What "pasture" has God placed you in to serve faithfully right now? What lions and bears are you facing in private now, but getting you ready for future giants? How can you give God glory for your successes?

Cover Our Land

By Jill Kosek — October 2013, revised October 2026

O Lord, we really need Your grace and mercy upon our country today.
It seems as though all of our leaders and people have forgotten how to pray.
Lord, please guide our Congressmen and our President too.
Help them to remember "we the people" in all that they say and do.
Give them the courage to seek your guidance, as did our forefathers so long ago.
And to their own agendas, may they give a resounding NO.
Our hearts are so heavy, Lord, seeing all that is not right,
so, we bring it all to You. For only You can make our burdens light.
Give us, your people, the courage to get down on our knees and pray.
And especially give us protection if we live in harm's way.
Help us to be Your light in this dark world in all we say and do.
And may our actions and words be done to direct others to You.
For only when our eyes and hearts are fixed on You above,
can we find it in our hearts to give our neighbors and enemies love.
Please make Your presence known in our Capitol buildings and Whitehouse too.
And give us the strength and endurance we need to stay on our knees in prayer to You.
Paul tells us in the Bible to pray without ceasing, morning, noon, and night.
O Father God, hear our prayers. Cover our land and make things right.
As another election is coming soon, we all are called to go vote.
May we search our hearts and follow the book that you wrote.
For it is written in Romans 13 that the one in authority is God's servant for our good.
And we should not be afraid if we are doing what God says we should.
So, we call out to you again, O God, hear our prayers and make things right.
As we are down on our knees, praying morning, noon, and night.
