Prophecy Update
The Closer We Get the Crazier It Gets
Pastor JD Farag

KAPONO: Would you join me in a word of prayer? Father, Yes, our God is an awesome God.

[Congregant says, "Amen."]

He is the only God. There is none like You, O Lord. So we lift up our praise to You this morning, Lord. We are thankful that we get to come to such a place that You have so graciously blessed us with to worship, and Lord, more importantly, to hear Your word. Would You speak to us, Lord? Holy Spirit, would You lead, comfort, guide our hearts, Lord, this morning that we may hear what You have for us? So would You speak, Lord?

Be with Pastor JD. Continue to bless, comfort, strengthen, encourage, minister, and protect him and his family as he does Your will, Lord. In Jesus' name,

PASTOR JD: Amen and amen. Good morning! Welcome! So glad you're here. You can be seated. Those of you online, we're so glad that you're joining with us. A couple of things, though, before we jump in, the first of which is that we're going to include the link to Tuesday night's prayer meeting/teaching titled, 'Demonic Spirit Manifestations.'

We've had a lot of people ask about this. I do address in the video the manifestation of a demonic spirit towards the end of the Sunday, March 24th Prophecy Update livestream. That link will be on the downloadable PDF file of both today's Update and then also the Second Service sermon. I want to mention though that this Thursday we're continuing in our verse-by-verse study through the *Book of Daniel*.

So *Daniel*, Thursday nights, *Revelation*, Sunday mornings; doesn't get any better than that. We're going to finish, Lord willing, and if we're still here, *Chapter 2*, where King Nebuchadnezzar's fearful and worrisome dream concerning his future and his kingdom is interpreted by Daniel, not only interpreted by Daniel, but Daniel is actually given the *Revelation* in a vision of what the dream was before he interprets it. Then you know, it's the interpretation when you know the dream first without being told.

So we saw that last week. But what we're going to see this week is how this dream that Nebuchadnezzar had speaks to our day prophetically but also why worrying about the future is a complete waste of time. Personally, I know none of you worry.

[Laughter]

The Closer We Get the crazier It Gets
Pastor JD Farag

That'll be this Thursday, livestreamed beginning on the website at 7:00 p.m. Hawaii time with the worship, and then 7:30 on the other social media platforms. Now 11:15 a.m. today, Hawaii Time, again is the sermon. And that's Second Service. This is the verse-by-verse study through *Revelation*.

And today we're going to look at how the Lord, as only He can, vis-à-vis prophecy can supernaturally strengthen us with patient endurance in our suffering. Patient endurance, meaning that you can have endurance, but not patient endurance. Again, I know all of you are patient, but anyway, that'll be Second Service.

This service is our Prophecy Update. We devote this time weekly to Bible prophecy and everything that's happening in the world today and how it points to the end, which we're in now. The end. This is how it ends.

I do want to mention, though, for those that are watching by way of YouTube or Facebook, that you might want to go directly to the website JDFarag.org for the uncensored and uninterrupted entirety of the Update. And so with that, let's get right to it.

What I'm hoping to accomplish for today's Update is explain why the crazier everything gets in the world, the closer we get to the pre-tribulation rapture and the end of the world. You'll be happy to know that I've gone to great lengths to shorten the length of today's Update.

Wow! You didn't even hesitate to laugh when I said that. I see how it is. Rough crowd. But actually, this for a couple of reasons.

First, the nature of what I have to share today will speak for itself in the sense that it doesn't require me to exhaustively expound on it. That's not to say that it won't be exhausting. It just won't be exhaustive. I shared that on Thursday night, and we were still very exhausted afterwards.

But the second reason, and perhaps more importantly, the way I'm going to share what I'm going to share will lend itself to just being more succinct by default if I can say it that way. And what I mean by that is I'll simply and briefly just go through some of what I'll just call "the crazies," the craziest things that are now happening, particularly as it relates to this much talked about and anticipated solar eclipse tomorrow, which we talked about a couple of weeks ago.

Prophecy Update
The Closer We Get the Crazier It Gets
Pastor JD Farag

However, before we do, I think it's incumbent upon all of us, myself included, by the way — this is for my benefit — to first go to the word of God, especially in this regard. And we need to do this because that's how we establish a firm foundation and sound foundation doctrinally.

