agenda to reduce the global population so as to control it? Do you believe that? Bible prophecy tells us there is.

For those who are interested, we went in-depth into this in an update back on February 7, titled "The 10 Stages of Genocide." In it, we looked at how these ten stages of genocide eerily describe with chilling accuracy what's now happening in the world today as we speak, as we speak. The truth of the matter is several passages in the Book of Revelation collectively and prophetically describe this global genocide.

While I won't take the time to go through them, I do think it's incumbent upon me to at the very least give you a summary of them. It's going to be germane to our understanding of what the Lord has put on my heart to share with you today.

First, in Revelation 6:4, we're told that people will kill one another with a great sword." Interesting detail that would seem to indicate that this great sword will kill a great number of people. Then in the next two verses, verses 5-6 of Revelation 6, the third seal is opened, and there will be additional deaths we're told due to this great famine, actually, famine and plague. Add to these deaths the opening of the fourth seal in verses 7-8, and we're told one-fourth of whatever is left of that population is then subsequently killed.

Then if this weren't bad enough, Revelation 8:8-11 tells us that many people are going to die from destroyed ships and very interesting the poisoned waters, poisoned waters. Let me just parenthetically say that not only is the water today poisoned, but so too is our air: the air we breathe, the water we drink, the food we eat. Then you get to Revelation 9:15-18. We're told, now get this, that an additional one-third of what's even left of that population, additionally, are also killed.

Depending on the population of the earth when this is fulfilled, which again is during the 7-year tribulation, it would stand to reason that the population will have been reduced significantly. Would you agree? Significantly. Perhaps the population at that time will have been reduced to under only

500 million people with an M, not a B. Where do I get that number? Well, that is where it seems the goalposts are.

Doubtless, you've heard of the "Georgia Guidestones." They are a granite monument in Elbert County, Georgia, erected over 40 years ago in the year 1980. What's interesting about them is the anonymity of the authors and their apparent advocacy of population control, eugenics, and interesting internationalism, which have made them, as you might imagine, an object of controversy and certainly conspiracy theories. The message of the 10 guidelines or principles is engraved in eight different languages. These languages are as follows: English, Spanish, Swahili, Hindi, Hebrew, Arabic, my native tongue, Traditional Chinese, and Russian.

Here are the 10 guidelines.

#1: First on the list: Maintain humanity under 500 million in perpetual balance with nature. (That is genocide. That is population control.)

#2: Guide reproduction wisely - improving fitness and diversity. (That's called eugenics. They don't call it that anymore. The name has been changed to protect the guilty, if I can say it like that, and now, they call it Planned Parenthood.)

#3: Unite humanity (and this is interesting) - with a living new language. (Oh, hmm, it makes me think about the Tower of Babel and how there is now, it seems, this effort to reverse it. "Every tribe, every tongue, and every nation...")

#4: Rule passion - faith - tradition and all things with tempered reason. (Sounds to me like global religion).

#5: Protect people and nations with fair laws and just courts. (Sounds like social justice).

#6: Let all nations (all nations) rule internally resolving external disputes in a world court. (That is global government).

#7: (Also global government) Avoid petty laws and useless officials.

#8: Balance personal rights with social duties. (Social Credit Score/ Global Economy, so personal rights are connected to and tied in with social duties? So, I only have the right to do this if I have complied with my duty socially? Hmm.)

#9: Prize truth - beauty - love - seeking harmony with the infinite. (I want you to think this through with me because if you're anything like me, at first read, you're like, yeah, what's wrong with that? Aww, beauty - love - harmony with the infinite. Do you know what this is? It's the New Age. The infinite is Lucifer, the light bearer, and this New Age is via The Great Awakening, the Age of Aquarius, where we're all in harmony.

#10: Be not a cancer on the Earth - Leave room for nature. Leave room for nature. (I mean, we hear about this all the time, don't we? They used to call it global warming, but then they had to change the name again because it wasn't warming anymore. It was actually cooling so they cleverly, and might I add satanically, relabeled it as "climate change" because now it's the Earth. It's "Mother Nature."

This comes full circle to #1 on the list because, see, in order to not be a cancer on the earth, we have to remove and kill the people on the earth to leave room for nature on the earth. You do know that, right? Do you know that Bill Gates' father was one of the heads of the eugenicist movement and has always been all about population control? It gave way to what we know today as Planned Parenthood, but the whole idea was to reduce the population of "Mother Earth."

