DAVID: Lord, we believe You're coming back soon. And we look forward to that, Lord. We look up to You, Lord. With everything happening in this world, Lord, we have that comfort in You, Lord. And just believing in You. And may You bless this time and this message today. In Jesus' name, Amen.

PASTOR JD: Amen. Amen. Good morning. Welcome. Wow! You guys look marvelous today. You know?

[ Applause ]

You can be seated. So glad you're here. Trust that you'll be blessed that you did come here. Those of you online, we also trust that you'll be blessed that you've joined with us. I'm going to get right to it. This is the first of two services we have on Sunday mornings that we devote to Bible prophecy in these weekly Prophecy Updates.

And then Second Service, now, this will be livestreamed at 11:15 a.m. Hawaii time for those of you online, but for those of you here, well, I guess if you're on the website, it actually starts at 10:45 with the worship.

So Second Service is the sermon. What is the sermon? I'm going to tell you. It's a verse-by-verse teaching through the Bible. And we're currently in the last book of the Bible, the Book of Revelation. And our text today is going to be *Chapter 21*, beginning in *verse 9* and through to *verse 14*. And I've titled this sermon, '*I Have A Very Bright Future Ahead For Me.*' Did you know that? So do you. This, of course, comes with the prerequisite and the presupposition that I'm a born-again Christian.

In today's Second Service sermon, we're going to see, listen carefully, what I'm going to call three realities. You'll see why. Realities to encourage and strengthen us as believers. How so? By renewing hope, refilling joy, and restoring faith, all of which Jesus said, the enemy comes only to steal, kill, and destroy. Meaning he's stealing our hope, killing our joy, and destroying our faith in the unfailing love, goodness, and reality of the one and only true and living God.

**Pastor JD**

Okay, that's Second Service. You have to wait for that. Those of you watching by way of YouTube and Facebook, we would encourage you to go to the website JDFarag.org or the app for the entirety of today's Update. And with that, we're just going to get right to it.

What I want to talk with you about today is how merely saying that God is in control is a needless, thoughtless, careless Christian cliché. And for those not fully understanding what a Christian cliché is, let me simply say that it is a profaning or making common.

I think we have a misnomer about "profane." We make it synonymous with profanity. But really, the true meaning of profane is to make something common, bringing it down to a level, a level playing field, as it were. And Christian clichés do that. They profane, they make common God and/or His word.

How so? By dulling it and bringing it down, even dumbing it down. Example. I'm not upset yet. You know, when we say, "Oh, you know," especially somebody's going through the trial of their life, and then here you come well intentioned, certainly, innocently, I'm sure. But you come along with your Christian cliché. You say, "We know that God works all things together for the good."

Now, I'll speak for myself. I don't usually warm up to that. Because you have just dropped a meaningless cliché into my life that right now is upside down. I know that verse. I know you mean well. Sometimes the best thing to do and/or say to someone who is really struggling or hurting is — wait for it — nothing at all.

I think of Job's friends. They did great for seven days. They said nothing. They were just there for him. Present. And then they opened their mouth. Oh, I'm having a flashback. I don't even want to go back there. You know what the world's done? They've taken our Christian clichés, as hollow as they are, and they've kind of revised them and secularized them. Example. Everything happens for a reason. Wait. I didn't hear God in that. That sounds like you're talking about fate and destiny. No, no, no, no, no. God works everything for the good is *Romans 8:28*, as you know.

But that's not even scratching the surface because you're undermining biblical, factual, prophetic truth at a time when it's needed the most. In this, the last hour, the last thing we

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

need in this last hour are Christian cliches. They reduce and dismiss the powerful truths of God's word. It's so cavalier. Pastor, what do you mean by biblical, factual, prophetic truth? That's a mouthful right there, isn't it? Here's what I mean by that. The infallible word of God provides us with the detailed, detailed truth behind it, especially concerning His controlling of everything that's now happening. Stay with me.

I'm not again upset or angry. I'm not trying to be argumentative or combative, but we, all of us, do err greatly by resorting to Christian cliches. I'll speak for myself. I'm just as guilty as anyone of just tossing out a needless, thoughtless cliché framed in a Christian platitude. It's like putting a Band-Aid on a severe and deep cut.

Thankfully, the Lord, as only He can, continues to bring about much-needed conviction in my own life when it comes to the insensitive overuse of canned Christian cliches. He does it gently yet firmly, led by the Holy Spirit, so much so that now I'm more sensitive in carefully and prayerfully choosing how I am to say what I'm to say. And what I'm hoping to accomplish today by the grace of God and the power of the Holy Spirit is for all of us, myself included, to take heed to God's word by taking God's word to heart.

I don't know if it's possible to overstate the seriousness of this in this last hour. What are you referring to? Listen, there's no time to play church. We're not in a playground. We are in a battleground. And there are many who are battling for their lives, some of whom are in a battle for their eternal lives.