Let's start with *Matthew 16*, the first four verses. **“Then the Pharisees and Sadducees came, and testing Him, [Speaking of course, of Jesus] asked that He would show them a sign from heaven. He answered and said to them, “When it is evening, you say, ‘It will be fair weather, for the sky is red;’ and in the morning, ‘It will be foul weather today, for the sky is red, and threatening.’ Hypocrites! You know how to discern the face of the sky, but you cannot discern the signs of the times.”**

I'm standing right in front of you. That which you search the Scriptures for is looking right at you and talking right to you. Please know that Jesus was not as angry as I was in just saying that. I'm not angry. I'm just — It's a sanctified anger. It's, of course, a righteous anger whenever I do it. But there was strength in what He said to them, and rightfully so because He goes on to say, **“A wicked and adulterous generation seeks after a sign, and no sign shall be given to it except the sign of the prophet Jonah. [And I love this part] He left them and departed.” [Bye!]**

Do you ever put yourself in the text in the narrative? It's great, I tell you. It's way better than Netflix, just so you know. I mean, I put myself there. I'm kind of standing a little bit off in the background, and here come the Pharisees and Sadducees, and they're going to — they're going to try to test and trick Him and catch Him with this question. We need a sign from heaven to just authenticate and validate and verify that You are who You say You are. So give us a sign.

Jesus is like, you want a sign? He doesn't.

[Laughter]

I would have been in the back going, you! Never mind. You would have been right next to me, by the way, doing the same thing.

Prophecy Update
The Closer We Get the Crazier It Gets
Pastor JD Farag

But then He responds like this. And after He responds like this and calls them this, **“you hypocrites,” “you wicked and evil and adulterous generation”** that seeks a sign; you're not going to get a sign. You already got a sign. No sign except for Jonah will be given you. And then — can you just let me have this one?

He just — after He says that, (Walks away)

[Laughter]

(Off camera) Right?

Oh, I would have loved to have been there Because you know where I'm going! When He walked away, I'm going with Him. I'm not sticking around! You hypocrites!

Anyway, *Luke 21:25-28*, **“And there will be signs in the sun, in the moon, and in the stars; and on the earth distress of nations, with perplexity, the sea and the waves roaring; men’s hearts failing them from fear and the expectation of those things which are coming on the earth, for the powers of the heavens will be shaken. Then they will see the Son of Man coming in a cloud [This is the Second Coming] with power and great glory.**

Now [Verse 28, we quote this often] when these things [Key word] begin to happen, look up and lift up your heads because your redemption draws near.”

Matthew 24, beginning in *verse 4*, I'm going to read from a different translation. I know that messes people up. For the Updates I have several, actually numerous Bible translations from which I pick from, and I usually choose the one that I think is a better fit in the context of what that Update is about.

I might as well just mention — it's probably as good of a time as any — we get asked this a lot. On Thursday nights, we're in the — I use the New King James Version. It, I think, is closer to the original language of the Hebrew Old Testament. And on Sunday mornings for the Second Service in the New Testament, I use the New International Version 1984.

In fact, this — I will never — you can't get them anymore, maybe a used bookstore, not the 2011. So this is the 1984 version. I got saved in '82. I bought this in '84, and I'm never getting rid of it, so don't even think about it. Why? Because it is closer to the New Testament Greek.

Prophecy Update
The Closer We Get the Crazier It Gets
Pastor JD Farag

Now, sometimes I'll use the NASB 1995, sometimes the New King James. I'm very much willing to, when appropriate, use the King James Version. But I have a variety and really, a number of Bible versions and translations that I use. So please don't get hung up on that.

Now, that was a preface because the — I'm not going to tell you what version this is because you'll tune out and click off and walk away, like Jesus did in the previous passage.

So *verse 4, Matthew 24*. And the other reason I'm using this particular translation is because we've read this and talked about this and know this so well, maybe too well. So I want you to listen to this translation of this passage.

This is in response to the disciples asking Jesus, **“What will be the signs of the coming of the end of the age and Your return?”**

Translated, what will the world look like before the end and at the time of the end? And this is Jesus' answer. **“Jesus told them, ‘Don't let anyone mislead you, [Let no man deceive you] for many will come in My name, claiming, “I am the Messiah,” and they will deceive many. And you will hear of wars and threats of wars.**

But don't panic. Yes, these things must take place, but the end won't follow immediately. Nation will go to war against nation and kingdom against kingdom. There will be famines and earthquakes in many parts of the world. But all this is only the first of the birth pains with more to come.”

Do you see why I read that particular translation? It kind of changes the complexion of it a little bit, yeah?

