

Read Luke 2:22-38

What is something that stood out from Clayton's sermon?

Clayton mentioned we can often do what God has asked, but in our own strength instead of His sufficiency. **What are some examples in your life of when you have tried to do something in your own strength instead of resting in Christ's sufficiency?**

What are some examples of when you had to wholly rely on the sufficiency of the Lord?

Simeon was devoted and faithful in the waiting. **What is something that you may be waiting on the Lord for right now?**

How can you be devoted and faithful in the waiting?

God's silence does not equal Him staying still. **What are some examples of times that God seemed silent in an area you were wanting to hear from Him?**

What was the result?

What are rhythms or heart postures that we can ask the Lord to grow us in in order to more consistently look to the Cross both in good and hard times?

God is not done with you. **Why is that such good news? What are some areas the Lord still may use you to glorify Himself?**