And we're playing church. We're playing around, tossing around hollow Christian cliches. Here's the thing. We should know, above all people, the word of God and the God of the word, who rules over all and overrules all. Now that's depth.

You know, I want my Christian life to be a mile deep, even if it's only an inch wide. You know what I'm talking about? There has to be depth. How do you get that depth? Well, you got to grow and go deep.

How do you go deep? Oh, we talked about that Thursday night. Like the tree's roots go deeper and grow stronger in the storms and the trials of life, so too with us shallow Christian cliches flee and are replaced with deep, sincere compassion.

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

Here's another one; I sense a prompting. I don't have it in my notes. So look out. But I just sense the Holy Spirit would have me to mention this as another example because this is a doozy, man. This is the one. God won't give you more than you can handle. How am I doing? That's pretty good, right? I worked on it all week. You know where they get that? You might want to jot this down if you're taking notes.

*1 Corinthians 10:13*. You talk about gutting out the powerful depth and meaning of that one verse? Drop in that hollow Christian cliché of God won't give you more than you can handle. You're not helping. You're actually hurting, hindering. Because you have to understand that there are some extremely important details that are included in that, behind that. And you've just thrown it out.

Do you realize that *1 Corinthians 10:13* — I'll do my best here. But it basically, Paul, by the Holy Spirit, says, God will not allow you to be tempted, tried, tested — same word in the original — above that which you are able to bear, but with and through the trial you're in — well, that's an important detail — He will provide a way of escape, so that you can bear up under it.

Well, wait a minute, I kind of — why couldn't you lead with that? God won't give you more than you can handle. Wait, wait, wait, wait. That is — you have just taken one of the most powerful promises in the word of God and just reduced it down to a cliché. No, I need to know more information. How does this work?

Well, James fills in some blanks. He says, **“Consider it pure joy, my brethren, when you encounter trials of various kinds.”** Are you kidding me? Consider it pure joy? Come on, let's be honest with ourselves. Who really considers it pure joy when we're in a trial? Is that even possible or attainable? It absolutely is if you know the detailed information that God wants you to know.

Well, what's that detailed information? Well, you can consider it all pure joy when you're going through that fiery trial, knowing [*Knowing*] where God's going. Where's God going? Oh, it's not even knowing where God's going. It's understanding what God's growing. You. It's like He's answering one of your prayers. You forgot you prayed it.

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

Remember when you prayed, "God, you give me endurance"? Oh, no, you didn't. Oh, yes, I did. Here comes the trial. Because you see, it's in — like Paul to the Corinthians — it's in and through and with and because of that trial. There's no shortcuts, there's no — what am I looking for? Loop around. That's not it. Be gracious to me. You have to. A workaround. That was it, a workaround.

No, you can't on that one. No. God is going to see you through, and He's going to not take you out of it, which is what were we want; right? "God, get me out of this." God's going, "No, you prayed for Me to put you through this." "I don't remember that prayer." And then He plays the video. And then you go, "Oh, what was I thinking?"

Okay, you want endurance. You want patience. You want to be more patient. That's a dangerous prayer. You've heard it said of the one who prayed, "God, give me patience and give it to me now." It's not how it works. I'm going to make you a patient man, but here's what I have to do in order to make you a patient man. I have to bring about a trial.

Various kinds. I've got a variety in stock. I'm going to pick the right one, tailor made for you for now, and you're going to think, man, I ain't getting out of this. Well, technically, you're not getting out of it, but God's going to get you through it. But not before He produces, grows, builds in you the very patient endurance you prayed to Him for. So be careful. It's all I'm saying.

God won't give you more than you can handle. Take the extra time to explain those important details of why God won't give you more than you can handle, how God gets you through that trial, why God even allows the trial. He's allowing it because He controls it. See, here's our problem. We're all prone to buy the lie from the father of lies that he, his minions, and his agents are the ones in control. That's a lie.

Here's the truth. It may seem like Satan is in control, which is why everything happening seems so out of control. But he's not. But God is. And here's the thing. God wants us to know that He is in control. How is He going to let us know that He is in full control? You know — I'm sorry. I got to use this one. I'll try to revise it a little bit.

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

You know, He's in the driver's seat. Where are you? Oh, I'm in the passenger seat. I'm in the backseat. Oh, you're a backseat driver, then. You know where I am? I'm in the trunk. You know why? Because God's in control. God will take care of this, do this His way in His time, for His glory and He's got to lock me up in the trunk, so I don't try to grab the wheel, or take control, or help Him out, or give Him directions. You know, God, I think You should have took a left there. That's why I'm in the trunk. You can come join me. You may not have a choice. I'll be expecting you soon.

Okay, so, Pastor, you just got done telling us that God is in control. And God wants us to know that He's in control. How's God going to let us know He's in control? Vis-a-vis the scriptures being replete with prophetic truths that it's God who ultimately controls everything to His end, to fulfill His purpose. In other words, all the disorder and chaos is created by the enemy, but it's controlled by the Lord. And bonus, it's all perfectly on schedule.

