**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

DAVID: Heavenly Father, Lord, we just come before You. Thank You for all Your blessings. Thank You for who You are, Lord. Thank You for the gifts and the trials and tribulations that we go through. It just keeps us focused on You, Lord. Continue to give us wisdom and understanding and patience, Lord. We ask that You bless this time, Lord. You bless the Word, that it may go into our hearts, Lord, and You be glorified, Lord, in everything we do. And we all said amen.

PASTOR JD: Amen and amen. Good morning and welcome. How you all doing today? All right. We're off to a good start then. I welcome those of you that are joining us online. We're so glad that you are. I got a couple of things, actually, three things that I want to mention before we get started, the first of which is that we're going to have the link to last Tuesday night's prayer meeting teaching on our website because in it, I shared the praise report about my wife, who, as many of you know, is battling breast cancer, but God, as only He can, seems to be shrinking the tumor and stopping the spread. Yeah!

[ Cheers and applause ]

Please continue to pray. That's — oh! Thank you! How did you know it would match my shirt? I'm so spoiled. You guys spoil me. I'm not complaining, by the way. Oh, look at that! I know I've got it on totally wrong, right? Is that better? Thank you. Thank you very much. Anyway, please continue to pray, please. The only thing that we can attribute this to is, in a word, prayer. And thank you all so very much for doing so.

Second thing that I wanted to mention was that we're also going to have the link to Thursday night's Part 2 of 'Jesus Loves Lahaina' with Pastor Steve Santos and myself. I really encourage you, especially those of you who are unable to attend either locally or virtually to watch this. Pastor Steve shared powerfully and even prophetically, many things to consider prayerfully.

Lastly, we've had a number of reports this last week from some Apple users with older devices that they were unable to access and view the Update and even some of the videos on our website. Please know that our team is working tirelessly to resolve this as soon as possible.

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

However, and this is important, we would covet your prayers because this may be more spiritual than technical, if you know what I mean, especially given the content of last week's Update, which was specific to the deception of Christian Nationalism and false teachings of New Apostolic Reformation theology.

In the meantime, you can go to the Support Center, General Information and Announcements page for our continued updates on this. And also there you'll find a list of other viewing options, all of which are fully operational. And lastly, again, we very much appreciate your patience with us and more importantly, infinitely more importantly, your prayers for us.

So with that, we'll get started. First Service is our Prophecy Update. We do this weekly, have for years. Second Service, which will be livestreamed at 11:15 a.m. Hawaii Time, is our verse-by-verse study through the word of God. And we're nearing the end of the Book of Jude, the short Book of Jude. And today's text will be verses 20-23.

This Thursday, Lord willing and if we're still here, we will conclude the Book of Ezekiel that we've been studying chapter-by-chapter and verse-by-verse. And Lord willing, the next Sunday, following Sunday we will complete the short Book of Jude which we've been studying — there's no chapter-by-chapter because there's only one chapter — so verse-by-verse, literally. Some weeks we just did one verse. And we will finish Jude and Ezekiel at the same time.

Pause. Because the next book is Daniel, and the next book is Revelation. So that's when Jesus is going to come and rapture us right at that time.

[ Congregant says, "Amen!" ]

(Chuckling) Right? So now for those of you thinking, wow, Pastor JD, that's really clever of you to time it that way. Are you kidding me? You think I did that? You think I'm that clever? Yeah, no, uh-huh. That's the Lord.

So today, though, we're going to look at biblical and practical ways to prepare pre-rapture as we wait for the mercy of our Lord Jesus Christ to bring us to eternal life at the pre-Tribulation rapture. So again, that will be Second Service at 11:15 a.m.

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

And for those of you that are joining us online by way of YouTube or Facebook, we really encourage you to go directly to the website. Hope you don't have problems, but there you will find the uncensored and uninterrupted entirety of today's Update.

So let's get to it. I want to talk with you about the main recipe ingredients of 'The Prophetic Brew in the Satanic Stew.'

I know! Clever, right? I'm not that clever. I know that rhymes. But let me explain.

Everything that's now happening in the world today is being both mixed in and stirred up into this prophetic pot, as it were. But the problem is the prophetic ingredients are a recipe for disaster, as they say, such that in the end, they lead to a disastrous, dangerous, and even poisonous death.

I want to draw your attention to two fascinating accounts in Scripture that speak to this, both of which are in the Old Testament. I suppose you could say in some way they're "But God Testimonies" in and of themselves, of how God not only turns bitter to sweet, but He also turns death into life.

And the first one is in *2 Kings*, the *fourth chapter*. I want to begin reading in *verse 38*. It's about the Prophet Elisha, who God used to do even more miracles than the Prophet Elijah before him. So join with me and follow along as I begin reading in *verse 38, 2 Kings 4*.

And we're told, **"Elisha returned to Gilgal and there was a famine in the land. [No food] Now the sons of the prophets were sitting before him; and he said to his servant, "Put on the large pot, and boil stew for the sons of the prophets."**

**So [Verse 39] one went out into the field to gather herbs, and found a wild vine, [You got to say, just like that, emphasis added] and gathered from it a lapful of wild gourds, [This does not sound delicious at all] and came and sliced them into the pot of stew, though [Listen to this] they did not know what they were."**

Because that page was left blank intentionally. Is it too early for that? They didn't know what was in it because when you folded out the — the sheet — reminds you of those old maps from back in the day that you could never fold back the way they were? And the print? Like a 4 font, size 4, Arial Narrow font. I mean my — you know — magnifying glass?

