## **Bible Prophecy Update –March 21, 2021**

### ***The Devil Is in the Details***

**JD Farag**

All right. Good morning and welcome to our weekly Bible Prophecy Update. On Sunday mornings, we have two services. The first of which is our Prophecy Update and the second, which will be at 11:15 a.m. Hawaii time is our verse-by-verse study through the Word of God. We are currently in the Book of Titus. Wouldn't you know it? We are in Chapter 2, and our passage today is going to be verses 11-15.

For those of you who know what is in verses 11-15, you know what verses 11-15 are about - the rapture. It just so happens to be my favorite, all-time topic of all time. Did I say "all time?" Now what we are going to do is talk about not just the rapture, but specifically while we wait for the rapture. That is at 11:15 Hawaii time.

Also, we want to encourage you, especially for the Prophecy Update. If you're on YouTube or Facebook right now, we would encourage you to go directly to [JDFarag.org](http://JDFarag.org). Once you land on the homepage, you can click on livestreaming. It'll take you right to the Livestream. We want to encourage you to start there so that you don't have to transition from YouTube or social media.

In fact, today, we're actually going to end the introduction to the Prophecy Update on YouTube and Facebook a little bit earlier than we usually do, and I think you will see why here in a moment. With that, let's get to it; a lot to get to today.

Today's update is one that I'm going to need to kindly ask you to bear with me on, hang in there with me to the end. This is one of those updates that is kind of heavy and weighty. Actually, it is not kind of; it is. Some of you are looking at me like, when are they not? Well, the Lord knows my heart. I don't want to talk about this, but I need to talk about this.

Doubtless, you've heard that well-known idiom of "The Devil is in the Details," right? Well, it seems that this is exactly what's playing out today with this global crisis, and I call it that for a reason. One need to look no further than to everything that's happening in the world today. Not only what's happening, but the swiftness with which it's happening to see that Satan is hard at work to destroy mankind.

Here's the truth. Satan has a destructive plan for man's eternal damnation, but God has a redemptive plan for man's eternal salvation. That's what's going on right now. I hope you understand that. In the realm of the spirit, in the spiritual realm, this is what is taking place. This explains why what's happening in the world today is happening in the world today. It's because of this.

In John's Gospel, the 10th chapter, Jesus is speaking to the Pharisees about how He is the one who enters by the gate as the shepherd of the sheep, and that the sheep (and this is important) listen to His voice. This is so interesting because if you really understand how shepherds and their relationship with the sheep is, the ears of the sheep are tuned to the shepherd.

Back in that day, and they would have understood this, not the Pharisees, but the disciples would have understood this. In that day, you would sometimes have the sheep belonging to a shepherd, but you would also have someone else's sheep in that same fold.

What is really interesting is when the shepherd of that sheep would come in, those sheep would recognize their shepherd's voice. It's tuned to his voice; that's my shepherd. But the ones that did not belong to that shepherd did not recognize the voice. Jesus is drawing upon this illustration as he compares himself to the shepherd. He says, my sheep listen to My voice.

But conversely, He tells them that anyone who tries to enter by some other way is a thief and a robber and that His sheep will never follow a stranger. In fact, Jesus says, they will run away instead. Why? Because they don't recognize the strange voice. That's not my shepherd. Now, the problem is the Pharisees didn't understand what Jesus was saying to them.

## **Bible Prophecy Update –March 21, 2021**

### ***The Devil Is in the Details***

**JD Farag**

Beginning in verse 7, He takes it up a step further. We read, "Then Jesus said to them again, "Most assuredly, I say to you, I am the door of the sheep. All who ever came before Me are thieves and robbers, but the sheep did not hear them." And then he says it again [verse 9], "I am the door. If anyone enters by Me, he will be saved and will go in and out and find pasture.

The thief [verse 10] does not come except to steal, kill, and destroy. I have come that they may have life and that they may have it more abundantly. I am the good shepherd. The good shepherd gives his life for the sheep, but [verse 12] a hireling, he who is not the shepherd, one who does not own the sheep, sees the wolf coming and leaves the sheep and flees. And the wolf catches the sheep and scatters them." Hang onto that. I want to come back to that.

"The hireling [verse 13] flees because he's a hireling and does not care about the sheep. I am the good shepherd [He says it again, verse 14]. And I know My sheep and am known by My own. As the Father knows Me, even so, I know the Father, and I lay down My life for the sheep. And other sheep I have, which are not of this fold. Them also I must bring, and they will hear My voice. And there will be one flock and one shepherd. Therefore [verse 17] My Father loves Me, because I lay down My life that I may take it again. No one takes it from Me, but I lay it down of myself. I have power to lay it down, and I have power to take it again. This command I have received from My Father."