Doesn't seem like it, but it is. It's perfectly on schedule with God's prophetic purpose and plan to redeem man. Everything's going smashingly well. I just had to use that word one time. Consider *Revelation 17:17*. It's a prophecy about God controlling the ten kings who end up handing over their authority and control to the beast. Listen to what we're told.

**“For God has put it into their hearts [Why?] to fulfill His purpose, to be of one mind and to give their kingdom to the beast, until the words of God are fulfilled.”**

Wow! That's — I need to know that detail. You might want to lead with that too when you flippantly bark out God's in control. Well, let's talk about *Revelation 17:17*. Then let's also talk about *Proverbs 21:1*, which is kind of tucked in obscurely in the Old Testament.

Listen to this one. **“The king's heart is in the hands of the Lord. Like the rivers of water, He turns it [Controls it] wherever He wishes.”** Okay, now, that's a game changer right there; isn't it? I mean, it's not this willy nilly, “Oh my goodness!” Could you imagine?

Just let me have this one. Could you imagine God being caught by surprise by some decision, some direction, some nation or leader took? And so, what? We're going to text God? “Hey, did you hear about what...” “Ho! Ho!” [Because God's local.] Yeah.

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

"When did this happen?" No, no, no, no, no, no. He's all-knowing. He knew what would happen before the formation of the earth. Like us. He knew us before we were formed in our mother's womb. How's that one? Nothing's going to catch Him off guard.

Could you imagine? Let me have this one, too. You're praying, you know. "Loving Heavenly Father... "What!?" "Oh, looks like I got you at a bad time." Never. He knew you were going to pray before you knew you were going to pray. How does He do that? He's God. And He controls. He turns, He guides, He steers in whatever direction He wishes and the direction He wishes, ultimately, in the end, is to fulfill His purpose.

You know *Proverbs 19:21* is another one. This is a good one. **"Many are the plans in a man's heart."** [You can say that again] **"Many are the plans in a man's heart, but it is the Lord's purpose that prevails."** **"The horse is made ready for battle, but the Lord controls the outcome."** There are so many more passages. We could be here past Second Service like we almost were last week.

But *2 Thessalonians 2:11* we're told that it's the Lord who controls when, why, and on whom He will send a strong delusion. He's in control of that, all of that.

How about *Ezekiel 38*? Well-known prophecy, especially now with what's happening; right? *Verse 4 of Ezekiel 38*, we're told that it's God who controls, hooks, and turns the Allied invasion against Israel. And then when you get to *verse 11*, we're told that it's God who is in control, putting the thoughts in the mind of man to make an evil plan, to go against Israel.

Are you getting this? So it appears that there's more to that cliché of God's in control. No, there's a lot more to that. Okay, you're probably wondering because I can, you know, I can read your minds; right? Wait. Something's coming in right now. So you're going, what in the world and why in the world are you going in this direction?

If you'll kindly allow me to, I'll explain why. As of late, the Prophecy Update has gotten longer and even stronger. Don't look at me like that. In seeking the Lord, He made it abundantly clear that fast-moving prophecy must be commensurate with even faster moving, prophetic warnings of the signs. This is why we've covered everything from Israel

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

to what's happening in the Middle East, to what's happening here in the US, to AI governance, and everything and anything in between.

It is of paramount importance to understand that this increasing intensity and frequency of significant prophetic developments are the analogous birth pains prior, which increase with greater frequency and intensity.

And one need look no further than to the Savior in the Gospels, in particular *Matthew 24*, and the apostles echoing the Savior in the epistles to see with specificity the prophetic sign, the birth pains all pointing to His soon appearing. Notice I said, "appearing."

Please, I implore you, especially when it comes to Bible prophecy, to make this delineation between the appearing of Jesus in the air and the Second Coming of Jesus to the earth. They are two separate prophecies, the first of which is the appearing of Jesus in the air at the rapture to rescue us before the seven-year Tribulation, when He pours out His wrath on a Christ-rejecting world. That's the appearing. He doesn't come to the earth. His feet don't touch the earth.

Don't get ahead of Him. Don't ever get ahead of the Lord. Trust me, I've done that. I've got the scars to prove it. Not a good idea. Instead of His feet touching the earth, we are taken off the earth in the twinkling of an eye to meet Him in the sky and forever be with the Lord. That's the pre-Tribulation rapture. That's the appearing.

The Second Coming of Jesus is when He comes to the earth. In fact, we're told specifically — we're going to get there in Zechariah. I can't wait. Don't rush me. Thursday night. He's going to plant His feet on the Mount of Olives and it's going to split, man, at the Second Coming. No, that's when He comes to the earth, and it happens after the seven-year Tribulation. At the Pre-Tribulation rapture, Jesus comes for us. At the Second Coming, Jesus comes with us.