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

And then you turn it over to see what are the contents. Blank except for this phrase, “this page left blank intentionally.”

Oh. Well, that's apparently what was happening here. They didn't know what the contents were because that page was — I'm going to just move on because there's no redeeming that fabulous illustration, I thought.

So *verse 40*, **“Then they served it to the men to eat. Now it happened, as they were eating the stew, that they cried out and said, “Man of God [*Speaking of Elisha*] there is death in the [*Shot, I mean*] pot!”**

[ Laughter ]

That was a good save, wasn't it? Did it connect?

**“And they could not eat it.”**

So what's Elisha going to do? *Verse 41* tells us.

**“So he said, ‘Then bring some flour.’ And he put it into the pot, and said, “Serve it to the people, that they may eat.” And there was nothing harmful in the pot.”**

Do you see where this is going? Do you see the typology in this? The flour is a type of Christ, as the Bread of life, who must be put into the pot of death in order for one to be saved from death. And this death pot? Well, this is a type of the prophetic brew in the Satanic stew, which is intended for evil, destruction, and ultimately death.

But God! The enemy means it for evil. But God means it for good in order to bring about the salvation of many in these last days. The second account is found in *Exodus Chapter 15*. I'll begin reading in *verse 22*.

Let me just give you a real quick backstory here. They have just crossed the Red Sea. I just want you to let that sink in. They had just witnessed this miracle of God parting the Red Sea, then walking on dry ground. And then when the Egyptians pursued, the waters closed in and drowned them all. They're just on the heels of that.

And so we pick it up now in *Exodus 15*, beginning in *verse 22*. **“So Moses brought Israel from the Red Sea; then they went out into the Wilderness of Shur. [*Are you sure?*] [*Yeah,***

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

*it's Shur]* **And they went [Interesting typology again] three days in the wilderness and found no water. Now when they came to Marah, they could not drink the waters of Marah, for they were bitter. Therefore the name of it was called Marah. [Which means bitter]**

**And [Verse 24] the people complained against Moses..."**

Can we just stop right there? Let me have this one, okay? Are you kidding me right now? You just got done witnessing the miraculous, supernatural deliverance of God from the hand of the Egyptians in a mighty way with water. And now you're complaining against Moses about the water?

I mean, if God can part the water of the Red Sea, surely, He can provide you with a glass of water to drink. I don't feel any better. I thought I would. I just needed to get that off my chest.

And here's the thing, by the way, and I'm just as guilty as the next guy when it comes to this. We come down really hard on those Israelites. How could they possibly complain? Listen, we do the same thing. So you know, don't be too hard on them. I always like to shed myself in the most favorable light.

You know, if I'm there, I'd be like, "What are you guys complaining about? God — what? Did you — did you? Did you see what God just did?" No, I'd be in the front line. Actually, I'd be carrying a sign complaining. This water is bitter. And you'd be right behind me. So don't look at me all spiritual.

So they **"...complained against Moses, saying, 'What shall we drink?' [So what's Moses going to do now?] [We're told in verse 25] So he cried out to the Lord, and the Lord showed him a tree. When he cast it into the waters, the waters were made sweet.**

**There He made a statute and an ordinance for them, and there He tested them, and said, "If you diligently heed the voice of the Lord your God and do what is right in His sight, give ear to His commandments, and keep all His statutes, I will put none of the diseases on you which I have brought on the Egyptians. For I am the Lord who heals you."**

Wow! So you see the typology here? The tree? It's the cross, represents Christ's finished work on the cross, which, stay with me, must be put into the bitter death, if you will, in order

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

for one to drink the water of life and be saved. Maybe this has application for someone more personally.

You've got a situation that is just causing bitterness in you. You're doing what the writer of Hebrews warned about, which is to not let a root of bitterness germinate and sprout because it will destroy you from within, inside out. So here's the application, and maybe this is a word for somebody here today. You have got to put Jesus and the finished work of the cross into that bitter situation, and it will make it sweet.

And here's how I get there. It's not "what they did to you." It's "what Jesus has done for you." And that changes everything. So he's saying to them, listen, this is, of course, in the typology, a prophecy really pointing to the person of Jesus Christ in the finished work on the cross.

But don't you find it interesting that He says that He — and promises them — He's pronouncing this promise. And God can never break a promise. What's the promise? It's a promise to them that none of the diseases He brings on the Egyptians will be put on them. In other words, God, as only He can, heals us so that nothing harms us from the bitter poison that we may ingest or inject.

I want to expound on this for the remainder of our time together today, specific to this prophetic brew, more specifically, all the prophetic ingredients that are being mixed in and stirred up together to brew this demonic and deadly stew.

So we're going to have to at this time — I know it's early — end the livestream. Bye! Hope you're already on the website.

Hi, if you are. I want to begin by first expressing my profound gratitude to all of those who provide me with vetted and documented information. As you know, many send in these "But God Testimonies," but they also — which are such a blessing and an encouragement — but they also send in really important prophecy-related material.

And to you, I owe you a tremendous debt of gratitude for several reasons. Some of them are sanctified, but really the main reason is not sanctified. It's actually very selfish because it saves me a great deal of time doing the research. So thank you. Please keep them coming. You're saving me a lot of time because it takes a lot of time.

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

Now, why do I mention this? Because much of what I'm going to share with you today comes from people that are in the know and behind the scenes. I'm always so privileged when I meet someone maybe visiting, or just, I mean, amazing people who God has uniquely positioned for such a time as this.