I mean, I would have loved to have been a fly on a camel to hear this and see the reaction on their face. In verse 19, we are told what the reaction was. "Therefore, there was a division [again, I'll explain that in a moment] among the Jews because of these sayings. And many of them said, 'He has a demon and is mad. Why do you listen to him?' Others said, 'These are not the words of one who has a demon. Can a demon open the eyes of the blind?'" Oh, wait!

What? That's Chapter 9. We talked about it on Thursday night, very interesting, kind of humorous actually, the account of this blind man that Jesus healed by spitting into the dirt, getting the mud, putting it on his eyes. He was blind from birth.

In fact, the disciples asked Jesus, "Is he blind because of his sin or his parents' sin?" Answer: Neither. He's blind because this is the appointed time that I am to be glorified when I perform this miracle and heal him. It was so scandalous, and it caused so much controversy. In fact, the Pharisees had launched an investigation into the matter and their conclusion: This cannot be a man from God. Why? Because he did this on the Sabbath.

This poor guy. It's so interesting. We're not told his name. I think that's like a witness protection thing because, I mean, this poor guy... Can you imagine being blind from birth? One day here comes the Savior of mankind, the God who heals. It is so unconventional, spitting, taking the mud created from his saliva, putting it on his eyes. He tells him, go and wash your eyes in the pool of Siloam. This pool is there in Jerusalem for those that have been with us to Israel - a very interesting site, the main water supply.

We saw this in Isaiah Chapter 8 on Thursday. I'm going somewhere with this if you'll just hang in there with me. I do have a point because I know some of you are looking at me like, do you have a point? Yes, I have a point. Just give me a moment, and I will make the point.

This caused so much confusion. This caused so much controversy. This caused so much division, and think about what it was over. It was over a blind man, who once was blind, but now he sees. It was over the Shepherd, the Good Shepherd whose sheep know and recognize His voice: The seeing and the hearing. But here's the problem. You've got this enemy, you've got this thief, you've got this wolf that comes in, and this hireling, not a shepherd, flees, and what happens? The wolf comes in and scatters, divides, even devours the sheep.

In 1 Peter 5:8, the Apostle Peter echoes the words of the Savior, but instead of referring to the enemy as a wolf, Peter refers to him as a roaring lion, and that's an interesting detail. It's believed

## **Bible Prophecy Update –March 21, 2021**

### ***The Devil Is in the Details***

**JD Farag**

that, and we're told that right about the time the lion is ready to pounce on and attack its prey is when it roars. It's very quiet, prior because it's stalking, waiting. That's what Peter says, and that's why Peter, by the Holy Spirit, says what he says. He says, "Be alert and of sober mind." Why? Because your enemy, the devil, prowls around like a roaring lion looking for someone to devour.

Here's the point: We have an enemy. Call him a wolf; call him a lion. We have an enemy who seeks to destroy us. He hates us. Why? Because we were created in the image of God, and he hates God. He wants to destroy us made in the image of God, and dare I say that he is being met with a measure of success today.

Now, this begs the question of how. How will the enemy, the devil, seek to devour and destroy in his plan of this destruction and eternal damnation of mankind? If you kindly allow me to, we're going to take and tackle this tough topic. However, in order to do so, we're going to end the livestream at this time and encourage you, if you're not there already, to go to [jdfarag.org](http://jdfarag.org).

I would submit that the answer is found in the aforementioned details that the devil is in, specifically concerning the COVID-19 vaccine vis-a-vis "Operation Warp Speed." That is the "How." How is Satan going to seek to destroy and damn mankind for all eternity? The answer is in the details of what's in this vaccine.

Over the last couple of weeks, more "details" are coming out about the vaccine that, to me, have profound prophetic ramifications. For this reason, it's incumbent upon me to continue sounding this alarm, knowing that sadly, many don't have ears to hear.

However, thankfully, there are those who do have ears and recognize His voice, who have ears to hear what the Spirit is saying to the church today. It's those that do that will not only hear but will take heed. And that's my hope.

I'm going to start with what I would argue is one of the most astonishing and stunning videos to come out on the vaccine. I had a number of online members sent me this video. In it, Dr. Philip McMillan interviews the world-renowned vaccine specialist, Geert Vanden Bossche. What is so breathtaking is that Bossche is a former Bill & Melinda Gates Foundation Senior Program Officer in Vaccine Discovery, former Head of the Vaccine Development Office for the German equivalent of the CDC, and a university professor.

Recently, he released an open letter to the scientific community and to the world warning that the present mass vaccination program may [quote] "wipe out large parts of our human population." Here are several quotes. "These vaccines don't prevent infection. Immunizing somebody is like installing a new software on your computer. These antibodies, they will be recalled every single time you are encountering a coronavirus..." Which is just a common cold virus, by the way.

"I mean, you cannot just erase this, so this is very serious, so this is an important point. The problem I'm talking about is a global problem. It's not an individual getting an adverse event. It's a global problem of making this virus increasingly infectious [and here's why quoting] because we leave it, all the time a chance, an opportunity, to escape the immune system and to drive this.

