Icebreaker

Describe a time that you got into trouble when you were growing up.

Ephesians 5:22-33

What is one thing that stood out to you from our passage and/or Justin's message?

What are some unhelpful/helpful views of marriage that you have seen in and around your life? How does the good news of God's grace influence these views of marriage?

Why does marriage matter?

How is marriage missional?

Looking at verse 33, what is challenging/encouraging about this calling?

God's design for marriage is a **covenant** between a **man** and a **woman** to become **one** flesh. What is uncomfortable/challenging about this definition? How is God's design for marriage ultimately good/better?
