

 **James 10 : You're In My Space** 

We like our space, so we build fences, close garage doors...

 James 1:2

The tone has changed

 James 5:12

James is addressing the whole group, it is insider language - lock in friends!

We exist for those who are not yet here.

“Brothers and sisters”

① where you say

The Church is God's idea to care for, love one another and to keep one another from sin.

 1 Corinthians 12:27- all of you together are Christ's body, and each of you is a part of it.

 God works through God's people

 honor the words you speak. Honor your yes, and honor your no.

 James 5:13-18

② how you pray

It's ok to be hurting, sick, happy - you should be praying AND you shouldn't be praying alone!

Anointing oil, when used it refers to it being consecrated to the Lord... set apart for a specific reason or purpose.

 Psalm 23:5, you honor me by anointing my head with oil.

 James 5:19-20 

③ why you press

One of the highest degrees of offense in our culture is when someone meddles in my life. “Mind your own business”

This may be the hardest part to apply because we don't want to meddle.

We feel like we have to be polite and not press

We want to pretend when we don't notice others are struggling

The goal of the enemy is to create separation ... and he's so good at it

We need to ask others to pray with us