So, to whip this up to a level where the virus is so infectious that we can even no longer control it because basically what we are doing is that when we vaccinate somebody, we are [listen very carefully, quote] turning this person into a potential asymptomatic carrier that is shedding the virus. So, we're talking about a very, very, very, serious problem here.

You know, at this point, it's so irrelevant whether you're a pro-vaxxer or an anti-vaxxer. It is about the science; it's about humanity. Let's not lose our time now with criticizing people. I'm passionate, of course, I mean, it's about your children, it's your family, it's my family, it's everyone, and for me, I

put everything at stake because I've done my homework," And then he says lastly, "And this is simply a moral obligation."

This brings me to another video that was also sent to me by numerous online members of Dr. Vernon Coleman. By the way, all of the links to everything are available down below the video. This is a PDF file. It is titled "Covid-19 Vaccines Are Weapons of Mass Destruction - and Could Wipe out the Human Race."

Quoting Dr. Vernon Coleman, "Do you remember that video in which Bill and Melinda Gates sat and smirked as they talked about how the next pandemic would make people sit up and take notice? Well, I think I know what is going to happen. We all know that the evil elite, the Agenda 21, and Great Reset promoters have all along intended to kill between 90% and 95% of the world's population.

Sadly, I fear it is probably too late to save many of those who have had the vaccine. Millions are doomed, and I fear that many will die when they next come into contact with the coronavirus. And the result is that now those of us who haven't had the vaccine also appear to be in serious danger. And we may, at some point, need to keep away from those who have had the vaccine. They are, I believe, now a very real danger to the survival of the human species.

For longer than I like to think about it, I have been warning about the dangers of the COVID-19 vaccines. I know that they should not really be called vaccines, although one official definition has been changed to accommodate them. But if I call them gene therapy, then the people who we are trying to reach, who have been told that they are vaccines, won't know what I am talking about.

This problem has just been outlined by Dr. Geert Vanden Bossche, a very eminent vaccine specialist. Indeed, I was originally skeptical about what he said because Dr. Bossche has previously worked with GAVI and the Gates Foundation. He is the last person in the world who could be described as being opposed to vaccination. Dr. Bossche has pointed out that disastrously, by giving vaccines to millions, we are teaching the virus how to mutate and to become stronger and more deadly. And the people who have been vaccinated are now sharing mutated viruses with those around them. The mutations are becoming stronger and deadlier.

There's another associated problem too. Normally our bodies contain white blood cells, which help us defeat infections. [It is called "God's immune" system.] Cells called NK cells, [Do you know what NK stands for? I love this.] natural killers that help kill off invading bad cells. [still quoting], Once the NK cells have done their work, our antibodies appear and clean up the mess. However, Dr. Bossche explains that the COVID-19 vaccines are triggering the production of very specific antibodies, which compete with the natural defenses of the individuals who had the vaccines. The natural defense systems of those who have been vaccinated are being suppressed because the specific antibodies, which have been produced by the vaccine, just take over."

By the way, let me just parenthetically say that we have talked about this for weeks now, quoting immunologists and specialist and experts and doctors foreknown in the field that are basically saying this thing is going to mutate and replicate, and it is going to be in every single cell of your body.

So that when your natural immune system, God-given system, those NKs, when they say, hey, we need to burn this out! That's why you get a fever, by the way. We need to burn this house down, and then once they burn it out, the fever comes down, and then they bring in the fire department. This is just the best way I have heard it explained, so if you'll indulge me, please. So, the fire department comes in and puts the fire out. We don't need the fever anymore because we burned it out. So now let's hose it down and put it out, and clean it up. That's how it's supposed to work. The problem is by the time that happens, it's too late because now this is in every cell of your body. It's game-over.

## **Bible Prophecy Update –March 21, 2021**

### ***The Devil Is in the Details***

**JD Farag**

It is not in my notes, but maybe I am supposed to mention this. You know our daughter Noelle died because she had a third copy of the 18th chromosome known as Trisomy 18 in every cell of her body. That's what killed her. The 18th chromosome and the 13th chromosome are what the medical community calls "incompatible with life."

You have partial, you have mosaic, and you have full. If you have a third copy, not in every cell, but only part of the cells (partial), or even mosaic (more cells), you might be able to survive that. There are some Trisomy 13, Trisomy 18 children that have grown into adulthood and lived. They can't smile, talk, walk, anything. But they will live because they don't have it in every cell of their body.

But we were told that our daughter Noelle had full Trisomy 18. She had a third copy of the 18th chromosome in every cell of her body, and all of her internal organs shut down. That is what killed her. That is what this does.

By the way, Trisomy 21 is Down Syndrome. That's a third copy of the 21 chromosome - that's not fatal. That particular chromosome is not fatal. That's why you see a lot of Down Syndrome children. They grow up to be adults.