And you know who you are. God has called you and positioned you for such a time as this in that place that you're in. There's a reason you're there, and God has you there. You're a light in the midst of darkness. It's not what you applied for. It's certainly not the job that you dreamed of. But God has you there for such a time as this.

And with those that I'm so honored to meet with and talk with, they provide this information to me that they're privy to. And it's very confidential and firsthand information. And this is why I don't reveal their identity. When they give me permission to share anonymously their evidence prophetically, I always keep their identity anonymous for those reasons, for what I think would be obvious reasons.

So what follows is an abbreviated list of this aforementioned recipe of prophetic ingredients in the brew of this Satanic stew. And please know that they're not in any particular order, nor are they in any way exhaustive in the sense that there are so many ingredients in this thing.

So what I'm going to do is list what I see as the main ingredients, the key ingredients, like with any stew, blend their different flavors only when mixed together. Stand alone, they're just that ingredient.

But boy, you mix them in together with all these other ingredients, some of which are main ingredients, and it changes the whole flavor of it. Now, please note that this recipe calls for a geo-engineered spraying of the pot, the water, and even the air above it prior to putting the ingredients in it. That's what the recipe calls for.

Okay, let's get to the ingredients then. I don't think that — it might be too early for that, too. We'll see. Here's the list of the ingredients. Are you okay with this recipe thing? I mean, some of you are looking at me like, you know, I don't do cooking.

[ Laughter ]

## **Prophecy Update**

### **The Prophetic Brew in the Satanic Stew**

#### **Pastor JD Farag**

So can you come up with a better analogy? I'll try something else next week. But this week it's a recipe for disaster.

And you know how recipes are? They have the — some of you are really into cooking, and you know who you are. I won't look at you. We love you, by the way, especially when you cook for us.

But you know how recipes are? They have at the top the list of ingredients that you have to go out and get. And then down below, it's the instructions to how to, you know, what the recipe calls for to do with those ingredients. Well, this is a relatively simple recipe because all you got to do is get these specific ingredients and throw them all into the pot and mix them up.

Now, that's my kind of recipe. It's the ones that, you know, put in the oven for 12.5 minutes. Let cool for 2.8 minutes. Then put back in, turn it over, and then — never mind. So here's the list of ingredients on our list. You ready?

We need ten booster shots of the Covid-19 so-called vaccine. Next, 17 SDGs emerged from and spearheaded by the United Nations and the World Economic Forum agenda. Next on our list, we need one [*One*] bio-digital identification for verification of vaccination. Next, one blockchain centralized bank digital currency, CBDCs.

This next one comes in a two-pack. One two-state solution with Jews and so-called Palestinians living side by side in peace and security, *1 Thessalonians 5:3*.

The next one — this comes in a pack of seven. One 7-year peace agreement with many dividing Jerusalem, no extra charge. And then we need one rebuilt Jewish temple with just a sprinkle of red heifer ashes. Some of you got that, like three of you, I think got that one. This next one; we need two. Two what? Beasts. One, the false prophet; the other, the Antichrist.

The next one; it's a ten-pack. Ten rulers or kings over ten worldwide regions or kingdoms. The next one, another two-pack. We need two wings, right and left [*And these are not chicken wings*] of the same political bird rising up from the ashes, bringing order out of chaos.

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

And then lastly, we need One World Order: economically, religiously, and governmentally.

Now, those are the ingredients. Let's get to the recipe now. As far as the recipe is concerned, again, very simple, all you do is stir them in the pot, put it on high heat, [We got to heat this thing up] the highest heat, and then just let it brew, and you'll have your stew. We'll come back to this shortly.

But I think it's incumbent upon me to take a little time in the interest of time on two of these ingredients, the first two, namely the ten booster shots and 17 sustainable development goals, both of which are the main ingredients, the key ingredients.

So let's start with this video of CDC Director Mandy Cohen, who just this last Monday stated that, quote, "Vaccination is really the core strategy [*Main ingredient*] that will save people's lives and frankly, reduce the risk of Long COVID at the same time. So we need to see everyone get an updated flu shot and an updated COVID vaccine. We expect and anticipate there's going to be an updated COVID vaccine coming this fall, right? So plan now, right? It's March, so you can think ahead. "...When you're going to get your flu shot in the fall..." [*Oh really? "When" not "if"?*] [*We're gonna talk about this at the conclusion of the Update*] [*The way this is worded*]

"When" you're going to get your flu shot in the fall, you're going to get another updated COVID vaccine, and the reason for it is because this virus continues to change. That's okay, we can stay one step ahead of it. We have the tools to do it. We just need to use them. So the FDA and CDC has started the process, just like we do with the flu shot. We started that process to [*Here's that word again*] [*And I want to talk about this in a moment*] update..."

[Like a software update] — you know, like those pop-ups. "An Update is available." And then they change it around. It's demonic. I cast demons out of those pop-up updates. I mean, they change it around.

So you're on your phone. You click "remind me later," and then another message pops up. Can I remind you in an hour? No. Select. Scroll. You're looking for — and then it's really small. "Remind me tomorrow." Where's the option to "I don't want you to remind me"? Cause I don't want an update.

## **Prophecy Update**

### **The Prophetic Brew in the Satanic Stew**

#### **Pastor JD Farag**

But that's what this thing is. It's an update because the virus — you need to update your anti-virus software because that's what Moderna — before they took it down — said their vaccine was: “The software of life.” More like the software of death.