All right. Last one, *2 Timothy Chapter 3*. We've talked about this in prior Updates over the years as well. We also studied through *2 Timothy* verse-by-verse recently. I want to begin reading in *verse 1 of Chapter 3, 2 Timothy*. This is where Paul, by the Holy Spirit, is writing to Timothy about what is going to characterize the very last days. It's akin to what Jesus just did in answering the disciples about this is what will mark the last days. This is what the world is going to look like at the time of the end.

He says, **“But mark this, there will be terrible times in the last days.”** [*Perilous times, crazy times in the last days*]

Prophecy Update
The Closer We Get the Crazy It Gets
Pastor JD Farag

And then He goes on to list — I am going to read them briefly — 19 characteristics that will mark the time of the end. In other words, you'll know it's the end when you see the world like this. It's going to be horrible, crazy, terrible, perilous.

He begins in *verse 2*. **“People will be lovers of themselves, lovers of money, boastful, proud, abusive, disobedient to their parents, ungrateful, unholy, without love, unforgiving, slanderous, without self-control, brutal, not lovers of the good, treacherous, rash, conceited, lovers of pleasure rather than lovers of God — having a form of godliness but denying its power. Have nothing to do with them.”**

Does that read like your news feed? Okay. The common denominator with — I just read four passages. There are many like them, many with them, and the common denominator is that they all foretell just how crazy, perilous, terrible the world will get at the time of the end. I'll say it again.

The closer we get to the pre-tribulation rapture and the end of the world the more perilous and crazy things will get in the world. Would you agree with me that things are pretty crazy right now?

[Congregant says, “Oh, yeah.”]

It's going to get crazier as we get closer. What follows are what again, I'm going to call “the crazies.” I mean, this is just crazy. Now I have abbreviated them in the interest of time and for the aforementioned reasons.

So you ready? Crazy. Let's start with CERN. You know about this?

[Congregant says, “Yes.”]

Well, the reports now are that they're planning to start back up this Large Hadron Collider tomorrow, for the first time in three years, during the solar eclipse so as to, and I quote, search for invisible matter that secretly powers our universe. No need.

[Laughter]

By the way, crazy, I know, pictured here are the logos for CERN and the World Economic Forum. You'll notice I've highlighted in red the curious presence of six, six, six on both. I probably could have done a better job.

Prophecy Update
The Closer We Get the Crazy It Gets
Pastor JD Farag

I hope you appreciate that I spent way too much time trying to perfect it. I'm not a perfectionist. *[Yes, I am]* And so I had to just say no, that's enough. But it gets better. Look closely at this. This is crazy. But I've highlighted what appears to be an eclipse. Do you see that?

[Congregant says, "Yeah."]

Now, I know what you're thinking because, again, I can read minds. Just a second. If I look in your direction, it means I'm picking something up. Whoa!

No, it's okay.

[Laughter]

You're good.

[Laughter]

I know what you're thinking. Come on. That's just coincidence. Okay. That's fine. You'll be happy to know that the so-called fact checkers have gone to great extent, to a great extent to ensure that you have a soft pillow to lay your gullible head in and also plenty of sand in which to bury that same gullible head in. That's fine. If you want to just dismiss this as coincidence or conspiracy theories, fine.

But you need to know this. This is so important to understand. Symbolism is extremely important in Satanism. Numbers have supreme significance in Satanism, in the occult. Example? I'm going to give you two. The number 13.

Did we talk about this recently? I'm going to talk about it again just real quick. Do you know that some hotels and buildings don't even have a 13th floor? They're so superstitious. No, seriously. For real. The next time you're in an elevator, check. 12. 14.

Wow, there's no 13th.

No, unlucky number.

Why 13?

Because Jesus was the 13th. You had the 12 disciples. 12 plus one is 13.

Oh, that's a coincidence.

Prophecy Update
The Closer We Get the Crazy It Gets
Pastor JD Farag

Okay, fine. Get the pillow. Here's the sand. Go to Kailua beach if you want. The number 33: You know how significant the number 33 is in the occult, in the 33rd degree masonry? So satanic.

Why 33? Why not 34? Why not 32?

Actually, 322: Skull and Bones. There's a significance to that date and number as well. I won't get into that. You can search it if you want. Do your own research. Be careful when you do, by the way.

But why 33?

Oh, that's the age that Jesus was when He was crucified, and when Lucifer was cast out of heaven, he took a third of the angels with him. 33. Three/three.

So if you want to dismiss the coincidence of the symbolism in their logos, and by the way, they're not covering this up anymore. I mean, they're in your face with this now, these — anyway, I'm not gonna — just forget it. I'm not going to go there. I kind of already did.