But an 18 or a 13, you're done. That's what this does. It gets into every cell of the body, and its game over. Your internal organs shut down, and that's how you die. That's what he's saying, and he is not alone. This is a number of experts that are all saying the same thing.

Let me continue quoting. I told you this was going to be heavy. God knows my heart. I don't want to talk about this, but I have to talk about this.

Still quoting, "The antibodies which have been produced, by the vaccine just take over, and these specific antibodies, the ones produced by the vaccines, are permanent. They are there forever within the bodies of the vaccinated. The disastrous result is that the natural immune systems of the tens or hundreds of millions who are having the vaccines are being effectively destroyed. Their immune systems will not be able to fight any mutated variation of the virus, which develops within their bodies. And those mutated viruses can spread out into the community."

I want you to listen very carefully to what he says now, quote, "I believe this is why new virus variations are appearing in areas where the vaccine has been given to lots of people." Hang onto that. "If Dr. Bossche is right, and I believe he is, then it is the vaccinated individuals who are going to threaten mankind. They will be a major threat to anyone who has been vaccinated. But they will also be a major threat to the unvaccinated because the viruses they are shedding are more dangerous than the original one. We are in very dangerous territory. If we don't stop this vaccination program now, then it is no exaggeration to say that the very future of mankind is at risk. Is this what was in the mind of those trying to sell us the Great Reset? I hope Dr. Bossche is wrong. I hope I'm wrong."

This is probably as good of a time as any to share with you very openly, very candidly, and again the Lord knows my heart. I want to be wrong. If I'm wrong, I will humble myself publicly from behind this pulpit and ask for forgiveness. I want to be wrong.

In fact, actually, in the second service, when we are talking about the rapture, I really sensed from the Lord that I'm to address a matter of concern with respect to the rapture. It has to do with this notion of hey, Pastor JD, what if you just got it wrong, and the rapture isn't as soon as you think it is and you've been telling us it is, yelling, screaming, and spitting on us every week saying it is.

Again, I want to talk more about that, but you know what that means, right? Well, then maybe I will be able to do my daughter's wedding. Maybe I will get to hold my grandchild. Maybe I will get to see my children grow up and become adults and, of course, give us grandchildren. That's a requirement when they do. Because with young people, they've got their whole lives ahead of them, and here we are, those of us in my age group, we're like, hey, Lord, come quickly. Okay, well, thank you so much

**JD Farag**

for that response. It warms my heart, encourages my heart. You know what I'm talking about, right? Well, that's the second service. We'll talk about that more.

All that to say, I really hope I'm wrong. I hope they're wrong.

Dr. Coleman's comments confirming Dr. Bossche's assertion that new virus variations are appearing in areas where the vaccine has been given to lots of people may already be happening. This was just on Thursday. This article appeared in Forbes. "Covid is now spiking In Over A Dozen States - Most [of which] Have High Vaccination Rates."

Let me quote Forbes, "Coronavirus cases are again spiking in 13 U.S. states, according to an analysis of trends over the past week. Including some states among the highest in vaccination rates as health experts warn that more contagious variants of Covid-19 will soon dominate the United States."

Pictured here is a screenshot of a Rumble video with Dr. Steven Hotze, titled "The So-Called COVID-19 "Vaccine." In it, he explains simply and clearly that this so-called vaccine is a deception and that these pharmaceutical companies are lying to the public." Oh, come on, they wouldn't do that! [Joking]

He then goes onto talk about Moderna, and I had heard this about two or three weeks ago. Did you know that Moderna is a relatively new company? It was started in 2010. It was actually a company that was started to develop gene therapy, genetic therapy using synthetic mRNA.

Let me really quick explain. Again, this is easy for me to understand. If I can understand it, believe me, you can understand this, okay? What's the difference between RNA and DNA? DNA gets all the good press, but RNA does all the work. They're brothers or sisters if you prefer. They're siblings, okay?

The DNA just sits there, but the RNA is sent out with a message to fix a problem. So, you get a cut. The DNA says, RNA, get going. We've got a cut; we're bleeding. We need to stop the bleeding. We got an infection. RNA, get in there! Burn it down, then bring in the fire department. Put it out, and clean it up! Then come back, and I'll get all the credit for it because I am the DNA; you are the RNA. That's the difference basically. That might be an oversimplification, but I think you get the point.

So, what's mRNA? Oh, M stands for messenger. This is a synthetic, man-made RNA with a coded message that is injected into the human genome. That's what mRNA is. Did you know that this Moderna has never successfully produced any product for any treatment of any disease? Their name says it all: MOD-E-RNA, modify RNA, messenger RNA. Just let that sink in for a moment.