Mo-dern-A, modified RNA. It's an operation system. It's an OS for your body. And then once we install it in you, then we've got to update it for you. So we've got the update coming up. Why did they do that? And they stay one step ahead.

This is — okay, let me catch my breath — because this is many years ago, a long, long time ago in a land far, far away. This is — I'm talking Microsoft now. This is pre-Apple days, both of which are evil to the core.

By the way, you know the apple with the bite out of it? I'm going to ruin your day but in Jesus' name, here it is. You know what that apple is, right? What it represents, the bite out of it? The Garden. The tree of knowledge of good and evil, the bite out of the forbidden fruit. So you think about that next time you boot up your Apple device. Okay?

Let's talk about Microsoft. Well, this is Bill Gates of hell himself. This is the guy who — he and he likes to fancy himself as having — he didn't come up with this, nor did his partner at the time. His mom was with IBM, and they basically gave this thing to him. And it became what we know today as Microsoft. And then it became Windows.

But isn't it interesting that — and this was many years ago — that you had to update your anti-virus software because they kept coming out with new viruses? So — and they would change — the viruses would change so that your anti-virus software was out of date and needed to be updated to detect — interesting — a virus. A computer virus?

Do you see a pattern here? Is it just me, or does this smack of an installed operation system in your body that has to be updated? “So we're one step ahead of it, and we've already started the process to update the COVID vaccine already for this fall. And so we just want folks, again, to already start thinking about that.”

Again, we're going to come back to this. Well, I was unable to — and after almost two hours of researching — find the documentation that this will be the 10th booster — 12th by the way for those in Canada — and while I would most certainly welcome anyone who could find this sending this to us, I did find these rather telling infographics from the CDC, which

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

seemed to indicate that it may, in fact, be even more than ten boosters in some cases, by virtue of how some people are getting numerous boosters of their own volition.

You know what's sad? Sadly, all of this is based solely on unfounded fear and demonic deception. This brings us to the second key ingredient that's mixed in with the main ingredient of the so-called "vaccine," which is that of these 17 Sustainable Development Goals.

We've talked about this in depth in prior Updates. This is Agenda 2030. But these SDGs appear in some measure to be beneficial for humanity initially by containing a mixture of what are both good and evil potentially. And they package it in such a way that it just — it just sounds so good.

I mean, just take the three words by themselves. Sustainable: Oh, that's good. I want sustainable. Development: Who doesn't want development? And then Goals: We should all have goals.

Now let's put them all together in this pot. Sustainable Development Goals — aww. 17 of them? Wow! You guys!

[ Laughter ]

However, it's all being covertly cooked, following the recipe of the powers of darkness, turning it into the evil brew of this deadly stew. Now think this through with me. It's when you stir it in and brew it up together. All of these different ingredients, again, by themselves, they're just an ingredient with a flavor of their own.

But now we're going to take all of these ingredients with all of their flavors, and we're going to put them all into the same pot. And we're going to stir them in and brew them up. And that's what you're going to get when it's all done. All of the flavors are represented by all of the various ingredients.

Now, what's your point? My point is that, like with Elisha's sons of the prophets, before the stew was done, they didn't know what was in it until they ingested it, or if you prefer, injected it. And so too is this true with these SDGs. Nobody really knows what's in it until it's done, and they partake of it.

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

Enter this United Nations Common Agenda website which states, quote, “On the 75th anniversary of the United Nations, in the midst of the COVID-19 pandemic, Member States pledged to strengthen *[Watch these words]* strengthen global governance for present and future generations. The General Assembly *[Still quoting]* welcomed the submission of Our Common Agenda and passed a resolution to hold the Summit on September 22nd and 23rd of 2024, preceded by a ministerial meeting in 2023. [Last year]

An action-orientated Pact for the Future is expected to be agreed by Member States through intergovernmental negotiations on issues they decide to take forward.”

Now, why am I emphasizing certain parts of this quote? Because did you catch that? We're going to have all of these intergovernmental NGOs, nongovernmental organizations. We're going to mix them all together, the faiths — all arenas of public life. It's going to be intermixed together in this pot.

On this Common Agenda webpage, there's — and I really like these at-a-glance charts. You know how I am about charts. I'm going to be doing charts in heaven because God knows I love charts. It just makes it so organized. And somebody did the work for you instead of you. So you don't have to. See, I need everything to be organized.

I know they have clinical terms for this, but when everything has to be organized on the outside, it's an indication that everything's kapakahi on the inside. I'm just saying. Just because everything's in order and organized and, you know, it's in line, and you can sort of, just by proxy, just live and experience what that would be like if it were like that.

Am I saying too much here? Am I outing myself too much here? So it's — but charts organize, and it's a visual. And I'm a visual learner. I'm an oratory and visual learner. And I have to see it, and then I got to hear it.

And this is — by the way, this is just a little side note. You know, you can always tell who an auditory learner is because they're the guys in Costco that are talking to themselves. They don't need to be and should not be institutionalized. No.

What — if you see me — first of all, if you do, you're going to say, I've never seen that guy before in my life. You're going to run the other way, go down the other aisle. I get it. I'm not offended at all.

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

But I'm going down the aisle and I'm saying, okay, feta cheese — I love feta cheese, by the way. Don't bring me feta cheese, by the way. So — but what am I doing? I'm saying it out loud, so I hear myself saying it. So I'll remember to get it.