We've talked about it over the last year-plus, actually. Many quotes I've shared with you, verbatim, by the way. I've not offered my spin on it. I've read the quotes verbatim. Did you know that Bill

Gates, through the Bill & Melinda Gates Foundation, developed vaccines deliberately intended to sterilize young girls in other countries?

Here's where I'm going with this. I would suggest that the catalyst to execute all ten of these is none other than the vaccine and the mounting pressure to accept this vaccination. Do you find it strange? Does it seem odd to you that they are going to great lengths to get people to get vaccinated? I mean lotteries? No, for real. It seems the vaccination is that which is even now transforming the world, leading to and ushering in the aforementioned global religion, global government, and global economy.

I'm going to take it a step further and also suggest that this so-called vaccine is the final solution to the problem that created this unparalleled global crisis and controlled the ensuing reaction. I know that's strong, but it's true.

Last week I mentioned that we wanted to hear from all of you - first-hand. What are your experiences? What have your experiences been - whether good or bad. I have to confess that I was not really prepared for the sheer volume of the responses, not to mention the heartbreaking stories. We received over 2000 responses. I want you to know that I read every single one of them personally myself. Of those 2000, there were only about 15, actually less than 15 that said that they or someone they knew didn't have any serious side effects yet - less than 15 of over 2000.

Little did I know that last week we would have our own first-hand experience. A brother by the name of Will Spear, who is part of our church, hadn't been to the church in a couple or three weeks but did have the vaccine. He died on Wednesday of last week and went to be with the Lord. I wanted to ask you if any of you know because we don't know of any family. If you knew Will and you know of any family, we would really ask for you to reach out to them and let them know that we, as a church, stand at the ready to do anything that we possibly can.

What I want to do is, and actually, what I need to do is pray. Would you just pray with me? Father in heaven, we're coming to Your throne of grace with a bold boldness, really a confidence, not of ourselves, of course, but in You, and we're asking You for mercy, for help in our time of need. Lord, for me, would you just help me because I need you to help me. In Jesus' name. Amen.

I want to share some of these responses from these 2000 - over 2000 have shared in great detail, I might add - how they or someone they knew is either sick from the vaccine or has died after taking the vaccine. I went through these, I prayed, oh the Lord knows. I really had to ask the Lord for discernment on which ones to share and sort of select from them and edit them and discern which of them would really represent the vast majority. The ones I'm going to share with you do, I think, represent the majority of these responses.

The first one: "Full disclosure - I am an anonymous person using a dummy email. I work for a company that makes the vaccine, and I flat out refused to take it. I am in a position in which I interact with people from many different functional areas within the company. I've been very vocal about not taking the vaccine, but pretty much everyone is proudly proclaiming that they've taken it and are trying to encourage me "as a woman of science" to take it as well. It's almost like it's a cult at work - "take the vaccine, take the vaccine." To be very clear - I'm not anti-vaccine. I've had other vaccines. I am anti-THIS vaccine. There is so much pressure to just take it under the guise of "caring for one another." Every day there are new guidelines about what vaccinated, and non-vaccinated people are allowed to do. It's so obvious to me what this is leading up to."

"Hi, your recent sermon asked for first-hand vaccine injury/death news. A friend's mother received the "vaccine" at the end of March. She died almost instantly, not even making it to the hospital. In her obituary, her family put the vaccine as the cause of her death. Local news stations took this as an opportunity to tell everyone that nobody knows what caused her to die."

"I am writing to give you my vaccine effects. I had the Moderna vaccine that was offered in Lake County, Illinois. I have had both shots. The side effects I've had are #1: My left eye is and has been blurry since the first shot. My optometrist informs me that my eyes check out as far as my prescription, and he couldn't see anything. I have an appointment with an ophthalmologist to check the eye. #2: My chronic fatigue has kicked into overtime and has not eased up. #3: I feel like I have an eternal oven cooking inside my torso. It's not hot flashes. It's a continuous burn. #4: I am experiencing facial spasms in the upper right quadrant of my face. I generally feel weird. It's like I know something is changing inside my body. #6: My asthma has also kicked into overtime. Thanks for the opportunity to share."

By the way, let me at this point say these are real people. These are mothers and fathers. These are grandmothers and grandfathers, these are sons and daughters, not only brothers and sisters, but they're brothers and sisters in Christ. They're our brothers and sisters in Christ. We affectionately refer to them, to you, as our online church, and we really want to thank you. By the way, if I don't share your experience, please know that I did read it. By the way, this is probably also as good of a time to say: Please pray; please pray.

