

## Truth and the Freedom We Long For / 9.10.23 | Key: Question (Leader's Notes)

---

Read John 8:31-38

**What stood out to you from Justin's message or the passage?**

Justin said every person is made for a purpose, relationships, and freedom. **How have you seen relationships with others/God give you purpose?**

**How have you seen your relationships with others/God give you freedom?**

Justin said the freedom we think we experience from self-determination results in slavery. **Why do you think this is?** (*Self-determined sexuality = sexual slavery. Self-determined finances = financial slavery.*)

**How is the power of biblical truth more powerful than our human will-power?**

**Where have you seen the truth of God's Word not just inform you, but transform you?**

Justin said we sin not because of our genetics, family upbringing, people in our life, or if we are hungry or tired. We sin because we simply are slaves to sin. **How is this view different than how our culture would describe the condition of our world?**