Oh, come on. You don't do that? Oh good. I got one. God bless you, Jack. I love you, man. Let's — I have one brother after my own heart. Let's move on now to our Update already in progress.

So here's an at-a-glance, organized for you, visual chart of the key proposals, key ingredients across the 12 commitments, which is, quote, "...from the declaration on the commemoration of the seventy-fifth anniversary of the United Nations" stating that "All proposed actions are in line with, and designed to, *[Watch this word]* accelerate the achievement of the Sustainable Development Goals."

Of particular note is number 7. Listen to this. "...improved digital cooperation" [Which states, and I quote] "Introduce accountability criteria for discrimination and misleading content. Promote regulation of artificial intelligence and Digital commons as a global public good." Aww.

Wait, that's called censorship. Because who is the one that determines if it's discrimination or misleading content? And apparently, there is going to be an accountability criteria for which you have to comply; otherwise, you'll be discriminating and misleading in the content that you're publishing.

That's us. 2021. As soon as I started talking about this so-called vaccine, we started noticing on some of our social media platforms a little — you know what I'm talking about — the little — what are those things called? The banners underneath? Have you tried to cast demons out of that too? Because here it is, right there, the — oh, the fact checkers.

You know — they're the — you know — and then they have a link. The CDC says that this guy is misleading you and presenting false information about these vaccines which are safe and effective and won't kill you or damage you or have — you won't have any...

Anyway, you get the point. Well, this is what they're mixing into this stew. Also on this common Agenda webpage, there's a downloadable 86-page PDF file. By the way, we have links to all of these. I spent quite a bit of time going through this most interesting file.

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

They dub it “Our Common Agenda -- Report of the Secretary-General.” Now here's what's, I guess, chilling, again, for lack of a better word about this report. And I quote, “...proposals made throughout this report, including the re-purposing of the Trusteeship Council and the creation of an *[Wait for it]* Emergency Platform.”

Here's a quote from page 8, section 12, under the heading of “Be Prepared,” the subheading, “Emergency Platform to be convened in response to complex global crises...”

How do they know? Because they create the crises, control the reaction, and then offer the final solution. Textbook Hegelian Dialectic. Emergency Platform. Hey, we got a crisis scheduled for you coming this fall. Be prepared. Be one step ahead. Listen to the list.

I hope I'm not — are we okay? You — are you okay? That's not very convincing at all. I'll just continue on with what I have here. Okay. Here's the list of the crises. Preplanned crises. You ready?

Global public health, global vaccination plan, empowered World Health Organization. *[Empowered]* stronger global health security and preparedness, *[And here's that word again]* accelerated product development and access to health technologies *[And this is what I mean by it sounds so good on its face]* in low- and middle-income countries, universal health coverage and addressing *[And this is a tricky word]* determinants of health. In other words, what determines a health emergency warranting health coverage, health technologies, health security. Did you make that connection? It gets worse.

Here's a screenshot from page 17 under the heading of “Sustainable Recovery.” Who doesn't want that? Hey, sustainable recovery. Oh, that sounds so good. You know what it lists in bold letters? “Vaccines shared widely and equitably.” That's sustainable recovery? No, thank you. I was thinking it was something else. You made it sound so nice and good and like something I would be interested in. Who doesn't want themselves some, some of that sustainable recovery? I didn't know that it meant vaccines.

Now, below this bold “vaccines shared widely and equitably,” it's states and I quote, “capacity to produce vaccines for future pandemics...”

There it is. When do you have that scheduled for? We'll let you know. You're on a need-to-know basis. You'll know. But we've got another pandemic scheduled just for you in the not-

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

too-distant future. And we want to have the capacity to produce vaccines for these future, preplanned, scheduled crises, and pandemics "...within 100 days and to distribute them globally within a year."

Well, that's pretty specific. So the goal, right, is 100 days to distribute these widely produced vaccines because you have the capacity to do it in response to the crisis that you've already created and scheduled. It's already on your calendar, and it's soon to be on our calendar. So have a nice afternoon.

Last screenshot page 25, paragraph 22, and I quote, "...a key lesson from Covid-19 is the importance of the State as a provider of trustworthy information, goods, and services, especially in times of crisis."

Listen... (Gasping) You're going to control the supply chain. So you created the crisis, and now you're going to control what goods and services we get because you'll never let a good crisis go to waste.

They then go on to state their Common Agenda of, quote, "...Making government services digital." That's the mechanism. So how are they going to regulate the goods and services, especially in the times of their created crisis, and provide trustworthy information? It's all going to be digital. Digital.

Now, let me hasten to add that the promoted and stated goals and deadlines they hope to achieve are not necessarily what they're actual hidden agenda is. Now hear me out on this. They may have the stated goal of achieving the SDGs by 2030, but in reality, that's only a means to an end. The means is achieve this by 2030, but the end is achieving their agenda of brainwashing and conditioning the mindset of the masses before 2030.

So here's an example. I'll use this. I hope this works. Please let this work, Lord. This is my illustration. So you know, right there, that was a disclaimer. It's not usually that good. So you know when you're walking by a storefront? This might be a little dated. I'll come up with an updated one for you this fall.

But you're walking by a storefront, and they have this display. There's a whole science of that, right? They have people just for that, for that front window display. And they have the mannequins, and I mean, man, they make that — well, they have to — they make it look just

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

spectacular. Fabulous! You look at this thing, and you weren't planning on going in the store, but you walk by the store, and you see what they're displaying in front of the store. And that's what gets you in the store.