"Vaccine Moderna - My wife took the first dose; nine days later, she had intense, random, intermittent pains in her arms, mostly the arm that was vaccinated, upper body, and sometimes her legs. This has been going on for days with no relief yet."

"My best friend's husband is a healthy 36-year-old fireman. After the 2nd Pfizer shot, he got headaches every day, and on the 21st day, he got Bell's Palsy and is now seeing a neurologist to figure out the head pain. Husband's co-worker got Bell's Palsy within a week of the 2nd dose. Friends have been trying the magnet on friends and co-workers, and it sticks. Following is our closest experience so far of the adverse effects of the "jab." My wife recently received word of a woman that she attended Bible college with who went with her husband to receive the jab at a drive-in clinic. She received the shot first and immediately began to go into convulsions. The clinicians attempted to help her, but she died right there while in line, within 12 minutes of receiving her shot."

"Regarding the vaccines, my grandmother-in-law suffered a stroke after receiving Moderna. My father's close friend died after his second dose while another remains hospitalized."

"A 40-year-old mother with 2 autistic sons was demanded to receive the vaccine if they were to continue in-house therapy for their children. A week later, she suffered a crippling stroke, has not fully recovered, and now has to use a walker just to walk. My mother-in-law was very ill after receiving her dose, to the point she did not want to be left alone. I personally began to have strange, sick-like symptoms for a brief amount of time being around my fully vaccinated sister-in-law. I had not been around a vaccinated person prior. Many others are reporting the same."

"Good evening, Pastor JD. Regarding the vaccine, I'm now in my 3rd year working in Saudi Arabia as a South African. The vaccine is flying high here. Currently, if you don't have the 'Tawakala app' on your phone, you are not allowed into shops. Rumors have it that within 2 months if your vaccination status does not appear on the app, a Saudi won't be allowed to travel, enter shops, or the workplace. The next step, if you're not vaccinated, is to do a weekly 'PCR' test, paid for by the individual. Aramco is nearly at the stage that if you're not vaccinated - no entry, no work. Please pray for me, as I want to get out of my contract, out of Saudi, and back to South Africa."

"Crookston, Minnesota: My co-worker's girlfriend, 37-years-old (37), healthy, died a week after her second vaccine. He went to work and found her dead. They did an autopsy, and they claimed it was a heart attack."

"My best friend came down with COVID-19 just after Christmas. She was on Government assistance and Medicaid. Her doctor never gave her any medication. In three weeks, she went to the hospital."

She was immediately out of oxygen and then on a ventilator. She stayed in a coma until April 1. She could not move at first, and to make it shorter, she worked hard to where they took the ventilator out, and she was standing! Then, they asked her to take the Johnson and Johnson vaccine. She watched you before all this, and she refused it. But they insisted! Her family insisted also. So they gave it to her. She called me immediately, saying she couldn't breathe. The next day she couldn't talk. The next day she died. They killed her when they gave her the vaccine."

"Greetings! I have a longtime friend who lives in Minnesota, and her 25-year-old son (25), a healthy firefighter, died within 10 hours of taking the second vaccine. Basically, they said it was flash flooding of the lungs, no mention of it being caused by the vaccine even though we all know in our hearts that is the case. His mother is devastated and trying to understand what happened to her son."

"I know of 3 people who died 2-3 days after the 2nd dose of the vaccine. Many people with dementia in a nursing home noticeably deteriorated following the vaccine. Two residents died two days after the 2nd dose of the vaccine. I know three women in their early 30's who developed Bell's Palsy symptoms after the 1st dose of the vaccine, i.e., numb face on one side, spread to the lips, down their neck, and pain in their ear on the same side. Recovered four days later."

"Vaccination experiences: A neighbor died suddenly of a heart attack on April 30. Had been vaccinated, not sure how long before his death."

"A lady that joined my church group last month, who is in her 40's, just lost her husband, who died within days of having his 2nd COVID-19 vaccine. We have been praying for her."

