

## Life Group Notes / An Empowering Wife / 2.6.22

### Icebreaker

Describe a fun memory that you have with your best friend/sibling growing up.

### Ephesians 5:22-24

What is one thing that stood out to you from our passage and/or Justin's message?

What role does "submission" play in the life of a Christian? / What is challenging about this?

How have you seen the word "submit" abused or misused? / Why might Paul have used this word in our passage?

Justin said, "Wives get to give **admiration**, **affirmation**, and **respect** graciously because their grace will transform their husbands." How is this a high and holy calling?

The only way that a wife can live this, is if Jesus is their first husband. How is this encouraging?

In the life of a Christian, why is the call to submit to God and His word ultimately better?
