

🪨 Revive The Stones WK 5 🪨
Chapter 3 || Pastor Chris Johnson

Nehemiah 4:15-23

Floor 13 - there never is one.

Chapter 3 is kind of like floor 13, it exists but it's kind of uncomfortable - a large list of people.

Nehemiah 4:15- WE ALL ⭐

What we read in scripture is very me centered... but let's shift our perspective. Let's think less about your dream and more about how you can support another persons dream.

👉 Christian Filters we put on things that will soften the edges, add color, make us more spiritually attractive. This is NOT who I really am...this is what I want people to think I am!

what are yours? We live through the images we deem most important as a Christian ... we all do. But what is authentic? What is God moving through you?! People want that!!!

Though it feels Christian it doesn't feel authentic.

Miracles often begin to happen when we fight for other people's dreams!

Whose dream can I start fighting for today? Whose chapter 3 can I be apart of? Whose story can I be a side note in? 🤔🤔

Maybe you see a weakness in someone else's dream so clearly because the Holy Spirit is recruiting to be a part of their chapter 3. (Not to criticize but to carry a sword for them)

Kyle story- PC was a "side note" in his story, he just walked along side him and was able to be apart of his chapter 3.

👣 Go dream hunting this week! 👣

Ask your family, friends, coworkers, neighbors - when you find one you can believe in, strap on a sword and start stacking bricks. 🧱
