

Read Romans 12:3- 8.

What stood out to you from Justin's message or the passage?

Justin said that Paul's primary concern is not what sort of spiritual gifts we have, but how we use those gifts for God's glory, the good of the church, and our spiritual growth. **Is this similar or different from your understanding of spiritual gifts?**

We use our gifts with humility rather than self-promotion. **What is an example of how we can use our spiritual giftings with humility? How about with self-promotion?**

We use our gifts with confidence to avoid missed opportunities. **How can we avoid timidity and passivity, and use our gifts with confidence?**

What is a step of faith you may be able to take to use or explore your giftings at Fellowship?

We use our gifts for the building up of the body to avoid judgment. **Where can we be tempted to judge others in our church based on their unique passions and giftedness?**

Why is it good news that God has given each of us different giftings?

Men's/Women's Time

Have a time of sharing. (*i.e. Share highs/lows in this season, needs in your home/community, etc.*)

PRAY for one another.