You know, as to why I'm going in this direction, I do so because we've done so many deep dives in previous Prophecy Updates, with the sole goal of sounding the alarm as watchman on the wall pointing to what's coming, all the prophetic signs of His soon and very soon return for His bride.

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

I shared the story many years ago, 1997. This is BC, not before Christ, before children. My wife and I went to my — stayed with my aunt who has a place in Giza, Egypt. And my dad was born in Iskandariya, Alexandria, Egypt. So Giza, of course, is where the pyramids are. And so we stayed in my aunt's house, and we wanted to go to Alexandria.

So we got in the car, and we made our way to Cairo to catch a train. But there was so much traffic we missed the train. So we ended up having to take a cab, not Uber, not Uber, not even close to Uber. My aunt and I are negotiating with this cab driver who says, “Yes, I'll take you to Iskandariya from Cairo. I make a good deal.”

So because, you know, they only make money based on how fast they can get their passengers from point A to point B and get back. Repeat. So we agreed upon a price, and we get in this buss up car, I mean, buss up. That's putting it nicely. No AC. Windows down. He's driving 120 miles an hour. And the dust and the smell. I'll never get that smell — well, maybe in heaven God will say, “Here it's gone.” “Oh, thank you, Jesus.” The foulest and vilest of odors you could ever imagine, the odor of death really.

I turned around midway through. My wife's in the back seat because that is the custom in our country. Don't put her in the trunk. But she had these sunglasses on. She took them off to wipe her eyes, and white circles and all black from the dirt and dust that was flying through the window.

So, you know, at one point we passed a truck, not any truck. This was the biggest truck I've ever seen in my life. And this guy, I mean, I could have stuck my hand out — good thing I didn't — out of the window and touched the bed of this long truck. And he got past that truck. I'm thinking, “Oh, Jesus, I love you, Jesus. But I didn't know we were going to meet you this soon, Jesus.” And my wife's thinking the same thing.

So I told him in Arabic; I said, “If you don't slow down, you will not get one penny from me.”  
Lalala lalala lalala

[ Laughter ]

So he slowed down, but it didn't really matter much because we were getting closer to our final destination. And you know what happened? Those road signs. I was hanging out on

**Prophecy Update**

**Pastor JD**

to those for dear life, in some cases in some way, literally. Because the closer we got to Alexandria the more frequent were the signs. You know how it is here on the mainland. Kalispell, Montana: 150 miles away. That's foreign to us here. Okay, the next sign. When are you going to see it? Kalispell: 57 miles away Okay. Now the closer you get to Kalispell ten miles, five miles, one mile, and then finally you see that sign "Entering Kalispell." Ho! Are you getting this? You see what I'm doing here, or trying to, at least? The closer we get to our final destination, the more frequent those signs are going to appear. And oh, my goodness, are they. I'm going to address one. And believe it or not, it started with what just happened right here in Hawaii.

Pictured here is the Hawaii State Legislature, HB 427, which was just signed into law under the heading of "Report Title" quote unquote, it says - now this is a quote. "Department of Agriculture, Biosecurity Emergency Declaration; Quarantine; Transitional Facilities; *[Like concentration camps.]* Certified *[Certified. Verified.]* Biosecurity Compliance Auditors."

Wait. Are they like IRS auditors that are going to audit my compliance to these biosecurity certifications and requirements? Yeah. *"Penalties; Readiness and Response Agreements."* That's the quote.

Now from that website, which our amazing team always provides the links to, you can read the entirety of this new law if you have the stomach for it. It's "House Of Representatives Thirty-Third Legislature, 2025 - H.B. NO. 427" *[Listen]* Relating to Biosecurity."

Okay. I don't know why you're all up in arms, Pastor. I mean, it seems at first read to simply expand the Department of Agriculture to include biosecurity. Well, here's why I'm up in arms. There's a dark, demonic agenda behind it that fits precisely with Bible prophecy and with God's sovereign control of it.

Please, lend me your ear, as they say. Because this is probably as good of a time as any to thank all of those who send us all of this information. And really, a special thanks to the many who send their "But God Testimonies" in. They are such a profound blessing.

But these articles and reports that are sent into us, you have no idea how much time it saves me. And I'm actually saying that to ask this. If you've read or understood the prophetic

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

significance of the recently signed “Genius Act” which ties everything together, would you please email a bullet point summary to the office? I tried, but I ran out of time. It's 1000 pages. But what I discerned and learned is that it's seemingly this big - notice I didn't say beautiful. It's not beautiful. It's big. But it's ugly. It's an ugly on ramp to the fulfillment of the prophecies found in *Revelation 13*, which we'll get to in just a moment. Actually, this is what I want to talk about for the remainder of our time together today. But we're going to go ahead at this time and end the livestream on YouTube and Facebook. Hopefully, you're already at the website or app.

By way of a preface, I'm compelled, even propelled to clearly explain from Bible prophecy why it is that we continue talking about the so-called vaccine. Okay, there go the eye rolls and head rolls. Would you let me do that? There's a reason for that. And it might be surprising to some of you.