But...

Speaking of Satanism, NASA: do you know the — I'm making an exception, in referencing NASA — but did you know that the origin of NASA is satanic to its core? A guy by the name of Jack Parsons, who was actually in with L. Ron Hubbard, the founder of the very demonic and satanic cult known as Scientology. He was the first who got satanic intelligence to develop the jet propulsion that would eventually become known as NASA. Very demonic.

You know what they're going to do tomorrow? They're going to fire three rockets. Three.

Why not four? How about two?

No, three. It's gonna come up again in a moment. Three is very significant to the Satanist because three days, the only sign. Jonah was in the belly of the big fish, Jesus in the belly of the earth. He rose on the third day. Three is very significant. Three rockets. And it gets better, or worse, depending on how you want to look at it. Oh, and by the way, one of them will be fired at 3:22 p.m. 322. That's Skull and Bones.

Prophecy Update
The Closer We Get the Crazier It Gets
Pastor JD Farag

Oh, by the way, you want to get political? One President George W. Bush, his father, George H.W. Bush, his father, which would be W's grandfather, Prescott Bush: Satanists. Skull and Bones. 322.

All right, now that I got your attention, why is this important? What's so significant about this? I mean, call me crazy. I've been called worse.

But you know what they're calling these rockets? APEP.

Well, what's APEP?

Oh, APEP is named after the ancient Egyptian spirit of evil, darkness, and destruction. Notice the caption under the graphic pictured here depicting the APEP spirit. I'll read it for you. Since it's like a three font.

Quote, "APEP attacking the Solar Boat." Solar boat? APEP? And that's what NASA is calling these? These? APEP — that's the mission — it's dubbed the APEP mission. They knowingly and deliberately named it after a serpent deity in Egyptology.

And it's not just these demonic entities in Egypt, of which there are many. It's India. This is a statue of Lord Shiva. You might remember a few years ago, maybe a number of years ago now, when Obama, demonically possessed, put an image of Lord Shiva on the Empire State Building. Do you remember that?

There's a 'Time Magazine' ('Newsweek') cover of Obama — and this riled up the people in India who worship this deity, Lord Shiva. He — there's a picture of him, and the caption under Obama is "The God of All Worlds." (Things)

And he's posing in the same exact way. I shouldn't try to do that. I'll end up being hospitalized. That flexibility ship has sailed long ago. But that's a — but Obama is literally mimicking this exact pose of Lord Shiva from India.

Who's Lord Shiva?

Oh, just the goddess of death, darkness, and destruction, like APEP, the spirit of evil, darkness, and destruction. By the way, this is a photo. We purchased the rights to these, so, you know, we're not violating any copyrights. So I paid for the license of this photo.

Prophecy Update
The Closer We Get the Crazier It Gets
Pastor JD Farag

You know, where this photo is taken from? CERN! CERN! Yeah, the country of India gifted CERN this statue of the Lord Shiva, prominently placed there at CERN.

You okay? Well, if you want to leave, go ahead. But can I just tell you on your way out that if you're interested, you might want to do a deep dive into the satanic role of Egyptology in our modern society, particularly here in America, specifically in a place called Washington D.C., District of Columbia.

You know what you're going to find? Well, you're going to find a lot of stuff, and it's going to be chilling and eye opening, as well it should. But what you're also going to find is the profound significance of eclipses and astrology in Egyptology. It is riddled throughout every fabric, woven into the very fabric of modern-day society, particularly in this country. Well, just look at the back of your dollar bill. Not right now. You can do it after.

Alister Crowley: By the way, this is probably as good a time as any to make a correction; I made a mistake. I mentioned that on the album cover of the Eagles ♪ Hotel California ♪ if you look in the window, you'll see Alister Crowley. I was incorrect. I stand corrected; I apologize for the error. It's not Alister Crowley, it's Anton LaVey, the founder of the First Church of Satan in California. That's even worse.

But Alister Crowley is on the Beatles album, The Lonely — ♪ Sergeant Pepper's Lonely Hearts Club Band. ♪

And Alister Crowley is a — was a professed Satanist, referred to himself as “the Beast” and was demonic, demonically possessed by legions, I believe. So he wrote this book called 'The Book of the Law,' and it's the central sacred text of Thelema.

According to Crowley, the text was dictated to him by a supernatural being calling himself Aiwass. A-I- [AI? *Who!*] W-A-S-S. This is the entity that gave him, dictated to him the writings that were in this book, supernaturally, in the demonic realm.