"I know numerous people who have been injured or have died after taking the vaccine. Our friend's dad took his second shot and died three weeks later. He had blood clots and died of a heart attack. He wasn't well after taking the first shot but didn't tell anyone and went and took the second. His hands went numb, and he couldn't even open a jar. Also, one of our clients has had both shots. She is experiencing extreme pain all over her body. The skin on her feet has turned red, and looks like they have been burnt. They sometimes turn black, and at times, they have no pulse. The doctors won't do anything for her and are dismissing the cause as the vaccine. Also, a 22-year-old boy (22), from my town took the shot and died in his sleep that night. My husband also helps with a funeral director, and he has said numerous people are dying because of the vaccine. The list goes on and on. We live in Northern Ireland, so basically, everyone knows everyone, and everyone talks.

All of these took place in personal friends of my immediate family. 1: Male had two heart attacks, survived both. 2: Male developed blood clots in lungs. 3: Male developed extremely high blood pressure and was thought to have had a stroke, but that was ruled out. 4: Male with high fever and C-19 symptoms. 5: Female very sick after the second jab. 6: Male with a lump under arm. 7: Female with menstrual cycle after years of menopause." There is a lot of that, by the way. "8: Male with heart failure, age 57, no history of heart issues. 9: Above male's sister was found dead in bed, ruled a heart attack, age 55. 10: Female with severe headache and chills. 11: Male diagnosed with C-19 after jabs. 12: Male with emergency surgery for a bowel blockage. 13: Male with chills and fever."

"The husband of an older couple that I sat with each Sunday at church died two days after the first shot. He was still very active before COVID and had been recovering from COVID for only four to six weeks after being quite ill when he received the injection."

"You asked for first-hand experience with the vaccine. My husband had his first shot on January 5 and left this world 29 days later. He had started falling and was subsequently hospitalized. When I was allowed to see him for 4 hours every afternoon for the week he was there, I could see him slipping away more and more each day. He was transported home by ambulance, and 27 hours after arriving home, he was gone. He died the day after he was due to get his second shot. The cause of

death was listed as pneumonia which he didn't have. He had been admitted to the hospital with acute renal failure."

"My husband got the Moderna vaccine and was told about a video where people had a watch battery stick to the vaccine injection site. He tried it, and the watch battery did stick to the injection site and nowhere else on his arm. I have a video. When I googled this, it comes up as a "debunked conspiracy theory." I researched and discovered that batteries are not magnetic but will stick to a magnet because of their steel casing. I googled if there was anything magnetic in the COVID vaccine, and it said no, there was nothing magnetic. Most posts noted that it was a conspiracy theory. My husband does have something magnetic at his COVID vaccine injection site."

"My good friend and co-worker, age 40, previously healthy, took the Pfizer vaccine against her family's wishes. And with the 2nd dose, she woke up the next morning with half her face paralyzed (Bell's Palsy). This happened two-and-a-half months ago, and she is still going through therapy to be able to talk, eat, and her eye won't close. Her whole life has changed overnight, and she can't go back."

"I've been considering writing you for some time about what happened to my brother when he got vaccinated. I heard your request on today's update for experiences and knew I had to write. My brother, 80, had a reaction that completely changed his personality. My brother became agitated and mean after his vaccination. He knew he was in a dangerous state and shot and killed himself before he harmed anyone around him. Please don't use my name; my family is hurting from this."

"My friend was "bullied" into taking the shot. She now has a heart defect. Three times the doctor said this is from the vaccine, but we can't tell you anything about it because it's an experiment, and we don't have any data. Even though they say magnets do not stick to you after, she will beg to differ. I have a photo of her with a magnet stuck to her arm at the injection site."

I have not had the vaccine, but I have been around several people who have." This is one I wanted to share because it is representative of numerous responses that we got from people who have not been injected by whatever this is and have experienced what some of the experts are now referring to as "transmission." Transmission: The "vaccinated are transmitting to the unvaccinated." Here is her story. "I have been around several people who have been vaccinated, and something the media isn't reporting on is that the vaccine has something inside of it that is transmitting and causing those who have not had the vaccine to become ill. Not just any illness, but really ill. Women are also seeing changes in their reproductive system, myself included. I have never had any issues with my reproductive system until I returned to a work environment full of vaccinated individuals. I am experiencing abnormal bleeding, clots, and respiratory issues, all of which my OB doctor says are normal. I have found a group of thousands of other women who are also reporting the same issues (bleeding, miscarriages, clots, and extreme cramping), and they all have NOT been vaccinated. It is very concerning what is going on and how they are dismissing this anecdotal evidence being provided by the public. I am not an anti-vaxxer (all my kids are vaccinated), nor am I a conspiracy theorist. We are simply sharing the truth and have no reason to spread misinformation."