I'll begin with this post by Doge in Hawaii, who expounds on the aforementioned HB427. It's titled “BIOSECURITY STATE: Hawai'i Quietly Grants Sweeping Emergency Powers to Its Agriculture Department.” Just a few excerpts.

Quote, “Department of Agriculture and Biosecurity now has legal authority to declare emergencies, restrict movement, and seize property — all under the banner of ‘biosecurity’ [Still quoting.] “...The state [Hawaii. Here] now has a legal mechanism to: Shut down movement, Block imports or exports, Seize livestock, products, or even property, all in the name of containing an invasive species or pathogen. This could include [Still quoting.] a bird flu outbreak, [You don't say.] a new strain of plant virus fungus on imported goods, even future zoonotic threats that could be interpreted as ‘biosecurity risks.’”

Did you know about this? Now you do. Still quoting. And I want you to listen very carefully to this. “Unlike COVID-era restrictions, these don't require a health emergency declaration. They can now be triggered by pests, soil, or fungus, and the powers apply to individuals, businesses, and infrastructure.”

Hear me out on a couple of thoughts on this. First, as I mentioned, Hawaii snatching up - no pun intended - biosecurity and placing it under the control of the Department of

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

Agriculture? No, that - something doesn't smell right. It doesn't pass the smell test, does it? The reason it doesn't pass the smell test is because of the dark, demonic agenda behind doing so. How so? This "agenda" [Keyword] gives them unilateral and unaccountable power and control with the goal of a mandate to vaccinate.

Oh, come on, Pastor. For real? Yeah. For real. Are you willing to keep hearing me out? Let's talk about why biosecurity. Because "biosecurity" and/or "biodigital" anything is the merging of man with machine, transhumanism, or if you prefer, human biology with AI technology for "peace" of mind and "safety" of public health.

Did you catch that? It's evidenced by this 32-page downloadable PDF file of the 2023 U.N. publication titled, [Quote] "Our Common Agenda [They have an agenda.] "Our Common Agenda Policy Brief 5, A Global [What's their agenda?] A Global Digital Compact - an Open, Free, [Yeah, right.] and Secure Digital Future for All."

The question becomes one of how is this done? And the answer from Scripture, as we'll see shortly, is this technology has to be on and subsequently in the human body. Doubtless, you already know where I'm going with this, so I'll just get to the point and say that in some way, some form, it has to be a pharmaceutical vaccine.

Here's just one of the reasons for this, as noted on the right side of the screen where I've highlighted in orange the third of the 17 Sustainable Development Goals, which I'm sure you can read that size. Yeah. So I'll read it for you.

The third one is "Good Health and Well-Being." Who doesn't want that? Let's read the fine print here. Quote, "Novel platform- [Platform] based vaccine technologies and smart vaccine manufacturing techniques help to produce greater numbers of higher-quality vaccines. Open-source platforms [This is blockchain] can help accelerate and scale up vaccine delivery."

They're still talking about the vaccine. So there must be something to this vaccine if it's number 3 of 17. I want to just - and I'll do this as - well let me rephrase. I'll try to do this as lovingly as I possibly can in Jesus' name. For those who still believe COVID, vaccine, Pastor JD, you need to update your Updates. That's old news.

**Prophecy Update**

**Pastor JD**

No, it's not. No, it's not. No, it's not. Notice how I did that for everybody on this side, in the middle and... Here's a quote. This is propaganda at its finest. And it's from Hawaii News Now. It was published just this last Tuesday, July 21st, a few days ago. The headline? Quote, "State reports rise in COVID activity, urges public to take proper precautions."

You know, the best way to not catch anything is to turn the TV off. No. For real. I mean that. I did, and I've never been healthier. Three excerpts. Quote. "Hawaii is one of several states where COVID cases are likely growing, according to the U.S. Centers for Disease Control and Prevention [CDC]. "...The department offers the following recommendations: *[Now, I'm just going to share three of, I think, five.]*

Number 1. Get the shot. The Department of Health encourages everyone *[Get this.]* age 6 months *[Six months]* and older to get vaccinated during the current COVID-19 surge. *[I would have never known.] [Well, now this explains why when I go out and about, which is not very often, this explains everything, especially number 4, which I'll get to.]* DOH *[Department of Health]* recommends the 2024-2025 COVID-19 vaccine."

Oh. You know those pop-up windows, update available? Oh mine's... Or worse, your operating system is outdated, and this will not work on your outdated software operating system. Well, that's interesting. Number 4. So number 1, get the shot. Number 4, mask up.

Okay. Is it me or; listen, I want to be careful here because if you wear a mask, for whatever reason, we love you. God loves you. You are still saved and going up in the rapture. Not with your mask, just so you know. (Chuckling) Just I needed to say that.