Well, in the book there is this proclamation of the arrival of a new age, [*The new age*] in the spiritual evolution of humanity to be known as the Eon or Age of Horus. Horus, Iris, Egyptology. Age of Horus is also known as the Age of Aquarius.

There's a quote of him. I have this video archived on my computer, downloaded. There's a quote of him saying, "I was a follower of Alister Crowley." And the — Alister Crowley said, "Do what thou wilt shall be the whole of the Law."

A lot of these satanic bands have this, not just subconsciously or subliminally in the lyrics. Now it's just overtly. It's right there on the album covers. This quote from Aleister Crowley — by the way, the aforementioned Beatles, 🎵 Sergeant Pepper's Lonely Hearts Club Band 🎵 Sergeant Pepper taught the band to play.

Who's Sergeant Pepper?

Alister Crowley.

So where are you going with this Pastor?

Well, this 'Book of the Law' that was demonically written contains three chapters, three each of which was alleged to be written down in one hour while Crowley was in Cairo, Egypt, back in the year 1904. And here's what's crazy. He timed this trip — it was actually his honeymoon — to give birth to a, quote, moon child through a satanic ritual around the planetary alignment, and the moon's position, and an eclipse.

And this entity dictated 'The Book of the Law' to Crowley in Cairo beginning at 12 noon on April 8th. And this continued: Three chapters for three days. April 8th, April 9th, April 10th. What if I told you that to this day occultists celebrate this event on April 8th, of all days?

Just so you know, don't have to look at your calendar. Tomorrow's the 8th of April. Crazy, huh? Gets better. Here's another crazy.

This comet — and it's called the Devil comet — because it splits, and then it leaves a path that look like two horns. (Chuckling) The Devil comet coming soon to a world near you during the eclipse.

And that's not all. Here's some crazy crazier, or crazier crazy. In concert with this Devil comet appearing during the eclipse, there will also be a planetary alignment of seven planets. And it gets even crazier. You're ready for this?

This planetary alignment will appear to form a straight line in the sky when looking out from Jerusalem toward the east. Wow! This is crazy! So crazy is this that FEMA, the National Guard, et al, are all taking this very seriously, and justified or not, they are commencing with countless closures and warnings, and this at both federal and state levels, with some even issuing a state of emergency as precautionary measures.

I heard one report that just in the state of Texas, they have shut down all transportation, so no supplies are going anywhere. And I want to say it was like — it's probably eight — who knows — it's probably seven — hope it's not three — counties that they have basically blocked off and shut down tomorrow all because of this eclipse.

And that's not even the crazy part. You know what the crazy part is? They, according to Newsweek, they have been planning for tomorrow's eclipse for — get this — two years. So that means in 2022, they were already planning for tomorrow.

Okay, here's some more crazy. This one has to do with this Reuters report concerning the increasing threats of war against Israel from none other than Iran. It's for this reason that Israel, according to Reuters, is, quote, beefing up its defenses and staying on high alert after Iran is threatening war — *Matthew 24* — this after an air strike on Iran's embassy compound in, of all places, Damascus, Syria, last Monday a week ago tomorrow, April 1st.

So I first heard about this from Linda Kirby, who emailed me last week about this Tucker Carlson interview. Maybe you heard about this? He interviewed a doctor and scientist by the name of Michael Nehls. This guy has done extensive research. He's written a paper. In fact, in the video, he says that his wife was helping him with the paper, and she — not exaggerating — not hyperbole — literally had a panic attack and almost had a heart attack because of the information, much of which he left out as well.

So there. I'm not alone. He left a lot of stuff out. He even told Tucker. He said, "It's even worse than that. What I'm telling you right now — this is crazy. But it's even crazier — the one I'm telling you. And when my wife was going through the material and helping me out, she went, had anxiety and a panic attack, almost had a heart attack, it was so intense."

So he did this research. He did a research paper. And here's what he found. There's a reason why people are starting to act crazy. They're starting to behave in very unusual and crazy ways, and it's getting worse.

Have you noticed this, by the way? I know it's not just me, but I mean, when I'm out and about, which is not very much. And especially now; I don't want to go out anymore. But I'm out and about, and I'm watching people, You know watching people can be very interesting. You just look at how, you know, people — by the way, people watching is one of the most — you know research has found — you know, we just like to watch people. People are very fascinating if you haven't noticed.

But you just watch how they, you know, behave. Well, when I've been out and about, and I'm talking as recently as maybe the last couple three weeks, I have noticed some very strange behavior that I have not seen before.