We actually devoted a Prophecy Update to this, "As in the days of Noah, so will it be in the days of the coming of the Son of Man." Noah and his family were spared because their genetics were found to be intact. But the genetics of human beings had been corrupted by Satan himself, which is why God had to destroy the entire population. See, if you're no longer human in your DNA, then you're outside the scope of redemption and salvation because Jesus became a human, fully man, fully God to redeem man. That's why, well, I don't have time to...

Again, if you'll just bear with me and hang in there with me. I know sometimes my openness can make people feel uncomfortable, and I certainly don't intend for that to happen. I don't want to make you feel uncomfortable, but I have to just share with you that I'm really struggling. I'm really struggling, and it's getting worse.

Truth be made known, I'm really heartbroken and this on two fronts. First, I'm heartbroken because of what's happening in Israel and to Israel. It's under the banner of what now seems to be this forced vaccination of the Jewish population. I want to share from two videos.

## **Bible Prophecy Update –March 21, 2021**

### ***The Devil Is in the Details***

**JD Farag**

The first is from Del Bigtree of The High Wire, who interviewed this Ilana Rachel Daniel, who posted an audio recording on social media that went viral. It's titled "A Cry from Israel to the world." Here's a couple of quotes: "It's intense over here in Israel. I don't know how much you're seeing, but it's terrible. It's very, very, very, very, frightening. It's a very bad situation here.

They're not letting children as young as 16 take their matriculation exams without taking this injection. They are, of course, insisting people take it for work. They're making this green passport where half the population cannot get into theaters or malls or all sorts of things unless they've taken the vaccination. They're creating a medical apartheid. They have now issued, just this morning they made it, that they're allowed to send each person's private medical records to the local municipality so that they'll know who's taken the injection or not. They're making people wear an ankle bracelet - a security bracelet when they come back from traveling. It's absolutely insane. If I stop to think about it, I will cry," which she does, and then the video ends.

Here's a second video entitled "We Are Prisoners of the State - Israeli Lady Asking For Help." In it, she says, "I want to tell the world about the life of the unvaccinated here in Israel. One day we woke up to a nightmare. Our life has been destroyed. We have been kidnapped by our own government. You are actually a criminal in your own country. We are prisoners in our own country. There is no going out, no going in, no flight. If you refuse to vaccinate your child, they will not be able to go to school. We cannot go to the streets. There are police everywhere.

Most of the people who are vaccinated were forced. They did not choose to do it. Either you are vaccinated, or you cannot go to work. They divide us. You cannot go shopping for food in some stores if you're not vaccinated. Now it's in Israel, but tomorrow, it will be in your country. Many doctors that have sold their soul to Satan are getting funds from Pfizer. Doctors who do tell the truth are silenced or fired. The level of violence against unvaccinated people is increasing day-by-day. We are the enemy. We're being hunted only because we stand up for our human rights."

The second matter that I'm personally really having a hard time with hits closer to home, and it has to do with the division and the confusion within the body of Christ over this vaccine. Last Sunday, the New York Times reported on how pastors were preaching faith in the COVID vaccine.

Quoting, "During a recent Sunday service at the Gathering Place, an evangelical church in Orlando, Florida, Gabriel Salguero focused his sermon on the COVID-19 vaccine and the fear and suspicion that his largely Latino congregation clutches so tightly. He turned to the New Testament, the parable of the good Samaritan, about the importance of aiding the stranger. "In getting yourself vaccinated, you're helping your neighbor," he preached to about 300 masked and socially distanced worshippers. "God wants you to be whole, so you can care for your community. So, think of vaccines as part of God's plan."

Salguero is among thousands of clergy members from a cross-section of faiths: imams, rabbis, priests, swamis who are trying to coax the hesitant to get vaccinated against COVID-19. By weaving Scripture with science, they are employing the singular trust vested in them by their congregations to dispel myths and [I'm really starting do not like this word] disinformation about the shots." Many [and we've talked about this as well] are even offering their sanctuaries as vaccination sites to make the experience more accessible and reassuring." Wait, let me see if I got this right, so you closed your churches, but now you're going to open them up so people can be vaccinated? What am I missing here?

Well, it gets worse. Talk about heartbreaking. On Wednesday, CBN News... There is actually a video on ABC News. I'm going to quote from CBN. "Franklin Graham is urging clergy to support COVID Vaccines," saying that "Jesus would have used them too."

## **Bible Prophecy Update –March 21, 2021**

### ***The Devil Is in the Details***

**JD Farag**

Here are a couple of quotes. "With some Americans feeling hesitant about getting a COVID-19 shot, evangelist Franklin Graham is urging pastors to encourage their congregations to trust in the vaccines. Graham, the president and CEO of the Billy Graham Evangelistic Association (BGEA) and Samaritan's Purse, told ABC News that there could be harmful consequences if pastors discourage church members from receiving the shot. The video on the ABC News website says that Franklin Graham has already received his first shot.

This is a quote from Franklin Graham, two quotes, "I think for a pastor to tell someone not to take the vaccine is problematic. "I think if there were vaccines available in the time of Christ, Jesus would have made reference to them and used them."