But I have a question, and it's sincere. Is it just me, or are there more many more people now wearing masks again? Oh, thank you. I thought I was the only one who noticed. "Mask up. Properly wearing a well-fitted mask..." *[Will not allow you to breathe.]* And you will suffocate and die. No, that's what it should say. It will cause respiratory distress. You're breathing in your own... Anyway. I'm sorry. Okay. Let me start over. Give me a do-over.

“Properly wearing a well-fitted mask when you have or are recovering from COVID-19 symptoms and are indoors with other people can help prevent spread of illness to others.”

Hmhm. Remember the six-foot distancing? Social distancing. Six. Not five, not seven. Six. Interesting. Apparently, this virus has a limit, so-called virus. Whatever this thing was, six feet one inches, no can. I'm not trying to be funny. And I want to laugh because if I don't laugh, I will cry. And I mean that by the way.

“Number 5 [*Lastly*] Get a test.”

Take the shot, mask up, get a test. There's a couple more in there. Quote. “Take a COVID-19 test if you have symptoms and might need treatment because you are at higher risk for severe infection. Many respiratory viruses have similar symptoms, but treatments differ. Antiviral treatments for COVID-19 can prevent hospitalization and death. [*That really should say they will send you to the hospital to your death.*] [*I'm sorry.*] Treatment works best when taken as soon as possible after symptoms begin.”

And besides, when you do that, we make a lot of money. Lots of money. Okay, this brings me full circle to the explanation of why I'm compelled and propelled to keep sounding the alarm, warning about these so-called vaccines. And this is where the enemy will do everything to distract your mind, get you looking at your watch, thinking about what you're going to have for lunch.

I'm going to just in fact, let's pray right now. Father, I pray that You, by the Holy Spirit would enable us and empower us to focus so that we can give You our undivided, undistracted attention so we don't miss this. In Jesus' name. Amen.

Number 1 reason I'm convinced now more than ever, that the continuing push to continually vaccinate is the very thing that exposes this as the final piece that's needed to complete the evil, dark agenda. Well, think about that. Why else would they keep bringing this thing back and up and pushing this thing so hard? It must be because they need it in order to accomplish their agenda.

Why am I so convinced that it's specifically a pharmaceutical? Let's go back to the Bible and prophecy in the Bible, which has two components, which are deception and reception of a

**Pastor JD**

pharmaceutical marker. Pharmaceutical marker. And we see two - there's more - but two in *Chapters 13 and 18 of Revelation* during the seven-year Tribulation.

In *Revelation 13*, we actually find the prophecy of the image of the beast, the worship of the beast, and the mark of the beast. *Revelation 13:14* it's the image of the beast. **“Because of the signs...”** *[This is interesting.] [I'm quoting Revelation 13:14.]* **“Because of the signs it was given power to perform on behalf of the first beast, it deceived the inhabitants of the earth. It ordered them to set up an image in honor of the beast who was wounded by the sword and yet lived.”** That's the image of the beast.

*Revelation 13:15*, the worship of the beast. *[We read]* **“The second beast was given power to give breath to the image of the first beast, so [Does that sound like AI or what?] so that the image could speak and cause all who refused to worship the image to be killed.”**

Now, before I read *Revelation 13:16-17*, which is about the mark of the beast, I'd like to pose a twofold question. First, and I want you to think this through. How would someone be verified as to whether they complied or defied?

Second, wouldn't it stand to reason that there would have to be some form of a biological merging and marrying with the technological digital marker for identification and verification?

Well, let's read *Revelation 13:16-17*. **“It also forced all people, great and small, rich and poor, free and slave, to receive a mark [That's the marker.] on their right hands or on their foreheads, [Don't get messed up, hung up on this no, it's in, on. It's both. We'll come back to that in a moment.] [So] to receive a mark on their right hands or on their foreheads so that they could not buy or sell unless they had the mark, which is the name of the beast or the number of its name.”** Ah ha! We're getting somewhere.

Okay, Pastor, you're, still not quite getting me quite there as to why you're so convinced now, more than ever, that the continuing push to continually vaccinate is the very thing that exposes this as the final piece needed to complete the evil agenda, which, by the way, God is in full control of.

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

I'm convinced that it has to be a pharmaceutical in some form because of *Revelation 18:23*, which in the context of the prophesied fall of Babylon, we find that those deceived believed and received the mark because of the lying signs and wonders. And we're told what this mark actually is. It is a pharmaceutical potion and poison. Some of your translations, as I read this, will render this "magic spell."

Oh boy, whew, I talk to people; rephrase, I try to talk to people. They are under a spell. No, it's more like this. Am I right? It's like someone cast a spell on them. They're in a trance. They become zombie like.