This will work out at some point. Just bear with me. So you look at that front window dressing, you're going wow! By 2030? Yeah. Wow! Sustainable goals achieved by 2030? Wow!

And then you go inside, and you go "oh." no longer is it "wow!" It's "whoa, wait a minute." That's not what you had out front. That's false advertising. It's called bait and switch. What you're putting out front is not representative of what's really in this thing. So you go back out because that was beautiful. You go in there, and it's horrifying.

That's what this is. Well, that was the best illustration I had. So let's move on, and we'll try to bring it in. So it's a hidden agenda. They don't want you to know what's inside. So they put the facade on the outside to disarm you. So you're not thinking that well, there's — there's more here that is hidden beneath the surface, not evident on the face of it.

I want us to come back real quick to this CDC director. And I want to try, in as much as I'm able, to demonstrate how subtle this is because it's all brainwashing. *Romans 12:1-2* are about washing your brain with the water of the good — the Word — not being brainwashed or conformed to the pattern of this world. **"Don't be conformed to this world. Be transformed by the renewing [The washing] of your mind by the word of God,"** *Romans 12:1-2*.

I don't know. I don't know how many of you were with us when we were in Romans, like 120 years ago. Took us about three years to get through the Book of Romans. What a book! I hit Chapter 12:1-2, taught it, went home. I'm like, yeah, no, uh-huh. I ended up having to teach it all over again because there was so much to it.

And even after the second time — and some of you guys, I put you through that. I'm so sorry, by the way. You've forgiven me, right? But two times — even after that, I'm like, no, I still didn't even get close.

There's so much there about presenting yourself as a living sacrifice. That's the problem right there. A dead sacrifice? No problem. Put it on the altar. A living sacrifice? I'm not getting on that altar.

But that's what's pleasing and acceptable, the perfect will of God, the renewing of your mind, not the transforming of yourself, molding yourself. In the original, it carries with it the idea of being forced into the mold of this world, letting this world program you and brainwash you. Don't let them do that to you. Instead, wash your brain. And some of us need our brains washed, like our cars.

Okay, now let's just real quick go through this. I want you to just watch for and listen for the brainwashing and the programing within these words.

“...expect and anticipate...”

“...updated...”

“coming this fall...”

“...plan now...”

“...it's March....”

“...think ahead...”

“...when you're going to get...”

“...when you're going to get your flu shot in the fall...”

Because you're going to get your flu shot in the fall. Why are you going to get your flu shot in the fall? Because we told you that you're going to get your flu shot in the fall. And why am I getting a COVID update on my software in the fall at the same time, two-for-one? Because we told you you were. That's why. We programed you to. And you're just in lockstep, standing in line, waiting in line for your update.

How about this one? “...Stay one step ahead...” The inference being that, whoa, I don't want to get behind. You're behind on your updates. You need to stay on this and stay ahead of this. Hey, the FDA and CDC has “...started the process.” Oh, it's already in process.

And “...we've started that process to update...” “...already for this fall...”

It's March. It's kind of like when they start the countdown to how many days you have, shopping days you have left until Christmas. And they start it in February. About January 2: You've only got 364 days left to shop. No! I need to get on this! Again, if you have a better illustration, just let me know. I'm happy to use it.

But it's this last one — I want you to just listen. You know how we say, “read between the lines.” Listen between the lines on this one. “We just want folks to already start thinking about it.”

They're not only brainwashing the masses with what to think, but also how to think. Hey, we're going to tell you what to think. And we're also — no extra charge — going to throw in free of charge — bonus — how to think.

So we're going to tell you what you're going to do, what you're going to think, and how you're going to do it, and how you're going to think. You know what I just did? I just described the vast majority of the population. And I'm not just talking the world. I'm talking the church too.

Here's the thing. This satanic stew has basically already been prophetically brewed, and people have no idea how this recipe will turn out in the end. Do you want to know why? Because they're distracted by the things of this world, and they have no idea what's being cooked up behind scenes.

And Christians especially are so gullible. Look over here! Whoa! And then meanwhile, we're doing this over here. You know what's — and the Lord knows my heart. And this is heartbreaking. Here we are at the end. The end is not near. The end is here.

And (Sighing) this should be shouted from the rooftops. But it's not. It's just crickets. And to add insult to injury — and I'm almost done — to add insult to injury — a pastor who's privileged to step into that pulpit of that church he's so privileged pastor will get up — he'll give an account, as will I — he'll get up there and he'll talk about nothing.

And you got people in that church for whom I just am so heartbroken for. Life has hit. They just got the diagnosis. They came home from work and the wife, the husband moved everything out. Come to find out they've been committing adultery for how long now? And then you've got your kids there.

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

And then you go to church, and you're dying inside. You're hurting. You're just all laid out. The bottom's fallen out. And shame on that pastor that has the audacity to get up there and talk to the people that are there about something that has nothing to do with Bible prophecy. And we're at the end. We're at the end. I appreciate your grace towards me, your patience with me.

I just... (Sighing) This is why every week — and Paul said, **“the love of Christ constrains me,”** compels me. It drives me. I mean, I can't not. I have to get up here every week, week in and week out and pour out my heart, broken bread, pour out wine like my life depends on it because it does. We're not talking about life and death. We're talking about eternal life and eternity in hell. And you want to talk about that? Okay. Whew.

