

Mid-East Prophecy Update – December 4th, 2014

- I've been trying to process all that's happened in response to two Grand Jury decisions in nine days, the most recent of which was in NY.
- One of the things the Lord ministered to me concerning these two men is that unless they were born again, they will not enter into heaven.
- If Michael Brown and Eric Garner, who met their death at the hands of Law Enforcement officers, weren't saved, that's an eternal tragedy.

- While we did talk about the prophetic significance of the Ferguson protests for last week's update, I don't feel led to address this for today.
- There are two reasons for this, the first of which is that the political infusion has created so much confusion it adds another log on the fire.
- The second reason is I'm becoming increasingly convinced that there is a demonic component behind this, hell bent on destroying the U.S.

- Actually, presupposing this destruction of the U.S. succeeds; it's this very absence of the U.S. that in some ways expedites Bible prophecy.
- Let me explain how I get there, an anti Israel U.S., will usher in God's curse upon the U.S., which will give way to the destruction of the U.S.
- Then, if and when that happens, Bible prophecy that has yet to be fulfilled will be fulfilled by virtue of the conspicuous absence of the U.S.

- It's for this reason that for remainder of our time together today, before we partake together of the Lord's Table, I'd like to present my case.
- Kindly allow me to argue the case for why Bible prophecy is being fulfilled at an unprecedented and accelerated rate, especially as of late.
- It seems that I'm in good company with other Bible teachers, who like me, believe without any doubt that we are in the last hour of history.

End Times Headlines ran an article quoting Greg Laurie titled, Greg Laurie - No Question These Are the End Times; America's Role as Superpower Will Diminish as New World Order Forms

Similarly, One News Now ran an article quoting Dr. David Jeremiah titled, Dr. David Jeremiah: I'm no prophet, but the End Times are here

In order to understand why so many Bible teachers are saying the same thing, one need look no further than this Washington Free Beacon article published last Thursday, December 4th, 2014. The headline read, Reports: Obama Mulling Sanctions on Israel. Here are some excerpts from this very telling report, "The Obama administration is refusing to discuss reports that emerged early Thursday claiming that the White House is considering imposing sanctions on Israel for continuing construction on Jewish homes in Jerusalem. ...The possibility of sanctioning Israel for its ongoing construction sends a signal that the Obama administration is willing to go further in its denunciations of Israel than any previous White House. At the same time, the White House is vigorously pushing Congress against passing new sanctions on Iran. ..."If these reports are true, this would mark a new era of unprecedented hostility from the White House against our strongest ally in the Middle East," the source said. "It's impossible not to notice the irony of the administration mulling sanctions on Israel while threatening to veto new sanctions against Iran." ..."The Obama administration is against sanctions on Iran, but for them on Israel," said Noah Pollak, executive director of the pro-Israel organization Emergency Committee for Israel. "Is [White House deputy national security adviser] Ben Rhodes wearing a green headband to work these days?"

Two days prior to this, on Tuesday, December 2nd, The Times of Israel published an equally disturbing report with the headline; UN approves Arab-backed call for Israel to renounce nukes. The caption under a photo of the UN read, General Assembly votes 161-5 for non-binding resolution urging Israel to open facilities to international oversight.

Speaking of the UN, on November 24th, Israeli Ambassador, Ron Prosor, delivered what I believe is one of the most, if not the most, powerful and profound address in the history of the UN General Assembly. Quoting Ambassador Prosor, "Mr. President, I stand before the world as a proud representative of the State of Israel and the Jewish people. I stand tall before you knowing that truth and morality are on my side. And yet, I stand here knowing that today in this Assembly, truth will be turned on its head and morality cast aside. ... Our conflict has never been about the establishment of a Palestinian state. It has always been about the existence of the Jewish state. ... I challenge you to stand up here today and do something constructive for a change. Publically denounce the violence, denounce the incitement, and denounce the culture of hate. ... As I stand before you today I am reminded of all the years when Jewish people paid for the world's ignorance and indifference in blood. Those days are no more. We will never apologize for being a free and independent people in our sovereign state. And we will never apologize for defending ourselves. To the nations that continue to allow prejudice to prevail over truth, I say, "I accuse." I accuse you of hypocrisy. I accuse you of duplicity. I accuse you of lending legitimacy to those who seek to destroy our State. I accuse you of speaking about Israel's right of self-defense in theory, but denying it in practice. And I accuse you of demanding concessions from Israel, but asking nothing of the Palestinians. In the face of these offenses, the verdict is clear. You are not for peace and you are not for the Palestinian people. You are simply against Israel.

- Time doesn't permit me to talk about other reports that are equally significant prophetically, however, the U.S. and the U.N. is enough as is.
- Here's why, the U.S. proposing sanctions against Israel and the U.N. resolution for Israel to renounce nukes, instead of Iran is Ezekiel 38.
- This because, Iran is at the helm of this alliance that launches a failed nuclear attack against Israel, and America is nowhere to be found.

Moreover, as Ambassador Prosor also so powerfully and eloquently stated in the same address, "When it comes to our security, we cannot and will not rely on others – Israel must be able to defend itself by itself." The reason I point that out is because at the time Ezekiel 38 is fulfilled, all the nations of the earth will be against Israel as it appears even now they already are. However, while Israel may think they must be able to defend themselves by themselves, it will actually be the God of Israel Who does it for them and instead of them.