Listen to *Revelation 18:23*. I mean, this seals the deal. **"The light of a lamp shall not shine in you [Speaking of Babylon's prophesied fall.] anymore. And the voice of the bridegroom and bride shall not be heard in you anymore. For your merchants, [Watch this.] were the great men of the earth, [The elite, the controllers.] [There's other names.] [I call them the demon-possessed conspirators.] [Why? Because they're demon possessed conspirators.] for by your sorcery [Pharmakeia in the Greek, from where we get our English word pharmacy, pharmaceutical.] all the nations were deceived."**

Boom! I mean, again, there's more. And we've gone through this in our verse-by-verse study through Revelation. But in fact, only those who were deceived and believed and received the mark break out in loathsome boils and ugly sores. And it's so bad that they want to die, but they can't. That sounds like you got poisoned, baby. That sounds like you allowed them to inject you with something pharmaceutical, *Revelation 18:23*. They deceived you, and not just you, but all the nations on earth were deceived. I'm almost done.

Thank you for your patience. Here's another question. Doesn't it also stand to reason that biosecurity would be the mechanism of deception if it's packaged with one's secure, digital, cyber security? Digital peace and public health safety. I'm saying the same thing I said a little bit ago in a different way. But that's the - that's what - that's what deceives those who believe and receive this mark. Oh, it's for my own security, and for public safety, and peace of mind, and the greater good, and we're all in this together, and...

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

No, we're not. Speak for yourself, buckaroo. By the way, buckaroo is not a bad thing. I checked it out already, so don't email me, please. Again, think through this with me. How else would this deception and ensuing reception of the mark for verification and authentication to buy or sell be accomplished? Maybe better asked how are they going to know? How are they going to know? Oh, they're going to know. How are they going to know? Because they're going to have something in you that tells them everything about you. So no can lie.

Yeah, I got the recent booster shot. I think it was the 89th booster shot. Well, according to your biodigital record, it says you didn't, so I'm sorry, but your account will be suspended, and you will not be able to buy right now until you go get that and are in compliance with that. I'm a merchant. I'm a seller. I'm a business owner.

Well, you didn't get the 89th booster shot because we can tell. Because we've installed a software program, an operating system in your body that senses your data in real time. So we know what you're doing and where you are all the time. And so now, as a seller, as a business owner, you can't sell your product or your service or your merchandise.

Are you fitting the puzzle pieces prophetically together? Could it be that God, in His unfailing love for man, has forewarned man in His word in advance, so that man would not let him - let, keyword - himself be deceived? **“Let no one deceive you.”**

The inference being that we let ourselves be deceived. We fully cooperate with the deception. Here comes deception knocking on the door. What do we do? We invite him in. Hey! You want to eat dinner? Don't let him in! What are you doing?

Okay. Almost done. Did I say that already? Okay, now I'm really almost done. I hope this provides at least in some way a sufficient explanation as to why it is that as long as the Lord gives me breath and the privilege to pastor this, His church, I'm not only going to keep sounding the alarm, I'm turning up the volume, man.

And the reason I am is because the prophetic signs, to Alexandria from Cairo, from Hawaii to heaven. Whoo! Whoo! Whoo! Whoo! They're revving up and pushing on. to deceive all who will receive these so-called vaccines. But God wants us to know that He's in full

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

control. He's still in the driver's seat. I'm still in the trunk, but He still... I'm cool with that. He foreknew this.

And this is why, and I mentioned this, and I just want to mention real quickly again. This is why I don't use ever the word "predicted." No. It's "prophesied." There's a big difference. I'm not going to take the time to go into it. God told us this would be how it ends and that He's in control of how it ends. And everything is going perfectly, exactly, precisely as He said in His word it would end. So shouldn't that settle the hearts of believers and open the hearts of nonbelievers? I would like to think so.

See, we know this is the more sure word of prophecy because why else would God let us or tell us what's going to happen before it happens were He not wanting to arrest our attention when it begins to happen? Let me say the same thing in a different way. This is *John 14:29*, *John 13:19*, I think. I'm going to tell you what's going to happen before it happens, so when it begins to happen, you will know that "I Am." Period.

Okay. Let's just bring it in. Some of you are saying, "Please, Pastor." Bottom line: Those of us who know Jesus have little to no time to get Jesus to people and people to Jesus to be saved, as many as we can and as fast as we can. I tell you; please hear my heart. We are at the end, and the only thing that's going to matter at the end we're at is: Are they saved or are they damned? Period.

Grant me just a couple minutes. I want to - I'm gonna do something little bit different with the ending of the Gospel of Jesus Christ, the good news of salvation by way of the ABCs of salvation, which is just a way to understand it.

The (A) is the obstacle. The (B) is the essential. And the (C) is the evidential. Can you just hang on to that for a second as we go through this real quick? The (A), this is the obstacle, acknowledging, admitting that I'm a sinner, and I need a savior. That's the obstacle. And you need to go to *Romans 3:10* because there you read that **"There is no one righteous, not even one."**

And *Romans 3:23* tells us why. Because **"all [That means you, me] have sinned and fall short of the glory of God."** See, the average person thinks that good people go to heaven

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

and bad people go to the other place. And I'm here to tell you on the authority of God's Holy word of truth that that is not the truth because there's going to be a lot of bad people in heaven. And I'll be at the front of that line. And don't look at me all smug because you're right behind me, you know, in that line. A lot of bad people in heaven, sinners saved by grace through faith in Jesus Christ.