On Monday... I wanted to include this one for a reason, and, again, for those who have ears to hear, you're going to get this. You're going to connect these dots, okay? Fox News, "Biden says, 'local preachers' better than Trump for convincing 'MAGA folks' to take COVID-19 vaccine."

No, I am not going to say it. Actually, maybe I need to say this, though. Isn't it a little bit strange that Trump is the author of the vaccine? Trump is the author of Operation Warp Speed, and seamlessly, here comes Joe Biden and not even a hiccup. I mean, I hope you don't tire of me saying this, but I am not the sharpest knife in the kitchen drawer, but that doesn't make sense to me unless they're all in on it.

Quoting, "President Biden argued Monday that 'local preachers' and other community leaders will be more influential than Donald Trump in efforts to convince 'MAGA folks' who are skeptical of COVID-19 vaccines to get inoculated." Hmm, things that make you go, hmm. [Audience: Hmm] Oh, wow, I love you guys!

So, we're going through the Bible on Thursday nights. We're in the Book of Isaiah Chapter 8. On Thursday night in our verse-by-verse study, and in this chapter, we have this prophecy of an evil conspiracy. Conspiracy? Yeah! There was this evil conspiracy, not theory, no mention of theory.

Scratch that word from your vocabulary unless, of course, you're the CIA because that is who coined it to dismiss those who would say, hey, this is a conspiracy. Oh, you are a wacko! Where's your tin hat? It's right down here. I've got mine right here. I'm going to bring one, one of these days just for effects - props. I'm sorry for the humor. I have to, or else I will cry. I might cry anyway.

So, there's this evil conspiracy planned by Assyria, who were plotting the destruction of Judah. As you might imagine, rightfully so, they were filled with fear. So, God has Isaiah prophesy to them concerning this evil conspiracy, and He tells them, "Don't be afraid. Don't let your heart be troubled. Don't be afraid about what they are conspiring to do." Yeah, but God, they're conspiring together to destroy us! I know. It's a conspiracy! I know. Yeah, but God, they want to destroy us! I know. I'm not going to let it happen. You don't have to be afraid. Yeah, but it's... they're coming! I know; they'll come.

In fact, we're even told how many in 2 Kings, Chapter 18-19. Oh, my goodness! 185,000 men advance from Assyria to destroy Judah. And God says, I'll take care of them, just don't be afraid. Don't be troubled; I got this. Watch Me now. Yeah, I know this is an evil conspiracy to destroy you. So, they get there; they're surrounding the city walls of Jerusalem and God, according to His word to David...

Because Assyria wanted to depose this king, if they would have succeeded, it would have disrupted, interrupted the Savior coming from the line of David. See, the problem is God already gave His Word to David that the Savior of the world would come from his lineage. So, if they destroyed Judah? Like God is going to let that happen? So, here's 185,000.

Let's put that into perspective. Bear with me on this. We talked about this Thursday night. Let's say Kaneohe proper, which has about 40,000. Let's give Kilauea another 40,000. That's only 80,000; we

still have about 105,000 more. Isn't that basically the entire Windward side and even part of the North Shore to boot to get to 185,000? I just want to put it into perspective.

185,000, and they are surrounding Jerusalem. So, God's like, all right. I got them right where I want them. We are not even told his name; it's not even archangel. It is just an angel, no-name. God is like, oh, you, you're an intern? Come here. He goes down here, and he kills them. We're told in 2 Kings 19 that they wake up in the morning and ho, 185,000 dead Assyrians! That's a lot of bodies - just killed them. So much for your evil conspiracy.

Isaiah 8:12-13, and please, this is a word for us today. This is what the Spirit says to the church today. "Let him who has an ear hear what the Spirit is saying to the church today, don't be afraid." Yeah, but they're trying to kill us and destroy. I know. It is not going to let it happen. Yeah, but I know somebody, a Christian, born-again, that's already taken the first shot. They're still going to heaven. If you're born-again, you're not going to be un-born-again.

Here's the Word of the Lord and what the Spirit would say to the church today. "Do not call conspiracy everything this people calls a conspiracy. Do not fear what they fear, and do not dread it. The Lord Almighty is the one you are to regard as holy. He is the one you are to fear. He is the one you are to dread."

I tell you that settles me right there. That settles my heart. I mean, you guys can conspire all you want. I don't care how many Assyrians you send to destroy me. God's not going to let it happen. I fear God, and I fear for you, by the way.

I was thinking about this the other day, and I know I shared this as well. God's going to have the final word, you know that, right? There's a proverb, I forget the chapter and verse, but it basically goes like this. That God has actually prepared a day of disaster for the wicked - those who are planning and plotting.

