**What stood out to you from Justin's message or the passage?**

**What are some definitions of truth you have heard from the world? Why do you think our culture no longer believes in absolute truth?**

**Why can we trust the Bible as ultimate truth?** *(ex answer: Jesus endorsed the OT, and authorized the writing of the NT through the Holy Spirit and apostles).*

**What does it mean to place yourself under the bible? What does it look like practically on a weekly basis?**

**What is the significance of scripture being God breathed, and not just a random collection of ancient wisdom texts?** *(an example: That means that it has the same characteristics of God: unchanging, timeless, authoritative)*

**How does all Scripture point to Christ? What are some OT examples that come to mind?**