I mean, people acting very strange and weird and crazy, and it's kind of like I'm not going down that aisle. I mean — and nobody else is either. But what they need is on that aisle, but they're going down the other aisle waiting for this crazy individual to go to a different aisle so they can. It's getting really bad. People are weird.

You're looking at me going, Pastor, you're weird. I know I'm weird too, but that's not why. Why are they so crazy? Why are they behaving like this?

Oh, as it turns out, it's because of the spike protein from Covid-19 and the so-called vaccine. And here's the thing: They knew about this 15 years prior. I'll say it again. I hope you don't tire of me saying it. But Covid was made for this so-called vaccine. The so-called vaccine was not made for Covid. They've had this in the works for decades. They planned it for decades.

This is why I — at great cost — have spoken the truth about 9/11 because 9/11 was a preparation for Covid-19. In a word, anthrax. Did you know that it was mandated and military died because they were forced to take an anthrax vaccine in 2002? Did you know that? They created that event to prepare the masses for this. This is the final act if I can say it like that.

So they knew this. They studied this, they researched this, they planned this, and they knew that this spike protein would break the brain blood barrier. And once it gets into the brain, it'll make people crazy.

See, it's not about health. It's about making people's minds so damaged and degraded that they can't resist. There's one part of the video — for those of you that watch it, this is a spoiler alert — but he talks about the reality of zombies. These are people now whose brains have been basically taken over, and they will just do whatever they're told to do, just like zombies.

According to Doctor Nehls, they want to [*Listen very carefully*] conquer the human mind, and by doing so, they can take away the ability for someone to think clearly, to remember things, to reason logically, or even to react reasonably.

And it won't — you won't notice it if everything's going okay or going their way. You won't see this crazy behavior until something happens that triggers it. When they can't remember something, or something happens, or there's a fear factor, if I can say it like that, and then all of a sudden, they just go berserk.

Why?

Because their brain has been damaged, just like the DNA has been damaged, not altered, not yet, but it will be. Right now, the brain and the DNA in the human body is being damaged. And this is brain damage. You know, those who suffer force, blunt trauma to the head, their whole personality is changed. I know a guy that before was so sweet and humble and kind and nice and meek and gentle and suffered horrendous blunt force trauma to the head, just this brain injury. Changed his complete personality. You would not even recognize that he was the same guy. That's how serious this is.

And that's what they're doing. And as crazy as it sounds, it's deliberate. It's deliberate. And this is when they go crazy - when something happens or you say something. (Chuckling)
How about this one? Just say the name of Jesus. W-a-a-a-a-h!

I'm having a flashback from a couple of weeks ago now. Sorry.

[Laughter]

Wow, man. Just wow. Why?

Again because this nefariously, maliciously, demonically is intended to penetrate and break that blood brain barrier so as to just dominate the mind. And it's the spike protein. That's

not the main reason. It's not the only reason. There are other reasons. But here's the thing. And this is what is — this is — this blew my mind. I don't have much mind left to blow. This blew my mind, what's left of it. Fear. When you introduce fear, it breaks the brain, and they go crazy. If they're scared to death, quote unquote. When you introduce fear, fear, fear, it's a trigger. And their brain has already been damaged. And then they go crazy and act crazy because they are crazy because of this so-called vaccine and Covid-19. Crazy.

All right. I'm actually almost done. Here's the bottom line. Not only are things getting crazier, so too are people getting crazier, which means that we're getting closer. This is why your friends and family members or your loved ones think you're crazy. You're the crazy one because you see these things begin to come to pass, and you're looking up. They go, what are you looking at?

My redemption draws near, baby!

[Congregant shouts, "Amen!"]

[Applause]

I want to end with the Gospel as we always do. And I also want to end with an explanation of salvation, with the ABCs of salvation, as we always do. And I hope this doesn't sound melodramatic or sensational. I don't mean it to sound like this.

But if there was ever a time that we needed the simplicity and the sanity of the Gospel of Jesus Christ, it is now. There's still hope for people. There's still hope for people. God is the God who heals. And He's the same God yesterday, today, and forever. He's a God of miracles, and He can heal anyone who has had their blood brain barrier broke.

Wow, I did that! That was like five Bs. Did you like that? Thank you. Thank you very much.

God can heal you. If you've accepted this injection — I know many have — Many didn't have any choice in order to provide an income and a livelihood for their families. God knows all about that. You haven't lost your salvation if you're saved. You can't be un-born-again if you're born-again. But if you took this thing, first of all, can I just say in love, don't take any more. Don't take your 59th booster shot. Stop. Don't put that into your body, the temple of the Holy Spirit.