Where's Jesus in it? Why do I have to look so hard to find Jesus? Where did He go? Where is He? Thursday night, *Ezekiel 47, 48*. You know what the title of the Bible study is? 'THE LORD IS THERE.'

All in caps! I'll put an emoji if you want. The very last words of the very last chapter of that amazing book has those four words. The Lord is there!

And I think we need to ask the question of any church, of any pastor, of anything, is the Lord there? If He's not there, I'm not going to be there. Oh, wait. He's going to be there? I'll be there because the Lord is there. Where's Jesus? Where'd He go? He's been replaced.

Where's the Gospel? It's been replaced. (Frustrated sighing)

It's an American Gospel. It's a Republican Gospel. It's a something else Gospel. It's not the Gospel. When I came to Christ, it was because of the power of the Gospel of Jesus Christ.

[ Congregant says, “Amen!” ]

You take that out; where's the hope? Where's the Gospel? Where's Jesus? What'd you do with Him? It's the Church of Laodicea. Jesus isn't even in there. He's on the outside knocking to come back in. That's the church, by the way. I know that's used in evangelistic contexts, but that's the door of a church He's knocking on to come back in and sup with them and them with Him.

(Heavy sighing)

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

Perhaps we need look no further as to why it is that the church today is so feckless, so impotent. There's no power, There's no life. Why? Because Jesus isn't there. And the Gospel isn't there. Because you know how powerful the Gospel is? The power to save. And you don't want to give that to somebody because you want them to know who you want them to vote for. I said it.

So I go to church. My child just died. My wife or husband just divorced me. My world has just fallen apart. And you want to show me and talk to me about voting? I'm sorry, but Jesus isn't there. What's the Gospel? Jesus came to this earth, God incarnate, God the Son, and died for man, fully God, fully man. He was crucified on that cross for us, His blood shed in our stead. He was buried, and on the third day He rose again. And soon and very soon He's coming back again to take us to that place that He prepared for us in His Father's house. That's the rapture.

And that's the good news, ABCs of salvation. I am going to share a "But God Testimony" today that I'll just admit, for me personally, I just needed this one, especially as it relates to the ABCs of Salvation.

Because I'm not talking about you per say, but I can tell you for sure the enemy is all over me about, man, you're going to do the ABCs again? Boring. They've heard it a thousand times before. I mean, you're going to end with that again? And you know, plus you went over again? Don't look at your watches, please.

And then you're going to do another five minutes of the ABCs of Salvation and the Gospel of Jesus Christ? Those poor people.

That's — I'm just letting you into — that's my world. Welcome to my world. That's not the Lord. That's the voice of the enemy. Because the enemy will do everything and stop at nothing to get us from sharing and keep us from sharing the Gospel because he knows it has the power to change peoples' lives and save them for all of eternity. And that's his sole goal, is to keep us from coming to Christ.

And then when we come to Christ, he shifts his strategy. And now that we've come to Christ, he wants to distance us from Christ. We're going to talk about that Second Service in Jude.

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

So what's the A? Admit, acknowledge you've sinned. That's why you need the savior.

Romans 3:10, **“There's [No one good] no one righteous, not even one,”** save one, Jesus the Christ. Why?

*Romans 3:23, “Because All have sinned and fall short of the glory of God.”*

This is the bad news, and I think we would do well to start with the bad news first because the badder the bad news is the gooder the good news will be. You can quote me on that, but don't email me about that.

What's the bad news?

You've been sentenced to death because, **“The wages of sin is death,”** *Romans 6:23*. Now, that's pretty bad. That's really bad.

Now here comes the good, and it's really good. What's the good news? The gift of God is eternal life in Christ Jesus, our Lord. Do you see the contrast? The gift? Who paid for it? Jesus. Because someone had to pay for that gift. You're not going to pay for it. If you pay for it, it's not a gift. It's a purchase.

No, He purchased us. We are not our own. We are purchased with a price. It cost Him everything to give us this gift, for the receiving, the gift of eternal life.

The B, very central, very — in fact, it could be said that it's simpler than ABC. It's as simple as B: Believe in your heart that Jesus Christ is Lord. **“For God so loved the world, that He gave His only begotten Son that whosoever would [Apply for church membership] [Fill out a 12-page application form online] [No] believe... “...whosoever would believe would [Be saved and] not perish but have everlasting life.”**

*Romans 10:9 says, “If you believe in your heart...”*

And let's clear this up real quick. You know, “yeah, I believe in God.”

Wait, wait, wait. No, no, that's not what this is. I mean, **“...even the demons believe and tremble.”** That's not what this is. It's not, “yeah, I believe there's a God” or “I believe in God.”

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

No, to believe in your heart that God raised Jesus from the dead, then you'll be saved, meaning you're putting your trust in Him for eternal life by way of the forgiveness of sins. That's what that means. And then the C, lastly, is for call upon the name of the Lord.

Or as *Romans 10:9* also says, **“If you confess with your mouth Jesus is Lord...”** See **“...every knee is going to bow, and every tongue is going to confess that Jesus Christ is Lord”** one day.

But on that day, it will be for damnation, whereas today it's not too late. It can be for salvation. Because **“...out of the abundance of the heart...”** What's in my heart? Jesus is there. **“Out of the abundance of the heart, the mouth speaks.”**

You know how it was when you first came to Christ? All you could talk about was Jesus, your first love. You were so in love with the Lord. You had no theology. You hadn't read the Bible yet, if at all, I dare say.

