

Read Romans 11: 33-36

What stood out to you from Justin's message or the passage?

Justin mentioned that God has provided an unexpected way of salvation. **How was God's wisdom and knowledge demonstrated in the person and work of Jesus? What does this say about the character of our God?**

God has lavished His grace on us. **What is something you thought was too far gone for God to redeem in your life, but God redeemed? Or in a friend's life?**

God knew how to specifically and uniquely bring salvation to each of us. **Have someone share their testimony of how God uniquely and specifically pursued them.**

In what ways are you guilty of treating God like a vending machine?

Justin listed off 4 "awe-killers". Of these 4, which of them have been killing your awe recently?

- Distraction
- Cynicism
- Secret Sin
- Fear

Justin also gave us 3 daily action steps: ((Reflect on how it has gone so far and how the Life Group can hold each other accountable for the rest of the week)).

- Take your awe killer and ask the Lord to help you lay it aside.
- Start each day with thanking God for what He's done for you.
- End each day by thanking Him for who He is.