We missed the mark, sin. That's an archery term. You missed the bullseye. Now you got to - you do the crime; you got to do the time. So now you got to be sentenced. What's the sentence? The death **sentence "for the wages of sin is death,"** *Romans 6:23*.

"That's really bad news. You have any good news?"

"Oh, yes, I do."

The good news is that **"the gift of God [Gift of God] is eternal life in Christ Jesus our Lord."**

If you can get someone past that, (A) obstacle, then you're ready for the (B), which is central and essential. Believing in your heart that Jesus Christ is Lord. *Romans 10:9*, **"If you believe in your heart that God raised Jesus from the dead, you will be saved."**

By the way, if someone says, "You know I'm a good person," "I believe in God," or "I believe in Jesus," be at the ready to give them an answer from Scripture, preferably, showing them in Scripture *James 2:19*. You know what it says? **"Even the demons believe and tremble."**

Oh! I must not understand what it means to believe in my heart that Jesus Christ is Lord.

What does that look like? To believe is to have a change in the way you think, metanoia in the Greek, translated in the English as repentance. Metanoia. It's not penance. That's why I'm very careful with and around that word "repent," because it almost implies - well, it does - oh, I gotta do something first. No. Repentance: yeah, you better repent.

Oh, is that a prerequisite? Wait, wait. No. Repentance is to change one's mind, change one's way of thinking. You were - you believed and were convinced that - about that. But now you're going to change your mind about that. That's what repentance is. It's a change of mind about Jesus, placing complete trust in Jesus, totally relying upon Jesus, and having

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

absolute confidence that Jesus has imputed His righteousness, replacing my own filthy self-righteousness, which we talked about Thursday night in Zachariah 3.

(C) lastly; so we have the obstacle with the (A), the essential with the (B), but the (C), call, confess upon - call upon the name of the Lord. This is the result. This is what happens because Jesus said, **“Out of the abundance of the heart, the mouth speaks.”**

You want to know what's in somebody's heart? Just listen to what's coming out of their mouth. Bitterness? That's because it's in their heart. Anger? That's because that's in their heart. Jesus? That's because Jesus is in their heart.

**“All who call upon the name of the Lord will be saved.”** Are you good? The calling upon is evidential. The believing in is essential. The acknowledging of is the obstacle.

Well, I'm going to close with a short “But God Testimony” that I picked for today. It comes from Carl Allen who writes, “Praise the LORD Pastor Farag. This letter is way, way overdue, but I tell people about it all the time, and just recently I was speaking about it. During Covid you wrote me a letter that saved my job. My own pastor wouldn't write it because he believed in the shot. I've been listening to you for years. You guys wrote a letter, and it saved my job. I will never ever forget that, ever. Thank you so much.

I listen to your updates every Sunday and miss them when you are on vacation. *[Just to clear the record.] [It's not really a vacation.] [I don't go anywhere. It's a staycation.] [It's a, anyway....]* But I know that's much-needed. *[Thank you. It is.]*

You're a blessing to the body of Christ and to the unsaved. *[I like to hear that.]* I love you. *[I love you too.]* and continue to let people know that Jesus is soon to come.”

If you take nothing from what I said today and shared today and quoted today, will you take this with you today? You have no guarantees for tomorrow. Tomorrow is not guaranteed. Today is the day of salvation. If you're unsure, unclear, there's doubts, you need to settle that right here and right now.

If there are doubts and you know, man, I'm not right. I'm not born-again, well we're going to have our security team lock - no, I'm just kidding. (Chuckling) You will not leave here

**Prophecy Update**  
**God's In Control Is Not A Cliche**  
**Pastor JD**

today the same person that you were when you came here today. No, it's not by force. That's what *Revelation 13* is about.

But you don't have to leave here the same way you came here today if today is the day of your salvation, I implore you, please do not delay the most important decision of your life for eternal life. That decision is now, today, here. I'm done. David, come up. Stand up. We'll close in prayer. Thank you for your patience. And not too bad today. Don't look at your watches yet.

Father in heaven, thank You. That seems almost cliché and hollow, but it's the only thing we can do is thank You and praise You and worship You and be in awe of You this side of glory. Because we're still finite and fallen. But there is coming a day, and we believe it's very, very soon where we will have all eternity to thank You, to worship You, to praise You. We love You, Lord.

And Lord, if there's anyone that's still watching online or maybe here in this service, and You spoke through this vessel - that's all I am, the mouthpiece - You spoke through this vessel to them, and it went right to the heart, it cut to the heart, Lord, I pray that today they would receive and believe in their heart that You, Jesus, are King of kings and Lord of lords. Come quickly, Lord Jesus. Maranatha, we pray. In Jesus' name. Amen.