"My personal experience with the vaccine is dealing with a close friend of mine. He was a psychiatrist. In January, he texted me that he just took the "Covid immunization and hadn't grown a third eye yet." He died within 26-28 hours later. He was a very smart physician, 68 years old, with no known medical issues. At his funeral, a peer of his told me that he started feeling bad right after receiving it. There was nothing said anywhere about him dying from the jab. The sad thing is: I'm a pharma rep, and after learning of his death, many of my co-workers still received the jab, paying no concern to him dying from it. I warned him not to get it; I warned them also."

"I'm a pastor; my sister is a barber. She has had 3 clients pass away, all within two weeks of receiving the Covid shot. We live in the Jackson, Mississippi area. One was a doctor who told his wife, "I don't think I should have taken the vaccine."

"Pastor JD, I live in a small town in Illinois. Our community recently became shocked when an elderly couple died within minutes of each other. They were all fairly well known here. This elderly couple took the vaccine, and within the first 14 days of taking the vaccine, they both got COVID and were put on ventilators. The family decided after some time to remove them because it was going to be permanent. After being removed from the ventilators, they both died within minutes of each other."

"My husband and I got the Moderna vax. I did not want the stupid vax but caved because my honey did. So, when we went for the second jab, we prayed that we wouldn't experience any side effects, bad or otherwise. And God answered! We're both 71 years old."

I wanted to include that one and this one last, and I think you'll see why. "I have a 22-year-old daughter who is a rehab therapist in a hospital/long-term care facility who was given the Moderna COVID shot without her informed consent." This is a mom who is sharing with us about her 22-year-old daughter. "Two-and-a-half weeks post shot (22 years old), she lost the ability to stand and walk on her own. Almost 5 months later, she is still struggling to do so. She can now use a walker for short distances but has to bear most of her weight with her arms. We would appreciate it if you could share her story with your prayer warriors as we look to the divine Healer to intervene and return her body to full health."

And that is how I want to end. In the beginning, I told you I had a message of hope, and there is hope. There is hope in the God who heals as the great Physician. It's not can He, it's, will He, and it's not our will, but His will be done!

Please again, I would encourage you, especially those of you... I know I have the privilege to stand before many who are true prayer warriors. I cannot thank you enough for that. I'll tell you; God can heal anyone. Please pray for these precious people. Maybe I need to just mention this quickly if you don't mind. Please just allow me another couple of minutes here.

I know over the last year-and-a-half, I've maybe come off a little angry, antagonistic even. If that's been your perception of me, I would humbly ask for your forgiveness. I have no animosity toward anyone who makes the decision to receive this injection. I don't hate anybody; I don't hate these people. I hate evil. I think I am just trying to say that this is kind of on a whole new level now with these Prophecy Updates.

I know I say it every week, and I hope you don't tire of me saying it, but we got to get people to Jesus as quickly as we can. There's no more time. The Titanic is sinking. And to do anything but get people to Jesus and Jesus to people would be akin to rearranging the furniture on the deck of the Titanic. You know the only thing that is going to matter in the end is whether or not someone has come to a saving knowledge of Jesus Christ or not. That's all that matters. Our only hope is Jesus; I don't know what else to say. Jesus, You are our only hope.

I don't think there has ever been a time when the Gospel of Jesus Christ, salvation found in the person of Jesus Christ, has been more important than it is now. It's the good news, and the good news is that Jesus, He came to this earth, He died for you and me. He was buried and He was in the grave, but on the third day, He rose again from the dead. Before He was crucified, buried, and resurrected, He told his disciples that He was going to go and He wouldn't leave unless He had sent the Holy Spirit after He left.

In fact, He told them I have to leave so I can send you the Holy Spirit. But He told them that He had to go and that He was going to go and prepare a place for them, for us, in His Father's house and there in His Father's house there are many mansions, dwelling places. He said if it were not so, I would

have told you, but I go to prepare a place for you. And the reason I go to prepare a place for you so that where I am, there you may be also.

In other words, I am going to come back, and I'm going to get you. I'm going to take you as a thief in the night, as my bride, and I'm going to snatch you of this world. I'm going to take you to that place that I've prepared, and we're going to consummate and celebrate our marriage together because I'm your bridegroom, and you're My bride. We're going to celebrate for a period of seven years, and after that 7-year time frame is up at the end of the 7-year tribulation, we're going to emerge from that place, that bridal chamber as His bride. By His side, 10,000s by His side, we're going to come back to this place with Him. In the rapture, He comes for us; In the Second Coming, He comes with us as His bride by His side. That's the good news. That is the Gospel. Salvation in the person of Jesus Christ.

