

The God Who Controls the Future / 6.5.22 | Key: Question (Leader's Notes)

Icebreaker: **What is something that you learned growing up that shocked you?**

Read Daniel 11:36-45

What do these verses say about God/humanity? Is there anything that stood out to you from Justin's message on Sunday?

When we remove God from our day-to-day lives we feel like we have to become our own God. **What things do we tend to put in place of God and why?**

How does this result in a misplaced identity?

Evil, suffering, and opposition to God are real. **What does this cause you to think/feel? How does this create empathy in a broken, sinful world?**

God is sovereign, he will end evil and suffering in his timing, and he proved it with his Son. **We know that this *should* give us hope, but why don't we always believe it?**

How have you experienced someone meet you with both empathy and hope?