In Matthew's Gospel Chapter 10, he sends out His disciples and provides them both instructions and warnings to prepare them. He instructs them, "To speak in the light whatever He tells them in the dark and to fearlessly preach from the housetops." But here's the thing. He knows that they're going to be prone to fear the opposition and even the persecution that would ensue in preaching this. So, He tells them not to fear. As Isaiah would say and prophesy, so too does Jesus say, "Do not be afraid."

Matthew 10:28, "Do not be afraid of those who kill the body but cannot kill the soul. Rather, be afraid of the one who can destroy both soul and body in hell." He's the one you are to fear. "The fear the Lord is the beginning of wisdom." "To fear the Lord is to hate evil."

Luke's Gospel Chapter 12:4-5, "I tell you my friends do not be afraid of those who kill the body and after that can do no more. But I will show you whom you should fear: Fear him who, after your body has been killed, has the authority to throw you into hell. Yes, I tell you, fear him." The fear of the Lord; fear the Lord.

This brings me full circle to how we began. Yes, "The Devil is in the Details." Yes, the devil is planning an evil conspiracy to destroy mankind, but God. God was in the details first, which by the way, spoiler alert is why the devil is in the details now. I'll explain that. In fact, I'm actually in the process of doing some more research and vetting some information I was sent about this.

It has to do with YHWH, the tetragrammaton as we refer to it, the YHWH, the name of God, literally being in our human DNA, YHWH DNA. As you might imagine, this has profound implications and would provide a much-needed explanation as to why it is that what we see happening in the world is happening in the world. Satan is seeking to destroy mankind by altering the human DNA - but God.

God is seeking man's eternal salvation in the face of the devil seeking man's eternal damnation. That's what this is all about.

If you were to take just one sentence, a caption on (and don't look at your watches when I say this) a very long update, that's still a little bit longer if you will give me a couple of more minutes. That's what the caption would read: "Yes, the devil... " And this is one of those places where you've got to get, and you'll forgive me for saying it like this, but you have to have your "but" in the right spot. That did not come out the way I hoped it would. Stay with me; I've got some explaining to do on that one. Okay, I will, if you'll let me.

I can say it like this: I know that God is seeking man's eternal salvation, but the devil is seeking man's eternal damnation. No, no, no, your "but" is in the wrong spot. Your "but" needs to be in this spot. Yeah, the devil is seeking man's eternal damnation, but! That's the right one, right there! But God is seeking man's eternal salvation!

That's why we do these updates. That's why we have the Gospel of Jesus Christ and the simple ABCs of Salvation. The Gospel can be found in 1 Corinthians 15:1-4, where the Apostle Paul said that Jesus Christ came, He was crucified, He was buried, and He rose again on the third day. When Paul writes to the Thessalonians and shares the Gospel, he says that Jesus came, He was crucified, buried, rose again on the third day, and He is coming back again one day. That's the rapture. That's the rapture; that's the good news.

The ABCs of Salvation is just an explanation, a childlike, simple explanation of salvation. The A is for: Admit or acknowledge, and this is where it starts. You've just come to the place where you realize I've sinned. I'm a sinner, and I need the Savior. Romans 3:10 says, "There is no one righteous, not even one." And Romans 3:23 tells us why. It's because "All have sinned and fall short of the glory of God."

Romans 6:23, I love this verse because it packages the bad news first with the good news. What's the bad news? You've been sentenced to death because the wages of sin is death. When sin entered the world through Adam, death entered the world, hence, the second and final Adam. That's the good news. "For the wages of sin is death, but..." I like that. That's the right, spot too, right there. "But the gift of God is eternal life in Christ Jesus our Lord."

The B is simply for: Believe in your heart that Jesus Christ is Lord and that God raised Him from the dead. This is Romans 10:9-10 says, "If you believe in your heart that God raised Jesus from the dead, you will be saved." That's pretty definite. I think of what John wrote, "You can know that you have eternal life."

And then the C lastly, is for call upon the name of the Lord. Or as Romans 10:9-10 also says, "If you confess with your mouth, 'Jesus is Lord,' and believe in your heart that God raised him from the dead, you will be saved. For it is with your heart that you believe and are justified, and it is with your mouth that you confess and are saved."

Lastly, Romans 10:13, and maybe there is someone watching online, I want you to know that this is what seals the deal. It says, "That all who call upon the name of the Lord will [not might, not could, not should) will be saved." I implore you today if you've never called upon the name of the Lord. Today is the day of salvation. Do not put off the most important decision of your life for eternal life.

Can I have three more minutes? What are you going to say, no? I'm sorry, we're almost done. Hey, this is going to be worth the wait. It's a very powerful testimony. It's from an online member. Her name is Lisa Klapprat. I hope, again, I am pronouncing your name right.

She writes, "We have been listening to you for a few months now and share the same views. It is hard to not share with other believers, even close friends who we used to talk about all kinds of stuff

relating to Scripture. I agree that our focus shouldn't be arguing with the saved. Instead, we should focus on reaching the lost!