I want to share with you the ABCs of Salvation. It is a very simple explanation of salvation. The A is for admit or acknowledge that you've sinned. Acknowledge your need for the Savior. Romans 3:10 says, "There is no one righteous, not even one." And Romans 3:23 tells us why. It's because "For all have sinned and fall short of the glory of God." Now there is a penalty for sin. If all have sinned and we were all born sinners, which is why Jesus said we must be born-again to see and enter the Kingdom of Heaven, there has to be a penalty for sin, and there is. It's the death penalty. Romans 6:23 says, and this is the bad news, that the wages of sin is death, but here's the good news. "The gift of God is eternal life in Christ Jesus our Lord."

The B is for believe in your heart that Jesus Christ is Lord and that God raised Him from the dead. This is Romans 10:9-10. It says, "If you believe in your heart that God raised Jesus from the dead, you will be saved."

Lastly, the C is for call upon the name of the Lord. Or as Romans 10:9-10 also says, "If you confess with your mouth 'Jesus is Lord,' and believe in your heart that God raised Him from the dead, you will be saved. For it is with your heart that you believe and are justified, and it is with your mouth that you confess and are saved." And lastly, Romans 10:13, "All who call upon the name of the Lord will [will] be saved."

I implore you if you are here today or watching online, I don't know what else to say. Today is the day. This is the most important decision of your life for eternal life. I plead with you, if you've never called upon the name of the Lord, today, today, call upon Him.

I want to end on a very encouraging note. Those of you who remember when we had JB here from Japan recently shared with us about these pocket tissues. I had completely forgotten about them. Then she reminded me that there is a team of people there in Japan that have put together these pocket tissue packets, and on them, they have the ABCs as pictured here, the ABCs of Salvation in English and Japanese. I could use one of those right now probably - I'm sorry. So, they give them out, and we're talking by the tens of thousands to people. It's a tremendous ministry. Anyway, she emailed me, and I want to just share this with you, and then we're done, and I appreciate your patience. She said we received contacts from subscribers. Now, these are subscribers to the International Translation Ministry there in Japan. She said that one of them has joined the Pocket Tissue Team using their current available design. Another person made a pocket tissue packet by herself with the ABCs of Salvation for evangelizing. Some of them visit an area in Japan where the homeless are to talk with them about Jesus and hand them the ABCs pocket tissue packet with some cash!

I know I've shared this, and I'm going to keep sharing it, but I think when we get to heaven, we're just going to be astounded at the number of people that have come to Christ because of this. That would not have otherwise come to Christ had it not been for this. What man means for evil, and this is evil, intended for evil, but God has meant it for good for the salvation of many this day. People are getting

saved. Praise the Lord. Please stand. Yes! We'll have the worship team come up, and again, I appreciate your patience.

Thank you, Lord. Loving heavenly Father, we're in awe of You. Who is like unto You, oh Lord? Lord, we rest in the truth that You see, You know, You care about everything that is happening in the world today. Lord, we also rest in the truth that everything that's happening in the world today is going perfectly according to Your prophetic plan.

Lord, what a privilege it is for us to be even just a small part of snatching as many people out of the fire while there is still time. Please, Lord, use us. You use the foolish to compound the wise; use us, Lord. Your eyes are searching to and fro throughout the earth, looking for hearts fully devoted to You. Lord, I hope you'll find us in that search, and I hope that when You do, that You'll use us. I hope that You will find us like Isaiah, who would say, "Here am I, Lord, send me," use me and Lord, when You do, we need the power of the Holy Spirit, the boldness, especially the boldness of the Holy Spirit, the filling, the baptism with the Holy Spirit because unless You do that, we cannot.

One moment here; I just have a sense that there are some here, some watching, that need to be baptized with the Holy Spirit. You need the power of the Holy Spirit in your life because now your life is powerless. All you have to do is ask. If we as earthly parents know how to give good gifts to our children when they ask, we don't give them a stone when they ask for bread. We don't give them a snake when they ask for fish. How much more will your heavenly Father give you the Holy Spirit if you would but ask. You have not because you ask not. Ask today; ask now. He will give you the Holy Spirit. In Jesus' name. Amen.