But if you don't know Jesus Christ as your Lord and Savior and you have taken this thing, I have good news for you. Jesus is the good news. And that's what the Gospel is, the Gospel of salvation in the person of Jesus Christ.

The word “gospel” just means “good news.” Your debt has been paid. Your penalty has been carried out. Your death sentence has been carried out by another. Good news, man! You're free to go! **“And whom the Son has set free is free indeed.”** That's the good news.

[Applause]

What are the ABCs of salvation? A very childlike, simple explanation of how to be saved. It's not a formula. Please don't use it like that. It's a tool to equip you with should God ever give you the profound privilege of sharing Jesus with somebody else that He brings into your path.

And by the way, if you're at the ready to give to everyone an answer of that blessed hope that lies within you of salvation in Jesus Christ, then God knows you're ready. Because if you're not ready, He's going to send him to somebody else who is. Hope that didn't come off mean. It's like Mordecai to Esther. How do you know you're raised up for such a time as this? If you don't do this, deliverance will come from another. God will find somebody else.

I oftentimes wonder how many times God has desired to bring somebody into our life to share Jesus with because we got to get Jesus to people and people to Jesus now, now, now! But we're not ready. But He sees this guy over here. He's ready. Send him over there. Give him the address. Text him the GPS. It's on his — so he can get — he's ready. He's at the ready.

So somebody — and by the way, they're asking questions — and notice it's not “be at the ready” to tell him. No. Be at the ready to answer. Give them an answer. That presupposes they're asking.

Well, nobody's been asking me about the hope in me.

Hmm. There must not be any hope in you outwardly displayed. So why would they bother asking you? What, are they going to ask you about a hope you don't have? They're going to only ask somebody about that hope if they find somebody with that hope.

And here's your friends and your family. Your loved ones are looking at you thinking, you guys are crazy. You get excited about this stuff. This stuff excites you, and it freaks me out. And it doesn't freak you out. In fact, you get, you get crazy for Christ.

Ha, I want me some of dat! What's different about you? That's peculiar to me. What is it about you that you respond like that? And I'm looking at this going, what am I going to do?

And you're looking at this going, all right! Going home, baby. I'm going to see Jesus. I'm going to see all my loved ones. I'm gonna see my daughter Noelle again, my mommy, maybe my dad; I hope my dad. They're going to get their new bodies first. We're going to meet them in the air.

Are you kidding me?

I'm seeing everything getting crazy in the world. And I'm told in the word of God that things are going to get crazy in the world. And it's going to be the gauge by which you measure how close we are to the end. And I'm looking at how crazy things are. And I'm thinking to myself, I think we're there. Now's the time, like never before, the urgency.

So the ABCs are just a simple explanation. The A is for admit or acknowledge that you sinned. And that's why you need the Savior. Because if you're not a sinner, then you don't need a Savior. But if you're a sinner, you need a Savior.

Romans 3:10 says, **“There is no one righteous, not even one.”** No one is good. You might be a good person, but you'll never be good enough. There was only one that was good enough, perfect, perfectly righteous, and that was Jesus the Christ.

Romans 3:23 explains why. It's because **“...all [Key word, “all”] have sinned and fall short of the glory of God.”** We were all born sinners, which is why we must all be born-again to enter the kingdom of heaven.

“And we're saved by grace, [Ephesians 2:8-9] through faith. It is not of works. It is the gift of God, lest anyone should boast.”

We're saved by grace. He's the Savior who saves us through no part of our own.

Why?

Prophecy Update

Because we're guilty. And now we have to enter the sentencing phase because we've entered the plea. How do you plead? Guilty as charged.

Okay. What's the penalty?

It's the death penalty. That's the bad news. *Romans 6:23*, **“For the wages of sin is death.”** But here comes the good news. And the badder the bad news is the gooder the good news will be. I haven't used that in a while. Don't email me.

That's bad news. But when the bad news is that bad, it takes me like a tutor, a schoolmaster by the hand from the mirror of the law that shows me, me in my true condition, that I've broken that law, I've transgressed that law, I've fallen short. And I've sinned against God. And here comes the Holy Spirit taking me...

Bad news, yeah?

Ho! Bad!

