

Read Philippians 1:19-30

What stood out/challenged you from Justin's sermon or these verses?

What does it mean "to live is Christ"? *(Christ is using, is moving in, and is transforming every area of your life)*

When you look at the course of time that you have followed Jesus, how have you seen Christ transform areas of your life?

What does Paul mean by "to die is gain"?

How does knowing the glorious reality of what awaits us in death, affect how we live and approach life today?

If you were to be honest, are there areas in your life right now where it is difficult to see Christ using it, moving in it, or transforming it?

Pray as a group that Christ would lift each person in the Life Group's eyes to the joy it is "to live is Christ", and also the gain that we get in death with Christ.