So all you knew was Jesus. So you're talking to people about the one you love. You know how it is when you're in love? That's all you talk about is the person that you love. Jesus is real. Jesus loves you. Jesus is really, really real. That's all you can say. That's all you knew. Jesus.

Sometimes I wonder a returning to our first love, the Church of Ephesus. You haven't lost your first love. No, you left your first love. How do I get it back? Remember, repent, and repeat. Remember what it was like? Remember what it was like at first? What worked at first? Remember and then repent. Do a 180. And then repeat. Go back and do what worked at first, the first works.

“Yeah, but I don't feel like it.”

This is very applicable to the marriage relationship, and I'll just end with this. Again, I appreciate your patience. But, you know, we've kind of — “I fell out of love with them. We've kind of grown apart. And, you know, it's not like it was when we first got married and he opened the door for me and held my hand.”

And now he's yelling at me, “Get in, we're running late. What's the matter with you?”

**Prophecy Update**  
**The Prophetic Brew in the Satanic Stew**  
**Pastor JD Farag**

You know? He doesn't hold my hand anymore. (Singing) You don't buy me flowers anymore.

"I told you I loved you when we got married. What's the matter? [*You know, 35 years later*] Wasn't that enough?"

Okay, you got it, right? So, well, you need to — you know, you need to go back and do what worked at first when you were first in love and first married. "Yeah, but I don't feel like it."

Here's the thing. And if you hear nothing I said today and all the time that I took to say it, hear this. The feelings follow. The feelings follow. You go back and you do it, and it will change how you feel if you do it.

"Man, I just — I'm just not feeling it."

Oh, so we're walking by feelings now? Not faith? So you go back, and you do it, and the feelings will come flooding in. And your only regret will be that you didn't do it sooner.

Lastly, *Romans 10:13*, "**All who call upon the name of the Lord will be saved.**"

And you don't want to tell people that? You don't want to present this to people?

"Yeah, but you know, I did it a month ago."

Oh, okay, that's good enough. That should last. What is it, like an expiration date of 30 days?

"Yeah, I shared the Gospel at our last outreach event. That was — what was that? '21, 2022?"

Really? Well, that's how important the Gospel is to you? You know what Pastor Steve shared on Thursday? I got to remember — someone remind me to get that John Stott quote from him that he shared about when the pastor takes the Gospel serious, when the pastor takes the Gospel serious.

Okay, "But God Testimony" and then we're done. And then Second Service will be joining us shortly. It's not that bad.

This comes from Tiffani Reedy, who writes, “Good morning, Pastor JD. I grew up in the church but strayed very far away as a young adult. In 2019, God left the 99 and came after me, saving me from a drug-addicted life that almost killed me. I thank Him for it.

I got saved right before the scam-demic hit. God's timing is perfect. The local church has slammed their doors shut, so I've been watching your Updates since 2020. I am grateful for your Updates.

My daughters, a 15-year-old and an autistic 16-year-old started watching your Updates too. My daughters said they like the Hawaiian Pastor because “he wears cool shirts, isn't boring, and tells the truth.”

[ Laughter ]

[ Applause ]

Both of my daughters got saved in 2021 after much prayer and watching your ABCs of salvation!

[ Applause ]

Please never stop sharing the ABCs! We are praying for God to save my husband too!

Fast forward to now. My phone died, causing me to have to get a new phone. When I purchased my phone, I noticed there were some apps on it that I didn't install. They just came with the phone automatically. One of these apps was a rainbow circle that I recognized from research. It was called “Global Goals.”

An app from the United Nations on my phone! So of course, I opened it to see what it contained. *[This is the screenshot of what she sent us]* I am not shocked, but I believe we are even closer to going home than ever before!

They are getting people *[Her word]* conditioned *[Slash brainwashed - my word]* for the Antichrist without question. This app allows you to participate in their evil agenda and help raise money for their goals. They are even so bold as to offer you prizes or merchandise for helping them do us in.

Thank you for being a faithful servant of Christ and allowing us to be online members. We keep you, your wife and family, our brothers and sisters at Calvary Chapel, Kaneohe and Calvary Chapel Westside in Lahaina and the brethren around the world in our prayers daily. From a family in Elyria, Ohio. Maranatha.

P.S. I hate this phone. *[I wish I could show you the emoji, perfect emoji]* Peace and blessings. Tiffani Reedy.”

Okay. Thank you. We're done. Come on up, David.

[ Applause ]

Go ahead and stand up. Again, I cannot thank you enough for just your grace and just being patient and... You know my story, and I'm sticking it, right. Every Update is — it could be my last one. And that's my story, and I'm sticking with it for why I go almost longer now by the week. So that's why. And for real, by the way; I believe that's how close we are.

Let's pray. Father, thank You. Thank You for the Gospel, the simplicity of the Gospel, the childlike simplicity of the Gospel. Thank You for Bible prophecy because You tell us what's going to happen before it happens, so when it begins to happen, believers will look up and nonbelievers will believe.

So Lord, thank You for Bible prophecy. Thank You for telling us what the world's going to look like at the time of the end, especially for those who have never called upon You, put their trust in You, believed in You. Lord, I pray if there's anyone today, if they're even here in this service or watching online, that has never called upon You or believed in You, I pray that today, today they would not delay, today would be the day of their salvation.

And Jesus, thank You. Thank You, Jesus. We love You so much, Jesus. Jesus, please come quickly. Please, Jesus? Maranatha. In Jesus' name, we pray. Amen.