Takes me to the Savior. Good news. Because He fulfilled that law that you broke, that all have fallen short of. **“And the gift of God [Good news] is eternal life in Christ Jesus our Lord.”**

That's the A. Here's the B, very central and very simple. You could even say it's as simple as B: Believe. And it's not just oh, I believe in God. No. Believe in your heart that Jesus Christ is Lord and that God raised Jesus from the dead. This is *Romans 10:9*.

It's also, by the way, the most well-known verse in all the Bible. Even non-Christians know this verse: *John 3:16*. We can recite it with great magnificent eloquence, verbatim. **“For God so loved the world, that He gave His only begotten Son to die for us, that whosoever would believe.”**

Not fill out forms, not apply, not agree to the terms of service, none of that. Believe in your heart that God raised Jesus from the dead. If you believe, you will be saved.

And the C, lastly, is for call upon the name of the Lord. Now we talk about this every week. I hope you don't get tired of me saying it, but **“...out of the abundance of the heart, the mouth speaks.”**

Prophecy Update

Pastor JD Farag

So if I believe in my heart that Jesus is Lord, that God raised Jesus from the dead — I believe that in my heart — guess what's coming out of my mouth? Jesus. I'm calling on the name of Jesus. I'm confessing with my mouth, **“Jesus is Lord,”** *Romans 10:9.*

Romans 10:13, “All...” [There's that word “all” again] “All have sinned.”

How about this? **“All who call”** *[Call upon who?]* **“The name of the Lord.”** *[What will happen?]* **“You'll be saved.”**

You will be saved, not you might, could, should, there's a pretty good chance, jury's out, we don't know yet. No. You're saved. You'll be saved. That's how simple it is.

I'm so glad it was simple. I got saved 42 years ago. I needed it to be simple. Because if it was complicated, I wouldn't have gotten saved. I needed it to be as simple as believing in my heart and just confessing with my mouth out of the abundance of my heart.

I fell asleep doing that. I woke up the next morning. I'm a new creature. I don't like “creature.” Creation in Christ. **“Old things have passed away. Behold, all things had become new.”**

I implore you before we end with the “But God!” testimony, whether you're here today — and I won't look at anyone — you know who you are. And the Lord knows your heart. You might be in this church service, you might be watching online, and you've never believed in your heart that Jesus Christ is Lord. And it's certainly not been expressed or confessed coming out of your mouth, calling upon Him.

Or maybe there's some uncertainty where you're not really sure. You know, I grew up in a Christian home. No, that isn't — unless you're born-again of the Spirit of God. And you'll know if you're born-again.

Because when our children were born, there was no question marks. They were born in the physical sense. When you're born-again in the spiritual sense, there's no question mark when you're born-again.

I mean, how do I know if I'm born-again?

No, you'll know. You'll know. You'll know because when you're born again, you start craving milk, and then you start teething. I hate those years. And then you start eating meat. And

Prophecy Update
The Closer We Get the Crazier It Gets
Pastor JD Farag

you go from crying to crawling, to walking, to running the race. You'll know if you're born-again.

In fact, I would even take it a step further and say if there's a question mark as to whether or not you're born-again, pretty good chance you're not born-again. That might be strong, but it needs to be.

All right. Today's "But God!" testimony — this was several months ago — was sent in from Magnus Wilson, who writes, "I just wanted to say Hello from Sweden. Aloha! Your church has transformed my life. I am a Christian.

But since I started listening to you in *[Get this] [This poor sister (brother)]* 2007."

We started the Updates in 2006. I love you. That's a long time.

[She (He) writes] "I have absolutely dedicated my life to our Lord and Savior, Jesus. Please continue. You are my church. [Do you know that you have a huge church all over the world?] *[And she says]* I love you. *[We love you too]* Magnus Wilson."

Praise the Lord! Kaponono, come on up. Stand up.

[Applause]

Boy, I tell you; just testimonies like that make everything else worth it. Yeah? Father in heaven, thank You.

Lord, how can we ever possibly even begin to thank You enough? Thank You for the Gospel. Thank You that our redemption draws near. Thank You for Bible prophecy. Thank You for telling us what the world's going to look like before it looks like that. So when it starts to look like that, we'll look up. Believers will lift up their heads, and nonbelievers will believe.

Lord, I pray for anyone who might be — maybe here or online — that has never called upon You or believed in You. They don't have that assurance, that hope. Lord, I pray that today that would change right here and right now, that today they would make this day the day of their salvation and not delay the most important decision of their life for eternal life.

And for those of us, Lord, lastly, that know You, that long for Your return, watch for Your return, would You come quickly? Maranatha! Things are getting really crazy down here. I

Amen.