I have been chatting with a young fellow online who is lost and has gone through quite a few traumatic events. I have been sharing Scripture, including the ABCs of Salvation, with him, and he has been somewhat open regarding his distaste (hurt) regarding Christianity. We had been out of touch for about a week, and God put him on my heart. I shared some Scripture with him, and he responded back. He told me how he had planned to take his life that day by jumping off the bridge." Again, you might be watching online. If that thought is in your mind, you stop, and you take captive that thought - that's not God! God loves you, and He has a plan for you, and there is hope for you.

"So, he was going to take his life by jumping off the bridge. He was going to jump, and I'm not sure what he said that stopped him, but he rode busses all around town for the remainder of the day. At one bus shelter, he saw a small clear bag taped to the bus shelter, and he took it (pictured here). He said it is the kind of bag you use to put drugs in. When he got home, he opened it just after I had texted him, and what he found in the bag was a folded-up piece of paper with the ABCs of Salvation on it! He said he was speechless. I told him no mistake about it! It was God! All the events that happened that day for him were out of the ordinary, the buses he took, everything!

Whoever God led to write out the ABCs of Salvation and put in the same bag drugs are put in - I would love to meet!" We're trying to figure out who you are! Whoever you are, wow! Somebody got saved because of that! She's asking, "If there's anyone that has contacted you from Manitoba, Canada, I would love to be able to connect with them." So, if that's you, would you email us so we can put you in contact with her? And oh, my, thank you, thank you, thank you, whoever you are. Wow!

One last one; this is so precious. "Hi, Pastor JD! Blessings from the Canadian Prairies!" This must be Canada day; I don't know. "We've been following your Prophecy Updates for almost a year now after a friend forwarded me a video of yours. I have to admit, at first, I thought, "Who is this guy in this Hawaiian shirt, and what are his crazy theories?" At the time, my beautiful wife and her family were thinking, 'This is the end of the world!' And I kept thinking, 'Come on, it's just another flu, like back in 2009. You're exaggerating.'

But I listened to the video, and it was like God was shaking me and saying, Wake up! Everything you talked about in that message had been on my mind that whole week prior. Only God! Since that day, I have been watching every week and eventually got our whole family watching and waiting every Sunday to listen.

My wife and I have four kids, with three living at home, and I never thought they were really paying too much attention to your messages when we would listen. Eventually, though, I would hear them say or talk about different things as they were played or even talked to their friends. They even created a LEGO video where people "suddenly disappeared" in the Pre-trib rapture. The other day while I was washing dishes..."

This is the husband washing dishes, guys. I'm going to leave that one right there. My wife is not in the first service, so we are good. Well, I'm good.

So, he is washing dishes. He says, "I hear one of our daughters call out to me from her bedroom, "Daddy, how do you spell sermon?" Then she asked, "How do you spell prophecy?" At that point, I thought, "Oh dear, what is she writing, and to who?" She later came out with a letter and an envelope ready to go and asked me to send this to Pastor JD. At that moment, I realized that God was speaking to my children, even when I thought they weren't really paying attention.

My wife and I have a stronger understanding of Bible prophecy, and my kids know what the rapture is and, along with us, look forward to His soon return! I have attached the letter to this email for you

to read. I thought I'd better send it via email, so it got to you before the rapture! Thank you, Pastor JD, to your wife and kids, and to your church. For all that you guys do to keep the messages online so that people literally around the world can know about His Saving Grace. God Bless. Maranatha!"

I want to read you her letter. "Dear Pastor JD, hi, my name is Harmony. I really like your sermons and prophecies. I like how you sort of read people's letters, emails, and texts. Did you notice my DJ is very close to your JD? Well, I thought I could put ABC cards in birthday presents. Bye, love Harmony, age 8." Oh, my goodness!

Let's have the worship team come up. Still, don't look at your clocks. Now especially, don't look at them. Why don't you guys go ahead and stand? What if I told you that I had so much more, which I actually cut out of today's update in the interest of time? I thought, man, I've got to try to keep this thing under an hour.

Let's pray. Father, thank You. Lord, heavy, weighty, yes, but You, oh Lord, are faithful. You can be trusted. You're the one we fear. A reverent fear of You, oh, Lord. We don't fear what man can do unto us. Lord, we see everything that's happening in the world, and we see how almost with each passing day, it's just more and more evil. But we also know that as it gets more and more evil with each passing day, that with each passing day, it brings us one day closer to that trumpet.

Lord, we truly believe with all of our hearts that You're at the door, and that trumpet is going to sound, and the dead in Christ are going to rise first, and we who are alive and remain will be caught up, raptured up, to meet You in the air. Lord, I pray for anyone who has never called upon You, believing in You, putting their trust in You for the forgiveness of sins. I pray that today, they would seal their eternal fate and be saved. Right now. In Jesus' name. Amen.
