

Read Romans 11: 25-32

What stood out to you from Justin's message or the passage?

What characteristics of God have stood out to you in the midst of these challenging passages of scripture (Romans 9-11)?

Justin defined a "mystery" as an unexpected move of God that has now been revealed. **What has God been revealing about Israel over the last few weeks in Romans 11?**

It's easy to judge Israel for being unfaithful and hardened against their faithful God. **As you reflect on your relationship with God, in what ways are you unfaithful or hardened against God's promises today?**

Verse 28 says Israel is enemies of the gospel. **How can God be faithful to his people if they reject Him?**

What would be the consequence(s) of God revoking his promises to Israel?

How does this passage move us to live on mission?

- *Pray for the hearts of Israeli Jews who are a hardened and unreached people group (only .2% evangelical Christian)*
- *We should share the gospel boldly to those around us because of the inclusion of the gospel to gentiles*

Men's/Women's Time
