

Middle-East Prophecy Update – December 18th, 2011

- For today's update, I'll be presenting a checklist of sorts that would include several prophecies, which indicate how close we are to the rapture.
- While they're not in any particular order they do represent what I believe are the major components to the tribulation under the Anti-Christ's rule.
- I'll go through them rather swiftly, as the last one on the list will be that which I would like to spend the majority of our time on in today's update.

- What follows is what I'll call a "Prophetic Checklist," which, again is not in any particular order, and also is certainly not to be seen as exhaustive.

- ✓ All the nations of the world need to gather against Israel and be ready to launch an attack to wipe her off the map. (Psalm 83)
- ✓ Jerusalem will need to be the central focal point of the entire world. (Zechariah 12)
- ✓ Egypt has to be brought under the control of a fierce ruler after a civil uprising with Egyptian against Egyptian. (Isaiah 19)
- ✓ Syria will be on the brink of destruction to the point where she is brought to a ruinous heap of rubble. (Isaiah 17)
- ✓ Russia and Iran will have in place an alliance of nations who will attack Israel when she least's expects it. (Ezekiel 38)
- ✓ All the world's economies will need to collapse and in so doing give way to a cashless one world economic system. (Revelation 6, 13, 18)
- ✓ All the world's religions will begin committing spiritual fornication together and in so doing form a one world religion. (Revelation 17)
- ✓ The United States of America is fundamentally dismantled systematically stripping her citizens of their rights, and her status as a superpower.

Last Wednesday, December 14th, 2011, CBS News ran a story with the headline, "White House OKs military detention of terrorism suspects – Here are a couple of excerpts from the article: "The bill now gives the President the immediate power to issue a waiver of the military custody requirement, instead of the Defense Secretary, and gives the President discretion in implementing these new provisions. ..."By signing this defense spending bill, President Obama will go down in history as the president who enshrined indefinite detention without trial in U.S. law," said Kenneth Roth, executive director of Human Rights Watch.

One website quoted Judge Andrew P. Napolitano on Fox News who commented on S. 1867 last week saying, "It basically says that the President can arrest whoever he wants anywhere in the United States of America, and keep them without charging them for a crime, without letting them see a lawyer, without bringing them to a judge for as long as he wants.

The concern, according to an "anonymous message to the American people" going viral on YouTube with over two million views as of Thursday, is; "the language of the bill is cleverly designed to make you think it doesn't apply to Americans, but toward the end of the bill, it essentially says it can apply to Americans "if we want it to..."

- I suppose it should come as no surprise that even in the new health care law there is reported to be a mandate that imposes an RFID microchip.
- An appointed Health and Human Services control board, which gives them access to, all records, would carry out this mandatory chip implant.
- The bottom line is that everything on our prophetic checklist is being checked off as everything gets put into place for the "New World Order."

- Be that as it may, and suffice it to say, here's the take away, we'll be taken away, so don't be fearful, be watchful, and don't get angry, get ready.

Matthew 24:44 Therefore you also be ready, for the Son of Man is coming at an hour you do not expect. NKJV
